## EARTHQUAKE PREPAREDNESS INITIATIVE

**BUILDING  
SAFETY**

**INFRASTRUCTURE  
REINFORCEMENT**

**ECONOMIC  
RESILIENCE**

*The Southern California Association of Governments (SCAG), in partnership with the Dr. Lucy Jones Center for Science and Society, have announced a new initiative to help local cities and counties protect local communities and economies from the disruption that a major earthquake would cause.*

*The initiative will kick off with a series of regional seminars, led by Dr. Jones, for local civic leaders. The seminars will review the risks of a major regional earthquake and the most effective approaches for preparation, including strengthening infrastructure and reviewing building safety codes. The initiative will also give local leaders the tools necessary for building the resilience that keeps natural disasters from becoming catastrophes.*
