**Subject:** Low cost housing concerns

To whom it may concern:

I am a resident of Chino, as well as a teacher. The increase in demand of low cost housing concerns me as a citizen of this community. We do not have the infrastructure in roads or schools to support such a increased number of housing demands.

Additionally, the effects of this scare me as a new home owner who worked hard to secure a house. How will this affect the value of the homes in our community? I can't imagine it'll help.

Please reconsider and come up with a reasonable number.
