Subject: Chino Hills Affordable Housing

Hello,

I am writing to oppose the Department of Housing request for the city of Chino Hills in San Bernardino County to add affordable housing units. Not only is the number of units requested incredibly unreasonable, but it would be terribly disruptive given the traffic congestion and very limited access in and out of the city. I, along with the rest of my community, strongly request this be reconsidered and dropped from the Dept of Housing demands, as it is unfeasible and will cause this city and its citizens undue hardship and disruption.

Thank you,
Karen Rivera
