SUBJECT: CONFORMITY DETERMINATION FOR SCAG’s 2016 RTP/SCS  
AMENDMENT NO. 2 and 2017 FTIP CONSISTENCY AMENDMENT NO.  
17-07 APPROVAL  

Dear Mr. Ikhrata and Mr. de Terra:  

The Federal Highway Administration (FHWA) and the Federal Transit Administration (FTA)  
have completed our reviews of the conformity determination for the Southern California  
Association of Governments’ (SCAG) 2016 Regional Transportation Plan/Sustainable  
Communities Strategy (RTP/SCS) – A Plan for Mobility, Accessibility, Sustainability and a High  
Quality of Life and 2017 – Amendment No. 2 and Federal Transportation Improvement Program  
(FTIP) Amendment No. 17-07. A FTA/FHWA air quality conformity determination is required  
pursuant the Environmental Protection Agency’s (EPA) Transportation Conformity Rule, 40  
Code of Regulations (CFR) Parts 51 and 93, and the United States Department of  
Transportation’s Metropolitan Planning Rule, 23 CFR Part 450. SCAG’s 2017 FTIP  
Amendment No. 17-07 was completed to ensure consistency with the amended 2016 RTP/SCS.  

FTA/FHWA reviewed SCAG’s 2017 FTIP Amendment No. 17-07, received by your letter dated  
July 14, 2017, and as detailed in the enclosure this amendment requests to add ten (10) new  
individual project listings to SCAG’s FTIP and to modify thirteen (13) individual project listings  
with removal of three (3) individual project listings previously approved for California Federal  
Statewide Transportation Improvement Program (FSTIP) inclusion. Pursuant the December 15,  
2014 MOU between the FHWA California Division and FTA Region IX, and based on our review
of information submitted with the State’s proposed 2017 FSTIP, which includes revenues, proposed project funding information to demonstrate financial constraint, and statewide and metropolitan planning process documentation, we accept the proposed FSTIP modification in accordance with the Final Rule on Statewide and Metropolitan Transportation Planning that was published in the May 27, 2016 Federal Register. SCAG’s FTIP, including Amendment No. 17-07, is financially constrained as required by the Federal surface transportation programs authorizing legislation and statewide planning, metropolitan planning, and programming regulations. SCAG’s FTIP was developed through a continuing, cooperative, and comprehensive transportation planning process in accordance with the metropolitan transportation planning provisions of 23 United States Code (U.S.C.) § 134 and 49 U.S.C. Chapter 53. Approval is given with the understanding that eligibility determination of individual projects for funding must be met, and the applicant must ensure satisfaction of all administrative and statutory requirements.

On July 6, 2017 SCAG adopted the 2016 RTP/SCS Amendment No. 2 and 2017 FTIP Amendment No. 17-07 via Resolution No. 17-590-2. The conformity analysis given by SCAG indicates all air quality conformity requirements have been met. Based on our review, and after consultation with the EPA Region IX office in accordance with the procedures outlined in the National Memorandum of Understanding (MOU) between the Department of Transportation (DOT) and EPA on Transportation Conformity dated April 25, 2000, we find that SCAG’s 2016 RTP/SCS Amendment No. 2 and 2017 FTIP Amendment No. 17-07 conform to the applicable State Implementation Plan (SIP) in accordance with the provisions of 40 CFR Parts 51 and 93.

We jointly agree with approval of the air quality conformity determination for SCAG’s 2016 RTP/SCS Amendment No. 2 and 2017 FTIP Amendment No. 17-07. If you have questions or request additional information on this conformity finding and/or FSTIP amendment acceptance, contact Michael Morris of the FHWA California Division’s Cal-South office at (213) 894-4014, or by email at michael.morris@dot.gov; or Ted Matley of the FTA Region IX office at (415) 734-9468, or by email at ted.matley@dot.gov.

Sincerely,

/s/ Leslie T. Rogers
