<u>DESCRIPTION</u>										
Design and install Compressed Natural Gas (CNG) fueling facility at the City's Public Works Services site. Currently, the City uses third-party public CNG fueling stations to fuel the City's transit vehicles. This fueling facility will allow the City to refuel these vehicles onsite so that normal operating activities are not interrupted. The CNG fueling facility will also ensure that City transit vehicles have dedicated access to CNG fuel in the event of an emergency.

DESCRIPTION

Rail Yard Operational Improvements at Metro Red/Purple Line Maintenance Yard (Division 20) to accommodate increased service levels on the Red and Purple Lines. Project consists of widening the existing tunnel portal, and new tracks and switches that will allow trains to turn around quickly. Improvements will increase maintenance yard functionality, improve operational safety, update facilities, and maximize operational flexibility leading to improved rail service and reliability.
