

The Southern California Association of Governments (SCAG) Scholarship Program is designed to offer local government and planning experience that students can use to develop long-term career goals. The Scholarship will provide a \$4,000 scholarship award for seven high school or community college students from the SCAG region (and potentially an additional eighth scholarship award that is not tied to a specific county, but could be awarded at the Committee's discretion). Recipients may also have an opportunity to meet with their local government representatives and practicing planners to discuss the importance of urban planning and a future career in public service.
