INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG’s Intergovernmental Review (IGR) Section during the period **2017-11-01 through 2017-12-31**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **2018-01-31**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: Southern California Association of Governments
Intergovernmental Review Section
900 Wilshire Boulevard, Suite 1700
Los Angeles, CA 90017-3435

Telephone: (213) 236-1800
Fax: (213) 236-1963

Questions regarding the Clearinghouse Report should be directed to Anita Au, (213) 236-1874.

MORE INFORMATION

The IGR web page includes staff prepared publications describing items and projects received by the IGR Section, and other web sites that may be useful to persons seeking information about how to comply with CEQA and the CEQA Guidelines. For more information, please visit SCAG’s IGR web page at [www.scag.ca.gov/igr/](http://www.scag.ca.gov/igr/).

Located in the City of San Bernardino, County of San Bernardino, California, the proposed project includes a request to change the General Plan Land Use Designation and Zoning District of a parcel containing approximately 20.3 acres from Residential Medium High to Industrial Light and allow the development, establishment and operation of a distribution facility containing approximately 420,000 square feet, along with the construction of the required on-site and off-site improvements.

A public hearing will be held on November 14, 2017 at 6:00 p.m. at 201 North E Street, Third Floor, Board Room, San Bernardino, CA.

Located in the City of Rialto, County of San Bernardino, California, the proposed specific plan is to guide development of an approximate 101.7-acre site that include community commercial uses with up to approximately 462,000 square feet (SF) of retail shopping center and 125,000 SF of business park uses. A residential overlay would allow up to 275 multi-family dwelling units which, if developed, would replace 116,000 SF of retail shopping center, leaving a total of 346,000 SF of retail shopping center use. Approximately 30 acres of open space would be provided to preserve existing sensitive wildlife and habitat. No future development is proposed on the WVWD Facility portion of the Project Site as part of the Project.

A public hearing will be held on November 8, 2017 at 6:00 p.m. at the City of Rialto Council Chambers located at 150 South Palm Avenue, Rialto, California.
Located in the City of El Segundo, County of Los Angeles, California, the proposed project consists of an update to the facility’s DTSC-approved 2006 Closure Plan. The update would convert the East and West Yards of Solid Waste Management Unit-1 to 90-day hazardous waste storage areas and would no longer demolish the Yards.

Reg. Significance: Yes
Lead Agency: Riverside County Planning Department
City / Jurisdiction / Subregion: **Not Applicable / RIVERSIDE COUNTY / **Not Applicable
Contact: Jay Olivas - (760) 863-8277
Comment Due Date: 2017-12-11
Project Description: Notice of Availability for a Supplemental Environmental Impact Statement and Supplemental Environmental Impact Report

Located in the County of Riverside on land administered by the Bureau of Land Management in California, the proposed project consists of the construction and operation of a 500 megawatt (MW) solar photovoltaic (PV) electric generating facility with associated infrastructure on the approximately 4,200-acre project site. Once completed, the facility would deliver power to the Southern California Edison Red Bluff Substation, located about 4 miles west of the project site.

A solar project at the Palen site was initially proposed in 2007 and a series of environmental documents have been prepared since that time. To address the new solar technology and project configuration being proposed a Supplemental EIS/EIR was prepared for the Palen Solar Project.

A public meeting will be held on November 14 at 4:00 p.m. at UCR Palm Desert Center Room B200, located at 75080 Frank Sinatra Drive, Palm Desert, California.

Comment Due Date: Notice of Availability of a Final Environmental Impact Report

Project Description: Located in the City of Los Angeles, County of Los Angeles, California, the proposed project includes the development of an approximately 218,316 square foot (sf) mixed-use building on a 1.67-acre site composed of 12 contiguous parcels of land within the Hollywood Community Plan Area. The project would include 15,000 sf of ground-floor neighborhood-serving commercial uses, 231 multi-family residential units, including 15 units for Very Low Income households within 7 stories, above 15,000 sf of ground-floor neighborhood-serving commercial uses and 2 levels of subterranean parking, providing 390 vehicle parking spaces.
Community Survey for the Northrop Grumman Systems Corporation

Located in the City of Hawthorne, in the County of Los Angeles, California, the proposed project site was used for agricultural and industrial purposes in the past. The facility, under the oversight of the Department of Toxic Substances Controls, intends to clean up areas of the project site where past waste handling operations or production resulted in chemical releases to soil and groundwater that may present an unacceptable risk to human health or the environment.

Parking Structure, Zoning Vacation, and Street Exemption MND 17-04

Located in the City of Bellflower, County of Los Angeles, California, the proposed project consists of a three-level public parking structure with a maximum building height of up to 55 feet and will provide about 320 public parking spaces.

A public meeting of the Bellflower Planning Commission is scheduled for November 27, 2017 at 6:00 p.m. in the Green Room, Second Floor, located at 16600 Civic Center Drive, Bellflower, California.
Document Received: 2017-11-03

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Los Angeles, County of Los Angeles, California, the proposed project consists of an iron and manganese (Fe/Mn) treatment facility adjacent to an existing water pumping station. The proposed project is part of the Los Angeles Department of Water and Power’s program to ensure it meets National Secondary Drinking Water Regulations for Fe/Mn and maintain its reliability to serve groundwater. The proposed project would remove naturally occurring iron and manganese from groundwater wells. Construction of the proposed project would occur in two phases: the first would occur between May and September 2018 and the second would occur between December 2018 and February 2020.

A public meeting is scheduled for November 15, 2017 at 6:00 p.m. at the Los Angeles Public Library-Watts Branch Alma Reaves Woods, located at 10205 Compton Avenue, Los Angeles, California 90002.

Contact: Rosalinh Ung - (949) 644-3208

Comment Due Date: 2017-11-30
Project Description: Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Newport Beach, County of Orange, California, the proposed project consists of a mixed use development on a 5.7-acre project site. The proposed project would include 350 residential dwelling units, 2,000 square feet of restaurant space, 5,500 square feet of commercial space, and a 0.5-acre public park. Of the 350 dwelling units, 52 would be reserved for low-income households. The proposed project would provide a total of 740 parking spaces.

A public scoping meeting is scheduled for November 16, 2017 at 6:00 p.m. at the OASIS Senior Center, located at 801 Narcissus Avenue, Corona Del Mar, California 92625.

Project Title: Ventura Water Supply Projects
Reg. Significance: Yes
Lead Agency: City of Ventura
City / Jurisdiction / Subregion: San Buenaventura / VENTURA COUNTY / Ventura
Contact: Gina Dorrington - (805) 677-4131

Comment Due Date: 2017-12-01
Project Description: Notice of Preparation of a Draft Environmental Impact Report

Located in the City and unincorporated County of Ventura, California, the proposed project consists of multiple water supply projects. Together, the projects would establish a reliable source of water to provide resiliency during prolonged drought while improving water supply quality.

The first project, known as VenturaWaterPure, would be an advanced water purification facility (AWPF) to be constructed within a 5 to 20 acre site yet to be determined. The AWPF would treat tertiary-treated effluent from the Ventura Water Reclamation Facility for indirect or direct potable reuse.

The second project would be an Ocean Desalination project sited at the same location as VenturaWaterPure; ocean water would be collected through intake facilities and blended with groundwater prior to delivery to the potable water system through pipelines located within existing right-of-ways of City and County roads.

The third project would be a State Water Interconnection pipeline that would connect to the Calleguas Municipal Water District's system near the Springville Reservoir, in the southwestern end of the Camarillo Hills and connect to Ventura's water system at Henderson Road. The pipeline would be approximately 8 miles in length and be primarily located within Unincorporated Ventura County.

A public scoping meeting is scheduled for November 15, 2017 at 6:00 p.m. at City Hall Council Chambers, located at 501 Poli Street, Ventura, California 93001.
Compton Unified School District

Compton High School Reconstruction Project

Located in the City of Compton, County of Los Angeles, California the proposed project consists of two options for the demolition and reconstruction of the Compton High School Campus. Option A would include 191,600 square feet of academic buildings, a 79,900-square foot gymnasium and aquatic center, a 14,900-square foot administration building, and a 34,400-square foot performing arts center. The Option would also include additional sports fields and courts. Option B would include the acquisition of 10 parcels southeast of the existing campus, 151,400 square feet of academic buildings, a 58,000-square foot gymnasium and outdoor swimming pool, and a 58,500-square foot performing arts center.

A public scoping meeting is scheduled for November 16, 2017 at 6:00 p.m. at the Compton High School Auditorium--Administration Building, located at 601 South Acacia Avenue, Compton, California.

Comment Due Date: Notice of Public Hearing
Project Description: Located in unincorporated Riverside County, California, the proposed project consists of the development of a maximum of 11,350 dwelling units and up to 70.7 acres of commercial uses on a total of 2,883 acres. The proposed project is a full-service master-planned community in which the Master Developer will provide both community facilities and programs which are intended to provide the social infrastructure needed to jump-start the use of these facilities.

A public hearing is scheduled for November 14, 2017 at 1:30 p.m. at the Riverside County Administrative Center, Board Chambers, 1st Floor, located at 4080 Lemon Street, Riverside, California.
A public hearing will be held on December 1, 2017 at 9:00 a.m. at SCAQMD Headquarters, located at 21865 Copley Drive, Diamond Bar, CA 91765.

A public consultation meeting will be held on November 8, 2017 at 9:00 a.m. at SCAQMD Headquarters, located at 21865 Copley Drive, Diamond Bar, CA 91765.
City of San Buenaventura

Located in the City of Ventura, County of Ventura, California, the proposed project includes the replacement of three existing pumps and motors, as well as adding a fourth pump to an existing sewer lift station. The project also includes replacement of the electrical and control system with current/updated equipment. All improvements are located within the existing lift station building.

City of Newport Beach

Located in the City of Newport Beach, County of Orange, California, the proposed project includes the construction of a mixed-use infill development with 260 residential condominiums, 3,000 square feet (sf) of ground-floor retail uses, a 1.17-acre public park, a parking structure and the reconfiguration of existing surface parking on a 12.56 acre lot.

The public comment period has been extended from November 3, 2017 to November 13, 2017.
Located in the City of Los Angeles, County of Los Angeles, California, the proposed project consists of the redevelopment of three sites which will include a total of 471,000 square feet (sf) of office use, 17,500 sf of retail use, 318 dwelling units, 2,112 parking spaces, and 526 bicycle parking spaces. Site 1, approximately 2.5 acres, would construct 471,000 sf of office use, 10,000 sf of retail use and a 390,000 sf parking structure with 965 parking spaces, another 380,000 sf parking structure with 768 spaces and 134 bicycle parking spaces.

Site 2 would involve reuse of 172 residential units, 4,100 sf of ground floor retail, 1,375 sf of ancillary space, and an approximately 7,500 sf roof deck amenity. The project would also involve the construction of a new 116,324 sf, five-level parking structure. A future option for development would include construction of a new 66,395 sf mixed-use building with 74 units, 2,250 sf of ancillary space and 3,400 sf of retail uses. The parking structure would provide 263 vehicle parking spaces and 290 bicycle parking spaces.

Site 3 would involve the removal of an existing building and construction of a new 80,837 sf senior affordable housing project containing 72 units and a 13,200 sf Community Center, over a three-story, 51,591 sf underground parking structure containing 116 spaces. Additionally, 102 bicycle parking spaces would be provided on the ground floor.
Located in the City of Chino, County of San Bernardino, California, the proposed project includes the construction of a 186,618 square foot industrial park consisting of four light industrial buildings within six units on approximately 10 acres of land.

Located in the County of San Bernardino, California, the Local Agency Formation Commission has enclosed in this package (1) the final agenda for its November 15, 2017 meeting, along with (2) relevant staff reports and attachments.

The public hearing is scheduled for 9 a.m. at the Norton Regional Event Center, located at 1601 East Third Street #1000, San Bernardino, California.
Project Description:
Located in the City of Lancaster, County of Los Angeles, California, the proposed project includes the development of approximately 1,700 dwelling units, including 175 age-targeted units and 256 active adult units, 213,600 square feet (sf) of commercial uses, 31.5 acres of open space and parks, a 12.8 acre school site, a 1.3 fire station site, and 38.4 acres of internal streets on a 307.7 acre project site.

Comment Due Date: 2017-12-27

Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Lancaster, County of Los Angeles, California, the proposed project includes the development of approximately 1,700 dwelling units, including 175 age-targeted units and 256 active adult units, 213,600 square feet (sf) of commercial uses, 31.5 acres of open space and parks, a 12.8 acre school site, a 1.3 fire station site, and 38.4 acres of internal streets on a 307.7 acre project site.

Comment Due Date: 2017-12-06

Project Description: Notice of Extended Public Comment Period

Located in the City of El Segundo, County of Los Angeles, California, the proposed project consists of a specific plan that would allow for the orderly expansion and ultimate build-out of the Mattel corporate headquarters. The proposed project is located on 12.5 acres and would result in a net increase of approximately 445,766 gross square feet of office floor area.

The public comment period has been extended from November 6, 2017 to December 6, 2017.
Headquarters Complex, Site and Security, and Entrance Realignment Program, Project No. P1-128

Located in the City of Fountain Valley, County of Orange, California, the proposed project consisted of the demolition of existing structures and construction of a 109,500 square foot (sf) administration building, a 42,500 sf laboratory building, and a 2.5 story parking structure with 360 parking spaces.

A public scoping meeting will be held on November 29, 2017 at 6:00 p.m. at the Orange County Sanitation District, locate at 10844 Ellis Avenue, Fountain Valley, California 92708.

Santa Paula 2040 General Plan Update

Located in the City of Santa Paula, County of Orange, California, the proposed project includes a General Plan Update (GPU) for the City. The GPU will address the community's vision for development to the horizon year of 2040 and also includes a map of proposed urban boundaries and planned land uses.

This NOP includes revisions to the City's original NOP, published on February 1, 2017, reflecting the City's decision to prepare a Program EIR rather than a Supplemental EIR and additional information from comments on the original NOP and the scoping meeting held on March 2, 2017.
The Initial Study with Mitigated Negative Declaration/Environmental Assessment was circulated to the public for 30 days between January 19, 2017 and February 17, 2017. The project was approved by Caltrans on October 30, 2017.

The Initial Study with Mitigated Negative Declaration/Environmental Assessment was circulated to the public for 30 days between January 19, 2017 and February 17, 2017. The project was approved by Caltrans on October 30, 2017.
Located throughout the state of California, the proposed project consists of a Vegetation Treatment Program (VTP) to reduce the wildland fuel threat on State Responsibility Area (SRA) lands and restore economically and environmentally sustainable range landscapes. Proposed VTP activities are limited to approximately 22 million acres of the approximately 31 million acres of SRA lands in California, with the proposed VTP taking place on approximately 60,000 acres per year.

The VTP organizes treatments into three general types: (1) Wildland-Urban Interface, where treatments will be focused in WUI-designated areas, and generally consist of fuel reduction to prevent the spread of fire between wildlands and structures, or vice versa; (2) Fuel Breaks, strategically placed vegetation treatments that actively support fire control activities; and (3) Ecological Restoration, projects that will occur outside the WUI areas that have departed from the natural fire regime as a result of fire exclusion and that will focus on restoring ecosystem resiliency by moderating uncharacteristic wildland fuel conditions to reflect historic vegetative composition and structure, including cultural landscapes.

Since the public comment period in 2016, the lead agency has revised the VTP PEIR to include additional data and significant clarifying information.

Lead Agency: City of Los Angeles
City / Jurisdiction / Subregion: Los Angeles / LOS ANGELES COUNTY / Los Angeles City
Contact: Alejandro Huerta - (213) 978-1343

Comment Due Date: Notice of Availability of a Final Environmental Impact Report
Project Description:

Located in the City of Los Angeles, County of Los Angeles, California, the proposed project involves the demolition of the existing surface parking lot and commercial building and construction of a high-rise hotel building with approximately 105,841 square feet (sf) of floor area, which includes: 170 hotel rooms, a 7,050 sf restaurant, a 3,780 sf roof bar/lounge; a 1,000 sf gym, 1,000 sf of ancillary office space, a 2,940 sf gallery bar, and a 1,200 sf conference/screening room. A total of 12,460 sf of open space would include 6,300 sf of balconies for the hotel rooms, a 1,510 sf roof bar; and a 2,770 sf pool deck. Approximately 63 vehicle parking spaces would be provided on-site utilizing a car elevator in lower levels 2 and 3 of the subterranean levels.
Located in the City of Lakewood, County of Los Angeles, California, the proposed project includes the construction of a facility to divert water from an adjacent urbanized concrete lined channel known as Clark Channel to fulfill its dual purpose of promoting water treatment and storage of runoff water and reducing the use of potable water for park purposes.

Located in the City of Duarte, in the County of Los Angeles, California, the proposed project is a 20 year plan for approximately 116 acre area that contains the City of Hope National Medical Center existing campus. City of Hope is proposed additions to the existing outpatient (clinic), inpatient (hospital), research, office, industrial, warehouse, and hospitality uses. New parking structures and surface lots are also proposed, as well as internal roadways and open space improvements. In addition, the project proposes to consolidate modular buildings that are currently dispersed throughout the campus, demolish outdated buildings, and construct new floor area within larger development sites that provide flexibility for future buildout of the campus. Full buildout of the project would consist of approximately 1,426,000 square feet of new development (approximately 1,038,500 net new sf following the proposed demolition of approximately 387,500 sf of existing structures), which would result in up to approximately 2,639,350 gross sf of development on the City of Hope campus.
Located in the City of Agoura Hills, County of Los Angeles, California, the proposed project includes the construction of a two-story, 71,020 square foot building for a senior assisted living and memory care facility on a 5.7 acre site. The building will have 75 units and an anticipated resident population of 86 persons. Resident amenities, such as cooking and dining facilities, activity rooms, beauty salon, library, fitness center, private theater, and outside courtyards, including an outdoor dining area, would be provided. The facility would also operate a 20+ passenger shuttle bus, as well as a smaller vehicle, for local trips.

Located in the City of Moreno Valley, County of Riverside, California, the proposed project includes the construction of a 262,398 square foot warehouse facility with 10,000 square feet of office space on an approximately 11.8 acre property.
Located in the City of Menifee, County of Riverside, California, the proposed project consists of a new 58.5-acre specific plan with five development areas that would include single-family residential, open space, commercial/retail, office, restaurant, and industrial development. The proposed Specific Plan would allow up to 398 single-family residential units on approximately 34.52 acres. In addition, the Specific Plan would allow approximately 33,288 square feet (SF) of business park/industrial space on 2.82 acres. Retail, commercial and office space is forecast to consist of up to 89,200 SF of net retail buildings, 20,640 SF of available office space, and 7,368 SF of free-standing restaurant space (total 117,208 SF). The Specific Plan would provide approximately 8.03 acres of open space.

A public scoping meeting is scheduled for November 28, 2017 at 6:00 p.m. at Menifee City Hall, located at 29714 Haun Road, Menifee, California.

Located in the City of Menifee, County of Riverside, California, the proposed project includes a 331 acre Specific Plan with up to 1,080 residential homes on approximately 222.6 acres, freeway-oriented commercial land uses on 20.4 acres, a 12.9 acre sports park, enhanced paseos on 4.8 acres, detention/water quality basins on 27.5 acres, conserved open space on 6.3 acres, and roadways on 36.6 acres.
Located currently in unincorporated Los Angeles County, California, the proposed project seeks approval to annex a 285-acre project site into the City of Los Angeles and subdivide it to create 188 single-family residential lots in the northwestern portion of the San Fernando Valley in Los Angeles County. The proposed project would include a public park and an equestrian center. Approximately 131.5 acres would be preserved as open space.

Three sections of the 2008 Draft EIR ("DEIR") circulated for review by the City—specifically, the Air Quality, Hazards and Hazardous Materials, and Alternatives sections—are the primary focus of the revisions to the DEIR. The revisions to these sections address new events and changes in circumstances that occurred after the City issued the DEIR for public review in 2008 and the City completed the Final EIR in 2011.
Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Beverly Hills, County of Los Angeles, California, the proposed project involves a comprehensive renovation of an existing three-story office building on a 1.34-acre site. Construction would include two additional floors of commercial office space. The project would also include a new restaurant dining area consisting of 4,330 square feet and a screening room. The proposed project would provide 465 on-site vehicle parking spaces and 25 bicycle racks. The Floor Area Ratio of the building would see an increase from 1.81:1 to 2.75:1.

A meeting of the Planning Commission is scheduled for December 14, 2017 at 1:30 p.m. at Commission Meeting Room 280A - Beverly Hills City Hall, 2nd Floor, located at 455 North Rexford Drive, Beverly Hills, California.

Comment Due Date: 2018-01-03

Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Ontario, County of San Bernardino, California, the proposed project includes the Colony Commerce Center East Specific Plan (SP), which allows for the development of approximately 1,914,365 square feet (sf) of industrial development on approximately 95 acres of land. The project site consists of six parcels within three Planning Areas (PA). Phase 1 of the SP (which includes PA 1 and PA 2) includes approximately 1,683,170 sf of development. No specific development proposal has been submitted for PA 3 (Phase 2 of the SP) which includes the remaining allowable development potential of 231,195 sf.
City of Santa Monica

Project Description: Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Santa Monica, County of Los Angeles, California, the proposed project consists of redevelopment of an existing 14.2-acre site. Existing on-site improvements would be demolished/removed and redeveloped to house the City's current uses. In total, the proposed project would result in approximately 51,013 sf of net new facilities/buildings. A maximum of 617 parking spaces would be provided.

A public scoping meeting is scheduled for November 30, 2017 at 6:00 p.m. at Thelma Terry Room, Virginia Avenue Park, located at 2200 Virginia Avenue, Santa Monica, California 90404.

Project Description: Public Notice of Intent to Adopt a Mitigated Negative Declaration/Finding of No Significant Impact

Located in Orange County, California, the proposed project consists of improvements to the I-405 freeway between the I-5 freeway and State Route 55. The purpose of the proposed project is to address existing and future traffic demand and provide future mobility on I-405 while minimizing environmental and economic impacts. The proposed project comprises one No Build Alternative and two Build Alternatives adding one or two general purpose lanes, respectively.

A public hearing is scheduled for December 5, 2017 at 5:00 p.m. at University Community Park Multipurpose Room #2, located at 1 Beech Tree Lane, Irvine, California 92612.

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Chino, County of San Bernardino, California, the proposed project consists of annexation of 13.35 acres of unincorporated County land to the City of Chino for the purpose of developing 43 single-family homes and 1 park.

A public hearing is scheduled for December 4, 2017 at 7:00 p.m. at Chino City Hall in the City Council Chambers, located at 13220 Central Avenue, Chino, California.
Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of San Bernardino, County of San Bernardino, California, the proposed project consists of the widening of a two-lane road to a four-lane road in order to enhance capacity. Additionally, the proposed project includes an upgrade to the existing traffic signal at Fortieth and Electric Avenue with an enhanced signal and a revised sidewalk and crosswalk configuration.

A City Council meeting is tentatively scheduled for January 17, 2018.

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of West Hollywood, County of Los Angeles, California, the proposed project consists of installation and operation of a three-sided structure with two billboard faces and accompanying public amenities at 8775 Sunset Boulevard.
Notice of Intent to Adopt a Negative Declaration

Located in the City of Long Beach, County of Los Angeles, California, the proposed project consists of the addition of the definition of "Unattended Donation Box" (UDB) to the Zoning Code, an amendment to the Long Beach Zoning Code to allow UDBs as an accessory use in all commercial zoning districts, the Institutional zoning district, and all Planned Development and Specific Plan Districts allowing commercial uses.

Located in the City of Highland, County of San Bernardino, California, the proposed project consists of a request for a Conditional Use Permit that would subdivide 2 parcels into 4 parcels. One of the parcels would include expansion of an existing self-storage facility (1.42 acres). Another parcels would include development of a 3,500-square foot convenience store and gas station; 2 retail stores; and a car wash (1.51 acres). The other two parcels may contain quick-service restaurants with drive-thru.
NI Industries Site

Located in the City of Vernon, County of Los Angeles, California, the proposed project consists of corrective action for a 15.889-acre site. The site has been investigated and some areas have been identified as potentially requiring corrective action, further sampling, and/or monitoring. These areas and a plan to clean up contamination in these areas will be proposed and carried out in order to protect human health and the environment. The corrective action for this Property includes issuance of a Land Use Covenant that prohibits the use of the property for sensitive uses, prohibits the use of groundwater requires the implementation of a cap over any contaminated areas, and requires a building vapor protection system.

Testing and Evaluation and Training Activities at the Cuddeback Range at Naval Air Weapons Station China Lake

Located on federal land in the County of San Bernardino, California, the proposed project consists of the expansion of naval weapons research, development, acquisition, testing, and evaluation activities and ground training into the former Air Force Cuddeback Air-Ground Gunnery Range, now part of the of the China Lake Ranges. The proposed project would occur across 33,096 acres of land.

A public scoping meeting is scheduled for November 14, 2017 at 6:00 p.m. at Kerr McGee Community Center, Half Hall Pinnacles Room, located at 100 W. California Avenue, Ridgecrest, California 93555.
Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Hermosa Beach, County of Los Angeles, California, the proposed project includes the reconstruction of the North School property which entails demolishing approximately 28,900 square feet (sf) of existing structures onsite, extending the site footprint eastward over an approximately 0.09-acre vegetated slope, construction of approximately 38,000 sf of new school facilities, and reopening of the property to accommodate a maximum enrollment capacity of 510 students. A surface parking lot with 46 stalls would also be developed.

A public meeting is scheduled for November 27, 2017 at 7:00 p.m. at the Hermosa Beach City Council Chambers, located at 1315 Valley Drive, Hermosa Beach, California 90254.

Comment Due Date: 2017-12-18
Project Description: Amended Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Dana Point, County of Orange, California, the proposed project consists of an ocean water desalination facility of up to 15 million gallons (MGD) per day of potable drinking water, with an initial phase of 5 MGD. The reason for the amended Notice relates to refinements that were applied to the project since its initial release in 2016. Refinements relate to modifications of the Southeast Intake Wells and Offsite Underground Electric Transmission Lines.

A public scoping meeting is scheduled for December 7, 2017 at 6:00 p.m. at Dana Hills Tennis Center, located at 24911 Call de Tenis, Dana Point, California 92629.

Comment Due Date: 2018-01-03

Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Lancaster, County of Los Angeles, California, the proposed project consists of the phased construction of a 72 megawatt solar photovoltaic generating facility and gen-tie line connecting the project's electrical output to a collector substation located on Avenue J. The proposed project will also include electrical inverters and transformers; energy storage solutions; electrical AC collection system; data monitoring equipment; transmission lines and access roads and security fencing. The project would be built on a site of approximately 430 acres.

A meeting of the Planning Commission is scheduled for December 18, 2017 at 5:00 p.m. in the Lancaster City Hall Council Chambers, located at 44933 Fern Avenue, Lancaster, California 93534.
Located in the City of Long Beach, County of Los Angeles, California, the proposed project would restore a privately-owned oil field through creation of a wetlands mitigation bank. The project includes the relocation of certain oil facilities currently located on the Synergy Oil Field and City-owned property to two off-site properties (Pumpkin Patch site and Los Cerritos Wetlands Authority site).

The item is scheduled to be heard at a meeting of the Planning Commission on November 30, 2017 at 5:00 p.m. on the 1st Floor City Council Chamber, City Hall, located at 333 West Ocean Boulevard, Long Beach, California.

Located in the City of Rancho Palos Verdes, County of Los Angeles, California, the proposed project consists of investigation activities at an area of stockpiled soil adjacent to a sports field. Investigation activities are part of a Preliminary Endangerment Assessment required by the Department of Toxic Substances Control (DTSC) under the Consent Agreement for the Site. The PEA Report found that no soil samples detected asbestos, all potential asbestos-containing debris encountered during the investigation were shipped to the laboratory for analysis, and none of the potential asbestos-containing debris contained friable asbestos.
Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Rancho Palos Verdes, County of Los Angeles, California, the proposed project consists of construction of a 1,917-square foot single-story manufactured residence and a 66-sf detached garage on a 33,541-sf lot.

A public hearing is scheduled for December 12, 2017 at 7:00 p.m. at Hesse Park Community Building, located at 29301 Hawthorne Boulevard, Rancho Palos Verdes, California.

Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Rancho Palos Verdes, County of Los Angeles, California, the proposed project consists of regrading of a private property and the City-owned Abalone Cove Reserve property. It will disturb approximately 32,100 square feet of total area.

A public hearing is scheduled for December 12, 2017 at 7:00 p.m. at Hesse Park Community Building, located at 29301 Hawthorne Boulevard, Rancho Palos Verdes, California.
Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Rancho Palos Verdes, County of Los Angeles, California, the proposed project consists of the installation of a 1,000-gallon above-ground, solar-powered, diesel fuel tank to fuel California Water Service vehicles and equipment on-site.

Comment Due Date: 2017-12-12

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration
Located in the City of Los Angeles, County of Los Angeles, California, the proposed project consists of site-wide upgrades and modernization of the existing 25.1-acre school campus. The proposed project includes the demolition and removal of 12 buildings and 23 portables and the construction of a new classroom building, a new gymnasium, and a new auditorium.

A public meeting is scheduled for November 29, 2017 at 6:00 p.m. at the North Hollywood High School Auditorium, located at 5231 Colfax Avenue, North Hollywood, California 91601.
Located across the South Coast Air Quality Management District in California, the proposed project consists of a proposed amended rule that proposes new requirements for hexavalent chromium-containing tanks that are not currently regulated. The proposal requires air pollution controls for hexavalent chromium-containing tanks that have the potential to emit hexavalent chromium.

A public workshop and scoping meeting is scheduled for December 7th, 2017 at 2:00 p.m. at SCAQMD Headquarters Auditorium, located at 21865 Copley Drive, Diamond Bar, California 91765.

Located in the City of Malibu, County of Los Angeles, California, the proposed project consists of an amendment to Title 10 of the Malibu Municipal Code to establish citywide oversize vehicle restrictions which prohibit the parking of commercial oversize vehicles on City Streets and limit the parking of non-commercial vehicles to two hours between the hours of 12:00 a.m. and 5:00 a.m. on public streets.

A public hearing is scheduled for November 27, 2017 at 6:30 p.m. in the Council Chambers at Malibu City Hall, located at 23825 Stuart Ranch Road, Malibu, California.
Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Highland, County of San Bernardino, California, the proposed project consists of the construction and operation of two warehouse buildings, with Building A at 33,750 square feet and Building B at 121,294 square feet, for a total of 155,044 square feet, on 12.95 acres.

A public hearing is tentatively scheduled for December 19, 2017 at Highland City Hall Council Chambers, located at 27215 Base Line, Highland, California 92346.

Notice of Intent to Adopt an Initial Study with Mitigated Negative Declaration and Opportunity for a Public Hearing

Located in the City of Newport Beach, County of Orange, California, the proposed project consists of modifications to the existing lane configuration on the southbound State Route 73 off ramp to MacArthur Boulevard by widening it from one lane to two lanes.
Project Description:
Located in unincorporated Riverside County, California, the proposed project consists of construction of a 4,565-square foot restaurant, a 3,680-square foot restaurant with drive through, 77 parking stalls, and all other required improvements on a 2.06-acre site.

A public hearing is scheduled for December 12, 2017 at 10:30 a.m. on 1st Floor Board Chambers, County Administrative Center, located at 4080 Lemon Street, Riverside, California.

Comment Due Date: 2017-12-12

Project Title: Doris Patterson Educational Facilities Project

Reg. Significance: No

Lead Agency: Oxnard School District

City / Jurisdiction / Subregion: County of Ventura / VENTURA COUNTY / Ventura

Contact: David Fateh -

Comment Due Date: 2018-01-17

Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in unincorporated territory, County of Ventura, California, the proposed project consists of the construction of a new elementary school, middle school and District administrative center on a 25-acre site. The proposed project include joint-use facilities to support a district office, 700 elementary school students in grades K-5, and 1,200 middle school students in grades 6-8. In total, the proposed project would comprise approximately 178,678 square feet of building and structure and provide 220 parking spaces onsite. The proposed project would also require annexation into the City of Oxnard.

A School Board meeting is scheduled for December 6, 2017 at 7:00 p.m. at 1051 South A Street, Oxnard, California.
Located in the City of Los Angeles, County of Los Angeles, California, the proposed project consists of the redevelopment of three sites which will include a total of 471,000 square feet (sf) of office use, 17,500 sf of retail use, 318 dwelling units, 2,112 parking spaces, and 526 bicycle parking spaces. Site 1, approximately 2.5 acres, would construct 471,000 sf of office use, 10,000 sf of retail use and a 390,000 sf parking structure with 965 parking spaces, another 380,000 sf parking structure with 768 spaces and 134 bicycle parking spaces.

Site 2 would involve reuse of 172 residential units, 4,100 sf of ground floor retail, 1,375 sf of ancillary space, and an approximately 7,500 sf roof deck amenity. The project would also involve the construction of a new 116,324 sf, five-level parking structure. A future option for development would include construction of a new 66,395 sf mixed-use building with 74 units, 2,250 sf of ancillary space and 3,400 sf of retail uses. The parking structure would provide 263 vehicle parking spaces and 290 bicycle parking spaces.

Site 3 would involve the removal of an existing building and construction of a new 80,837 sf senior affordable housing project containing 72 units and a 13,200 sf Community Center, over a three-story, 51,591 sf underground parking structure containing 116 spaces. Additionally, 102 bicycle parking spaces would be provided on the ground floor.

The DEIR was originally made available for public review from November 3, 2017 to December 22, 2017. Due to the original notice containing an error in the website address, the notice has been revised and re-sent and the review period has been extended to January 19, 2018.
Located in the City of Santa Clarita, County of Los Angeles, California, the proposed project consists of a large lot residential community that would include 109 single-family homes and 67.9 acres of open space on 179.2 acres of land.

The Revised NOP was sent out because of slight changes to the project since the initial DEIR was released in 2011. The project had been put on hold due to comments on the 2011 DEIR and market conditions in early 2012. Project development remains similar with a slight increase in the number of residential lots since the April 2006 NOP (106 homes) and December 2011 DEIR (99 homes). Comments provided in response to the Revised NOP will be considered and addressed in a Revised DEIR.
Project Description: Notice of Availability of a Final Environmental Impact Report

Located in the City of San Bernardino, County of San Bernardino, California, the proposed project would redevelop a 62.02 acre site through the construction and operation of one 1,063,852 square foot high cube logistics warehouse building. The building will include 188 trailer truck dock doors, 1,171 auto and trailer parking stalls, truck courts and drive aisles, landscaping, a detention basin, utility infrastructure, a Southern California Edison transmission line easement (existing), lighting, signage, and other associated improvements.

A public hearing is scheduled for December 6, 2017 at 5:00 p.m. in the City of San Bernardino Council Chambers, Third Floor, located at 201 N. E Street, San Bernardino.

Comment Due Date: Notice of Public Hearing

Located in unincorporated Riverside County, California, the proposed project consists of the development of a maximum of 11,350 dwelling units and up to 70.7 acres of commercial uses on a total of 2,883 acres. The proposed project is a full-service master-planned community in which the Master Developer will provide both community facilities and programs which are intended to provide the social infrastructure needed to jump-start the use of these facilities. The Planning Commission recommended that the Board of Supervisors deny Specific Plan No. 342 as proposed by the applicant, approve Alternative 7 as Specific Plan No. 342 and approve the other components of the project, and recommended certification of Environmental Impact Report No. 471. Alternative 7 proposed a maximum of 8,725 residential dwelling units and 70.5 acres of commercial uses on a total of 2,883 acres.

A public hearing is scheduled for December 5, 2017 at 1:30 p.m. at the Riverside County Administrative Center, Board Chambers, 1st Floor, located at 4080 Lemon Street, Riverside, California.
Located in the City of West Hollywood, County of Los Angeles, California, the proposed project consists of installation and operation of a three-sided structure with two billboard faces and accompanying public amenities at 8775 Sunset Boulevard.

The public comment period has been extended to December 5, 2017.

Located in the City of Ventura, County of Ventura, California, the proposed project consists of a new 306-unit apartment development that includes 5,000 square feet of commercial space and 5,000 sf of community space on 8.03 acres. The development consists of 13 buildings. A 0.25-acre public park will be provided within the project area.

A public hearing is scheduled for December 20, 2017 at 6:00 p.m. in the City Council Chambers, located at 501 Poli Street, Ventura, California 93001.
Located in the Port of Long Beach, Los Angeles County, California, the proposed project would raise a segment of existing 66 kilovolt (kV) subtransmission lines, a 12kV distribution line, and a fiber wrap, and remove a 220 kV line in order to provide additional vertical conductor clearance across the Cerritos Channel. The transmission towers on which the lines are located would also be replaced. Raising and replacing the lines would provide additional clearance, thereby allowing bigger ships access to existing and potential future marine cargo terminals along the Channel. The existing foundations and transmission towers on the south side of the Channel currently reside in the Channel due to previous subsidence in the area. The timber pile-supported concrete foundations would be removed once the tower structures are removed. Three sets of towers on the north side of the Channel would be removed or modified to hold the new transmission lines.

A public hearing is scheduled for December 11, 2017 at 6:00 p.m. at the Port of Long Beach Interim Administrative Offices, Harbor Commission Board Room, located at 4801 Airport Plaza Drive, Long Beach, California 90815.

Comment Due Date: 2018-01-31
Project Description: Notice of Comment Period Extension

Located in the City of Los Angeles, County of Los Angeles, California the proposed project consists of a mixed use development across two parcels on a 8.08-acre site. Existing structures on the site would be demolished. The proposed project would include 920 residential units, 17,941 square feet (sf) of neighborhood-serving retail uses, and approximately 5,465 sf of leasing offices. The project would also provide 1,783 parking spaces and 141,328 sf of open space.

The comment period has been extended to January 31, 2018.

Project Description: Notice of Availability of Final Supplemental Environmental Impact Statement/Environmental Impact Report

Located across multiple jurisdictions within the County of Los Angeles, California, the proposed project consists of an approximately 9-mile heavy rail transit subway that will operate as an extension of the Metro Purple Line from its current western terminus at Wilshire/Western Station to a new western terminus near the West Los Angeles Veterans Affairs (VA) Hospital.

A Supplemental Environmental Impact Report was prepared in response to a judicial decision in the case of Beverly Hills Unified School District v. Federal Transit Administration, et al. The SEIR is meant to provide additional detail and analysis of Section 32 of the project (a 2.59-mile section from Wilshire/La Cienega to Century City) with a particular focus on the completeness of information regarding the decision to locate the planned Century City Station at Constellation Boulevard and the alignment between Wilshire/Rodeo and the Century City Constellation Stations.

Project Title: The Culver Studios Innovation Plan - Comprehensive Plan Amendment No. 7 9336 Washington Boulevard
Reg. Significance: Yes
Lead Agency: City of Culver City
City / Jurisdiction / Subregion: Culver City / LOS ANGELES COUNTY / Westside
Contact: Michael Allen -

Comment Due Date: 2017-12-13
Project Description: Notice of Planning Commission Public Hearing

Located in the City of Culver City, County of Los Angeles, California, the proposed project includes the Culver Studios Innovation Plan which proposes to technologically upgrade and expand the facilities within the existing 14.3-acre Studio Campus, while retaining the Studio’s unique ambiance and prominent place in the community. Reflecting in the Comprehensive Plan Amendment No. 7 (CPA no. 7), the project proposes construction of new media buildings to replace existing buildings for office and support systems, construction of the Van Buren Parking Structure near Van Buren Place, and relocation of historically significant bungalows in the area south of the Mansion.

Buildings to be demolished would total approximately 236,293 square feet (sf) and new construction at Project Buildout would total approximately 649,420 sf, for a net new square footage of 413,127 sf Campus-wide. In addition, two new parking structures are proposed to provide approximately 2,537 parking spaces Campus-wide. Construction is anticipated to start in the first quarter of 2018, provided Project entitlement approvals. The anticipated completion date is mid-2020.

A public hearing to consider certification of an Environmental Impact Report is scheduled for December 13, 2017 at 7:00 p.m. at City Hall - Mike Balkman Council Chambers, located at 9770 Culver Boulevard, Culver City, California 90232.
IGR9484_ 11564

Project Description:
Finding of No Significant Impact and Notice of Intent to Request Release of Funds

Located in unincorporated Los Angeles County, California, the proposed project consists of construction of a 71-unit affordable housing building that also includes 700 square feet of commercial space and 108 on-site parking spaces on 1.34 acres. A total of 25 units will be allocated to individuals who will receive supportive services and the other 35 units will offer permanent housing to individuals/families earning 30 to 60 percent of Area Median Income or lower.

Project Description:
Community Update

Located in unincorporated territory in San Bernardino County, California, the proposed project consists of a draft Hazardous Waste Facility Permit that would allow the facility to continue to operate its hazardous waste treatment and storage facility for an additional ten years.

A public hearing is scheduled for January 10, 2018 at 6:30 p.m. at Kerr McGee Center, Fossil Falls, Ballarat Rooms, located at 100 West California Avenue, Ridgecrest, California.
Located in the City of San Bernardino, County of San Bernardino, California, the proposed project includes the demolition of all existing buildings onsite and the construction of a 393,199 square-foot warehouse, on an approximately 16.5-acre. The building would be a cross-deck warehouse facility with 10,000 square feet of dedicated office space and 383,199 square feet of warehouse space. The building would feature a total of 53 dock doors and 2 grade level doors, with all 53 dock doors fronting the western side of the building toward Lincoln Avenue.

Located in the City of San Bernardino, County of San Bernardino, California, the proposed project consists of the demolition of all existing buildings onsite and the construction of a 197,942 square-foot warehouse building with office space, parking, and landscaping on an approximately 8.9 acre site. The building would be a cross-deck warehouse facility with 5,000 square feet of dedicated office space and 192,942 square feet of warehouse space, with a total of 28 dock doors and 2 grade level doors, with all dock doors fronting the northern side of the building.

Project Title: La Habra Union Pacific Rail Line Bikeway Project

Reg. Significance: No

Lead Agency: City of La Habra

City / Jurisdiction / Subregion: La Habra / ORANGE COUNTY / Orange County

Contact: Michael Plotnik -

Comment Due Date: 2018-01-02

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of La Habra, County of Los Angeles, California, the proposed project includes the installation of a bikeway and other related improvements along the 2.8 mile stretch of Union Pacific railroad right-of-way. The proposed project entails the acquisition of 2.8 miles of the Union Pacific railroad right-of-way and the conversion of the northern portion of the right-of-way and public parks into a Class I bike trail.
Located currently in unincorporated Los Angeles County, California, the proposed project seeks approval to annex a 285-acre project site into the City of Los Angeles and subdivide it to create 188 single-family residential lots in the northwestern portion of the San Fernando Valley in Los Angeles County. The proposed project would include a public park and an equestrian center.

Approximately 131.5 acres would be preserved as open space.

The comment period has been extended to January 10, 2018.

Located in the City of Temecula, County of Riverside, California, the proposed project will allow for development of up to 1,750 residential units, limited neighborhood-serving commercial, civic/institutional uses, elementary schools, parks, and open space within a 270-acre area in the southwesterly portion of the City of Temecula, west of Old Town. In addition, the proposed project would construct the Western Bypass that would link Temecula Parkway with Rancho California Road, including widening Vincent Moraga Road.

A public hearing is scheduled for December 12, 2017 at 3:00 p.m. at the City of Temecula Council Chambers, located at 41000 Main St., Temecula, California 92590.
Berth 240 Transportation Vessels Manufacturing Facility Project

Located in the Port of Los Angeles, City of Los Angeles, County of Los Angeles, California, the proposed project includes the construction and operation of a manufacturing facility for large commercial transportation vessels on a 10-acre site which includes portions of the former Southwest Marine site. Construction of the proposed project includes the demolition of one existing structure, paving over existing dirt, foundations and installation of an ancillary tank farm, paving for parking and access driveways, and repairs to the existing wharf, and will take approximately 16-18 months. Operations of the proposed project include development and manufacture of vessels too large for transportation by road and continuation of recovery operations for Space Explorations Technologies.

8497-8499 Sunset Boulevard Commercial Project

Located in the City of West Hollywood, County of Los Angeles, California, the proposed project includes the demolition of an existing multi-family residential building onsite and the construction of a 22,566 square-foot commercial building on a 0.34 acre site. The proposed project includes 3 stories of office and restaurant space and a 4-level below grade parking garage with 138 total spaces, including 6 ADA-compliant spaces, and 10 bicycle parking spaces. The proposed project will also include either a static or digital billboard on the southeast side of the building fronting Sunset Boulevard.

Contact: Jim Minnick - (760) 482-4278

**Comment Due Date:**

**Project Description:**

Located in the City of El Centro, County of Imperial, California, the proposed project includes expansion and modernization of the United States Gypsum Company’s Plaster City wallboard manufacturing operations and its Fish Creek quarry operations. The wallboard manufacturing facilities are located in Plaster City approximately eighteen (18) miles west of El Centro, just North of Interstate 8. The Fish Creek Quarry operations are located on Split Mountain Road, which is approximately 26 miles north by northwest of Plaster City.

A public scoping meeting will be held on December 13, 2017 at 6:00 p.m. at the Holiday Inn Express Hotel and Suites El Centro, located at 350 Smoketree Drive, El Centro, California.

NOTICIE OF PUBLIC HEARING

**Proposed Amended Rule 301 - Permitting and Associated Fees**

South Coast Air Quality Management District

Lead Agency: South Coast Air Quality Management District

City / Jurisdiction / Subregion: **Not Applicable / MULTIPLE COUNTY WITHIN SCAG / **Not Applicable

Contact: Barbara Radlein - (909) 396-2716

**Comment Due Date:**
Located in the South Coast Air Quality Management District (SCAQMD) jurisdiction, California, the proposed project includes a proposed amended rule (PAR) 301 for permitting and associated fees. The PAR will incorporate administrative changes to restore SCAQMD's authority to charge for the preparation of a public notice for a permit for a significant project as defined in Rule 212(c), which was inadvertently deleted in the previous amendments to Rule 301.

A public hearing will be held on January 5, 2018 at 9:00 a.m. at the SCAQMD Headquarters, located at 21865 Copley Drive, Diamond Bar, California.

Located in the SCAQMD region, California, the proposed project includes two proposed amended rules 2001 and 2002. Rule 2001 specifies inclusion criteria into the RECLAIM program for new and existing facilities, as well as for facilities that elect to enter into the program. Rule 2002 establishes the methodology for calculating RECLAIM facility allocations and adjustments to RECLAIM Trading Credits (RTC) holdings for NOx and SOx.

A public hearing will be held on January 5, 2018 at 9:00 a.m. at SCAQMD Headquarters, located at 21865 Copley Drive, Diamond Bar, CA 91765.
Located in the City of Long Beach, County of Los Angeles, California, the proposed project includes the demolition of an existing building and the construction of three light industrial/manufacturing buildings with associated office facilities totaling 427,565 square feet and 638 parking spaces on a 19.09-acre site.

Project Title: Santa Monica Pier Bridge Replacement Project
Reg. Significance: No
Lead Agency: City of Santa Monica
City / Jurisdiction / Subregion: Santa Monica / LOS ANGELES COUNTY / Westside
Contact: Selim Eren - (310) 458-8472 x5107

Comment Due Date: 2018-02-13
Project Description: Notice of Availability of Draft Environmental Impact Report/Environmental Assessment

Located in the western portion of Los Angeles, County, in the City of Santa Monica, the proposed project would be an extension to the Pier Bridge structure west on Colorado Avenue from the intersection of Ocean Avenue and Colorado Avenue and connects to the Santa Monica Pier. Built in 1939 and near the end of its useful life, the Pier Bridge is with a sufficiency rating lower than 25 out of 100; thereby is considered to be structurally deficient and functionally obsolete.

Implementation of the proposed project would be primarily for seismic safety to improve the structural stability of the Pier Bridge. The project would also address vehicular and pedestrian congestion and safety concerns at the Bridge.

Three alternatives are being developed to address the reconstruction of the Pier Bridge. Under Alternative 1 and 2, the existing bridge would be demolished and a new wider bridge would be constructed in the same location. The replacement bridge would feature separate lanes for pedestrians, bicycles, and vehicles. The difference between these two alternatives is the location of the temporary bridge during construction of the replacement bridge. Under Alternative 3, two permanent bridges would be constructed. The new permanent bridge would be constructed for public vehicular access to the Pier parking and would be used during construction of the Pier Bridge replacement bridge, as well as permanently as the main vehicular access to the Pier. The existing Pier Bridge would be demolished and a new bridge would be built with the same current width but would be designed primarily for pedestrian and bicycle traffic.

Project Title: Los Angeles International Airport (LAX) United Airlines East Aircraft Maintenance and Ground Support Equipment Project
Reg. Significance: No
Lead Agency: Los Angeles World Airports
City / Jurisdiction / Subregion: Los Angeles / LOS ANGELES COUNTY / Los Angeles City
Contact: Maritza Lee

Comment Due Date: 2018-01-08

Project Description: Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Los Angeles, County of Los Angeles, California, the proposed project consists of consolidation and modernization of the existing United Airlines (UAL) aircraft maintenance and Ground Support Equipment (GSE) facilities at LAX in light of an upcoming lease expiration for one of the two existing maintenance areas at LAX. UAL proposes to vacate the western facility and redevelop its existing eastern facility to consolidate all of its aircraft and GSE maintenance activities in a single site. The proposed project would redevelop a 37-acre site in the eastern portion of the airport operations area with a new aircraft and GSE maintenance facility totaling 411,000 square feet.

A public scoping meeting is scheduled for December 19, 2017 at 6:00 p.m. at the Flight Path Museum and Learning Center, located at 6661 West Imperial Highway, Los Angeles, California 90045.
### Project Description:

**Notice of Preparation of a Draft Environmental Impact Report**

Located in the City of El Segundo, County of Los Angeles, California, the proposed project consists of development of a mixed use development that would include a 240,000-square foot (sf) office building, a 66,000-sf studio and production facilities building, and 7,000 sf of private retail uses. The proposed project would also include up 1,100 parking spaces.

A public scoping meeting is scheduled for December 18, 2017 at 5:00 p.m. in the City Council Chambers, located at 350 Main Street, El Segundo, California.

### Project Description:

**Notice of Availability of a Draft Environmental Impact Report**

Located in the City of Fontana, County of San Bernardino, California, the proposed project includes redevelopment of a 344,000 square foot high-cube concrete tilt-up warehouse facility shell building with no current tenant. The proposed project will feature 8,000 square feet of office space and include associated truck and passenger vehicle parking, fences, gates, and hardscape areas.
Project Description:
Located on an approximately 9.1-acre site, the proposed project would include the construction of two water reservoirs and a new building to house the existing booster pumps. The existing chlorination building, well, and the associated piping and electrical equipment will remain on the site. A well monitoring basin and detention basin are included in the site. The large water tank would be 5.7 million gallons (MG) physical capacity with a 4.0 MG usable capacity and in 180-foot diameter and 30-foot high, while the small water tank would be 4.2 MB physical capacity with 2.9 MG usable capacity and in 155-foot diameter and 30-foot high.

A public hearing will be held on December 19, 2017 at Fontana City Hall, located at 8353 Sierra Avenue, Fontana, CA 92335.

Comment Due Date: 2018-01-21

Located in the City of Moreno Valley, County of Riverside, California, the proposed project includes the construction of a 262,398 square foot warehouse facility with 10,000 square feet of office space on an approximately 11.8 acre property.

The public comment period due date, which was previously December 13, 2017, has been extended to January 5, 2018.
Located in central Riverside County, California, the proposed project is a land management plan to help guide the future planning and management operations of the San Jacinto Wildlife Area (SJWA), which is one of the largest public land holdings in Southern California and is a highly visited recreational resource. The SJWA is composed of approximately 20,126 acres of land located within central Riverside County. The area includes three non-contiguous land areas: the Davis Unit (two land areas) and the Potrero Unit. The general purpose of the SJWA is to protect and enhance habitat for plant and wildlife species and to provide the public with compatible, related recreational uses.

Located in the City of Long Beach, County of Los Angeles, California, the proposed project includes repaving the street and concrete improvements to existing sidewalks, curbs, gutters, and curb ramps on East Broadway between Alamitos Avenue and Redondo Avenue and adding protected bike lanes to both sides of the street between Alamitos Avenue and Temple Avenue. The proposed project will remove 12 street trees and relocate some bus stops along the corridor.
Located in the City of Bellflower, County of Los Angeles, California, the proposed zoning ordinance text amendment (ZOTA) amends land uses and development standards for properties located within the Agricultural Estate (A-E) zone and amends Title 8 (Health & Safety) regarding distance requirements for animal enclosures.

A public hearing will be held on January 8, 2018 at 7 p.m. at City Hall Council Chambers, located at 16600 Civic Center Drive, Bellflower, California.

Located in the City of Wildomar, County of Riverside, California, the proposed project consists of development and operation of a mini-warehouse facility on 9.75 gross acres. At buildout, the project is proposed to consist of 166,411 square feet of mini-warehouse use; a 1,150 square foot leasing office; 4,837 square feet of separate leasable office use; and 31 on-site parking spaces.

A meeting of the Planning Commission is tentatively scheduled for February 21, 2018.
Located in the City of San Gabriel, County of Los Angeles, California, the proposed project includes construction of a new 9,997-square foot kidney dialysis center with 33 parking spaces. This is a reduced project from the original 12,285-sf project proposed in 2015.

Located in the City of Covina, County of California, California, the proposed project consists of redevelopment of a 0.95-acre site to construct 18 multi-family residential units, 4,400 square feet of commercial uses, and an unspecified amount of surface parking.
Located in the City of Los Angeles, County of Los Angeles, California the proposed project consists of removal of four existing commercial buildings and the development of a mixed use development on a 41,603-square foot site. The proposed project would consist of a maximum of 794 residential units and 12,504 square feet (sf) of commercial uses. Additionally, the project would provide up to 100,652 sf of amenity/open space area for its residents above the podium structure, at mid-tower, on a roof terrace and within private balconies. Total building floor area would consist of a maximum of 751,777 sf.

A public scoping meeting is scheduled for January 10, 2018 at 5:00 p.m. at 1057 S. Olive Street, Los Angeles, California.
Project Description: Notice of Public Hearing

Located in the City of Los Angeles, County of Los Angeles, California, the proposed project involves the demolition of the existing surface parking lot and commercial building and construction of a high-rise hotel building with approximately 105,841 square feet (sf) of floor area, which includes: 170 hotel rooms, a 7,050 sf restaurant, a 3,780 sf roof bar/lounge; a 1,000 sf gym, 1,000 sf of ancillary office space, a 2,940 sf gallery bar, and a 1,200 sf conference/screening room. A total of 12,460 sf of open space would include 6,300 sf of balconies for the hotel rooms, a 1,510 sf roof bar; and a 2,770 sf pool deck. Approximately 63 vehicle parking spaces would be provided on-site utilizing a car elevator in lower levels 2 and 3 of the subterranean levels.

A public hearing before the Zoning Administrator is scheduled for January 9, 2018 at 10:00 a.m. at Los Angeles City Hall, Room 1070, located at 200 North Spring S Street, Los Angeles, California.

Comment Due Date: 
Project Description: Notice of Public Hearing

Located in unincorporated territory, County of Riverside, California, the proposed project consists of a zone change from residential agriculture to one-family dwellings and tentative tract map that would subdivide 12.9 acres into 35 single-family lots, one open space/water quality basin lot, and two (2) sewer maintenance lots.

A public hearing will be held on December 12, 2017 at 10:30 a.m. at the Riverside County Administrative Center, Board Chambers, 1st Floor, located at 4080 Lemon Street, Riverside, California 92501.
A public hearing will be held on January 10, 2018, at 6:30 p.m. in the Council Chambers, at the Malibu City Hall, located at 23825 Stuart Ranch Road, Malibu, California.

Located across the South Coast Air Quality Management District (SCAQMD) in California, the proposed project consists of a proposed rule amendment to Rule 111, which deals with the reduction of NOx emissions from natural-gas-fired, fan-type central furnaces. As an alternative compliance option to meeting the emissions limit of 14 nanograms per Joule, the proposed project would increase the mitigation fee by $200 to $300; and extend the mitigation fee alternative compliance option by one year for non-condensing and mobile home units, and two years for condensing and weatherized units.

A public hearing will be held on March 2, 2018 at 9:00 a.m. at SCAQMD Headquarters Auditorium, located at 21865 Copley Drive, Diamond Bar, California 91765.
Located in the City of Rialto, County of San Bernardino, California, the proposed specific plan is to guide development of an approximate 101.7-acre site that include community commercial uses with up to approximately 462,000 square feet (SF) of retail shopping center and 125,000 SF of business park uses. A residential overlay would allow up to 275 multi-family dwelling units which, if developed, would replace 116,000 SF of retail shopping center, leaving a total of 346,000 SF of retail shopping center use. Approximately 30 acres of open space would be provided to preserve existing sensitive wildlife and habitat. No future development is proposed on the WVWD Facility portion of the Project Site as part of the Project.

A public hearing will be held on December 12, 2017 at 6:00 p.m. at the City of Rialto Council Chambers located at 150 South Palm Avenue, Rialto, California.
Project Description: Notice of Public Comment Period Extension

Located in the City of Pasadena, County of Los Angeles, California, the proposed project is a 15-year master plan identifying a vision for both the Hillside Campus and the South Campus. Phase I of the project will occur between 2017-2022 and Phase II between 2022-2032. Upon completion of the project, enrollment is estimated to increase from 2,000 to 2,500 full-time students, and staffing will grow from 753 faculty/staff to approximately 994 faculty/staff.

Phase I improvements to the Hillside Campus include: (1) removal of the 17,000 SF Annex Building; (2) enclosure of the 3,500 SF open-air student pavilion; and (3) the installation of PV canopies over both the North and South Lots, and circulation and parking improvements. Phase II improvements will renovate and expand the Commuter Services and Facilities Hub adding approximately 15,520 SF of new building area.

Phase I at the South Campus proposes: (1) construction of two new student housing buildings, approx. 230 units with a maximum of 850 beds; (2) conversion of portions of existing commercial office space to ArtCenter's administrative and academic use; (3) renovating 40,000 of the 90,000 SF South Raymond building to provide additional student facilities; and (4) the creation of a main quad area over the Metro Gold Line, and an underground tunnel to connect subterranean parking. Phase II consists of: (1) construction of the 888 South Raymond Building as four 8-story buildings 220,000 SF in floor area; and (2) development of an elevated north quad which would connect the four new buildings to provide outdoor spaces.

The public comment period has been extended to December 18, 2017.

Project Description: Revised Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Rancho Cucamonga, County of San Bernardino, California, the proposed project consists of a new specific plan that would also annex 4,088 acres of County land into the City of Rancho Cucamonga; the total project area for the specific plan would be 4,388 acres. The proposed project will also establish a 3,176 acre Conservation Priority Area, 483 acres of proposed habitat conservation and restoration within the 1,212 acre Development Priority Area. Within the 598 gross acres, the proposed North Eastern Sphere Annexation Specific Plan will allow for up to 3,800 residential units in a mixture of attached and detached forms. The specific plan would also allow for 280,000 square feet of non-residential space, 29 acres of public open space, and designation of a 20-acre K-8 elementary/middle school site.

A public scoping meeting is scheduled for September 27, 2017 at 7:00 p.m. at the City of Rancho Cucamonga Council Chambers located at 10500 Civic Center Drive, Rancho Cucamonga, California.
Located in the City of Los Angeles, County of Los Angeles, California, the proposed project would redesign the existing 10-story office towers by expanding 115,000 square feet to connect the two towers on levels 5, 7, and 9, constructing a 2-story podium element to connect the two towers on floors 2 and 3, adding ground floor dining uses, updating outdoor and recreational amenities which includes roof gardens and an outdoor recreation deck, and adding pedestrian improvements along Olympic Boulevard. The project site is 3.58 acres.

Located in the San Juan Creek Watershed, in the cities of San Juan Capistrano and Dana Point, County of Orange, California the proposed project includes implementation of an integrated water resources management plan intended to maximize beneficial uses of the San Juan Groundwater Basin. The primary goals include: (1) continued implementation of the on-going Adaptive Production Management (APM) for monitoring and reporting purposes; (2) construction of rubber dams within San Juan Creek and the Arroyo Trabuco to increase stormwater recharge and provide future recharge sites from instream recharge of recycled water; and (3) construction of recycled water recharge and recovery facilities and conversion of private groundwater pumpers to alternative sources of water. The San Juan Watershed Project would be conducted in multiple phases.
NOTICE OF INTENT/NOTICE OF COMPLETION (IN CEQA)

MITIGATED NEGATIVE DECLARATION (MND)

Goddard School Project

Located in the City of Chino Hills, County of San Bernardino, California, the proposed project includes the construction of a 10,587 square foot school with nine classrooms, fenced play yards, and play structures, and a parking lot with 40 stalls on a 59,129 square foot project site.

**Comment Due Date:**

**Project Description:**
Update to Final Supplemental Environmental Impact Statement/Environmental Impact Report

Appendix B: Geotechnical Studies was inadvertently omitted from the DVDs that were distributed with the Final Supplemental Environmental Impact Statement/Environmental Impact Report. The revised DVD is updated and provided for public review.
Rule 1178, adopted December 21, 2001, reduces VOC emissions from storage tanks that have a capacity of 75,000 liters or greater, are used to store organic liquids with true vapor pressure greater than 5 mm Hg, and are located at petroleum facilities that emit more than 20 tons per year of VOCs. On May 5, 2017, SCAQMD staff has been directed, as a result of an adopted resolution from the Public Hearing, to introduce proposed amendments to Rule 178, incorporating VOC emission control technologies for guide poles in floating roof tanks and to explore various mechanisms to minimize permitting impacts when addressing those VOC control technologies.

The public workshop will be held on January 11, 2018 at 1:00 p.m. at the SCAQMD Headquarters, located at 21865 Copley Drive, Diamond Bar, California 91765.
Project Description: Notice of Public Hearing

Located in the City of Culver City, County of Los Angeles, California, the proposed project includes the Culver Studios Innovation Plan which proposes to technologically upgrade and expand the facilities within the existing 14.3-acre Studio Campus, while retaining the Studio’s unique ambiance and prominent place in the community. Reflected in the Comprehensive Plan Amendment No. 7 (CPA no. 7), the project proposes construction of new media buildings to replace existing buildings for office and support systems, construction of the Van Buren Parking Structure near Van Buren Place, and relocation of historically significant bungalows in the area south of the Mansion.

Buildings to be demolished would total approximately 236,293 square feet (sf) and new construction at Project Buildout would total approximately 649,420 sf, for a net new square footage of 413,127 sf Campus-wide. In addition, two new parking structures are proposed to provide approximately 2,537 parking spaces Campus-wide. Construction is anticipated to start in the first quarter of 2018, provided Project entitlement approvals. The anticipated completion date is mid-2020.

A public hearing will be held on January 8, 2018 at 7:00 p.m. at City Hall - Mike Balkman Council Chambers, located at 9770 Culver Boulevard, Culver City, California 90232.

Project Description: Notice of Availability of a Draft Environmental Impact Report

Located in the City of Los Angeles, County of Los Angeles, California, the proposed project includes the demolition of the existing warehouse building and the construction of a mixed-use development containing 600 live/work units, 20,000 sf of office space, 15,000 of restaurant space, 15,000 sf of retail space, and 10,000 sf of cultural space. Up to 11% of the base density would be set aside as restricted affordable units (Very Low). The total floor area is approximately 584,760 sf with a FAR of 6:1.
