REVIEW AND PRIORITIZE AGENDA ITEMS

ACTION/DISCUSION ITEM

1. Consideration of Proposed Amendments to the SCAG Bylaws
   (Michael R.W. Houston, Chief Counsel and Director of Legal Services)

RECOMMENDED ACTION:
That the Bylaws and Resolutions Committee review the following proposed Bylaw amendments and make recommendations on each proposal for consideration by the Regional Council.

ANNOUNCEMENT/S

ADJOURNMENT
RECOMMENDED ACTION:
That the Bylaws and Resolutions Committee review the following proposed Bylaw amendments and make recommendations on each proposal for consideration by the Regional Council.

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 1: Produce innovative solutions that improve the quality of life for Southern Californians.

EXECUTIVE SUMMARY:
Each year, in preparation for the annual General Assembly meeting, proposed resolutions and proposed amendments to the SCAG Bylaws offered by Official Representatives are considered by both the Bylaws and Resolutions Committee and the Regional Council, prior to submission to the General Assembly for consideration. Staff, acting on behalf of the Executive Director, may also offer proposed amendments to the SCAG Bylaws, which must also be considered by the Bylaws and Resolutions Committee and the Regional Council and, if recommended, are then submitted to the General Assembly for further review and consideration.

This year there were no proposed resolutions offered for consideration by the General Assembly. No staff-initiated proposed amendments are being submitted this year. Six (6) separate proposed amendments to the SCAG Bylaws by an Official Representative have been received as follows:

The first proposed amendment from Regional Council member Trevor O’Neil would amend the Bylaws to require that “substantive SCAG programs or policy initiatives” (as described below) go through the Policy Committee process prior to presentment to the Regional Council, with “consultation by and input from” the Technical Working Group (TWG).

The second proposed amendment from Regional Council member O’Neil would amend the Bylaws to require a 2/3 vote of the Regional Council to change or amend any Policy Committee recommendation.
The third proposed amendment from Regional Council member O’Neil would amend the Bylaws to require suggestions or direction on substantive SCAG policy initiatives or programs that vary from those analyzed by the Policy Committees to be (1) referred back to the Policy Committee(s) prior to Regional Council action and (2) thoroughly reviewed and considered by the Policy Committee(s).

The fourth proposed amendment from Regional Council member O’Neil would recognize the TWG as a formal SCAG body by including it within the Bylaws. This proposal (1) identifies membership in the TWG, (2) requires monthly meetings between the TWG and SCAG and (3) requires the TWG to consider substantive SCAG policy initiatives and programs “prior to the substantive SCAG policy initiatives and programs being brought before a SCAG Policy Committee.”

The fifth proposed amendment from Regional Council member O’Neil would amend SCAG officer eligibility requirements by permitting a combined period of 12 months service on either the Regional Council and/or Policy Committees, compared to the current 24 months of service that is required (of which 12 months must be service on the Regional Council).

The sixth proposed amendment from Regional Council member O’Neil would amend the Bylaws to allow the Transportation Corridor Agencies (TCA) representative to be eligible to serve as a SCAG officer.

BACKGROUND:

Every year, proposed amendments to the SCAG Bylaws may be proposed by the Official Representatives to SCAG’s General Assembly, by the Regional Council and by staff acting on behalf of the Executive Director. This year, there are six proposals made by an Official Representative as further described below. SCAG staff has not proposed any amendments this year.

1. Proposal by Hon. Trevor O’Neil – Substantive SCAG programs or policy initiatives must go through Policy Committee process, with consultation and input by the Technical Working Group (TWG).

The Honorable Trevor O’Neil from the City of Anaheim, representing Regional Council District 19, has offered a Bylaw amendment that would require “substantive SCAG policy initiatives and programs”¹ to go through the Policy Committee process and require “consultation by and input from” the TWG and subregional directors, prior to being heard and acted on by the Regional

¹ As defined in the proposed Bylaws amendment, “substantive SCAG policy initiatives or programs” are defined as “those matters pertaining to state and federally-mandated planning documents produced by SCAG, including but not limited to, the RTP/SCS, aka Connect SoCal (including mitigation measures), and RHNA.”
Council. As explained to staff in conversations relating to this proposal, the intent of the proposed amendment is to ensure that the process of seeking Policy Committee input is adhered to and, further, that the TWG is consulted by SCAG prior to policy developments being presented to the Policy Committees and Regional Council.

Staff notes that SCAG’s Bylaws already state that recommendations for policy decisions, including those described as “substantive SCAG policy initiatives and programs” in the proposed amendments, are to be made to the RC by Policy Committees. The Bylaws currently provide that the role of each Policy Committee is to “study and provide policy recommendations to the Regional Council.”

SCAG staff notes the agency has created a number of tasks forces and working groups that include third party experts and stakeholders. The purpose of these task forces/working groups is to assist SCAG in developing policies, and to advise SCAG on technical matters. Input from these task forces and working groups is ultimately used to help inform staff recommendations and to provide information to SCAG’s Policy Committees and the Regional Council. In this regard, the TWG is one such existing working group and was created for the stated purpose of “enhance[ing] the quality, data integrity, and transparency of the Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) by providing a venue for SCAG staff to discuss and receive feedback on growth related technical approaches, data collection, and technical tools associated with the development, implementation, and monitoring of the RTP/SCS with local and regional planning partners, regulatory and coordinating agencies, and technical experts.”

As such, the TWG already serves as a vital resource to initially vet policies and technical data. As provided in the TWG Charter, SCAG’s member agencies are invited to provide a staff representative to the TWG. Further, other regional partners (such as the CTCs and regional COGs), regulatory agencies and field experts are invited to participate in the TWG. Additionally, the TWG is a part of SCAG’s statutorily required Public Participation Plan, which is a component of the RTP/SCS.

Given these observations, staff believes that the existing Bylaws provisions, which expressly state that the role of Policy Committees are to be recommending bodies to the Regional Council, coupled with the formalized manner in which the TWG already provides input under both its charter and pursuant to the mandated Public Participation Plan, already provide a robust process to seek input from these bodies, notwithstanding the proposed Bylaws amendment. Furthermore, formalizing the role of the TWG in the Bylaws would also be unique insofar as this group is not composed of local elected officials, but of staff of member agencies and others. If the TWG were elevated to a

formal role in the Bylaws by providing “consultation and input” to the Regional Council and its Policy Committees, then additional consideration of whether those serving on the TWG would be required to file financial statements of economic interest would be needed. Consideration of whether open meeting laws apply to this group would also require review.

Staff believes that the Bylaws current provisions relating to Policy Committees already provides for policy matters to be vetted by committees prior to Regional Council action. With respect to the proposal formalizing the TWG’s role in the Bylaws, staff does not recommend including the TWG into the Bylaws and views this as a matter that could be addressed outside of the Bylaws. For example, the Regional Council could discuss and provide policy direction to staff on the TWG’s role (through either board resolution or minute action) outside of the Bylaws process, as part of its normal agendized meetings if so desired.

For the reasons noted above, staff does not recommend that this proposal be adopted by the General Assembly. This proposed amendment to the Bylaws is illustrated in light blue highlighting in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article V.A(4)(f) and (g) at pages 11 and 13.

2. Proposal by Hon. Trevor O’Neil – SCAG Policy Committee recommendations can only be changed/amended with a 2/3 vote of the Regional Council.

Regional Council member O’Neil submitted a proposed Bylaw amendment that would require a 2/3 vote of the Regional Council to change or amend Policy Committee recommendations. As explained to staff in conversations relating to this proposal, the intent of this amendment is to require that changes from Policy Committee recommendations be vetted following Policy Committee recommendation and not made on a “last minute” basis.

Staff understands the underlying rational for this proposal but, respectfully, does not recommend that this proposal be adopted because the proposal would fundamentally change SCAG’s governance structure, insofar as the Regional Council is the primary and ultimate decision-making body that is elected/appointed to represent the membership of the Joint Powers Authority. Staff would note the following in consideration of this proposal. First, the Bylaws establish the Regional Council as the ultimate governing board of SCAG (subject to enumerated General Assembly powers). Comparatively, the Policy Committees are established as advisory/recommending bodies to the Regional Council. Second, the Regional Council is representative of the region’s entire membership (and population) because members to the Regional Council are elected/appointed by the association’s membership, with districts being subject to periodic adjustment through redistricting. Comparatively, Policy Committees membership is appointed by the President and
committee makeup is not required to be as regionally distributed/diverse as the RC membership. 4

Third, SCAG’s Bylaws presently have no supermajority provisions. Staff notes that generally supermajority provisions are reserved for issues of crucial organizational importance or governance matters. 5

Staff notes that if a 2/3 vote is required for the Regional Council to change Policy Committee recommendations, then the Bylaws and Resolutions Committee may also desire to discuss: (a) whether broader regional distribution on committees should be required and (b) whether quorum requirements (presently 1/3 of a committee) should be adjusted to ensure more regional participation and consensus on recommendations made by committees.

For the reasons described above, staff does not recommend that this proposal be adopted by the General Assembly. This proposed amendment to the Bylaws is illustrated in light green highlighting in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article V.A(4)(f), (5)(c) and C(4) at pages 11, 12 and 14.

3. **Proposal by Hon. Trevor O’Neil – Before final adoption, changes from Policy Committee recommendations on substantive SCAG policy initiatives or programs must return to the Policy Committee(s) and be thoroughly considered by the Policy Committee.**

Regional Council member O’Neil submitted a proposed Bylaw amendment that would require suggestions or direction on substantive SCAG policy initiatives or programs that vary from those analyzed by the Policy Committees to be (1) referred back to the Policy Committee(s) prior to action by the Regional Council and (2) thoroughly reviewed and considered by the Policy Committee(s). As explained to staff in conversations relating to this proposal, the intent of the proposed amendment is to require that changes from Policy Committee recommendations be vetted by the Policy Committee(s) and not made on a “last minute” basis. The proposal is also meant to ensure that staff suggestions or proposals receive Policy Committee review prior to presentment to the Regional Council.

Staff understands the underlying rational for this proposed amendment but, similar to Proposal Number 2 above, respectfully does not recommend that this proposal be adopted for many of the reasons noted above in relation to Proposal Number 2. Staff would also note that returning to Policy Committees with deviations from Policy Committee recommendations is operationally cumbersome. Equally cumbersome is the requirement that substantive SCAG policy initiatives or

4 The Bylaws indicate the President should be mindful of regional distribution in appointing committee members, but this is not an absolute requirement or directive. See Art. V.E(2)(a).

5 While SANDAG’s governing board uses weighted voting, staff is not aware of another local government agency that imposes supermajority voting to deviate from recommendations made by an advisory committee to the primary governing board.
programs be put to the Policy Committees one month in advance of Regional Council decision. Current general practice is for matters to go to a Policy Committee a month (or more) in advance. However, imposing a mandatory directive in the Bylaws could disrupt efficient agency action by impinging on Regional Council flexibility to address matters that may change between the time a Policy Committee makes a recommendation and the time the Regional Council hears the matter. Additionally, many of SCAG’s obligations, including adoption of the RTP/SCS and allocation of RHNA numbers, operate on statutory timeframes that could be complicated by the requirements in this proposal.

Staff believes that the intent of this proposal can, at least in part, be addressed by having Regional Council actions that deviate from Policy Committee recommendation be reported back to the Policy Committee at its next meeting as an informational item. This would permit the Policy Committee to understand how the recommendation was changed and afford the committee the ability to discuss the changes at a later meeting, if so desired. If this alternative approach were of interest to the Bylaws and Resolutions Committee, staff recommends that such alternative approach would be best addressed in the Regional Council Policy Manual or by Regional Council resolution.

For the reasons noted above, staff does not recommend that this proposal be adopted by the General Assembly. This proposed amendment to the Bylaws is illustrated in yellow highlighting in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article V.A(4)(f) at page 11.

4. **Proposal by Hon. Trevor O’Neil – Recognize the TWG as a formal SCAG body with opportunity to provide input on the development of SCAG policy initiatives.**

Regional Council member O’Neil submitted a proposed Bylaw amendment that would recognize the TWG as a formal SCAG body by including it into the Bylaw. As drafted, Regional Council member O’Neil’s proposal would (1) delineate membership in the TWG as being comprised of planning or technical staff of SCAG member jurisdictions and regional COGs, (2) require monthly meetings between the TWG and SCAG and (3) require the TWG and subregional COG staff to consider substantive SCAG policy initiatives and programs prior to these matters being brought before a SCAG Policy Committee.

As noted above in relation to Proposal Number 1, the TGW’s charter currently provides that the TWG meet to vet policies of region-wide importance. Further, the TWG is identified as providing input in SCAG’s statutorily required Public Participation Plan (which is a component of the RTP/SCS). As a result, it is staff’s view that this topic is best addressed outside of the Bylaws. Similar to Proposal Number 1, above, if the Regional Council desires that the TWG undertake additional review or be engaged more robustly, this direction could be provided by the Regional Council in the
form of policy direction to staff through either board resolution or minute action, without elevating the TWG to a formal SCAG body.

For the reasons noted above, staff does not recommend that this proposal be adopted by the General Assembly. This proposed amendment to the Bylaws is illustrated in light gray highlighting in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article V.I at page 20.

5. **Proposal by Hon. Trevor O'Neil – Service on a Policy Committee and/or on the Regional Council for at least 12 continuous months qualifies candidate to serve as an officer.**

Regional Council member O’Neil submitted a proposed Bylaw amendment to allow a candidate to be eligible for a SCAG officer position if the candidate has served at least 12 months as a member of the Policy Committee and/or the Regional Council. Presently, the Bylaws require that a candidate serve at least 24 months on either the Policy Committee and/or Regional Council, of which at least 12 months of service must be as a member of the Regional Council. Both the existing Bylaws provision and the proposed amendment require this service to be continuous.

SCAG staff has no formal position on this proposal, which should be reviewed and considered by the Bylaws and Resolutions Committee and Regional Council for making a recommendation to the General Assembly. It bears pointing out that the current eligibility provision was amended last year to (i) allow Policy Committee service to count as part of the 24-month tenure requirement and (ii) require at least 12 months service on the Regional Council. The later provision (at least 12 months of Regional Council service) was not part of the initial proposal and was added as a recommendation from the Bylaws and Resolutions Committee, following discussion of last year’s proposal. At the time, several committee members expressed that having a minimum of 12 months Regional Council service was important. The rational given at the committee’s 2021 meeting for 12 months of Regional Council service was that a broad understanding of SCAG and ability to capably advocate at state/federal level for SCAG’s interests were important qualities for officers to possess. As proposed, this amendment would remove prior Regional Council service as a requirement. As a result, officer eligibility could be achieved exclusively by 12 months of Policy Committee service. It bears noting that a candidate would still have to be a Regional Council member at the time of application based on other eligibility provisions in Article VI.C(1).

Staff recommends that the Bylaws and Resolutions Committee discuss this amendment and provide staff with direction. This proposed amendment to the Bylaws is illustrated in yellow highlighting in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article VI.C(1) at page 21.
6. **Proposal by Hon. Trevor O’Neil – TCA representative eligibility to serve as a SCAG officer.**

Regional Council member O’Neil submitted a proposed Bylaw amendment that would allow the TCA representative to serve as an officer. Presently, the TCA representative is not entitled to serve as an officer, even if other eligibility criteria are met.

SCAG staff has no formal position on this proposal, which should be reviewed and considered by the Bylaws and Resolutions Committee and Regional Council for making a recommendation to the General Assembly. In discussing this matter, the committee may desire to consider ancillary items that are germane to TCA’s role in SCAG such as: (1) TCA flat-fee membership dues, comparative to population-based dues for cities, counties and CTCs (who are officer eligible), (2) Cities, counties and CTCs are agencies that are directly/expressly impacted by statutory schemes that relate to SCAG core work (RTP, FTIP, RHNA, SB 375) and (3) whether expanding officer eligibility would increase interest of other agencies in seeking similar treatment.

Staff recommends that the Bylaws and Resolutions Committee discuss this amendment and provide staff with direction. This proposed amendment to the Bylaws is illustrated in [teal highlighting](#) in the marked-up version of the Bylaws included as Attachment 1 to this report. See Article VI.C(1), C(3), E and F at pages 21-23.

The affirmative votes of a majority of those Nominating Committee members voting with a quorum in attendance shall be required for any action by the Nominating Committee.

In the event that prior to the annual meeting of the General Assembly, a candidate for President or First Vice-President who has been approved by the Nominating Committee or elected by the Regional Council but not yet ratified by the General Assembly no longer satisfies the minimum eligibility requirements of Article VI C., the candidate for First Vice-President shall be deemed the candidate for President and the candidate for Second Vice-President shall be deemed the candidate for First Vice-President, provided that the applicable candidates are agreeable to the change.

Such a no confidence vote shall only be undertaken in response to a resolution passed by all cities in the District that are voting eligible members of the Association. Upon the occurrence of a vacancy in the office of President, First Vice-President, or Second Vice-President, the vacancy shall be filled for the balance of an unexpired term in order of succession by elevating the next remaining Officer to such position, and the President may call for a Special Election to fill the unexpired term of the office of Second Vice-President. Such second Vice-President shall be selected from a list of candidates which shall be prepared by a Nominating Committee structured in accordance with the provisions of Article VI, Section B. In the event of such a Special Election the name of a nominee shall be submitted by the Nominating Committee to the Regional Council for action. Notwithstanding any provision of the agreement establishing the Association, any member that cannot pay its assessment therefore because of any applicable law or charter provision, or other lack of ability to appropriate or pay the same, may add such assessment to its assessment for the next full fiscal year. The budget for each year shall provide the necessary funds with which to obtain and maintain the requisite liability and worker’s compensation insurance to fully protect each of the signatory parties hereto, and such insurance shall be so obtained and maintained.

C. Annual Membership Dues Assessment: Each year, upon adoption of the Association budget, the General Assembly shall fix an annual membership dues assessment for all Members of the Association, Advisory Members of the Association and Regional Council members in amounts sufficient to provide the funds required by the Association budget and shall advise the legislative body of each Member, Advisory Member or Regional Council member thereof on or before the first regularly scheduled Regional Council meeting within thirty (30) days of the date of the General Assembly regular meeting of such year. Absent any other decision regarding membership dues assessments by the General Assembly, the annual membership dues assessment will be adjusted by the most recent year over year change in the Consumer Price Index – All Urban Consumers for the Los Angeles – Riverside – Orange County, California area, with a minimum of one per cent (1%) and using as a base for the assessment calculation the amount assessed in the previous assessment year. The annual membership dues assessment shall be determined in accordance with the formula set out in Article VIII D. of these Bylaws.

If a Member of the Association or an Advisory Member of the Association or a Regional Council member is unable to pay its annual membership dues assessment for any of the reasons cited in Article VIII B. of these Bylaws and if a Member (but not an Advisory Member or Regional Council member) is unable or unwilling to add its dues assessment to its assessment for the next full fiscal year, the Regional Council, for not more than one (1) year at a time, may defer, waive, or reduce payment of the annual membership dues assessment for a Member, an Advisory Member or a Regional Council member. Similarly, the Executive Director may authorize reduced payment of the annual membership dues assessment for a Member, an Advisory Member or a Regional Council member by no more than ten (10%) for not more than one (1) year at a time based upon documented financial hardship. Any action of the Regional Council deferring, waiving, or reducing the payment of the annual dues shall be reported at the following General Assembly meeting. In addition, if the Regional Council waives the annual membership dues assessment for a Member of the Association, or an Advisory Member of the Association or a Regional Council member, the Regional Council shall consider, at the same time and decide, on a case-by-case basis, whether the Official Representative of the Member or Advisory Member shall have the right to vote at the General Assembly and whether the representative of the Member, Advisory Member or Regional Council member can continue to vote for
on the Regional Council or any committee or subcommittee of the Association, serve in a leadership position, receive a stipend or have any other membership rights or privileges restricted during the period when the annual dues have been waived.

If the Regional Council decides to waive the annual membership dues assessment for a Member of the Association and also decides to suspend the voting rights of the Member for the period when the dues assessment is waived and if the representative of the Member serving on the Regional Council represents a multi-city District, the position of District representative shall be vacated by the action of the Regional Council and the vacancy shall be filled through a special election in accordance with the procedures set forth in the Regional Council Policy Manual.

To achieve the above stated purpose each Member of the Association indemnifies and holds harmless any other Member of the Association for any loss, cost or expense that may be imposed upon such other Member of the Association solely by virtue of said Section 895.2. The rules set forth in Civil Code Section 2778 are hereby made a part of these Bylaws.
