This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **July 01 through August 31, 2011**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

**IGR CONTACT**

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **September 15, 2011**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

- **Mailing Address:** Southern California Association of Governments
  Intergovernmental Review Section
  818 West Seventh Street, 12th Floor
  Los Angeles, CA 90017-3435
- **Telephone:** (213) 236-1800
- **Fax:** (213) 236-1963

Questions regarding the Clearinghouse Report should be directed to Pamela Lee, (213) 236-1895.

**ANNOUNCEMENT**

The IGR web page includes staff prepared publications describing items and projects received by the IGR Section, and other web sites that may be useful to persons seeking information about how to comply with CEQA and the CEQA Guidelines. For more information, please visit SCAG's IGR web page at [www.scag.ca.gov/igr/](http://www.scag.ca.gov/igr/).

SCAG ID. No.: I20110075
Grant Title: Federal Grant Application for Fred Young Farmworker Apartments, Phase II
Lead Agency: Coachella Valley Housing Coalition
Grant Amount: $20,397,895
City/County/Subregion: Indio/Riverside/Coachella Valley
Contact: John Mealey - (760) 347-3157

Project Description: Fred Young Farmworker Apartments, Phase II. 85 unit farmworker community. Unit mix consists of 12 - one bedroom/1 bathroom, 33 - two bedroom/1 bathroom, 29 - three bedroom/2 bathroom, and 11 - four bedroom/two bathroom units.

Requesting $3,000,000 in Federal assistance. Proposed project start 11/1/2012 - 1/1/2014.

Total Federal Grant Documents Received - August 23, 2011: 1
Documents Received: July 07, 2011

**SCAG ID. No.:** I20110040  
**Document Type:** EIR  
**Project Title:** 101 Ranch Specific Plan  
**Reg. Significance:** Yes  
**Lead Agency:** County of Imperial  
**City/County/Subregion:** County of Imperial/Imperial/Imperial Valley  
**Contact:** Leonard J. Fabian - (760) 482-4236  
**Comment Due Date:** NA

**Project Description:**
The project, totaling 1,894.7 acres, proposes 73 residential neighborhoods or "Planning Areas" located on about 1,303.4 acres consisting of a maximum total of 6,986 homes on lots ranging from 4,000 to 8,000 square feet; up to four elementary schools divided among 48 acres; a 20-acre junior high school site; 13.1 acres of community shopping center (which may develop alternatively with mixed commercial/institutional/residential uses); 183.5 acres of parks, recreation centers, paseos, trails, and landscaped open space buffer; 11.9 acres for recreational vehicle storage; 155.8 acres of stormwater retention facilities and irrigation easements; and 159.4 acres of major roads.

The specific plan provides that if the school districts determine that not all of the school sites are needed and/or the commercial site is developed as a mixed-use site, additional residential units may be developed on those sites (up to 7,481).

The project site is bounded by Lavender Road (formerly Schartz Road) to the north, Harvey Road to the east, West Carey Road to the south, and State Route (SR) 86 to the west. The project proposes conversion of agricultural land to a primarily residential and commercial plan area consisting of approximately 1894.7 acres in Imperial County. This would result in loss of Prime and Important Farmland.

**SCAG ID. No.:** I20110041  
**Document Type:** NOP  
**Project Title:** City of Lake Elsinore General Plan Update  
**Reg. Significance:** Yes  
**Lead Agency:** City of Lake Elsinore  
**City/County/Subregion:** Lake Elsinore/Riverside/Western Riverside  
**Contact:** Robert A. Brady - (951) 674-3124  
**Comment Due Date:** NA

**Project Description:**
Re-issued NOP due to revisions to 2005 General Plan Update and General Plan Update EIR.

Revisions include changes to the Land Use Element and Land Use Map, updating of the Traffic Impact Study and additional revisions to incorporate (1) an updated Housing Element that was not a part of the original General Plan scope, and (2) the provisions of a Downtown Master Plan. A Climate Action Plan is also being prepared as part of the proposed project.

The City of Lake Elsinore is located in the southwestern portion of Riverside County and encompasses 39 square miles.
SCAG ID. No.: I20110042
Document Type: EIR
Project Title: The Smart Energy Transport System Project
Reg. Significance: Yes
Lead Agency: City of Los Angeles, Bureau of Engineering
City/County/Subregion: County of Los Angeles/Los Angeles/Los Angeles City
Contact: Carter Akins - (213) 485-5729
Comment Due Date: NA
Project Description: Recirculated Draft EIR (RS-DEIR)

The City of Los Angeles certified a Final EIR ("Original FEIR") for the Project in 2009. The Original FEIR was challenged in ‘City of Gardena v. City of Los Angeles’, Los Angeles Superior Court Case No. BS121134 which resulted in a requirement to re-analyze the alternatives analysis. Only the modified sections are being recirculated.

The purpose of the proposed project is to provide an updated and consolidated jet fuel pipeline system to improve efficiency and ensure a long-term, reliable source of product to support airport operations at LAX and other airports throughout the Western U.S.

SCAG ID. No.: I20110043
Document Type: NEG
Project Title: General Plan Amendment to Incorporate the Coachella Valley Non-motorized Transportation Master Plan into the 2007 City of Palm Springs General Plan
Reg. Significance: No
Lead Agency: City of Palm Springs
City/County/Subregion: Palm Springs/Riverside/Coachella Valley
Contact: Ken Lyons - (760) 323-8245
Comment Due Date: NA
Project Description: The General Plan Amendment would apply to the entire planning area which encompasses the City Limits of the City of Palm Springs, CA. The Non-motorized Transportation Master Plan could be used as a planning tool by the City of Palm Springs to assure that the City's bikeways and trails can be constructed to yield good interconnectivity between cities and to educate and promote safe bicycle and recreational trail usage.

SCAG ID. No.: I20110044
Document Type: NOP
Project Title: Messenger Development Project
Reg. Significance: Yes
Lead Agency: City of Calabasas
City/County/Subregion: Calabasas/Los Angeles/Las Virgenes
Contact: Geoffrey Starns - (818) 878-4225
Comment Due Date: NA
Project Description: The project applicant is requesting approval of a General Plan Amendment to change the land use map designation of the property from the Residential, Multi-family (R-MF), Planned Development (PD) and a portion of the Open Space -
Resource Protection (OS-RP) to Specific Plan; a Zone Change to change the Residential, Multi-family (R-MF), Planned Development (PD) and a portion of the Open Space - Development: Restricted (OS-DR) zoning districts to Specific Plan; a Specific Plan creating the development standards and design guidelines for the property; a Development Plan, CIP, and Scenic Corridor Permit to develop a 21,400 sq. ft. shopping center, 158 residential units, including 8 affordable units, and neighborhood rec facilities; a Vesting Tentative Tract Map to subdivide 2 parcels into 77 parcels; and an Oak Tree Permit to remove 37 oak trees; for property totaling 77.55 acres. This property is located east of the intersection of Las Virgenes Road and Agoura Road.

The proposed project would include 2.52 acres for commercial uses, 0.55 acres for senior affordable housing, 4.71 acres for multi-family residential units (75 units), 14.97 acres for single family residential units (75 units), 54.07 acres of dedicated open space, and 0.73 acres for public streets.

SCAG ID. No.: I20110045
Document Type: SUB
Project Title: North Basin Groundwater Protection Project
Reg. Significance: No
Lead Agency: Orange County Water District
City/County/Subregion: Fountain Valley/Orange/Orange County
Contact: Dan Bott - (714) 378-3256
Comment Due Date: NA
Project Description: The project modifications include: (1) a new extraction well within Woodcrest Park and an appurtenant pipeline extending west from Highland Avenue along Orangethorpe Avenue; (2) rerouting of previously approved pipelines planned within South Lemon Street and East Valencia Drive to North Highland Avenue, East Truslow Avenue, and North Harbor Boulevard, as requested by the City of Fullerton; (3) revisions to the order of the treatment process that will affect the treatment plant design (unchanged plant located southeast of the Orangethorpe Avenue and State College Boulevard intersection); and (4) replacing the previously approved groundwater recharge facilities with an injection wellfield containing 12 injection wells located on the west side of State College Boulevard and south of Carbon Creek, and an appurtenant pipeline connecting the treatment plant site and the injection wellfield.

The proposed modifications are located in the southern portion of the City of Fullerton and the northern portion of the City of Anaheim.

SCAG ID. No.: I20110046
Document Type: EIR
Project Title: Whittier Main Oil Field Development Project
Reg. Significance: No
Lead Agency: City of Whittier
City/County/Subregion: Whittier/Los Angeles/Gateway Cities
Contact: Jeffery Adams - (562)464-3380
Comment Due Date: 7/12/2011
Project Description: The Project is located on City owned land within the Puente Hills Landfill Native
Habitat Preservation Authority, generally located north of Mar Vista Street and west of Colima Road.

The Project will consist of wells, oil processing, gas plant, oil and gas pipelines, and oil truck loading facilities, to be located within portions of the 1,290-acre City owned Whittier Main Field, now part of the Authority Habitat Preserve. The oil and gas production and processing facilities will be physically located at three different sites within the Whittier Main Oil Field.

Access to the site would be from both Catalina Avenue and Penn Street. The total pad area required for the oil and gas production and processing at the site is up to 7.0 acres. A crude oil pipeline and a natural gas pipeline would be installed within Colima Road, sections of which separately fall within City and County unincorporated areas, to transport crude oil and natural gas to markets.

SCAG ID. No.: I20110047
Document Type: EIR
Project Title: Butterfield Specific Plan
Reg. Significance: Yes
Lead Agency: City of Banning
City/County/Subregion: Banning/Riverside/Western Riverside
Contact: Jeffrey S. Adams - (909) 364-2751
Comment Due Date: 7/21/2011

Project Description: The Project is located on approximately 1,543 acres in the western portion of the City of Banning. The Project site is located east of Highland Springs Avenue, west of Highland Home Road, and north of Wilson Street. The project proposes a maximum of approximately 5,387 dwelling units (936.4 acres of residential), a golf course and open space (253.9 acres), parks and other open space (108.4 acres), two elementary school sites (23.0 acres), a potential fire station site (1.6 acres), an existing utility substation facility (4.2 acres), a potential 1.5-2.0 million gallon per day (MGD) satellite wastewater treatment plant (3 acres), two commercial/office sites (36.0 acres) and backbone roadways (113.6 acres).

City/County/Subregion: Riverside/Riverside/Western Riverside
Contact: Tricia D. Thrasher, ASLA - (909) 787-4201
Comment Due Date: 7/6/2011

Project Description: The project site is located on UCR’s campus located in the City of Riverside. The City of Riverside is located within the County of Riverside. The campus is bisected diagonally by the I-215/SR-60 freeway.

The proposed project includes an expansion of the Environmental Health & Safety Building to relocate its current functions to a larger one-story facility and the construction of a new 50-space surface parking lot. Renovation of the existing EH&S building will accommodate Mail Services.

The proposed EH&S expansion project will provide 27,265 gross square feet (gsf) including 18,674 assignable square feet (asf). Parking Lot 27 will provide 50 parking spaces. Renovation and reuse of the Existing EH&S Building currently occupying 2,400 sf. Reuse of existing 6,200 sf EH&S will also be reused.

**Project Description:** Notice of Preparation of Draft EIR

Proposed project includes demolition of existing buildings and construction of a 2-5 story hotel, total 278,699 sf with 258 rooms and 296 subterranean parking spaces one level beneath the hotel. 50 spaces will be provided through an agreement with South Coast Water District for 5 years.

Comprised of 3 separate parcels addressed 25325 Dana Point Harbor Drive and 34297 and 34299 Pacific Coast Highway. The 1.5 acre site is currently occupied by a Jack-In-the-Box restaurant, a vacant commercial building, and a 46-room motel with associated surface parking. As proposed, the structures would be taller than what currently exists onsite and located adjacent to City designated scenic highways. An aesthetics analysis will be conducted as part of the EIR.

Project Description: Notice of Availability of Draft Environmental Impact Report

Project site is located at 3255 East Miraloma Avenue in the City of Anaheim. The proposed Miraloma Recharge Basin Project involves the construction and operation of an approximate 13 acre recharge basin. The basin will be incorporated into OCWD Warner Basin and Deep Basin Groundwater Recharge System to help replenish the Orange County Groundwater Basin to ensure adequate underground water supplies are available for Orange County residents. The basin will have an average depth of 10 ft. The site is currently developed with industrial/commercial structures and associated parking lot improvements. Construction of the proposed project will include the demolition and removal of all existing improvements on the site.

Project Description: The Perris Downtown Specific Plan project area encompasses approximately 730 acres generally bounded by I-215 on the north, Ellis Avenue on the South, A Street on the west, and Redlands Avenue on the east, in the City of Perris.

The Perris Downtown Specific Plan Update proposes a Specific Plan Amendment to amend the existing plan to allow a mix of uses within the Downtown, including a maximum of 852,056 sf of retail, 7,878,641 sf of office uses, and 4,946 single and multi-family dwelling units. The Specific Plan will provide area-specific land use regulations and development guidelines for specific transects within the Downtown. A General Plan Amendment is also proposed to amend the General Plan to allow for the implementation of the DSP update and to designate the project area to Downtown Specific Plan on the Perris General Plan Land Use Map.

**Project Description:**

Located in the City of Santa Ana within the County of Orange. Project site is located at 516 South Santa Fe Street within the eastern portion of the City. The site is approximately 1/4 mile west of Grand Avenue, 1/4 mile south of First Street, and 3/4 mile southwest of Interstate 5.

The proposed project would include a range of aesthetic, drainage, water quality, and safety improvements to the existing Bender Ready-Mix concrete manufacturing facility. The project applicant does not propose to alter operations or facilities at the site beyond what is required by the City to meet CUP and Municipal Code requirements. Aesthetic improvements include landscaping, a new block wall, aesthetic screening, and signage. Drainage/water quality improvements would consist of a detention/desilting basin and on-site drainage conveyance facilities. Safety improvements include fencing and repaving of South Santa Fe Street along the project frontage.

**Project Description:**

Notice of Preparation of Draft Environmental Impact Report for East Area 2 Annexation Project

City of Santa Paula is proposing to annex portions of East Area 2 Planning Area designated in the City's General Plan. The annexation project includes a series of related actions, including amendment of the General Plan Land Use Element and pre-zoning of the annexation area. East Area 2 is located on the northeast edge of the City of Santa Paula.

The proposed annexation area includes the existing unincorporated island located south of state Route 126 and north of Lemonwood Drive, the area east of the current city limits between State Route 126 and east Area 1 Specific plan area, and additional land in the City's East Area 2 Planning area located east of S. Hallock Drive. East Area 2 Annexation Area includes approximately 94.5 acres. The East Area 2 Annexation Area includes existing residential, commercial, and light industrial development, vacant land, and agricultural land.

Contact: Alejandrina Baldwin - (213) 974-6433
Comment Due Date: 8/27/2011
Project Description: Notice of Preparation of DEIR and Notice of Scoping Meeting

The Project is located within the Santa Monica Mountains Area, on a 26.5 acre site along Mureau Road, in unincorporated Los Angeles County. Project is within the Santa Monica Mountains Community Standards District and Santa Monica Mountains North Area Plan. The Project is north of US Highway 101 (Ventura Freeway), between the cities of Calabasas to the south and Hidden Hills to the northeast.

The Hidden Terraces Specific Plan Project proposes to create two parcels with an adult residential facility (ARF) building within each parcel. The ARF will consist of 258 units, 5 hospitality suites within 2 buildings. The Project proposes a local plan amendment and zone change, to change the area plan land use designation and current zone to Specific Plan and a Specific Plan to establish and develop the ARF with an independent living component, assisted living units with kitchens and dementia units.

Contact: Eric Dietrich -
Comment Due Date: 8/30/2011
Project Description: Draft Environmental Assessment with Proposed Finding of No Significant Impact for the John S. Gibson Boulevard/I-110 Access Ramps and SR 47/I-110 Connector Improvements

The proposed project Southbound SR 47 is located approximately 0.3 miles east of Pacific Avenue Overcrossing to I-110 approximately 0.7 miles north of Channel Street overhead in the city and county of Los Angeles.

Caltrans in cooperation with the Port of Los Angeles purposes to improve the
northbound (NB) Interstate I-110 ramps at John S. Gibson Boulevard and the NB I-110 and southbound (SB) State Route (SR) 47/NB I-110 Connector. The proposed work includes widening the SR 47/I-110 connector from 1 to 2 lanes, extending the additional mainline lane on the NB I-110 past the John S. Gibson Boulevard off-ramp, modifying the northbound ramps at the I-110/John S. Gibson Boulevard interchange, and improving the intersections of John S. Gibson Boulevard and the NB I-110 ramps. The project would also include improvements to the existing drainage system and widening of the Pacific Avenue Undercrossing and the Channel Street Overhead. To abate the existing and future traffic noise, sound walls will be constructed.

| Project Description: | Notice of Preparation of a Draft EIR for the Hoover Ranch Residential Project |

The proposed project is located within the City of Wildomar which is located in western Riverside County. The project site is generally located southeasterly of Rancho Mirlo Road, southwesterly of Slaughter House Canyon Creek and Murrieta Creek and northeasterly of Copper Canyon Park (City of Murrieta).

The EIR will evaluate the potential significant environmental impacts that may result from granting entitlements for the development of a proposed 51-lot residential subdivision on 30.02 acre site. The project requires 3 development applications: 1) General Plan Amendment to change current land use designation from Very Low Density to Low Density Residential; 2) Change of Zone to change the current zoning designation from Rural Residential, Watercourse, Watershed & Conservation Area to R-1 (One-Family Dwelling), Open Area Combining Zone Residential Developments (R-5) and Watercourse, Watershed & Conservation Area (W-1); and 3) Tentative Tract Map to subdivide 30.02 acres into 51 lots for future single family residential including 2 open space lots and one homeowner's association lot for recreational purposes.

Project Title: Perris Valley Commerce Center Specific Plan
Reg. Significance: Yes
Lead Agency: City of Perris
City/County/Subregion: Perris/Riverside/Western Riverside
Contact: Diane Sbardellati - (909) 943-5003
Comment Due Date: 9/6/2011

Project Description: Perris valley Commerce Center Specific Plan

The proposed Perris valley Commerce Center encompasses approximately 3,500 gross acres or approximately 5.23 square miles of north Perris within Riverside County. The area is primarily industrial in character with scattered agricultural and residential land uses. The project site is bound by Interstate 215 to the east, Perris Valley Storm Channel to the west, south of March Air Reserve Base and north of Placentia Avenue.

The proposed project includes the adoption of the PVCC would slightly modify the existing General Plan land use designations and sets forth a list of permitted uses, infrastructure plans, guidelines for architectural design and landscaping, and administrative procedures for development within the Specific Plan. Zone Change will establish Specific Plan zoning for properties within the designated area. Proposed land uses are Light and General Industrial, Business park/Professional Office, Commercial, Public/Open Space and Residential (existing). Infrastructure plan includes storm drains, stormwater detention basins, and water and sewer facilities. An updated Perris Valley Master Drainage Plan will be needed to meet the development goals of Perris Valley Commerce Center.

Contact: Larry Longenecker - (949) 362-4360
Comment Due Date: 9/12/2011

Project Description: Notice of Availability of a Draft Program Environmental Impact Report

The Gateway Specific Plan update envisions incorporation of residential and mixed-use development to revitalize the existing industrial development in the Gateway area. The proposed Specific Plan update would accommodate as many as 2,994 dwelling units, 350 hotel rooms and as much as 2,259,931 sf of non-residential development, in single-use or mixed-use projects including pedestrian and transit-oriented development capitalizing on the proximity to the existing Metrolink transit station. Includes a regulating plan, specific zoning for each property, permitted uses, development standards and design guidelines. The Specific Plan Update also includes a circulation plan, public realm improvement plan, utilities infrastructure plan, and implementation program.

The 315-acre Gateway area is located in the northeast corner of Laguna Niguel, bounded on the east by Interstate 5 and generally bounded on the southwest by the SR-73 Toll Road. Crown Valley Parkway bisects the project area in an east/west direction. Cabot Road, Forbes Road, Camino Capistrano, the BNSF railroad and the Oso Creek flood channel all traverse the project area in a north/south direction. The project area is approximately 2 miles in length and 0.6 miles wide.

**Project Description:**

Notice of Preparation of a Draft Environmental Impact Report for Proposed City of Ventura Westside Community Planning Project (Revised Boundary)

On 1/24/11 City Council reduced the proposed Westside Community Plan Boundary and therefore a revised NOP is being circulated. The proposed project involves preparation of a strategy for development standards, land use, circulation and redevelopment plan for the Westside Community Planning area.

The Westside Community Plan area includes approximately 924 acres within the City of Ventura, excluding public right of way, located on the western edge of the City of Ventura. The Westside Community Plan area is located approximately 26 miles south of the City of Santa Barbara. State Route 33 connects the Westside area to unincorporated Ventura County and Ojai to the north; to Highway 101 which connects the greater Ventura City area to Los Angeles to the south; and Santa Barbara County to the north.

In fall 2010, a preliminary draft of the Westside Community Plan was circulated for public review and feedback addressing both the Westside Community and North Avenue District. In response to comments received, the City revised the Westside Community Plan to reduce the project area boundary and only address the existing Westside Community. On June 6, 2011, the City Council initiated the Draft Community Plan and Development Code for environmental review.

The Westside Community Planning Project also includes a proposal to establish the Westside Redevelopment Project Area to assist the City in its efforts to revitalize the Westside Community. The Westside Community Planning Project is intended to implement the City's General Plan at the neighborhood level by adopting the Westside Community Plan, the Westside Development Code and establishing the Westside Redevelopment Project Area.

Preliminary estimates for development through 2025 in the Community Planning Area are:
- Approximately 1,415 dwelling units
- 100,640 square feet of retail
- 163,450 square feet of office
- 77,000 square feet of industrial

**Project Description:** Mitigated Negative Declaration No. 11-05 for Water Master Plan

The Water Master Plan was prepared to adequately and identifies the capital facilities needed to provide reliable water to meet current and project needs. Incorporates previous planning efforts, approved land use development plans and growth projects consistent with the City's General Plan.

The project site consists of the City of El Centro Planning Area including the City jurisdictional area (approximately 11 sq. miles) and the City's sphere of influence (approx. 14 sq. miles) amounting to a total of 25 sq. miles. The proposed facilities are predominately located within agricultural areas, interspersed with residential, municipal, and commercial uses.

**Project Description:** Mitigated Negative Declaration No. 11-06 for Master Plan of Drainage

The Master Plan of Drainage was prepared to provide comprehensive long-range plans for the implementation and development of drainage facility improvements within the City. The city's drainage deficiencies were analyzed in accordance with the current Imperial Irrigation District Drainage Manual, San Diego County Drainage Design Manual and current best practices of the industry. The results of the hydrology model for the City's existing and proposed storm drain systems were utilized for the hydraulic calculations and the approximate hydraulic analysis of the City's storm drain systems. Areas and drainage facilities outside the City limits were included to the extent that they affect the City.

Project Description: The Mitigated Negative Declaration No. 11-07 for Sewer Master Plan

The Sewer Master Plan (SMP) was prepared to adequately plan and identify the capital facilities needed to provide reliable wastewater services to meet current and projected needs. The SMP incorporates previous planning efforts, approve land use development plans and growth projections within the project area consistent with the City's General Plan that was updated in 2004 to include its sphere of influence.

Project Description: Final Environmental Impact Report

Proposed project is approximately 249 acres. The Lewis Operating Corp. Deep Creek (Apple Valley) Project includes 1) A General Plan Amendment to change the Land Use District from AG-SCP (Agricultural with a Primary Sign Control Overlay) to RS-20m (Single Residential - 20,000 sq. ft. minimum lot size), and 2) Tentative Tract Map for 202 single-family residential lots and 6 lettered lots. As shown on the attached map, the proposed project is approximately 249 acres, between Rock Spring Road and Tussing Ranch Road, east of Deep Creek Road in unincorporated Apple Valley area.

Contact: Connie Chung - (213) 974-6425
Comment Due Date: 9/14/2011
Project Description: Notice of Preparation of a Draft Environmental Impact Report and Notice of Public Scoping Meetings

The project is a comprehensive update of the Los Angeles County General Plan and the Antelope Valley Plan. The project includes goals, policies, implementing programs and ordinances. The project covers the unincorporated areas of Los Angeles County and accommodates new housing and employment opportunities in anticipation of population growth in the County and the region. The General Plan Update and Antelope Valley Area Plan Update focus growth in the unincorporated areas with access to services and infrastructure and reduce the potential for the growth in the County's environmentally sensitive and hazardous areas. The project will replace the adopted General Plan and the adopted Antelope Valley Area Plan.

**Project Description:** Notice of Intent to Adopt A Negative Declaration for the City of Santa Monica Bike Action Plan

The proposed project consists of the adoption of the City of Santa Monica's 2011 Bike Action Plan. The Plan recommends a number of policies, programs and projects to promote bicycling and improve the bicycling network in the City. The Plan refines the bicycle network identified in the City's Land Use and Circulation Element.

Project Title: University of California, Riverside 2005 Long Range Development Plan Amendment 2  
Reg. Significance: No  
Lead Agency: University of California, Riverside (3637)  
City/County/Subregion: Riverside/Riverside/Western Riverside
Project Description: Notice of Availability of a Draft Environmental Impact Report for the University of California, Riverside 2005 Long Range Development Plan Amendment 2

UCR is located in the City of Riverside generally bounded by University Avenue and Blaine Street on the north, Watkins Drive and Valencia Hill Drive and its extension south on the east, a line extending east from Le Conte Drive on the south, and Chicago Avenue on the west. The campus is bisected diagonally by the I-215/SR 60 freeway.

The University of California proposes to amend the 2005 Long Range Development Plan for the UCR campus. The proposed 2005 Amendment 2 involves changes to the 2005 Long Range Development Plan Land Use map and changes to the text of the 2005 LRDP that are proposed primarily to allow for the establishment of a School of Medicine on the West Campus. The proposed 2005 LRDP Amendment 2 would not increase the total enrollment projected in the 2005 LRDP but would increase the total daily population on the campus as a result of employees and visitors associated with the School of Medicine.

Project Description: Supplemental Environmental Assessment/Recirculated Draft EIR sections Available for Public Review

Regional Connector Transit Corridor project would directly link 7th Street/Metro Center Station to the Metro Gold Line near Little Tokyo/Arts District Station at 1st and Alameda. Refinements have been made to the Locally Preferred Alternative (LPA) in response to the comments received on the Draft EIS/EIR, input received from community meetings, and to improve project design. Some of the refinements could result in new significant impacts, which is why portions of the Draft EIS/EIR are being recirculated under CEQA & NEPA.

Available at www.metro.net/regionalconnector
**Project Description:** Draft Subsequent Program Environmental Impact Report

The Coachella Valley Water District provides water, wastewater and flood control services in the Coachella Valley, which extends from Whitewater to the Salton Sea in central Riverside County, and portions of northern San Diego and Imperial Counties adjacent to the Salton Sea. Includes the cities of Palm Springs, Cathedral City, Rancho Mirage, Indian Wells, Palm Desert, Coachella, Indio and La Quinta.

- **Project Title:** Permit for Retail Gasoline Storage and Dispensing in Huntington Beach
- **Reg. Significance:** No
- **Lead Agency:** South Coast Air Quality Management District
- **City/County/Subregion:** Huntington Beach/Orange/Orange County
- **Contact:** Randy Matsuyama - (909) 396-2551
- **Comment Due Date:** NA

**Project Description:**

Permit to Construct and Operate Pursuant to Rule 212 to Install and Operate a Retail Gasoline Storage and Dispensing Facility.

The gasoline station will use the best available technology for controlling air pollution. Maximum VOC emissions from the gasoline storage and dispensing facility...
will be less than 41 pounds per day. Generally, the amount will be less as most gasoline facilities do not operate at their maximum potential emissions. The AQMD evaluated the short term (acute) and long term (chronic) health impacts associated with maximum potential emissions. Using worse case conditions, our evaluation shows that chronic and acute health risks are both well below our rule's toxic thresholds (below a Hazard Index of 1). According to state health experts, a hazard index of one or less means that the surrounding community including the most sensitive individuals such as young children and elderly will not experience adverse health impacts due to the toxic nature of these emissions. Long term cancer risk from these emissions is below the AQMD risk threshold of ten in a million for equipment using the best available control technology for toxiocs.

- **Contact:** Janece Maez - (310) 450-8338 x268
- **Comment Due Date:** 9/13/2011
- **Project Description:**

  The proposed project is located at 30215 Morningside Drive, City of Malibu on the existing Middle and High School (MMHS) campus. The MMHS campus is located approximately 1/4 mile northeast of both the Pacific Coast Highway and Zuma Beach between Merritt Drive to the West, Via Cabrillo Street to the north and Harvester Road to the east.

  Proposed project involves the implementation of a partial redevelopment program, including a net total of 76,694 sf of new construction and renovation and/or upgrading of existing facilities and infrastructure. The schematic design space program for MMHS includes one new 2-story building for classroom, library and administrative offices uses, outdoor space, rooftop garden and renovation of existing Building E. Staff and event parking is proposed with a new 150-space parking lot adjacent to the existing athletic field. This program would also separate the middle school from the high school by devoting Building E solely to the high school program.

Project Description: Notice of Intent to Adopt - Mitigated Negative Declaration

UCLA proposes the construction and operation of a new, 6-level (including 1 basement level), 61,000 gross sf research laboratory building for the Henry Samueli School of Engineering and Applied Science. The proposed Engineering Building has been designed to co-locate existing multi-disciplinary research programs that are engaged in the development of energy efficient systems based on green technology: Western Institute of Nanoelectronics, Functional Engineered Nano Architectonics, and Molecularly Engineered Energy Materials. The project sites are not identified on any lists of hazardous waste sites compiled pursuant to California Government Code Section 65962.5.

Lead Agency: City of El Segundo
City/County/Subregion: El Segundo/Los Angeles/South Bay
Contact: Kimberly Christensen - 310-524-2340
Comment Due Date: 8/5/2011

Project Description: Notice of Preparation of an Environmental Impact Report

The proposed project is located at 540 East Imperial Avenue and is a 5.65 acre site comprised of six lots bound by Imperial Avenue to the north, 1-2 story residential structures as well as the City sump to the east, single-family and multiple-family residential structures as well as Walnut Avenue to the south; and primarily two-story single family residential structures to the west. The project site is currently developed with the Imperial Avenue Elementary School, including a baseball field that is utilized intermittently by local residents. The Unified School District school campus was closed in 1975. In 1984, it was used as an employee training facility for the Hughes Aircraft Company. The proposed project would result in the development of one of two conceptual project Options. Either option would include demolition of the existing eight, single-story structures (totaling approximately 22,488 sf) as well as removal of all parking areas, the baseball field and on-site vegetation.

Option 1: maximum 140 assisted/independent living units and 150 senior apartments/townhomes on a 5.32 acre portion of the site.

Option 2: Residential development with a mix of 24 single-family dwelling units and 34 multiple-family units on private streets parking would be provided proximate to the single-family and multiple-family residential uses in both private garages and surface parking.

Contact: James Koizumi - (909) 396-3234
Comment Due Date: 8/26/2011

Project Description: Notice of Completion of a Draft Subsequent Environmental Assessment

Proposed Amended Rule 1470 - Requirements for Stationary Diesel-Fueled Internal Combustion and other Compression Ignition Engines

South Coast Air Quality Management District area consists of four-county South Coast Air Basin and the Riverside County portions of the Salton Sea Air basin and the Mojave Desert Air Basin.

Proposed amended Rule (PAR) 1470 would adopt portions of the amendments to CARB’s Airborne Toxic Control Measure for stationary diesel-fueled compression ignition engines and new amendments primarily affect new emergency standby diesel-fueled compression ignition engines and new direct-drive emergency standby fire pump entries. PAR 1470 would revise the emission limits for direct-drive emergency standby fire pump engines. PAR 1470 would revise the emission limits for nitrogen oxides and hydrocarbon emissions for new emergency standby engines.
which would eliminate the need to install after-treatment controls for NOx and HC.
