SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG’s Intergovernmental Review (IGR) Section during the period Jan 01, 2014 through Feb 28, 2014. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to Mar 28, 2014. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: Southern California Association of Governments
Intergovernmental Review Section
818 West Seventh Street, 12th Floor
Los Angeles, CA 90017-3435

Telephone: (213) 236-1800
Fax: (213) 236-1963

Questions regarding the Clearinghouse Report should be directed to Pamela Lee, (213) 236-1895.

MORE INFORMATION

The IGR web page includes staff prepared publications describing items and projects received by the IGR Section, and other web sites that may be useful to persons seeking information about how to comply with CEQA and the CEQA Guidelines. For more information, please visit SCAG’s IGR web page at www.scag.ca.gov/igr.

Document Received: 01/03/2014

SCAG ID. No: IGR7926_ 8781
Document Type: MITIGATED NEGATIVE DECLARATION
Project Title: Claremont Housing Element Update

Reg. Significance: Yes
Lead Agency: City of Claremont
City / County / Subregion: Claremont / Los Angeles / San Gabriel Valley
Contact: Brian Desatnik - (909) 399-5342

Comment Due Date: 01/21/2014

Project Description: Notice of Intent to Adopt a Mitigated Negative Declaration

The City of Claremont proposes to update the Housing Element of the City’s General Plan as mandated by Government Code Sections 65580-65589. The 2014-2021 Housing Element is a policy document with programs intended to facilitate meeting the City's housing needs and accommodating the City's share of projected regional housing need during the 2014-2021 planning period, as determined by the Southern California Association of Government's (SCAG’s) Regional Housing Needs Assessment (RHNA).

The project area encompasses the entire City of Claremont, located in eastern Los Angeles County.
Evanston Court Residential Project

The proposed project consists of a 24-unit, multi-family residential development that includes adaptive reuse of the historic Evanston Inn (385 South Marengo Avenue), which is listed in the National Register of Historic Places. The proposed project would rehabilitate the Evanston Inn structure into 10 condominium units and construct three new two- and three-story residential buildings comprising the remaining 14 units over a semi-subterranean parking garage.

The main components of the proposed project are as follows: (1) 24 multi-family residential units covering 16,569 square feet of footprint (31,818 square feet of building space), (2) 10,330 square feet of hardscape, (3) 14,238 square feet of landscape including the planting of 38 trees 16,717 square feet parking garage (53 spaces).

Melrose Triangle Project

The proposed project consists of a mixed-use development that includes commercial and residential spaces. The project would be located on Melrose Avenue and would include the rehabilitation of historic buildings.

The main components of the proposed project are as follows: (1) Commercial spaces covering 20,000 square feet, (2) Residential units covering 60,000 square feet, and (3) 50 parking spaces.
Project Description:

Notice of Availability of a Recirculated Draft Environmental Impact Report for the Melrose Triangle Project

The project site is a triangular parcel located near the western boundary of the City, and is adjacent to the City of Beverly Hills with addresses that range from 603-633 N. Almont Dr., 9040-9098 Santa Monica Blvd, and 9001-9035 Melrose Ave.

The proposed project would demolish the existing buildings and structures on site and construct a mixed-use commercial and residential development. The development would consist of three primary building structures. The proposed project would include a total of 137,064 square feet of office uses, 82,021 square feet of retail and restaurant uses, and 76 residential units.

In 2004, the original project proposed a mixed-use commercial and residential development including art and wine storage, parking, and associated improvements on six aboveground floors and six subterranean levels. In 2012, the Applicant revised the original project in response to comments received during the Draft EIR public review period for the original project and because the City subsequently adopted an updated General Plan. Therefore, the City determined that the proposed project may have a significant effect on the environment, and a Recirculated Draft EIR was required to more fully evaluate the potential adverse environmental impacts that may result from the proposed project.

SCAG ID. No: IGR7930_8784

Document Type: NEGATIVE DECLARATION

Project Title: Adoption and Implementation of 2013 Laguna Woods Safety Element Update

Reg. Significance: Yes

Lead Agency: City of Laguna Woods

City / County / Subregion: Laguna Woods / Orange / Orange County

Contact: Brian Kurnow - (949) 639-0521

Comment Due Date: 01/16/2014

Project Description:

The project is the adoption and implementation of the 2013 Laguna Woods Safety Element, which represents an update of the City’s 2003 Safety Element. The Safety Element is one of the seven mandatory elements of the general plan. The element includes updated information and maps describing natural and human-caused hazards in the City including geologic, seismic, fire, flooding and hazardous materials. The element describes current and future City actions taken to reduce hazard-related risk and to respond to emergency situations through updated goals, policies and implementation action.

The Laguna Woods Safety Element applies to all zoning districts within the City.

SCAG ID. No: IGR7740_8786
Document Type: FINAL DOCUMENT
Project Title: Rio Santiago Project
Reg. Significance: No
Lead Agency: City of Orange
City / County / Subregion: Orange / Orange / Orange County
Contact: Chad Ortlieb - (714) 744-7237

Comment Due Date:
Project Description: Legal Notice of Planning Commission Public Hearing and Availability of Final Environmental Impact Report Response to Comments, Errata to Draft EIR, and Mitigation Monitoring Program
Project Description:

The approximately 43 acre project site is located at 32382 Del Obispo Street in the City of San Juan Capistrano, California. The project site is bordered by Del Obispo Street to the west, Alipaz Street to the east, Via Positiva and Kinoshita Elementary School to the south, the Rancho Alipaz Mobile Home Park and the Ocean Hills Mariners Church and Private Academy to the north.

The project proposes the development of a Continuing Care Retirement Community (CRCC) designed for residents over the age of sixty years. The CRCC would include two main components: Independent Living residences, for residents capable of residing in the community without assistance; and the Health Center, for residents requiring daily assistance or medical attention. The Independent Living Residences would include 426 residential units of various sizes and types, as well as common buildings and amenities designed to provide recreational activities. The Health Care Center would contain 101 units in two separately licensed facilities.
Notice of Preparation of a DEIR for the Kensington Assisted Living Project in the City of Redondo Beach

Located on the southwest corner of the Pacific Coast Highway and Knob Hill Avenue in the City of Redondo Beach, the proposed project consists of the demolition of 10 existing structures and the construction and operation of a two-story, approximately 80,000 gsf building containing a 96-suite assisted living facility accommodating 130 people.

The proposed project is an update to the City of Los Alamitos General Plan. The Los Alamitos General Plan Update is intended to shape development in the City and the unincorporated community of Rossmoor over the next 20-plus years. The Los Alamitos General Plan Update involves reorganization of the current General Plan into the following six required and two optional elements: land use element, circulation and transportation element, open space and recreation element, conservation element, safety element, noise element, economic development element, and growth management element. The General Plan Update would result in a total of 8,735 residential units, a population of 23,003 people, 8,881,442 square feet of nonresidential development, and 18,430 jobs in the City and unincorporated community of Rossmoor.

Document Type: NOTICE OF PREPARATION

Project Title: Olson Residential Community Project

Reg. Significance: No

Lead Agency: City of San Gabriel

City / County / Subregion: San Gabriel / Los Angeles / San Gabriel Valley

Contact: Mark Gallatin, AICP - (626) 308-2806-4623

Comment Due Date: 01/29/2014

Project Description: Notice of Preparation of a Draft Environmental Impact Report

The project is located in the eastern end of the City of San Gabriel in Los Angeles County with 2.42 acres of the site located in the very northern area of the City of Rosemead. The project site is bounded to the north by Santa Fe Avenue and the Union Pacific Railroad tracks, to the east it is bounded by Earle Avenue, to the south by industrial and manufacturing buildings as well as the Mission Lodge, and west of the site the project is bounded by South Gladys Avenue.

The project proposes to develop a residential project with 88 condominium units and 206 parking spaces on approximately 5.4 acres west of the Rubio Wash. The total current area of the property is 9.18 acres. The project also proposes to demolish the portion of the building west of the Rubio Wash on 5.4 acres, and the remaining 77,000 square foot building will be converted to a freestanding warehouse building and sold to and industrial user.

Document Type: MITIGATED NEGATIVE DECLARATION

Project Title: Mountain View Marketplace Project

Reg. Significance: No

Lead Agency: City of Loma Linda

City / County / Subregion: Loma Linda / San Bernardino / San Bernardino

Contact: Guillermo Arreola - (909) 799-2800

Comment Due Date: 02/04/2014

Project Description: Notice of Public Hearing and Notice of Availability and Intent to Adopt a Mitigated Negative Declaration

The project site will be in the City of Loma Linda, San Bernardino County. The project site is approximately 1.07 acres located in the northern portion of the City of Loma Linda. The project site is bound by Mountain View Avenue to the east, the Interstate 10 (I-10) eastbound off ramp to the north, and Rosewood Avenue to the south.

The project consists of a new convenience store, gas station, car wash, and a separate commercial building pad on the project site. A total of two major buildings will be constructed as part of the proposed project. To facilitate construction of the proposed project, four existing single-family residences currently found on the project site will be demolished.

Project Title: CleanTech Environmental Inc. Hazardous Waste Facility Permit Project
Reg. Significance: No
Lead Agency: Department of Toxic Substances Control
City / County / Subregion: Irwindale / Los Angeles / San Gabriel Valley
Contact: Alfred Wong - (510) 540-3946
Comment Due Date: 01/31/2014
Project Description: Notice of Preparation for a Draft Environmental Impact Report

The CleanTech site that occupies 0.98 acres is located at 5820 Martin Road in the City of Irwindale near the signaled major cross streets of Irwindale Avenue and 1st Street, approximately one-half mile South of the 210 Freeway and 1.4 miles East Southeast of the 605 Freeway.

DTSC is the Lead Agency for reviewing and issuing the hazardous waste facility permit for the CleanTech Environmental Inc. facility. Approval of the Permit would allow CleanTech to construct and operate a used oil recycling facility. CleanTech collects used oil from offsite generators and consolidates the used oil in tanks at the facility.

Project Title: City of Walnut 2013-2021 Housing Element Update
Reg. Significance: No
Lead Agency: City of Walnut
City / County / Subregion: Walnut / Los Angeles / San Gabriel Valley
Contact: Laura Nash - (909) 595-7543-403
Comment Due Date: 01/02/2014
Project Description: The proposed project includes the City of Walnut 2013-2021 Housing Element Update, an amendment of the City's General Plan that addresses housing needs for all segments of the community. The 2013-2021 Housing Element Update demonstrates zoning availability to meet the regional housing needs allocation identified by SCAG.
Notice of Intent to Adopt a Negative Declaration

The project site is comprised of 0.52 acres, located in the City of Newport Beach, Orange County, California in the Mariners Mile commercial district. Specifically, the subject property is bounded by Avon Street to the north, Mariners Center to the south and west, and Riverside Avenue to the east. The current addresses of the project are 149 and 191 Riverside Avenue, Newport Beach, California 92660.

The project consists of applications of a General Plan Amendment (GP2013-002) and Coastal Land Use Plan Amendment (LC2013-003) to change the land use category from Public Facilities (PF) to Mixed-Use Horizontal (MU-H1) and a Zoning Code Amendment (CA2013-007) to change the zoning from Public Facilities (PF) to Mixed-Use Mariners Mile (MU-MM). No demolition or new construction is proposed at this time.

Notice of Intent to Adopt a Mitigated Negative Declaration

The project proposes the subdivision of six existing lots totaling 12.29 acres into 13 single-family residential lots (one existing developed lot to remain) located within the R-1 15,000 Rural Overlay Zoning District.

The project is located at 1021 Meadow Pass Road, Walnut, California, 91789.

Contact: Kurth Nelson, III - (949) 248-3572

Comment Due Date: 02/13/2014
Project Description: Public Notice/Notice of Preparation of a Draft Environmental Impact Report

The project proposes a mixed-use project at 34202 Del Obispo Street in Dana Point, California. The project includes construction of a residential/mixed-use community comprising 169 condominium units and approximately 2,500 square feet of commercial space. A small portion of the property totaling approximately 0.45 acre and fronting Pacific Coast Highway is proposed as part of the parkland dedication requirement for the project.

Document Type: NEGATIVE DECLARATION
Project Title: City of Industry 2013-2021 Housing Element

Reg. Significance: Yes
Lead Agency: City of Industry
City / County / Subregion: Industry / Los Angeles / San Gabriel Valley
Contact: Brian James - (626) 333-2211

Comment Due Date: 02/10/2014
Project Description: Notice of Intent to Adopt a Negative Declaration

The City of Industry has prepared the 2013-2021 Housing Element, which is a part of the General Plan and provides guidance to plan for housing needs over the next seven years. The 2013-2021 Housing Element has been developed to meet California State legal requirements, including the need to plan for the City's share of the Regional Housing Needs Assessment (RHNA), and is subject to certification by the State Department of Housing and Community Development (HCD).
Notice of Availability of a Draft Environmental Impact Report

The proposed project would develop a new 2-story, 33,750 square foot automobile dealership building containing vehicle showrooms, indoor/outdoor cafe, concealed service/repair and parts departments and vehicle sales/training offices.

The project site is bounded by Santa Monica Boulevard on the north, 14th Street on the west, 14h Court on the east, and residential uses on the south.

Notice of Preparation

The proposed project is located in the City of Wildomar in Riverside County, California. The project site is an irregularly shaped parcel located generally on the southwest corner of Bundy Canyon Road and Monte Vista Avenue. The site is bordered on the east and west by Monte Vista Drive and I-15, respectively. Canyon Drive borders the site to the south.

The project proposes the construction of a new 200,000 square foot Wal-Mart to be located in the southern portion of the site. The project also proposes the construction of a new 7,800 square foot out-pad use to be located in the northeastern portion of the site. In addition, approximately 2.54 acres of the site will be used for infrastructure dedications and improvements.
The project is located in Township 2 south, Range 1 west, Section 30, along the north side of Cherry Valley Boulevard and east of the Interstate 10 Freeway (I-10), between the cities of Calimesa and Beaumont, in the unincorporated area of Riverside County. The project is comprised of 246.5 acres and is located within the unincorporated community of Cherry Valley. Approximately 16.5 acres of the western portion of the project is located within the City of Calimesa, although no buildings will be constructed in this area.

Approximately 171.1 acres of the 246.5 acre project would be included within the development and the remaining 74.8 acres would remain as open space. The project consists of two (2) industrial buildings that will have sizes of approximately 960,000 square feet and 1,600,000 square feet for a total of approximately 2,560,000 square feet of floor area. Both buildings are planned as "high-cube" logistics uses for the distribution of goods.

The proposed Project is located at the northwest corner of the Pacific Coast Highway (PCH) and Cota Avenue and is bounded by the CSULB Foundation’s Research and Technology Center (Technology Park). The Project site is approximately 9.88 acres consisting of eight parcels.

The project includes the demolition of existing buildings and carports on the project site and the construction of a new single-story building for retail use that would be up to 122,500 square feet in size with 490 on-site parking spaces.

Project Title: Downtown Newhall Specific Plan 2014 Amendments
Reg. Significance: Yes
Lead Agency: City of Santa Clarita
City / County / Subregion: Santa Clarita / Los Angeles / North Los Angeles County
Contact: Ben Jarvis - (661) 255-4330
Comment Due Date: 02/18/2014
Project Description: Notice of Intent to Adopt a Negative Declaration

The project area consists of the Downtown Newhall Specific Plan area: 202 acres in the Old Town Newhall Area in the City of Santa Clarita, Los Angeles County, California.

The project proposes a Zone Change (ZC 13-008) to change the zoning designations on 28 parcels and a Specific Plan/Zoning Amendment (SPA 13-002) to clarify sections of the Downtown Newhall Specific Plan (DNSP) Development Code and keep the DNSP current. The project will focus on three primary areas: reformatting and reducing the physical size of the document, updating the zoning map, and code revisions. The project will change the zoning designation on 28 parcels to make them consistent with existing land uses and likely future development.
Notice of Completion and Availability Draft Environmental Impact Report

The Projects are located in the Antelope Valley in unincorporated Los Angeles County and are west of the Antelope Valley Freeway (State Route 14). All six Project sites are between 30th Street West and 120th Street West. The projects range from 38.49 acres to 256 acres in size from 5 MW to 52MW in solar generation energy. These six Project sites together would cover approximately 987 acres and would produce 172 MW of solar power in total.

Project Description: Notice of Completion and Availability Draft Environmental Impact Report

The Projects are located in the Antelope Valley in unincorporated Los Angeles County and are west of the Antelope Valley Freeway (State Route 14). All six Project sites are between 30th Street West and 120th Street West. The projects range from 38.49 acres to 256 acres in size from 5 MW to 52MW in solar generation energy. These six Project sites together would cover approximately 987 acres and would produce 172 MW of solar power in total.

The proposed project consists of the construction and operation of a new LACCD satellite campus to replace the existing South Gate Education Center, provide expanded and improved educational facilities, and accommodate existing and projected student enrollment. The project would accommodate up to 9,000 students. Under the proposed project, Building 4, located on the northern portion of the project site, would be demolished and replaced with a new approximately 100,000-gross-square-foot, three-story building and a seven-level (one below-grade level and six above-grade levels), 1,600 space parking structure. An approximately 60-space surface parking lot, landscaping and other outdoor amenities would also be constructed. No changes to the remaining three buildings, located on the southern portion of the project site, are proposed.

Project Description: The proposed project includes approximately 108 acres of the former Lockheed B-6 plant, and approximately 9 acres adjacent property located on the corner of Cohasset and North Kenwood streets. The Burbank, Glendale, Pasadena Airport Authority is proposing to provide a new 14-gate passenger terminal to replace the existing 14 gate terminal, which is over 80 years old. The Replacement Terminal Project is on approximately 58 acres, including approximately 49 acres of the B-6 property and the 9-acre Aviall property.

The Opportunity Site Development Project is proposed to develop the remaining 59 acres of the B-6 property with commercial and industrial uses that are compatible with, and complementary to, airport facilities and existing and planned multimodal transportation facilities at the Airport.

The project location is located at the Bob Hope Airport located south of the Golden State (I-5) freeway and west of N. Hollywood Way in the City of Burbank.

Project Description: Notice of Availability of a Draft Environmental Impact Report

The City of Claremont has decided to explore potential acquisition of the Claremont Water System from the Golden State Water Company, including the facilities, infrastructure and real property of the system. The proposed Project therefore involves the City's potential acquisition and subsequent operation of GSWC's Claremont Water System. The City does not intend to operate the system rather, the City plans to use an outside qualified third party to manage the system.

The project location includes the approximately 9.5 square miles currently served by the Claremont System. The Claremont System is located in Los Angeles County at the foot of the San Gabriel Mountains. The majority of the Project Area is located within the City of Claremont. However, part of the Project Area encompasses small portions of the City of Pomona, located in Los Angeles County, Cities of Montclair and Upland, both located in San Bernardino County, and unincorporated Los Angeles County, which are served by the Claremont System. The existing City of La Verne Maintenance Facility is located at 2620 First Street in La Verne. The Project Area therefore includes this facility, which is located outside of the Claremont System boundary.

**Project Description:** Notice of Public Hearing and Notice of Intent to Adopt a Negative Declaration of Environmental Impact

The project is the adoption and implementation of the Loma Linda General Plan 2014-2021 Housing Element Update. The Housing Element is one of seven required elements of the General Plan. It addresses existing and future housing needs of persons in all economic segment groups, and serves as a tool for decision-makers and the public in understanding and meeting housing needs in Loma Linda. While the law does not require local governments to actually construct housing to meet identified needs, it does require that the community address housing needs in its discretionary planning actions by creating opportunities for housing in the land use plan and facilitating housing development through policy.

The City of Loma Linda is located in the County of San Bernardino. The City’s sphere of influence encompasses approximately 9.45 square miles; eight square miles of this area are located within the City limits.

Project Title: Lincoln Specific Plan

City / County / Subregion: Whittier / Los Angeles / Gateway Cities

Contact: -
Project Description: Notice of Preparation of a Draft Environmental Impact Report

The project involves a Specific Plan with the following primary components: demolition of 50 structures (approximately 400,156 square feet on non-operational institutional building area) associated with the site's prior use as a correctional facility; construction of approximately 750 dwelling units; approximately 208,350 square feet of commercial land uses; 8.5 acres of open space; and offsite infrastructure improvements.

The Lincoln Specific Plan is intended to provide an orderly and efficient development of the development site, in accordance with the provisions of the Whittier General Plan. The Specific Plan would serve both planning and regulatory functions including land use regulations, circulation pattern, and development standards. The proposed Land Use Plan includes a varied mix of residential, commercial, and open space land uses.

The project site is located in the County of Los Angeles, in the western portion of the City of Whittier. The project site is specifically located at the site of the former Fred C. Nelles Youth Correctional Facility, approximately 1.3 miles east of the San Gabriel River/605 Freeway, at 11850 Whittier Boulevard. The site also includes a 2.3 acre property immediately east of the Nelles facility (at 12090 Whittier Boulevard) that is currently occupied by an auto recycling business. The project site consists of approximately 76 acres bound by Whittier Boulevard and Sorensen Avenue to the northeast and northwest respectively, Presbyterian Intercommunity Hospital to the southeast, commercial uses to the east, and commercial and residential uses to the west.

Project Title: Pacific Pointe East Development Project
Reg. Significance: No
Lead Agency: City of Long Beach
City / County / Subregion: Long Beach / Los Angeles / Gateway Cities
Contact: Craig Chalfant - (562) 570-6368
Comment Due Date: 02/20/2014
Project Description: Notice of Preparation

The project is located on an unaddressed, approximately 25-acre parcel at the southeast corner of Lakewood Boulevard and Conant Street near the Long Beach Airport, with a Los Angeles County Assessor's ID Number of 7149-005-006. The project involves three new industrial buildings on a site that is currently developed with a paved surface parking lot. These buildings have an open floor plan and would be intended for light industrial, light manufacturing, warehouse, office, and/or research & development land uses.

The three buildings would have a maximum height of about 41 feet and total floor area of 494,000 square feet, broken down as follows: (1) Building 9 – 144,000 sq. ft. of building area on a 306,399 sq. ft. site; (2) Building 10 – 118,000 sq. ft. of building area on a 233,538 sq. ft. site; (3) Building 11 – 232,000 sq. ft. of building area on a 541,098 sq. ft. site. A total of 722 parking spaces are proposed, including 221 spaces for Building 9, 156 spaces for Building 10, and 345 spaces for Building 11.
The project’s 577-acre portion of Section 24 is bounded by Ramon Road on the north; Bob Hope Drive to the east; Dinah Shore Drive on the south; and Los Alamos Road on the west. The project development includes approximately 120 acres located on Ramon Road, approximately 97 acres located on Bob Hope Drive, approximately 40 acres located on the corner of Bob Hope Drive and Dinah Shore Drive, and 320 acres located north of Dinah Shore Drive.

An active adult residential community, containing up to 1,200 units, is proposed on the 312 acres located north of Dinah Shore Drive in Planning Area 8. The proposed plan will also allow for approximately 67 acres of multi-family residential development, allowing up to 1,206 multi-family residential units in the Planning Areas 1B, 2B, 5, 6B and 7B.

The Specific Plan would allow for retain commercial uses in Planning Area 3 of up to 777,000 square feet of development on the 51 acres designated for retail commercial uses.

Resort flex uses, a mix of hotel, retail commercial and entertainment uses, would be allowed in Planning Areas 1A, 4 and 6A on Ramon Road and Bob Hope Drive. Up to 1,271,600 s.f. of retail commercial, hotel, and entertainment uses would be allowed in the 73 acres.

The Planning Area 2A, designated as a Mixed Use Core, will have up to 1,090,000 million s.f. of development allowed on this 25 acres. This land use designation would allow a mix of uses, including community retail commercial uses, office, and attached residential units.

In total the Specific Plan would allow a maximum of 2,406 residential dwelling units and 3,138,000 million square feet of commercial development.
**Project Description:**
The project is located within Lakeland Village, in the City of Lake Elsinore, City of Wildomar, and unincorporated Riverside County, California. The project area, which encompasses approximately 13 square miles, is generally bounded by Lake Elsinore to the north, the ridgeline of the Santa Ana Mountains to the south, Bryant Street and Sheila Lane to the east, and Riverside Drive to the west.

Implementation of the project consists of three separate components: administration of the project, future construction of the facilities, and future operations and maintenance of the facilities. The project will be a guide for the alignment, type, size and cost of major existing and proposed facilities within the watershed to address the current and future drainage needs of the Lakeland Village and the surrounding area.

---

**Project Description:**
Venoco, Inc. has proposed to return offshore State Oil and Gas Lease No. PRC 421 to oil production using an existing shoreline well, which has been shut-in since 1994.
Project Description:
The project proposes the development of a mixed-use project that would include 26,000 square feet of retail use at street level, 274,000 square feet of office use in a tower structure, and 1,118 parking spaces on a 1.55-acre site at the northwest corner of the intersection of Sunset Boulevard and Bronson Avenue in the Hollywood Community of the City of Los Angeles. These improvements would compromise of approximately 300,000 square feet of new floor area and would replace the existing surface parking lot on the Project Site. The proposed uses would be provided within one building that would be up to 18 stories and approximately 260 feet in height. The project would include nine levels of parking with six levels located directly above retail and three subterranean levels located below the retail. The office uses would be located above the six parking levels within the eleven floors of the tower element of the project. The project is located at 5901 Sunset Boulevard, Los Angeles California 90028.

Project Title: Planning Areas 17 and 33 General Plan Amendment and Zone Change
Reg. Significance: Yes
Lead Agency: City of Irvine
City / County / Subregion: Irvine / Orange / Orange County
Contact: Stephanie Danner - (949) 724-6375
Comment Due Date: 03/05/2014
Project Description: Notice of Preparation of a Supplemental Environmental Impact Report

The proposed General Plan Amendment and Zone Change involves the City of Irvine’s Planning Area 17 (Quail Hill) and PA 33 (Irvine Spectrum Center), in the City of Irvine located within Orange County, California. The project also includes development of the 77.2 acre project site in the northeastern portion of PA 17. The northern portion of the project site is bound by the I-405 to the north, Laguna Canyon Road to the west and south, and the SR-133 to the east. The southern portion of the project site is a triangle-shaped area southwest of the intersection of SR-133 and Laguna Canyon Road.

An amendment to the General Plan Land Use Element Intensity Table is proposed to transfer 600,000 square feet of non-residential intensity from PA 33 (Regional Commercial) to PA 17 (Research / Industrial). Additionally, a revision to Section 9-33-3 of the Irvine Zoning Code is proposed to reduce non-residential intensity in PA 33 by 600,000 square feet. Finally, a revision to Section 9-17-3 of the Irvine Zoning Code is also proposed to increase the 5.5C, Medical and Science, designation’s intensity in PA 17 by 600,000 square feet. The proposed project also includes a Master Plan application and a tract map for the development of 1,660,000 square feet of office uses in a campus setting on the project site consistent with Section 5-4-4 of the Irvine Zoning Code.

Project Description: Notice of Availability of Recirculated Sections of the Recirculated Draft Environmental Impact Report

Riverside County Transportation Commission (RCTC), the Federal Highway Administration (FHWA), and Caltrans are proposing a project to improve west-east transportation in western Riverside County between Interstate 215 in the west and State Route 79 in the east. The Mid County Parkway project is a proposed 16-mile transportation corridor designed to relieve local and regional traffic congestion between the cities of Perris and San Jacinto and surrounding Riverside County communities.
Notice of Availability of LWC Grant Application

The Civic Center Park Project is a new 1.16 acre pocket park in the heart of Downtown Downey's Civic Center. The park will extend from the existing greenbelt between the Downey City Hall and the Library to the roundabout that connects Civic Center Drive, Dolan Avenue and Third Street.

Application for Federal Assistance in the amount of $2,250,000.00 ($736,000.00 from federal source) submitted to USDA Rural Development for funding from the Water and Waste Disposal Loan and Grant Program.

Proposed Project Start Date 9/2/14 and end date 3/31/16
Notice of Public Hearing and Intent to Adopt a Mitigated Negative Declaration

The project site is located at 8925 Orangethorpe Avenue in the City of Buena Park in Orange County, California. The subject property encompasses approximately 5.66 acres near the northwest corner of Magnolia Avenue and Orangethorpe Avenue.

The project proposes to redevelop the existing AT&T office and repair facility on the 5.66-acre property. Redevelopment of the site will include demolition of the existing office buildings and parking lot, followed by site preparation and construction of 108 two- and three-bedroom townhomes. The two-bedroom units will range in size from 1,352 square feet to 1,356 square feet. Three-bedroom units will range in size from 1,652 square feet to 1,852 square feet.

The City of Wildomar is preparing an update to its existing General Plan based on the Riverside County General Plan adopted in 2003, and revised by the County in 2008 prior to the City's incorporation. The update will focus on editing the exiting plan to focus on City of Wildomar goals and policies. The City will not be changing any existing land use designations or circulation patterns as part of this update.
City of Pomona

Project Description:
Notice of Public Hearing and Consideration of an Environmental Impact Report

The project compromises the City of Pomona General Plan Update, Corridors Specific Plan, Active Transportation Plan and Green Plan. This suite of documents serves as an update to the 1976 General Plan, establish the community’s vision for the development of the City through the year 2035, and provide the fundamental land use policy framework for the city.

City of Glendale

Project Description:
Notice of Availability of a Draft Environmental Impact Report

The project is located on a 0.99 acre parcel on the north side of West Colorado Street and west of South Pacific Avenue at 507-525 West Colorado Street, Glendale, CA 91204. The proposed project includes 90 multi-family residential units; 18,000 square feet of medical office space, 1,000 square feet of restaurant, counter service with limited seating, 1,200 square feet of activity room, and outdoor amenities. A total of 246 parking spaces will be provided within a two-level subterranean parking garage.
The project includes rehabilitation and improvements to the existing Ford Amphitheatre and development of the Ford Terrace, the Ford Plaza, the Transit Center and a hiking trail, all within the current 32-acre boundary of the project site. The proposed improvements to the site would result in approximately 47,550 net square feet of new facilities and approximately 48,750 net new square feet of outdoor plaza areas within the project site, for a total of 96,300 square feet.

The project area is located generally south of the proposed westerly extension of Foothill Parkway, west of Paseo Grande and west of Trudy Way. The project area includes 38 parcels totaling 421.2 acres, all of which are located in the unincorporated area of Riverside County but within the City of Corona Sphere of Influence.

The project involves the annexation of 421.2 acres into the city of Corona. The annexation is accompanied by a tentative tract map to subdivide approximately 271 acres into 291 single family residential lots.
**Museum Square Office Project**

The proposed project involves a lot split to separate an approximately 25,852 square foot parcel at the northwestern corner of the Museum Square site. Following the lot split, the existing surface parking lot would be demolished, allowing for the construction of a new 13-story, approximately 249,500 square foot commercial office building and the addition of two new levels of parking (approx. 162,768 square feet) to the existing five-level parking structure.

**Blythe Solar Power Project**

The site is located approximately 8 miles west of the City of Blythe, approximately 32 miles east of the town of Desert Center, California, and approximately 3 miles north of the Interstate 10 freeway (I-10).

The project proposes the development of a 1,000-megawatt (MW) solar energy generating plant utilizing thermal parabolic trough solar generating technology on 6,831 acres of public land located near the City of Blythe in Riverside County, California.

UCLA proposes the construction and operation of a new 6-level (including 1 partial basement level), 94,000-gross-square-foot research laboratory facility in the Core zone of the campus, east of the Westwood Plaza terminus and north of Strathmore Place. The new building would accommodate multi-disciplinary information science and computation research programs.

The project involves construction of an additional waste water treatment process train for preliminary treatment, primary treatment and fine screening, secondary treatment using a membrane bioreactor process (MBR), chlorine disinfection (Plant 3A), a rotary drum thickener, and additional modifications to existing facilities. The proposed project would provide an additional 5 million gallons per day of treatment capacity, expanding the total permitted treatment capacity of the TVRWRF from 18 to 23 MGD annual average flow (AAF). The proposed project also includes a 33-kV substation within the existing TVRWRF site and a 33-kV duct bank to be installed on Diaz Road through a franchise with the City of Temecula and within the existing SCE easement.

The project is located on 42656 Avenida Alvarado, Temecula, California 92590.

Reg. Significance: Yes
Lead Agency: Riverside County Planning Department
City / County / Subregion: County of Riverside / Riverside / Coachella Valley
Contact: Matt Straite - (951) 955-8631
Comment Due Date: 03/31/2014
Project Description: Draft Environmental Impact Report
The project is located south of 58th Avenue and west of Grapefruit Boulevard (SR-86) in the Thermal Community of Unincorporated Riverside County.
The project proposes a specific plan for a 169.6-acre site comprising a mixture of residential, commercial retail, recreation, and open space land uses. The project consists of the Oasis Date Gardens Specific Plan No. 378 (SP 378), General Plan Amendment No. 1068 (GPA 1068), and approval of Change of Zone No. 7751 (CZ 7751).
SP 378 proposes the development of a 169.6-acre site with up to 1,084 residential dwelling units; a 5.8-acre commercial retail site; a Heritage Park on 5.0 acres; a community park on 6.1 acres; neighborhood parks on 5.9 acres; a covered irrigation storage pond on 1.4 acres; and drainage and a detention basin on 16.7 acres.

Project Title: Portola Springs Elementary School Project
Reg. Significance: No
Lead Agency: Irvine Unified School District
City / County / Subregion: Irvine / Orange / Orange County
Contact: Ana Gonzalez - (949) 936-5383
Comment Due Date: 03/15/2014
Project Description: Notice of Availability and Intent to Adopt a Mitigated Negative Declaration
The project proposes the construction and operation of a new elementary school located in Planning Area 6 at the corner of Portola Parkway and Portola Springs in Irvine, Orange County, California. The school will be built on a vacant 14.96 acre parcel. The school would house a maximum of 1,000 K-6 students. The facilities would include one main classroom building and two smaller classroom buildings totaling 27 classrooms and approximately 63,000 square feet of building space.
Reseda Boulevard Pipeline Project

The project proposes to replace an existing public water distribution main beneath portions of Roscoe Boulevard, Reseda Boulevard, Etiwanda Avenue, Cantara Street, and Strathern Street with approximately 6500 feet of earthquake resistant ductile iron pipe. The project is located in consecutive segments entirely within the public street rights-of-way in Reseda.

Chicago/Linden Strategic Plan

The project is bounded by Linden Street on the north, 7th Street on the south, Chicago Avenue on the east, and Dwight Avenue on the west. It encompasses approximately 44 acres and includes 77 parcels.

The proposed project implements strategies for revitalization of the Chicago-Linden neighborhood, located in the City of Riverside, California. The project involves improving and maintaining public and private areas within the project area, including redevelopment of some lands, improving existing properties and re-purposing some properties.
Project Description:
The proposed project will guide mobility decisions in the City through year 2035. The proposed Mobility Plan 2035 includes: (1) Policies – that support the goals and objectives of the Mobility Element; (2) an Enhanced Complete Street System – that prioritizes selected roadways for pedestrian, bicycle, transit, or vehicle enhancements; (3) an Action Plan – that prioritizes actions necessary for implementing the policies and programs; (4) a Complete Street Manual – that describes and identifies implementation procedures for the City’s expanded Street Standards and Guidelines; and (5) a Bicycle Plan – updated to reflect public input received since the 2010 Bicycle Plan was adopted in 2011.

Project Description:
The proposed project consists of an expansion and remodel of the Peninsula Shopping Center, providing for a net increase of 16,579 square feet (SF) of commercial building space, increasing the center’s total size to 310,776 SF. The project site is located in the Peninsula Center (Rolling Hills Estates’ primary commercial area) on the west side of Silver Spur Road, in the City of Rolling Hills Estates, Los Angeles County, California. The 24.376-acre site is bounded by Hawthorne Boulevard on the north, Silver Spur Road on the east, Indian Peak Road on the west, and Norris Center Drive on the south.
The project site is in the City of San Juan Capistrano in southern Orange County. The 3.17-acre site is bounded on the north by Forster Street; on the east by commercial uses along Del Obispo Street; on the south by commercial uses; and on the west by Camino Capistrano.

The project is a mixed-use development consisting of a hotel and 33 townhouse-style villas. The project would consist of 136 guest rooms in 69,282 square feet, a spa, a restaurant, and event space. The spa and retail component would consist of 2,664 square feet. The 6,301 square foot restaurant would include 2,814 square feet of ground floor retail, 721 square feet of outdoor dining, and a 2,766-square-foot roof deck for dining and bar. The residential component would include 33 townhouse-style villas averaging 2,100 square feet of gross floor area per unit.
**McCoy Solar Energy Project**

**Project Description:**
Notice of Completion and Availability of a Final Environmental Impact Report

**Talaria at Burbank Mixed-Use Project**

**Project Description:**
Notice of Preparation

The project proposes an approximately 424,000 square foot, 4- and 5-story mixed use residential apartment and commercial market building that would include 2.5 levels of at-grade and subterranean parking with a total of approximately 750 parking spaces, ground level retail and/or grocery uses (approximately 43,000 square feet), and 241 multi-family residential units.

The project is located at 3401 W. Olive Avenue, in the City of Burbank, north of State Route 134 between West Olive Avenue and West Alameda Avenue. The project site is approximately 3.9 acres.
Notice of Availability and Notice of Intent to Adopt an Initial Study/Mitigated Negative Declaration for the Kanan Road and Agoura Road Roundabout Project

The intersection of Kanan Road and Agoura Road will be converted to a multi-lane roundabout of two travel lanes entering from each quadrant, and between one and two travel lanes exiting each quadrant of the roundabout. One bypass lane is proposed in the northeast quadrant. The roundabout would incorporate bicycle and pedestrian facilities, as well as landscaping, fencing and other design elements.

The project is located at the intersection of Kanan Road and Agoura Road in the City of Agoura Hills in Los Angeles County, California.

Notice of Completion of A Draft Environmental Assessment

The project would help to reduce emissions from miscellaneous coatings, adhesives, solvents and lubricants. This further adds prohibition of storage of non-compliant VOC-containing materials at a worksite, removes obsolete rule language, revises definitions, adds an exemption for graphic arts materials that have a VOC content of no more than 10 g/L, as applied, and makes minor corrections and clarifications.
MITIGATED NEGATIVE DECLARATION

Project Description:
The project proposes a five-story office building of approximately 113,760 square feet located at the corner of Olive Avenue and Lake Street and a five-level parking garage located adjacent to Orange Grove Avenue. The project is located at 203 West Olive Avenue in the City of Burbank, California 91502.

ENVIRONMENTAL IMPACT REPORT

Project Description:
The proposed project involves the development of a specific plan on an 88.1-acre site in the City of Fullerton. The CollegeTown Specific Plan would be adopted as ordinance and serve as the zoning for the project site. It would establish the necessary plans, development standards, regulations, infrastructure requirements, design guidelines, and implementation programs on which subsequent project-related development activities would be founded. It is intended that local public works projects, design review plans, detailed site plans, grading and building permits, or any other action requiring ministerial or discretionary approval applicable to the project site be consistent with the CollegeTown Specific Plan.
