INTERGOVERNMENTAL REVIEW
CLEARINGHOUSE REPORT

May 1 – June 30, 2014
INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG’s Intergovernmental Review (IGR) Section during the period May 01, 2014 through Jun 30, 2014. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation listings.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, area-wide coordination or environmental impacts please contact the IGR Section prior to July 30, 2014. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: Southern California Association of Governments
Intergovernmental Review Section
818 West Seventh Street, 12th Floor
Los Angeles, California 90017-3435

Telephone: (213) 236-1800
Facsimile: (213) 236-1963

Questions regarding the Clearinghouse Report should be directed to Lijin Sun, (213) 236-1882.

MORE INFORMATION

The IGR web page includes staff prepared publications describing items and projects received by the IGR Section, and other web sites that may be useful to persons seeking information about how to comply with CEQA and the CEQA Guidelines. For more information, please visit SCAG’s IGR web page at www.scag.ca.gov/igr/.

The Los Angeles County Regional Planning Commission will consider and may certify the Final EIR at its May 7, 2014 public hearing. The Final EIR is being transmitted to SCAG as an informational document in order to have a complete record of actions relating to the EIR for the proposed project. The County is not soliciting comments on the Final EIR, which is made available for review by the public as information only.

The project encompasses approximately 2.1 acres and is located in the City of Los Alamitos in northwestern Orange County. The subject property consists of a single parcel bounded by Serpentine Drive on the south, Los Alamitos Boulevard on the west, Briggeman Drive on the north and the Los Alamitos Commerce Park on the east.

The land use proposed for the project includes a mixed-use development comprised of 133 multiple-family residential dwelling units with a density of 62 dwelling units per acre. In addition, up to 4,600 square feet of retail/commercial floor area is also proposed.

The proposed project would require an amendment to the Land Use Element of the Los Alamitos General Plan, a preparation of the Village at Los Alamitos Specific Plan, and a zoning change from General Commercial to Specific Plan for the proposed project site.
Project Description:
The proposed project includes construction of a new Class I Bikeway, Riding and Hiking Trail, and associated amenities on the north and south banks of the Santa Ana River (SAR), between Gypsom Canyon Road Bridge and the Orange County Boundary.

The approximately 1.75-mile Riding and Hiking Trail would be located parallel to the existing SAR Class I Bikeway. A new parallel Class I Bikeway and Riding and Hiking Trail (approximately 0.57 miles) would extend through a portion of the existing Green River Golf Course toward the BNSF Railroad. Three bridges will be constructed. Two of the bridges will cross the Santa Ana River and will connect the new Class I Bikeway, the new Riding and Hiking Trail, and the existing SAR Class I Bikeway. The propose project will also include other design features, and construction all proposed features would likely be completed in 18 months, beginning mid-2017.

Document Type: NOTICE OF PREPARATION
Project Title: Cimarron Ridge Specific Plan
Reg. Significance: Yes
Lead Agency: City of Menifee
City / County / Subregion: Menifee / Riverside / Western Riverside
Contact: Russell Brady - (951) 672-6777
Comment Due Date: 06/06/2014
Project Description: Notice of Scoping Meeting and Preparation of a Draft Environmental Impact Report

The project consists of approximately 240 acres and is located in the northwest portion of the City approximately two miles west of Interstate 215 (I-215). The boundaries to the site are Cimarron Ridge and McLaughlin Road to the north, Chambers Avenue to the south, Goetz Road to the west, and Valley Boulevard to the southeast.

The proposed Project includes adoption of the Cimarron Ridge Specific Plan which includes a land use plan, designation of planning areas, development standards, and design and landscape guidelines. The Specific Plan would set forth guidelines for landscape and architectural design, infrastructure plans, phasing of development and administrative procedures. Existing infrastructure such as water, sewer, storm drain and roadways will also be expanded as part of the Specific Plan, which will range from: upgrades and widening of the existing roadway network; construction of new roads and signals; construction of new and expanded water pipelines; construction of new and expanded sewer pipelines; construction of new flood control facilities; and construction of water quality basins to improve the quality of stormwater runoff.

Project Title: Orangewood Surface Parking Lot Project
Reg. Significance: No
Lead Agency: University of California, Irvine
City / County / Subregion: Irvine / Orange / Orange County
Contact: Richard Demerjian - (949) 824-6316
Comment Due Date: 05/27/2014

Project Description: The project consists of approximately 6.2 acres and is located at the University of California, Irvine in Orange County, California. The rectangular-shaped parcel is generally bound by East Orangewood Avenue to the north, Orange Center Drive to the east, and North Anaheim Boulevard to the west.

The project proposes a 628 space surface parking lot for the University of California, Irvine Medical Center in Orange, California.

LINK: http://www.ceplanning.uci.edu/current_projects.html
Project Title: Tentative Parcel Map No TPM 14-01 and Residential Mountainous Development Permit Application No. RM 14-01

Project Description:
The project is located at 2111-2125 Canyon Road, in the City of Arcadia, in the County of Los Angeles, California.

The project includes the subdivision of a 90.46 acre undeveloped property in the foothills of Arcadia into two (2) parcels. Parcel 1 would be approximately 11.68 acres and Parcel 2 would be 78.78 acres.

Project Title: Harmony Specific Plan (SPR-011-001)

Project Description:
This is the Public Review Extension for the Draft Environmental Impact Report.
Notice of Preparation

The site is generally located north of Interstate 10 (I-10), between Vineyard Avenue on the west, and Archibald Avenue on the east, in the City of Ontario, County of San Bernardino.

The project represents an amendment to the Meredith International Centre Specific Plan and would realize approximately 3 million square feet of industrial uses, 1.1 million square feet of commercial uses, and up to 800 residential units on approximately 257 acres.

Notice of Preparation

The site is generally located north of Interstate 10 (I-10), between Vineyard Avenue on the west, and Archibald Avenue on the east, in the City of Ontario, County of San Bernardino.

The project represents an amendment to the Meredith International Centre Specific Plan and would realize approximately 3 million square feet of industrial uses, 1.1 million square feet of commercial uses, and up to 800 residential units on approximately 257 acres.
Project Description: Notice of Preparation

The project is located in the City of Wildomar, Riverside County, California. The site is generally bounded by Interstate 15 to the west/southwest, Catt Road to the south, Depasquale Road and residential properties to the north and residential properties to the east.

The project includes the following:

1) General Plan Amendment (GPA): A land use designation change from Commercial Office (CO) to Commercial Retail (CR) on 13.43 acres and Very High Density Residential (VHDR) on 14.17 acres of the project site.

2) Change of Zone (CZ): A zoning designation change from CPS (Scenic Highway Commercial) to C-1/C-P (General Commercial) for a 13.43 acre portion of the site, and from CPS to R-3 (General Residential) for 14.17 acre portion of the site.

3) Tentative Parcel Map (TPM 36612): a tentative parcel map to subdivide the 27.6 acre site into three (3) parcels.

4) Plot Plan (PP): A plot plan to develop the entire 27.6 acre project site with 195 single-family attached condominiums with 493 parking spaces and related improvements, and to develop a 91,457 square foot commercial retail center and two (2) 8,000 square foot restaurant pads.

Project Title: Berths 212-224 [YTI] Container Improvements Project

Reg. Significance: Yes

Lead Agency: U.S. Army Corps of Engineers

City / County / Subregion: Los Angeles / Los Angeles / Los Angeles City

Contact: Theresa Stevens – (805) 585-2146

Comment Due Date: 06/16/2014

Project Description: Notice of Availability of Draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the Berths 212-224 [YTI] Container Terminal Improvement Project

The proposed Project consists of deepening two existing berths (Berths 214–216 and Berths 217–220). Berths 217–220 are not currently in operation, so the proposed Project would add an additional operating berth to the YTI Terminal. The proposed Project also involves extending the 100-foot gauge crane rail to Berths 217–220, adding a single operational rail track to the TIOTF on-dock rail, modifying and replacing cranes, and constructing backland improvements.

The YTI Terminal handled 996,109 TEUs. At full proposed project capacity, which is expected to occur by 2026, the YTI Terminal would support an annual throughput capacity of 1,913,000 TEUs.

The proposed Project would be constructed in two phases; Phase I is expected to take approximately 12 months beginning in mid-2015, and Phase II is expected to take approximately 10 months beginning in mid-2016.

LINK: http://www.portoflosangeles.org/EIR/YTI/DEIR/deir_yti.asp
Project Description:
Located at 415 West Ocean Boulevard in downtown Long Beach, California, the proposed project would consist of demolition of the former Long Beach Courthouse building and removal of reinforced concrete, structural steel, siding, glass, and other building materials from the project site.

Following the demolition activities, the project site would be secured with a fence to prevent unauthorized individuals from entering the project site. At the time of the Notice of Preparation, no firm plans for the project site have reached the level of a proposed or reasonable foreseeable project.

Comment Due Date: 05/18/2014
Located on a two-acre site at 29943 Camino Capistrano in the City of San Juan Capistrano, the proposed project would extend an 8-inch sewer main approximately 800 feet from the Swanner House to a point between an existing settling basin and the railroad tracks prior to discharging into the 33-inch sewer main owned and maintained by Moulton-Niguel Water District.

Upon completion of the sewer lateral connection, the existing septic system that currently serves the Swanner House will be abandoned. The proposed project will take place over 20 working days, with the first 10 working days for pipe placement and backfill operations and another 10-working days for set up, alignment, potholing, and cleanup.

This is the Notice of Extension of Public Comment Period for the Draft Environmental Impact Report.
Project Description: The proposed project would include an amendment to the General Plan land use designation from Residential Medium (RM) Density and Commercial General to Residential Medium High (RMH) Density and amend the zoning designation from RM to RMH on an existing approximately 2.5-acre parcel. The proposed changes to the zoning designation would allow a maximum density of 25 units per acre.

The proposed project is a one-lot subdivision for the development of 45 for-sale townhome units and associated open space and infrastructure. The proposed 45-unit project density would be 18 units per acre. Construction of the proposed project would be completed in one to three phases depending on market/sales conditions and last approximately 18 months.

Project Description: The proposed project consists of two components: the Elysian Park Water Recycling Project (WRP) and the Downtown WRP. The Elysian Park WRP would include a new 16-inch recycled water pipeline, totaling approximately 10,800 linear feet to connect the existing recycled water pipelines serving the existing Taylor Yard WRP. The proposed pipeline would connect to a proposed new approximately 2 million gallon recycled water storage tank. To provide for potable water uses within Elysian Park, approximately 1,000 linear feet of 8-inch potable water pipeline would be constructed. Lastly, approximately 2,800 linear feet of 2-inch potable water service line with a booster pump would be constructed.

The Downtown WRP would deliver recycled water to customers in downtown Los Angeles by constructing approximately 86,500 linear feet of new 16-inch recycled water pipeline and a pressure regulator station.
Project Description: Located in the City of Santa Paula, County of Ventura, California, the proposed project would include development of a 1,444 square foot free standing helistop (helicopter landing facility) at an existing industrial development. To provide the company with a means of rapid access between its new Santa Paula facility and its corporate headquarters in Sylmar, the proposed project would consist of a freestanding steel structure topped by a 38 foot by 38 foot metal "helideck" landing surface approximately 14 feet above grade. Two stairways would be provided to allow access to the helideck.

Project Description: Located in the North Airfield of Los Angeles International Airport, the proposed project would include: 1) Runway 6L-24R and Runway 6R-24L Runway Safety Area (RSA) Improvements including implementation of declared distances, relocation of airport service roads, covering a portion of the Argo Ditch, closure of LAWA equipment parking areas, relocation of security gates, relocation of a portion of the Air Operations Area (AOA) fence, and realignment of taxiway hold bars; 2) payment reconstruction of the eastern portion of Runway 6L-24R; and 3) pavement reconstruction of Taxiway AA and realignment of taxiway hold bars, markings, and lighting on Taxiways Y, Z, and AA.

**Temecula Old Town Sewer Improvements Program**

**Reg. Significance:** No  
**Lead Agency:** Eastern Municipal Water District  
**City / County / Subregion:** Temecula / Riverside / Western Riverside  
**Contact:** Helen Stratton - (951) 928-3777  
**Comment Due Date:** 06/08/2014  
**Project Description:** The proposed project would be a relief sewer located along Front Street between Moreno Road and First Street in Old Town Temecula. The purpose of the proposed project is to provide added sewer capacity to support growth within the Old Town Temecula area.

The proposed project would include installation of approximately 3,100 linear feet of 15-inch diameter pipeline in parallel with an existing 8-inch diameter sewer pipeline. Drop manholes would be installed along with interconnections between the existing and new sewer, and the interconnections would use eight-inch diameter pipes.

---

**Optimus Logistics Center #2**

**Reg. Significance:** Yes  
**Lead Agency:** City of Perris  
**City / County / Subregion:** Perris / Riverside / Western Riverside  
**Contact:** Kenneth Phung - (951) 943-5003-257  
**Comment Due Date:** 06/04/2014  
**Project Description:** Located in the northeast corner of Patterson Avenue and Markham Street, and west of Webster Avenue in the City of Perris, County of Riverside, California, the proposed project would include a high-cube logistics warehouse development of approximately 1,107,371 square feet in two buildings on an approximately 48.4-acre site.

To support this development, two industrial parcels would be surrounded by parking, landscaping, and other ancillary activities. In addition, other infrastructure improvements for half street construction, water, sewer, storm drain, and dry utilities would be required.

The City of Perris General Plan designates the project site as Light Industrial and General Industrial. The site is also within the Perris Valley Commerce Center Specific Plan (PVCCSP), which was adopted by the City on January 10, 2012. The proposed project would require a Specific Plan Amendment to change the land use designation of approximately 16.0 acres within the PVCCSP to Light Industrial (LI).
Project Description:

The project site is located on the south side of Limonite Avenue and is currently operating at the Paradise Knolls Golf Course. The project is bounded by Downey Street to the east, and the Santa Ana River to the south.

The project proposes 650 dwelling units on approximately 70.3 acres of the site. The project also includes 41.6 acres of non-residential development including commercial and open space. The entire project site is contained within 111.9 acres.

Project Description:

The 4.02-net-acre triangular-shaped project site is in the southeastern portion of the City of Orange. The project site is on the south side of Washington Avenue opposite its intersection with Hamlin Street. A small portion (0.4 acre) of the project site will need to be acquired from the City and is immediately adjacent on the northeastern boundary of the two aforementioned parcels.

The project includes the development of 58 townhomes at a density of approximately 14.4 dwelling units per net acre.

Project Title: LAX Northside Plan Update

Reg. Significance: Yes

Lead Agency: Los Angeles World Airports

City / County / Subregion: Los Angeles / Los Angeles / Los Angeles City

Contact: Herb Glasgow - (310) 646-7690

Comment Due Date: 06/30/2014

Project Description: Notice of Completion and Availability of a Draft Environmental Impact Report

The project includes approximately 340 acres generally bounded by Sepulveda Westway and Sepulveda Boulevard to the east, LAX to the south, Pershing Drive to the west, and generally 91st Street, Manchester Avenue, and 88th Street to the north.

The project would set forth new regulations for future development occurring within the Northside area of the LAX Specific Plan. The proposed project is intended to create a vibrant, sustainable center of employment, retail, restaurant, office, hotel, research and development, education, civic, airport support, recreation, and buffer uses that support the needs of surrounding communities and LAWA. Adoption of the project would enable the development of up to 2,320,000 square feet of new development and would permit areas for recreation, open space, and buffer space. Implementation of the proposed project may also include a street vacation of Cum Laude Avenue.

(LINK: http://www.lawa.org/GDZ/projectDocuments.aspx)
**Project Description:**

The project is located at 208 Grand Avenue in the City of South Pasadena, County of Los Angeles. The project is to build a second story addition to a Spanish Revival style home at 208 Grand Avenue.

**Project Description:**

The proposed LAC+USC Master Plan Project (proposed project) consists of a master plan that is envisioned over a period of approximately 25 years, that would be used to guide future development of the campus and would influence the delivery of health care services and health-related community programs. The goals of the Master Plan are to: 1) Achieve a community-friendly campus; 2) Promote healthy lifestyles and wellness; 3) Maximize access to the Medical Center by the community; 4) Provide opportunities for appropriate education and job training; 5) Incorporate on-campus business opportunities; and 6) Plan for future program development.

Development under the Master Plan would include construction of new and renovated medical-related, office, retail, open space, and parking uses and demolition of existing buildings and structures to accommodate new development. Full build out of the Master Plan could result in a total of approximately 1,725,000 square feet of development throughout the campus.

Comment Due Date: 07/07/2014

Project Description: Draft Programmatic Environmental Impact Report

The proposed Master Drainage Plan Revision (MDP) is a conceptual long-range planning document that addresses the current and future drainage needs of the Moreno watershed. The proposed MDP would include construction of approximately 30 miles of storm drains and channels, and approximately 82 acres of detention and debris basins. the proposed MDP facilities along with street improvements would contain the 100-year flood discharge.

Located primarily in the eastern portion of the City of Moreno Valley, California, the proposed project would be relied upon by Moreno Valley and/or Riverside County as a tool when reviewing new development plans within the Moreno Watershed. New development may be required to construct MDP facilities or set aside right-of-way for future MDP facilities, or otherwise provide adequate drainage facilities that would attenuate and/or contain flows projected in the MDP Revision.

LINK: http://rcflood.org/Documents/CEQA/Moreno%20MDP%20Draft%20PEIR.pdf
To modify hazardous waste facility operation, the proposed request has been submitted to the California Department of Toxic Substances for review.

The proposed request addresses the installation and operation of two plastic sink/float tanks and the permanent installation of a centrifugal dryer within the existing battery wrecker enclosure. The modification would replace the existing secondary plastic sink/float tanks featuring a capacity of 450 gallons each with typical Maytag-type washers which have a capacity of 1,360 gallons each.

The installation of these tanks will increase the facility's efficiency in separating battery components and recovering plastic for recycling.

The City of Barstow is proposing revisions to its General Plan that would serve as a guiding document for planning activities and development in the City and its sphere of influence (surrounding area).

Project Description:
Federal Grant
Funds will be used to purchase and install 4 air conditioning units.
Project Description:
The northern boundary of the site is defined by San Bernardino Avenue, the east side by Hermosa Avenue, and the west side by the City of Colton and City of Rialto boundary.

The project includes the implementation of an amendment to the WVSP to allow for new development projects in the project area which consists of 373 acres of the larger West Subarea of WVSP.

Project Description:
The proposed project is to settle pending actions and claims related to the 1985 Master Plan and EIR 508 and to set restrictions on the annual number of Class A Average Daily Departures ("ADDs"), the annual number of passengers (million annual passengers or "MAP"), and certain Airport facilities.

The proposed project would modify certain terms of the Settlement Agreement and extend the term through 2030. The original term of the Agreement was through 2005. In 2003, certain provisions of the Agreement were modified and the term was extended through 2015.
Project Description:

The project site is bound by Central Avenue to the northwest, Cambern Avenue to the northeast, Third Street to the southeast, and various commercial and residential uses to the southwest.

The proposed project would develop a commercial retail shopping center that would include a 154,487 square foot Walmart store and three outer lots for other retail uses.

Project Description:

The project site, which is currently vacant, measures approximately 71 acres. The project is located on the north side of the U.S. Highway 101, adjacent to the eastern boundary of the City of Agoura Hills.

The project involves subdivision of the site into seventeen lots, including fifteen residential single-family lots; one lot for permanent preservation of open space and another lot for permanent preservation.

**Document Received: 06/06/2014**

**SCAG ID. No:** IGR8063_8986  
**Document Type:** ENVIRONMENTAL IMPACT REPORT  
**Project Title:** Civic Center Wastewater Treatment Facility Project  
**Reg. Significance:** Yes  
**Lead Agency:** City of Malibu  
**City / County / Subregion:** Malibu / Los Angeles / Las Virgenes  
**Contact:** Bonnie Blue - (310) 456-2489, Ext. 258  
**Comment Due Date:** 07/28/2014  

**Project Description:** Notice of Availability of Draft Environmental Impact Report.

In response to the prohibition on onsite wastewater disposal systems in the Civic Center area of the City of Malibu, the City is proposing to construct four main elements. They include: 1) a wastewater treatment facility; 2) pump stations; 3) collection and distribution pipelines; and 4) percolation ponds and groundwater injection wells. These four elements would be constructed in three phases.

The proposed treatment facility would be located on a 4.8 acre site at 24000 Civic Center Way, in the City of Malibu. It would provide tertiary treatment of wastewater that meets the requirements of Title 22 of the California Code of Regulations. It would use a membrane bioreactor system and ultraviolet disinfection. This treatment method would allow unrestricted reuse of the recycled water.

At build-out, the treatment facility is designed to have a capacity of 507,000 gallons per day. A collection system would be constructed to convey wastewater flows from properties in the Project area to the proposed treatment facility, and a distribution system would be constructed to distribute treated effluent (recycled water) from the treatment facility to various properties for reuse purposes, as well as to groundwater injection wells.
Project Description: Notice of Availability for a Draft Environmental Impact Report.

The proposed project would develop a self-contained continuing care retirement community (CCRC) designed for residents over the age of 60. The approximately 35-acre proposed project site would require an amendment to the General Plan Land Use designation from Agri-Business to Specific Plan/Precise Plan (SP/PP). The entire site will also be rezoned from Agri-Business to SP/PP District.

The CCRC would include two main components: 1) independent living units, for residents capable of residing in the community without daily assistance, and 2) a Health Care Center for residents requiring daily assistance or daily medical attention.

Project Description: Notice of Preparation for a Draft Environmental Impact Report.

Located within the Lakeview/Nuevo Area Plan of the General Plan south of Nuevo Road and easterly of Sky Drive in the community of Nuevo, the proposed project would consist of a single family residential subdivision with a total of 345 lots, including 314 residential lots on 242 acres. Approximately 80 acres of the proposed project site would be permanently conserved to meet the Western Riverside County Multiple Species Habitat Conservation Plan requirements.
Notice of Scoping Session.

This is a Notice of Scoping Session for the proposed project in the Lakeview/Nuevo Area, County of Riverside, California. The proposed project would include a number of changes to the existing zoning districts. Specifically, it is proposing to change 53 acres of Residential Agriculture (R-A) to One Family Dwellings (R-1), 90.6 acres of Residential Agricultural-1 Acre Minimum (R-A-1) to R-1, 4.5 acres of R-A-1 to Open Area Combining Zone Residential Developments (R-5) (no minimum lot size), and 71.5 acres of Residential Agricultural-10 Acre Minimum (R-A-10) to Open Area Combining Zone Residential Developments (no minimum lot size).

Tentative Tract Map No. 36030 is proposing a Schedule A subdivision of 242 Gross Acres into a 314 residential lots, 1 water tank, 3 pocket parks, 26 landscape lots, a 5.5-acre park/detention basin, 2 detention basins, and 6 open space lots for a total of 353 lots.

Notice of Preparation of a Draft Environmental Impact Report.

Located on the east side of Calle Contento, southwesterly of Newton Avenue, and at the terminus of Bucharest Lane, in County of Riverside, California, the proposed Plot Plan No. 24883 would consist of the construction of three separate phases of development. The overall acreage for PP 24883 is 23.40 acres (gross) and 22.80 acres net.

Phase I would include construction of a 2,480 square feet of special occasions facility and restroom building, a 68,389 square feet of open air wedding ceremony assembly area, and a 768 square feet of residence. Phase II would include a 31,500 square feet of church building. Phase III would include the construction of a 49,400 square feet of church building.

Change of Zone No. 07782 proposed to amend Riverside County Ordinance No. 348 to include "religious institutions" as a conditionally permitted use in the Citrus/Vineyard Zone.

Comment Due Date: 07/09/2014
Project Description: Notice of Preparation of a Draft Subsequent Environmental Impact Report (DSEIR).

The proposed development would be located on an approximately 3.18-acre parcel at the northeast corner of Ortega Highway and El Camino Real in the City of San Juan Capistrano.

The proposed project consists of a retail commercial development which would include approximately 45,000 square feet of commercial services, retail and restaurant uses, professional office and a specialty market within four (4) single-story, free-standing buildings and one (1) two-story building located on the west side of the property, along El Camino Real. In addition, the proposed project would include approximately 207 parking spaces and provide pedestrian access through a plaza to encourage public use between the proposed project site and the Historic Town Center.

To implement the proposed project, an amendment to the General Plan Land Use designation for the proposed project site from General Commercial to Planned Community (PC) is required. In addition, the proposed project site will be rezoned from Town Center to PC.

Project Title: Increase to Number of Displacement Events (Rose Bowl Music Festival)

Reg. Significance: No

Lead Agency: City of Pasadena

City / County / Subregion: Pasadena / Los Angeles / Arroyo Verdugo

Contact: Donavanik Betty – (626) 744-6756

Comment Due Date: 07/09/2014

Project Description: Notice of Preparation and Scoping Meeting.

Located in the Arroyo Seco, primary at the Rose Bowl Stadium, and the Brookside Golf Course, the proposed project would include an amendment to the Arroyo Seco Public Lands Ordinance to permit an increased number of displacement events from 12 by 9 (within an attendance cap of 75,000 for these additional events) in any year in which the NFL events do not occur.

The proposed project would also expand the allowed uses at the Brookside Gold Course. The proposed changes are consistent with ongoing historical use of the course during displacement events, and would allow the Rose Bowl Operating Company to potentially host, among other events, a three-day music festival in the Arroyo Seco.

City / County / Subregion: Fullerton / Orange / Orange County

Contact: Heather Allen - (714) 738-6884

Comment Due Date: 07/21/2014

Project Description: Notice of Availability of a Draft Program Environmental Impact Report.

The proposed project provides a land use and policy framework to support the transformation of Fullerton's major commercial areas into sustainable and economically vibrant districts. The proposed project focuses on implementing a community-based vision for Downtown Fullerton and its major entry corridors. The proposed project provides a regulatory framework for the built environment through standards and guidelines and addresses a variety of issues, including traffic, bike and pedestrian improvements, sustainability, infrastructure, historic resources, and architectural character.
**Project Description:** Notice of Public Hearing on Categorical Exemption under CEQA Provision Section 15301 Class 3 Section (A).

The proposed project would involve an amendment to PA-29-07 to increase the boundary adjustment area between Rolling Hills Estates and Torrance from approximately 32 acres to 41 acres, and removing Lot No. 124 (approximately 4 acres) from Vesting Tentative Tract Map No. 61287.

**Project Description:** Notice of Availability of a Draft Environmental Impact Report.

Located in the City of Burbank, County of Los Angeles, California, the proposed project would involve construction of a new 423,635 square foot, 4- and 5-story mixed-used building that would include 2.5 levels of at-grade and subterranean parking with a total of approximately 760 parking spaces, 42,950 square feet of ground level retail (currently identified as grocery store), and 241 multi-family residential units. The proposed project would also require the vacation of portion of a street.

Project Description: Notice of Availability of Final Environmental Impact Report (FEIR).

Located in the City of Hermosa Beach, County of Los Angeles, California, the proposed project, which would be constructed in four phases, will involve a development of a 1.3-acre site for onshore oil drilling and production using directional drilling to access oil and gas reserves in the tidelands and uplands within the Torrance Oil Field.

The proposed project would construct 30 production wells, 4 water injection wells, liquid and gas separating equipment, and gas processing unit. In addition, the proposed project would result in the installation of offsite underground pipelines for the transportation of the processed crude oil and gas from the project site to purchasers, extending through the Cities of Redondo Beach and Torrance.
**Los Angeles County Antelope Valley Areawide General Plan Update**

**Project Description:** Notice of Preparation of a Draft Environmental Impact Report.

The proposed project is to update the existing Antelope Valley Areawide General Plan which was adopted by the Los Angeles County Board of Supervisors on December 4, 1986.

The proposed project would be a comprehensive update to the existing Plan, and it would include goals, policies, implementing programs, and ordinances. Served as a component of the Los Angeles County General Plan, the proposed project refines the countywide goals and policies in the General Plan by addressing specific issues relevant to the Antelope Valley, such as community maintenance and appearance, preservation of rural character, open space, and agricultural lands, and provides more specific guidance on elements already found in the General Plan.

---

**Los Angeles County Countywide Siting Element Revision**

**Project Description:** Notice of Preparation of a Draft Environmental Impact Report.

The proposed project is a long-term planning document that describes how the County of Los Angeles and the cities within the County plan to manage the disposal of their solid waste. The proposed project, once approved, would replace the existing plan which was adopted in 1996.

The purpose of the proposed project is to update strategies, policies and guidelines to address the solid waste disposal needs of the entire County for a 15-year planning period, as mandated by Assembly Bill 939.

Project Description: Notice of Preparation of a Draft Environmental Impact Report.

Located on a 5.24-acre site in the City of Los Angeles, County of Los Angeles, California, the proposed project would involve a mixed-use transit-oriented development adjacent to the Chinatown Station.

Two development options are being explored. Option I would include 500 market-rate apartments, five live-work lofts, and approximately 19,800 square feet of retail/restaurant space. Option II would develop 399 market-rate apartments, 14 lofts, and 7,500 ground-floor retail/restaurant space in five-story-plus-loft buildings. Under both development options, the proposed project would include bicycle amenities, pedestrian crosswalks to connect the project to nearby public amenities and train station.

To accommodate either the option, the proposed project would, among other approvals, require an amendment to the General Plan from Hybrid Industrial to Regional Commercial.

**Document Type:** NOTICE OF PREPARATION
**Project Title:** Brentwood School Education Master Plan
**Reg. Significance:** No
**Lead Agency:** City of Los Angeles Department of City Planning
**City / County / Subregion:** Los Angeles / Los Angeles / Los Angeles City
**Contact:** Adam Villani - (213) 978-1270
**Comment Due Date:** 07/14/2014

**Project Description:** Notice of Preparation of a Draft Environmental Impact Report.

Located in the Brentwood-Pacific Palisades community planning area, the proposed project is a planning document that would guide development of new buildings and related improvements on both the East and West Campuses in four phases over the coming 30 years. Total enrollment would increase from 695 to 960 students. This enrollment would be phased in over 4 years from 2017 to 2020 as approximately 276,419 square feet of new building areas in net addition are completed.

**Document Type:** MITIGATED NEGATIVE DECLARATION
**Project Title:** Lennar Homes - Tentative Tract Map No. 36497 and Plot Plan No. 12-0364 (Planning Application No. 12-0364)
**Reg. Significance:** No
**Lead Agency:** City of Wildomar
**City / County / Subregion:** Wildomar / Riverside / Western Riverside
**Contact:** Matthew Bassi - (951) 677-7751
**Comment Due Date:** 07/16/2014

**Project Description:** Mitigated Negative Declaration and Mitigation Monitoring Reporting Program.

Located in the City of Wildomar, County of Riverside, the proposed project would require change of zoning, a tentative tract map, and a plot plan for the approximately 24-acre site.
Notice of Preparation of a Draft Program Environmental Impact Report.

Located within the Murrieta Highlands Specific Plan, specifically within the Mapleton Park Centre Site, the proposed project is composed of 37.6 acres of undeveloped land. The proposed project would include the development of a new, multiphase, state-of-the-art medical center, including the development of approximately 824,500 square feet of high-end advanced medical services facilities and retail, commercial, and ancillary uses. A 254-bed hospital with surface and structure parking would be constructed.

To accommodate the proposed project and to provide a comprehensive range of state-of-the-art healthcare services to Kaiser members and surrounding communities, the proposed project would amend the Specific Plan's Development Agreement.

Notice of Preparation of a Draft Environmental Impact Report.

Located within the Perris Valley Commerce Center (PVCC) Specific Plan area in the City of Perris, County of Riverside, California, the proposed project would include the construction and operation of up to 864,000 square feet of industrial warehouse/distribution uses on an approximately 43.2-acre site. The northwest portion of the project site (approximately 5.45 acres) would be developed for additional tractor-trailer and/or automobile parking. The proposed project is consistent with PVCC Specific Plan and would not require any General Plan amendments or zone changes.
### Orange Coast College Vision 2020 Facilities Master Plan

**Project Description:** Notice of Availability of a Draft Program Environmental Impact Report.

The proposed project is a comprehensive improvement and building program to meet increasing enrollment and to make the upgrades and repairs of existing buildings as well as to construct new facilities to improve the safety and educational experience of those attending students and personnel.

The proposed project would include construction of approximately 1,222,455 assignable square feet (ASF) of new academic, administrative, residential, parking facilities, and recreational uses on the Campus. In addition, the proposed project would renovate four existing buildings, totaling approximately 67,953 ASF and demolition of approximately 166,784 ASF.

### Blythe Mesa I Solar Power Project

**Project Description:** Notice of Availability of Environmental Impact Report

Located in the East Riverside County, the proposed project would construct a solar photovoltaic (PV) electrical generating facility of up to 485 megawatt (MW) and 8.4-mile generation-tie line that would together occupy a total of 3,660 acres. While a majority of the project is within the County’s jurisdiction, approximately 334 acres are within the City of Blythe jurisdiction.

Developed over several years, all south portions of the project site or approximately 1,485 acres to the Interstate 10, representing the land not planned to be developed immediately, would be placed into an agricultural reserve. As each portion of the project site is developed for solar use, any Williamson Act Contract for that portion of the site and the agricultural preserve would be cancelled.

Comment Due Date: 08/04/2014
Project Description: Notice of Availability of a Draft Environmental Impact Report.
Located in the City of Pasadena, County of Los Angeles, California, the proposed project is a mixed-use development that would transform the project site from a single-function office complex with over 900,000 square feet to a mixed-use office campus and residential community. The proposed project would include 1) a 620,000 square feet of office uses, of which up to 30,000 square feet could be used for ancillary retail uses; 2) 10,000 square feet of restaurant uses; and 3) 475 residential units. The proposed project would also include a multi-level subterranean parking structure providing a total of approximately 4,104 parking spaces.
Notice of Preparation of a Draft Environmental Impact Report.

Located in the City of Redondo Beach’s Coastal Zone, Los Angeles County, California, the proposed project would include demolition of 221,347 square feet of existing structures, demolition and renovation of the existing pier parking structure, and construction and renovation of up to approximately 523,732 square feet or 289,906 square feet of net new development.

The proposed project would include retail, restaurant, creative office, specialty cinema, a market hall, and a boutique hotel. In addition, public recreation enhancements such as a new boat launch ramp, improvements to Seaside Lagoon, new parking facilities, and pedestrian and bicycle pathways have been included to be components of the proposed project.

Lastly, the proposed project would improve site connectivity. It would establish a new pedestrian bridge across the Redondo Beach Marina Basin entrance and reconnect to Pacific Avenue.

Notice of Intent to Adopt a Negative Declaration

The project site is the Commercial General/Mixed Use Overlay District of the City which is generally bounded by Indian Peak Road to the west, Hawthorne Boulevard to the north, the City limits to the east, and Crenshaw Boulevard to the south.

The Draft Ordinance No. 684 - An Ordinance of the City Council of the City of Rolling Hills Estates amending Chapters 17.02, 17.30, and 17.37 of the Municipal Code to establish definitions, regulations and procedures for Senior Independent Living Facilities, Residential Care Facilities for the Elderly, and Skilled Nursing Facilities.

Project Description: Notice of Completion and Availability of the Draft Environmental Impact Report.
The proposed project is a comprehensive update of the Los Angeles County General Plan and associated actions. The project includes goals, policies, implementation programs and ordinances and focuses growth in the unincorporated areas with access to services and infrastructure and reduces the potential for growth in environmentally sensitive and hazardous areas. Once adopted, the proposed project would replace the existing General Plan.

Project Description: Draft Environmental Impact Report.

Located in the City of Wildomar, the proposed project would include the following four actions. First, it would include an amendment to the previous submitted Public Use Permit to allow for the construction of a 17,135 square feet of preschool, a 23,024 square feet of administrative office building, a 2,438 square feet of maintenance building, and new parking lots at the existing facility.

The proposed project would require a grading permit for approximately 49,000 cubic yards of cut and fill without the need to import or export fill material.

Further, the proposed project would require a building permit as well as an encroachment permit to allow the construction.

Project Description: Notice of Availability of a Draft Environmental Impact Report.

The proposed project covers schools within the entire District, which covers 710 square miles and encompasses most of the City of Los Angeles, along with all or portions of 31 cities and unincorporated areas of Los Angeles County.

The proposed project is the next phase of the District's bond program to build, modernize, and repair school facilities to improve student health, safety, and educational quality. The SUP does not have specific phases, and it is an ongoing program that would continue into the future.

Currently, site-specific projects at individual school campuses have not been identified. However, they usually include, among others, new construction, repair and upgrade, safety improvement and compliance, and food services.
Notice of Public Hearing.

Amendment No. 1 to the Town Center Specific Plan Development Agreement is to amend sections including, but not limited to, the Central Park Improvements, Central Park Master Plan, and Pedestrian Bridge Plan. It would also modify developer conditions, requirements for a Town Center Newport Road Improvement Plan, and create a revised Public Park In Lieu Fee.

The Notice states that no further environmental documentation is required.

Clarification Notice to Extend the Public Comment Period.

This Clarification Notice is to extend the public comment period on the proposed project from August 1, 2014 to August 5, 2014.
Notice of Intent to Adopt a Mitigated Negative Declaration.

Located in the City of Aliso Viejo, County of Orange, California, the proposed project would remove seven structures and construction of a multi-purpose community facility serving as an education and activity center providing classes, workshops, and activities to community members of all ages.

Enclosed building square footage would total 36,650. Community gardens, outdoor recreational areas, onsite parking, and landscape would total 260,885 square feet.

Notice of Availability of a Draft Environmental Impact Report

The project site is approximately 7.19 acres, and is located at the Northeast corner of Mountain Avenue and Edison Avenue.

The project consists of an RV storage facility containing approximately 313 RV storage spaces and the 384-square-foot leasing office on a 7.19 acre site. The project includes a General Plan amendment to change the land use designation for the project site from Recreation/Open Space to Light Industrial an amendment to the East Chino Specific Plan to allow recreational vehicle storage as a conditionally permitted use.

**Comment Due Date:** 07/24/2014

**Project Description:**

The project involves the construction and operation of a solar facility on a portion of a vacant, 227-acre site currently owned by the City of Riverside and located within the jurisdictional boundary of the City of Colton. The project is comprised of eight parcels of land ranging from five to 84 acres in size. Each parcel is zoned for light industrial uses.

As currently proposed, the City of Riverside would construct an up to 10 megawatt (MW) PV generation facility on approximately 100 acres, within a total project area of 227 acres. The remainder of the site will remain undeveloped.

Project Title: San Bernardino County Master Stormwater System Maintenance Program
Reg. Significance: Yes
Lead Agency: County of San Bernardino Department of Public Works
City / County / Subregion: / San Bernardino / **Not Applicable
Contact: Michele Derry - (909) 387-8114
Comment Due Date: 07/29/2014
Project Description: Notice of Preparation

The County of San Bernardino has an area of approximately 20,105 square miles and is divided into three distinct geographic regions: Valley, Mountain, and Desert (Figures 1 and 2). About 80% of the County is desert with the remaining areas divided between the valley and mountains.

The project proposes to prepare and implement a Maintenance Plan that covers routine operations and maintenance (O&M) activities for flood control facilities within the County of San Bernardino. The project will be a comprehensive assessment of needed maintenance activities for the District’s flood control system.
The 4.98 acre project site is on the southeast corner of the intersection of Lakeview Avenue and Mariposa Avenue, just north of Orchard Drive at the southern boundary of the City of Yorba Linda. Surrounding land uses consist of single family residences to the north within the City of Yorba Linda; multifamily and sing family to the west within the City of Placentia; single family residences to the south within the City of Anaheim; and undeveloped open space.

The project proposes the development of 159 apartment units: 129 market-rate units and 30 affordable units. The 159 units would be housed in four buildings, which would range in height between two and four stories (maximum height of 50 feet).
