Connect SoCal 2024 Outreach: Workshop Summary
Los Angeles County (by location + board)

Bill Jean King Library, Long Beach
2 sessions; April 11 (11 a.m. - 1 p.m., 4-6 p.m.)
Total Attendees: 17

What challenges do you face today? (written comments)
- Safety: mobility, infrastructure, violence
- Homelessness
- Housing: affordability, security, stability
- Climate: heat, sea level rise
- Public transit:
- Health: mental health, health equity
- Waste: recycling
- Water: pollution, infrastructure
- Education: access, affordability
- Economy: Jobs, affordability
- Climate: emissions, energy usage
- Sports
- Government:
- Equity: diversity, inclusion
- Transportation:
- Public Safety:
- Hardcover:
- Housing security:
- Focus on public safety:
- Accessibility:
- Parking:
- Mobility:
- Other:

What might we make the future BETTER?

Home ownership programs;
- Allow street vendors;
- More destinations that can be reached;
- More incentives and infrastructure for tourist tax; local relief;
- Expand incentives and infrastructure for clean vehicles, such as small business support;
- Mobility:
- How can we make the region more equitable?
- Protect and maintain natural and agricultural lands;
- Avoid growth in areas at risk of wildfires, sea level rise,
- Preserve and expand green space;
- Prioritize wheelchair accessibility in public spaces;
- Improved street quality;
- Adapt to sea level rise by protecting shoreline communities;
- Reduce travel times regardless of mode;
- Build more混 with green energy;
- Reduce urban heat island effect by enhancing the urban tree canopy;
- Fund CBOs;
- Support small businesses;
- Public transit! (Accessible, affordable, underground)
- Connective)
- Multi modal and open space preservation of parks land;
- Mobility:
- Community:
- More incentives and infrastructure for;
- Create opportunities that all can access;
- More public safety and health services;
- Prioritize wheelchair accessibility in public spaces;
- Provide diverse and connective forms of public transit;
- Community:
- Zero Emission Vehicles?
- More Parks and Open Space and Preservation of Farm Lands;
- Preservation of Farm Lands
- Better jobs closer to home;
- Zero Emission Vehicles?
- Transportation;
- Migration;
- Access to essential services.
- Education:
- More commuting barriers;
- Creative educational programs around social equity;
- Equity and Resilience:
- Identify the economic and fiscal benefits of natural land and habitat conservation in addition to bird biodiversity, fire suppression; Clean water;
- Fund CBOs;
- Support small businesses;
- Public transit! (Accessible, affordable, underground)
- Connective)
- Multi modal and open space preservation of parks land;

</tbody>
</table>

### Community

- Day 1: What do you want your community to be like? (written comments)
  - More parks and open space and areas where wildlife thrives
  - Zero Emission Vehicles
  - More comfort and accessibility for all
  - Vegetation near sidewalks

- Day 2: What do you think are the most important to do in the next one to five years? (written comments)
  - Protect and maintain natural and agricultural lands
  - More public safety and health services
  - Affordable health care
  - Homeless population

### Mobility

- Day 3: How do you think the city of Los Angeles should move forward? (written comments)
  - More community programs to help reduce car emissions
  - More comfortable rides by walking, cycling, and running
  - More bike lanes and pedestrian safety
  - More public safety and health concerns

- Day 4: What do you think the region needs? (written comments)
  - More public safety and health services
  - More community programs to help reduce car emissions
  - More bike lanes and pedestrian safety
  - More public safety and health concerns

### Environment

- Day 5: How can we make our region more equitable? (written comments)
  - More community programs to help reduce car emissions
  - More bike lanes and pedestrian safety
  - More public safety and health concerns
  - More public safety and health concerns

- Day 6: How can we make our region more resilient? (written comments)
  - More community programs to help reduce car emissions
  - More bike lanes and pedestrian safety
  - More public safety and health concerns
  - More public safety and health concerns
