- VIII. FINAL REGIONAL HOUSING NEEDS ALLOCATION**

Pre-Certified Local Housing Data for Downey

Developed by SCAG and pre-certified by the California Department of Housing and Community Development (HCD) for use in 6th cycle housing elements.

This report contains a wide range of jurisdiction-level data elements intended to provide an understanding housing need experienced in Downey as a part of its 6th cycle housing element update. Data sources are noted below each table or figure.

I. POPULATION, EMPLOYMENT, AND HOUSEHOLDS

Population Trend, 2000-2020

CA DOF E-5 Population and Housing Unit Estimates

Downey has a 2020 total population of 113,529 including 683 living in group quarters according to the California Department of Finance. The chart above describes the population trend in Downey from 2000 to 2020. Over this period Downey had an annual growth rate of 0.3% compared to 0.7% for the region.

Current Population by Age and Sex

American Community Survey 2014-2018 5-year estimates

The population of Downey is 48.9% male and 51.1% female. The share of the population of Downey which is under 18 years of age is 24.1%, which is higher than the regional share of 23.4%. Downey's seniors (65 and above) make up 11.5% of the population, which is lower than the regional share of 13%.

Employment by Industry

American Community Survey 2014-2018 5-year estimates using groupings of 2-digit NAICS codes.

Downey has 55,135 workers living within its borders who work across 13 major industrial sectors. The chart above provides detailed employment information. The most prevalent industry is Education & Social Services with 11,339 employees (20.6% of total) and the second most prevalent industry is Manufacturing with 6,727 employees (12.2% of total).

Employment by Occupation

American Community Survey 2014-2018 5-year estimates using groupings of SOC codes.

In addition to understanding the industries in which the residents of Downey work, it is also possible to analyze the types of jobs they hold. The most prevalent occupational category in Downey is Management, in which 17,312 (31.4% of total) employees work. The second-most prevalent type of work is in Sales, which employs 14,901 (27% of total) in Downey.

Farmworkers

Farmworkers by Occupation:

Downey	Percent of total Downey workers:	SCAG Total	
174	0.32%	57,741	Total jobs: Farming, fishing, and forestry occupations
100	0.25%	31,521	Full-time, year-round jobs: Farming, fishing, and forestry occupations

Employment in the Agricultural Industry:

Downey	Percent of total Downey workers:	SCAG Total	
234	0.42%	73,778	Total in agriculture, forestry, fishing, and hunting
208	0.52%	44,979	Full-time, year-round in agriculture, forestry, fishing, and hunting

American Community Survey 2014-2018 5-year estimates using groupings of NAICS and SOC codes.

Statewide, farmworker housing is of unique concern and of unique importance. While only a small share of SCAG region jurisdictions have farmworkers living in them, they are essential to the region's economy and food supply.

Housing Tenure

American Community Survey 2014-2018 5-year estimates.

Housing security can depend heavily on housing tenure, i.e. whether homes are owned or rented. Downey's housing stock consists of 33,187 total units, 16,800 of which are owner-occupied and 16,387 of which are renter-occupied. The share of renters in Downey is higher than in the SCAG region overall.

Housing Tenure By Age

American Community Survey 2014-2018 5-year estimates.

In many places, housing tenure varies substantially based on the age of the householder. In Downey, the age group where renters outnumber owners the most is 15-24 (by 100%). The age group where owners outnumber renters the most is 75-84 (by 48.1%).

Housing Tenure by Year Moved to Current Residence

American Community Survey 2014-2018 5-year estimates.

Across the SCAG region, the most common move-in period was 2010-2014 (31.9%) followed by 2000-2009 (26.1%). In Downey, the period during which most people started living in their current residence was 2010-2014 (33.5%) followed by 2000-2009 (24.9%).

II. SPECIALIZED HOUSEHOLD NEEDS: LARGE FAMILIES, SENIORS, AND FEMALE-HEADED

Households by Household Size

American Community Survey 2014-2018 5-year estimates.

This chart illustrates the range of household sizes in Downey for owners, renters, and overall. The most commonly occurring household size is of two people (25.7%) and the second-most commonly occurring household is of three people (21.6%). Downey has a lower share of single-person households than the SCAG region overall (16.2% vs. 23.4%) and a lower share of 7+ person households than the SCAG region overall (2.9% vs. 3.1%).

Female Headed Households (FHH)

American Community Survey 2014-2018 5-year estimates.

Statute requires analysis of specialized housing needs, including female-headed households in an effort to ensure adequate childcare or job training services. Of Downey's 33,187 total households, 20.6% are female-headed (compared to 14.3% in the SCAG region), 9.2% are female-headed and with children (compared to 6.6% in the SCAG region), and 1.4% are female-headed and with children under 6 (compared to 1.0% in the SCAG region).

Households by Poverty Status

American Community Survey 2014-2018 5-year estimates.

6.3 percent of Downey's households are experiencing poverty, compared to 7.9 percent of households in the SCAG region. Poverty thresholds, as defined by the ACS, vary by household type. More information can be found at M256. In 2018, a single individual under 65 was considered in poverty with a money income below \$13,064/year while the threshold for a family consisting of 2 adults and 2 children was \$25,465/year.

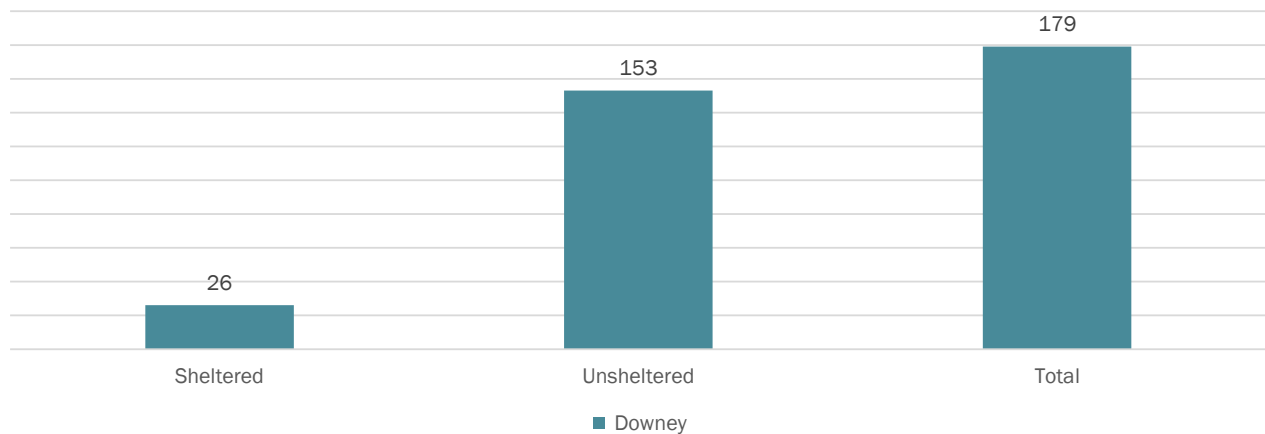

Elderly Households by Income and Tenure

		Owner	Renter	Total	Percent of Total Elderly Households:
Income category, relative to surrounding area:	< 30% HAMFI	755	735	1,490	25.8%
	30-50% HAMFI	790	250	1,040	18.0%
	50-80% HAMFI	750	345	1,095	18.9%
	80-100% HAMFI	275	135	410	7.1%
	> 100% HAMFI	1,550	200	1,750	30.3%
TOTAL		4,120	1,665	5,785	

HUD CHAS, 2012-2016. HAMFI refers to Housing Urban Development Area Median Family Income.

Statute requires analysis of specialized housing needs, including housing needs for seniors. Federal housing data define a household type as 'elderly family' if it consists of two persons with either or both age 62 or over. Of Downey's 5,785 such households, 25.8% earn less than 30% of the surrounding area income, (compared to 24.2% in the SCAG region), 43.7% earn less than 50% of the surrounding area income (compared to 30.9% in the SCAG region).

III. PEOPLE EXPERIENCING HOMELESSNESS

2019 city and county homelessness point-in-time counts processed by SCAG. Jurisdiction-level counts were not available in Imperial County and sheltered population (and thus total) counts were not available in Riverside County. As a result, SCAG region totals from this compilation of data sources likely undercount true totals.

#N/A

IV. PEOPLE WITH DISABILITIES, INCLUDING DEVELOPMENTAL DISABILITIES

Disability by Type

American Community Survey 2014-2018 5-year estimates.

Disability data also provides valuable context for assessing current and future need for accessible housing units. Note that since some disability types are not recorded for children below a certain age, calculating disability as a percentage of total population may not be accurate.

Disability by Type - Seniors (65 and over)

American Community Survey 2014-2018 5-year estimates.

In Downey, the most commonly occurring disability amongst seniors 65 and older was an ambulatory disability, experienced by 23.1% of Downey's seniors (and 22.9% of seniors in the SCAG region).

Disability by Employment Status

	With a Disability	Percent of Total	No Disability	Percent of Total
Employed	1,518	36%	51,603	75%
Unemployed	155	4%	3,080	5%
Not in Labor Force	2,499	60%	13,718	20%
TOTAL	4,172		68,401	

American Community Survey 2014-2018 5-year estimates.

Understanding the employment status of people with disabilities may also be an important component in evaluating specialized housing needs. In Downey, 36.4% of the population with a disability is employed, compared to 75.4% of the non-disabled population.

Developmental Disabilities

	Downey
By Residence: Home of Parent/Family/Guardian	937
Independent/Supported Living	24
Community Care Facility	106
Intermediate Care Facility	16
Foster/Family Home	21
Other	10
By Age: 0 - 17 Years	1114
18+ Years	601
TOTAL	2829

CA DDS consumer count by CA ZIP, age group and residence type for the end of June 2019. Data available in 161/197 SCAG jurisdictions.

The California Department of Developmental Services also provides data on developmental disabilities by age and type of residence. These data are collected at the ZIP-code level and were joined to the jurisdiction-level by SCAG. Totals may not match as counts below 11 individuals are unavailable and some entries were not matched to a ZIP code necessitating approximation.

V. HOUSING STOCK CHARACTERISTICS

Housing Type

CA DOF E-5 Population and Housing Unit Estimates

The chart above provides detailed information on the housing stock in Downey, which has a total of 35,838 housing units. The most prevalent housing type in Downey is single-family detached with 20,448 units. The share of all single-family units in Downey is 61.5%, which is lower than the 61.7% share in the SCAG region. Out of the total housing units in Downey, there are 34,339 occupied-units, which equates to a 4.2% total vacancy rate. The average household size (as expressed by the population to housing unit ratio) is 3.286.

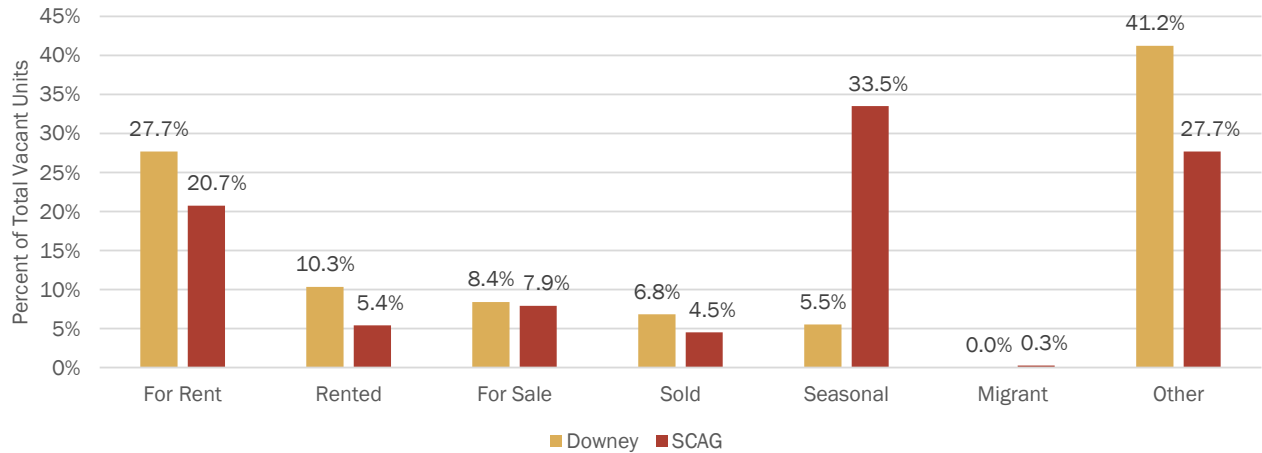

Housing Type Trend

CA DOF E-5 Population and Housing Unit Estimates

Over the past two decades (2000-2020), there has been more development in multi-family residential units than single-family residential units in Downey. When comparing 2000 to 2020, SFR units increased by 22, MFR units increased by 882, and mobile units increased by 175.

Vacant Units by Type

American Community Survey 2014-2018 5-year estimates.

The ACS provides additional detail on vacant housing units by category.

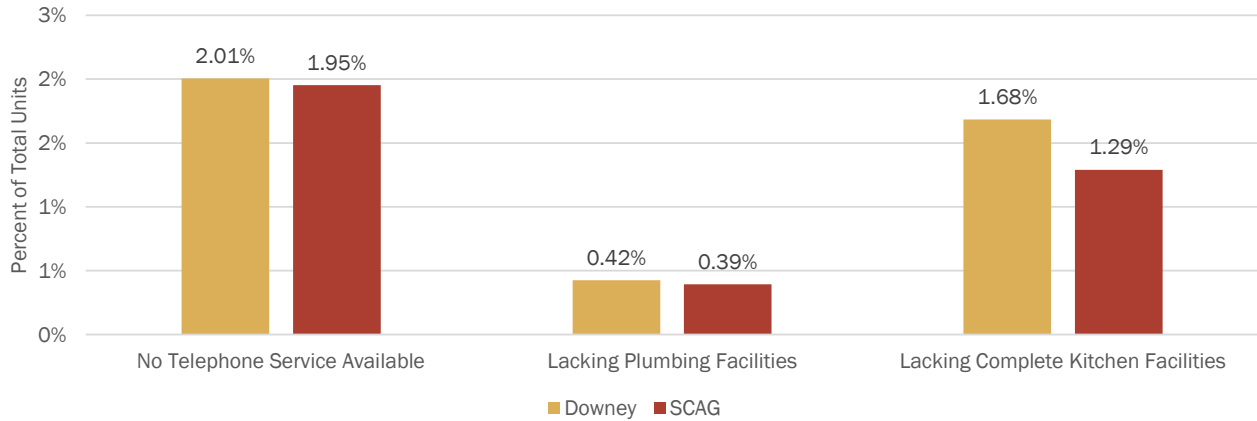

Housing Units by Year Structure Built

American Community Survey 2014-2018 5-year estimates.

Examining the age of the current housing stock is one way to understand how historical development patterns have contributed to a city's form. The time period where the highest share of Downey's housing units were built is 1950-1959, while in the SCAG region more units were built during 1970-1979 than any other period.

Substandard Housing

American Community Survey 2014-2018 5-year estimates.

The ACS includes surveys about three factors of what may be considered substandard housing. In Downey, 666 units lack telephone service, 141 units lack plumbing facilities, and 559 units lack complete kitchen facilities.

Median Home Sales Price for Existing Homes

SCAG Local Profiles, Core Logic/Data Quick. SCAG median home sales price calculated as household-weighted average of county medians.

Between 2000 and 2018, median home sales prices in Downey increased 164% while prices in the SCAG region increased 151%. 2018 median home sales prices in Downey were \$560,000 and the highest experienced since 2000 was \$610,000 in 2006. Prices in Downey have ranged from a low of 93.5% of the SCAG region median in 2002 and a high of 120.5% in 2009.

Housing Units Permitted

Core Logic/Data Quick. Additional detail available in SCAG 2019 Local Profiles. SCAG median home sales price calculated as household-weighted average of county medians.

VI. OVERPAYMENT AND OVERCROWDING

Crowding by Extent and Tenure

American Community Survey 2014-2018 5-year estimates.

In Downey, 1,105 owner-occupied and 2,795 renter-occupied households had more than 1.0 occupants per room, which meets the ACS definition for overcrowding. 183 owner-occupied households and 884 renter-occupied households had more than 1.5 occupants per room, which meets the ACS definition for severe overcrowding.

Cost Burden by Income

Households by Share of Income Spent on Housing Cost:			
Income	< 30%	30-50%	> 50%
< 30% HAMFI	389	479	3,305
30-50% HAMFI	1,099	2,325	1,635
50-80% HAMFI	3,485	2,730	989
80-100% HAMFI	3,130	1,225	215
> 100% HAMFI	9,995	1,230	200
Total Households	18,098	7,989	6,344

HUD CHAS, 2012-2016. HAMFI refers to Housing Urban Development Area Median Family Income.

Housing cost burden is most commonly measured as the percentage of gross income spent on housing, with 30% a usual threshold for 'cost burden' and 50% the threshold for 'severe cost burden.' However, a lower-income household spending the same percent of income on housing as a higher-income household will likely experience more true 'cost burden.' These data indicate the number of households in Downey by their income relative to the surrounding area and their share of income spent on housing.

Spending on Rent

Across Downey's 16,387 renter households, 8,456 (51.6%) spend thirty percent or more of gross income on housing cost, compared to 55.3% in the SCAG region. Additionally, 3,669 renter households in Downey (22.4%) spend fifty percent or more of gross income on housing cost, compared to 28.9% in the SCAG region.

Spending on Rent by Income

American Community Survey 2014-2018 5-year estimates.

While the previous table breaks down cost burden by area-relative income, the ACS also allows for the analysis of Downey's 15,952 renter households (for which income data are available) by spending on rent by income bracket (dollar amounts). As one might expect, the general trend is that low-income households spend a higher share of income on housing (e.g. over 50%) while high-income households are more likely to spend under 20% of income on housing.

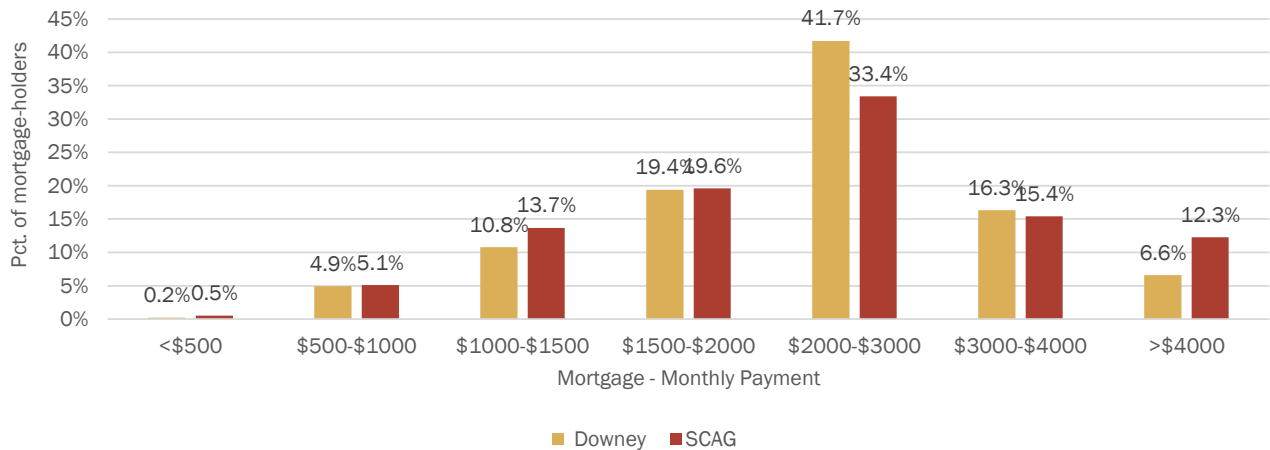

Household Income by (Cash) Rent

American Community Survey 2014-2018 5-year estimates.

Downey renter households' cash rent paid can be broken down by household incomes. As one might expect, the general trend is that lower-income households spend less on rent while higher-income households spend more on rent, though this may not be universally true. Rent categories range from <\$500/month (1.2% of Downey renters) to >\$2000/month (13.7% of Downey renters). The most common rent category in Downey is \$1000-1500/month with 47.6% of renters.

Monthly Owner Costs for Mortgage Holders

American Community Survey 2014-2018 5-year estimates.

While renter households receive much of the focus when it comes to housing cost analysis, owner households make up 50.6% of Downey and 52.5% of the SCAG region. The most commonly occurring mortgage payment in Downey is \$2000-\$3000/month and the most commonly occurring mortgage payment in the SCAG region is \$2000-\$3000/mo.

Costs for Mortgage Holders by Income

Mortgage-holding households in Downey can be broken down by income and the percentage of income spent on mortgage costs. As one might expect, the general trend is that lower-income households spend a higher share of income on housing costs, while high-income households may spend a lower share of income on housing. The income category most prevalent amongst Downey mortgage-holding households is \$75,000 or more (8,393 households) and the most prevalent share of income spent on mortgage costs is over 30% (5,898 households).

Household Income by Home Value (for owned units)

Another approach to evaluating the relationship between housing and income is to compare incomes and home values in Downey. The most commonly-occurring income category amongst owner households in Downey is \$100,000 or more (7,781 households) and the most commonly-occurring home value category is Above \$500,000 (9,159 households).

Extremely Low Income Housing Needs

	Total Households	Households below 30% HAMFI	Share below 30% HAMFI
White, non-Hispanic	7,120	1,160	16.3%
Black, non-Hispanic	1,580	245	15.5%
Asian and other, non-Hispanic	2,939	383	13.0%
Hispanic	21,165	2,730	12.9%
TOTAL	32,804	4,518	13.8%
Renter-occupied	16,615	3,290	19.8%
Owner-occupied	16,180	1,240	7.7%
TOTAL	32,795	4,530	13.8%

HUD CHAS, 2012-2016. HAMFI refers to Housing Urban Development Area Median Family Income.

Housing the extremely-low income population (below 30% of area median income) can be especially challenging. HUD's CHAS dataset provides a wealth of information on such households in Downey. The above table provides a breakdown of extremely low income households by race and ethnicity. The race/ethnicity with the highest share of extremely-low income households in Downey is White, non-Hispanic (16.3% compared to 13.8% of total population). In the SCAG region, the highest share of extremely-low income households is Black, non-Hispanic (27.1% compared to 17.7% of total households).

VII. ASSISTED UNITS AT RISK OF CONVERSION

Assisted Units at Risk of Conversion

Risk Level	Definition:	Low-income units in jurisdiction	Percent of county's low-income units
Very High	At-risk of converting to market rate within the next year	0	0%
High	At-risk of converting to market rate in the next 1-5 years	0	0%
Moderate	At-risk of converting to market rate in the next 5-10 years	0	0%
Low	At-risk of converting to market rate in the next 10 or more years and/or are owned by a large/stable non-profit, mission-driven developer.	140	100%
TOTAL		140	100%

California Housing Partnership, July 2020. Includes HUD, Low-Income Housing Tax Credit (LIHTC), USDA, and CalHFA projects. Subsidized or assisted developments that do not have one of the aforementioned financing sources may not be included.

The California Housing Partnership (CHP) provides data on assisted housing units and assesses the level of risk to converting to market rate. These data identify homes without a known overlapping subsidy that would extend affordability beyond the indicated timeframe and unless otherwise noted are not owned by a large/stable non-profit, mission-driven developer. Detailed 2019 data can be found in SCAG's RHNA data appendix at <http://scag.ca.gov/programs/Documents/RHNA/SCAG-Final-RHNA-Data-Appendix-030520.pdf>. Complete, updated data can be requested from CHP through Danielle Mazzella, Preservation & Data Manager (dmazzella@chpc.net)

VIII. REGIONAL HOUSING NEEDS ALLOCATION

Final 6th Cycle Regional Housing Needs Allocation for Downey:

	Units
Very-Low Income (<50% of AMI)	2,079
Low Income (50-80% of AMI)	946
Moderate Income (80-120% of AMI)	915
Above Moderate Income (>120% of AMI)	2,585
TOTAL	6,525

SCAG, 2021. Based on SCAG's 6th cycle Final RHNA Allocation, adopted March 2021. Please note that for the housing element update, local jurisdictions will have to consider extremely low income (ELI) households as well. ELI housing needs may be calculated either by using Census data or simply assuming that 50 percent of the very low income households qualify as extremely low income households.
