REVIEW AND PRIORITIZE AGENDA ITEMS

There was no prioritization of agenda items.

ACTION/DISCUSSION ITEM

1. Adoption of the Fiscal Year 2020-21 Final Comprehensive Budget

President Jahn introduced the item and asked Executive Director Kome Ajise to provide a report.
Immediate Past President Alan Wapner, SBCTA, asked a question regarding a 5% annual increase on the General Fund budget including the overall impacts of the pandemic on the revenues. Chief Financial Officer Basil Panas responded the General Fund budget is down when compared to previous years. Although Mr. Panas acknowledged the impact of the pandemic, he reported that this matter will be taken into consideration pending information from the funding sources.

Councilmember Cheryl Viegas-Walker, El Centro, District 1, asked for clarification regarding the vacation buy-back option and whether it was intended for a one-time benefit offered to SCAG employees. Based on her understanding at a prior EAC meeting, the policy is a one-time benefit especially in light of the economic effects of the pandemic. She emphasized the importance of work-life balance and therefore, she would be unable to support this matter as a recurring benefit. Chief Financial Officer Basil Panas confirmed the vacation cash-out policy is an ongoing benefit while Human Resources Manager Carmen Flores explained the policy is offered once annually with a cap of 400 vacation hours.

Discussion ensued regarding vacation policies in other public agencies; encouraging employees to utilize vacation hours; offering the cash-out benefit after the pandemic period and accumulated leaves of absences are funded under the reserve budget in the General Fund (Michael, Huang and Wapner).

Immediate Past President Alan Wapner, SBCTA, asked for clarification regarding the following line items in the budget: (1) Cloud Services increased from $489K to $1.2 million; (2) Miscellaneous Services increased from $400K to $2.1 million and the specific services this budget cover; and (3) Office Rental increased to 43%. Chief Information Officer Julie Loats responded and described the plan for a centralized regional data platform for all jurisdictions will be cloud-hosted. Chief Financial Officer Basil Panas responded the miscellaneous services entails costs related to SB 1 grant and AB 101 funds which have not been categorically placed in the budget and are temporarily noted.

Councilmember Margaret Finlay, Duarte, District 35, asked a question regarding the significant increase of transit/bus passes in the budget. Chief Financial Officer Basil Panas responded.

Councilmember Jess Talamantes, Burbank, District 42, asked a question whether the budget will be re-evaluated in the coming months considering the effects of the pandemic. Executive Director Kome Ajise responded.

A MOTION was made (Richardson) adopting the Fiscal Year 2020-21 Final Comprehensive Budget and corresponding Resolution No. 20-621-2, subject to approval of the General Fund Budget and Membership Dues Assessment by the SCAG General Assembly; and authorize the submittal of the
FY 2020-21 OWP to Caltrans, FHWA, and FTA. Motion was SECONDED (Michael) and passed by the following roll call votes:

**AYES:** Berry, Clark, Finlay, Harnik, Jahn, Lorimore, Michael, Parks, Plancarte, Pollock, Richardson, Talamantes and Wapner (13)

**NOES:** Huang and Viegas-Walker (2)

**ABSTAIN:** None (0)

**INFORMATION ITEM**

2. COVID-19: Leading and Learning in Uncertain Times

President Jahn introduced the item and asked Executive Director Kome Ajise to provide a report.

Mr. Ajise reported on the initial broad assessment of the impacts of the COVID-19 pandemic on Southern California in the context of transportation, planning and the economy. He provided highlights of the many ways the transportation and planning community is responding; an overview of a series of early actions being pursued by staff to support our partner agencies; and insights on preparing the region for policy discussions and actions on economic recovery.

Despite significant disruptions, Mr. Ajise reported SCAG’s transportation and municipal partners are working tirelessly to address the most critical needs of our communities while continuing to provide services, to support the health, safety and economic well-being of the region in the wake of the pandemic and stay-at-home orders.

In closing, Mr. Ajise discussed the next steps and planning for recovery and activities aimed at stimulating the broader regional economic recovery strategy.

President Jahn thanked Mr. Ajise for his presentation.

Councilmember Peggy Huang, TCA, referenced a Los Angeles Times article regarding thousands of healthcare workers were laid off or furloughed as the coronavirus spreads and how this relates to telemedicine and healthcare forecasting. She commented regarding aerial imagery and asked a question whether there will be collaboration with the Mosquito Vector Control District and local agencies with identifying improperly maintained swimming pools as breeding ground for mosquitoes. Executive Director Kome Ajise responded and stated continued surveillance and elements of telemedicine as being the primary focus and use of aerial imagery for all planning activities in the region.
Councilmember Rex Richardson, Long Beach, District 29, thanked Mr. Ajise for his presentation and commented regarding the growing economic concerns as a result of the pandemic which exposed local jurisdictions’ existential issues in jobs, housing, transportation, etc. He encouraged collaboration and a focused roundtable discussion on recovery across the region must start now.

Randall Lewis, Ex-officio member, echoed comments made by Councilmember Richardson and asked a question as to how SCAG will manage this effort and how the Regional Council and committee members can support this work. Executive Director Kome Ajise responded that SCAG has begun the work which is in progress while being cautious of the agency’s capacity ensuring no jurisdiction is left out in the convening process.

Councilmember Jess Talamantes, Burbank, District 42, commented regarding revenue losses in Metro and the bleak economic forecast impacting the region as a result of the pandemic.

Councilmember Cheryl Viegas-Walker, El Centro, District 1, echoed comments made by Councilmember Richardson; stated regional approach to recovery; and suggested an outreach on the local level while ensuring no duplicate efforts are made by collaborating with the League of California Cities (LOCC); California Association of Councils of Government (CALCOG); San Diego Association of Governments (SANDAG) and agencies south of the border.

Councilmember Margaret Finlay, Duarte, District 35, asked a question regarding current or anticipated furloughs for SCAG and delay of the approval of Connect SoCal. Executive Director Kome Ajise responded there are no anticipated furloughs based on the budget. With respect to Connect SoCal (the “Plan”), Mr. Ajise explained the regional recovery is tied to the Plan since one area of major recovery is tied to construction activities.

Board Counsel Ruben Duran reminded the committee of the Closed Session taking place immediately after the EAC meeting and cautioned the members that discussions related to Connect SoCal may be suited for a larger conversation in the Regional Council and/or CEHD Committee.

Supervisor Linda Parks, Ventura County, referenced a report by the Ventura County Transportation Commission regarding the benefits related to traffic and pollution when telecommuting and ridesharing while reducing greenhouse gas emissions. She also mentioned the importance of broadband and addressing homelessness whether through secondary dwelling units especially during this pandemic.

Immediate Past President Wapner expressed concerns and explained why he will not be supporting the approval of the contract item for lobbyist Holland & Knight to provide federal advocacy services to SCAG based from his experience, given that the firm is also the same consultant to SBCTA. Executive Director Kome Ajise stated that while he understands the concerns expressed by Immediate Past president Wapner, he stated SCAG went through a credible contract procurement process as a basis for the selection. Chief Operating Officer Darin Chidsey explained and offered background information regarding the absence of a lobbyist in Washington, D.C. for several years. While multiple firms were interviewed, Mr. Chidsey expressed confidence with the reviewing committee’s selection and foreseen successes with moving forward with the hiring of the consultant.

Councilmember Jan Harnik, RCTC, asked for the names of the individuals from the firm who will be representing SCAG in Washington, D.C. For this reason, he stated the agency will be offering more time to review Connect SoCal and to address concerns and will be recommending to the Regional Council a delay of up to 120 days consideration to approve Connect SoCal for all other purposes than transportation conformity, including delay of the submittal of Connect SoCal to ARB for its determination of whether the Sustainable Communities Strategy meets the regional GHG emission reduction targets.

**EXECUTIVE DIRECTOR’S REPORT**

Executive Director Kome Ajise expressed appreciation for the Executive/Administration Committee for their continued commitment and thinking beyond boundaries for the recovery of the region especially during the planning process of Connect SoCal.
