SCAG Custom Application	Inter-Government Review (IGR)	SCAG is the authorized regional agency for Inter-Governmental Review (IGR) of programs proposed for Federal financial assistance and direct Federal development activities pursuant to Presidential Executive Order 12372. Additionally, SCAG reviews the Environmental Impact Reports of projects of regional significance for consistency with regional plans pursuant to the California Environmental Quality Act (CEQA) and CEQA Guidelines. The IGR application is a web-based system that SCAG staff developed and use to log, track, and monitor projects that SCAG IGR Program receives. The projects that SCAG IGR Program receives vary in project types, locations, and levels of environmental analysis. The IGR database assists planners in tracking projects, including residential and commercial development projects, that were submitted by the public, as well as provides planners with project-level planning information that is useful for understanding the region's current and future growth trends.	Compliance & Performance Monitoring Department	Daily	Daily
