Equity Working Group

June 24, 2021

www.scag.ca.gov
The meeting will take approximately two hours.

All participant lines will be muted.

At the end of each presentation, there will be a Q & A. If you have a question, please type it into the chat box.

All presentations will be emailed to those who registered to participate in today’s meeting.
Land Acknowledgement
Poll Questions

What actions have you taken to advance equity in your jurisdiction?

What are your biggest obstacles to advancing equity?

What topic would you like to learn more about at a future meeting?
1. Welcome

Racial Equity Early Action Plan
A Framework for Internal and External Focused Actions

Equity Working Group
June 24, 2021
SCAG’s Commitment to Equity & Social Justice

• July 2020 – SCAG Board adopted resolution
• Established Special Committee on Equity & Social Justice
• Focus on:
  • Developing SCAG’s response to advancing equity throughout the agency’s activities
  • Advising SCAG’s Regional Council on policies and practices to advance its resolved intentions
Regional Conditions: Sample Findings

• **Poverty:** 45% of the Hispanic/Latinx population lived below 200% of the poverty line in 2018, the highest among all race/ethnicity groups in the region.

• **Home Ownership:** 62% of white households own their homes, compared to 35% of Black households and 43% of Hispanic/Latinx households.

• **Overcrowding:** Hispanic/Latinx individuals have a 10.1% likelihood of being in overcrowded housing, compared to 1.1% of white individuals.

• **Bicycle and Pedestrian Collisions:** Hispanic/Latinx residents are the most likely to live in high-risk areas for a pedestrian-involved (60%) or bike-involved (62%) collisions as compared to other demographic groups.
Early Action Plan is critical for ensuring work advances and endures beyond life of Special Committee

Early Action Plan includes:
- Definition of equity
- Equity goals and strategies
- Early actions
Leading with racial equity to address the pervasive and deep inequities faced by people of color across the region.

“As central to SCAG’s work, racial equity describes the actions, policies, and practices that eliminate bias and barriers that have historically and systemically marginalized communities of color, to ensure all people can be healthy, prosperous, and participate fully in civic life.”
Racial Equity Framework: Goals

**GOALS**

- **Shift Organizational Culture**
  Focus SCAG’s internal work and practices on inclusion, diversity, equity, and awareness.

- **Center Racial Equity in Regional Planning & Policy**
  Bring equity into SCAG’s regional planning functions.

- **Encourage Racial Equity in Local Planning Practices**
  Promote racial equity in efforts involving local elected officials and planning professionals.

- **Activate & Amplify**
  Communicate broadly SCAG’s commitment to racial equity and join with others in different fields and sectors to amplify impact.

**STRATEGIES**

- **Listen & Learn**
  Develop a shared understanding of our history of discrimination and the structural barriers that continue to perpetuate the inequities experienced today.

- **Engage & Co-Power**
  Create an environment where everyone is included, able to share their experiences, and equipped to talk about racial equity and inequities.

- **Integrate & Institutionalize**
  Focus on systems change to improve racial equity. Center racial equity in all aspects of work. This involves internal and external systems change. Advancing Racial Equity in Southern California.
Racial Equity Early Action Plan

SCAG’S RACIAL EQUITY EARLY ACTION PLAN

In July 2020 SCAG’s Regional Council made a commitment to advancing justice, equity, diversity, and inclusion throughout Southern California and established an ad hoc Special Committee on Equity & Social Justice to advise the Regional Council on policies and practices to advance regional equity. The Committee went on a listening tour starting in September 2020 and concluding in March 2021. Based on discussions and feedback of the Committees, SCAG staff prepared the Racial Equity Early Action Plan to provide a framework for sharing the Committees’ recommendations with the Regional Council. The Racial Equity Early Action Plan establishes a definition of equity, benchmarks, goals, and strategies to advance racial equity through SCAG’s policies, practices, and activities. It includes actions that can be initiated with existing resources through process improvements, leveraging current work activities, and forming new partnerships, as well as new efforts and programs that would need to be considered through the budget development process. The Early Action Plan is a living document, with opportunities to identify new actions over time.

GOALS

SHIFT Organizational Culture

- Develop an inclusive, diversity, and equity (IDE) Education and Training Program
- Establish an early-career diversity and equity program

CENTER Racial Equity in Regional Planning & Policy

- Bring equity into SCAG’s regional planning processes
- Provide resources for equity engagement in local planning, such as CEQ
- Conduct quarterly trainings to build capacity for racial equity work

ENCOURAGE Racial Equity in Local Planning Practices

- Provide resources for local equity engagement
- Ensure equitable engagement in local planning

DEFINING EQUITY

- Racial equity is defined as achieving a just society in which no group is denied access to shared societal advantages and benefits
- Social justice is defined as promoting the well-being of all individuals in a society and eliminating discrimination, poverty, and other forms of oppression

STRAATEGIES

- Listen & Learn: Develop a shared understanding of our history of discrimination and the systemic barriers that continue to perpetuate the injustices experienced today
- Engage & Empower: Create an environment where everyone feels valued, included, and able to share their experiences and perspectives on racial equity and social justice
- Interpret & Institutionalize: Focus on systems change to improve racial equity. Create inclusive policies in all aspects of work. This involves revised and updated systemic change
City of Culver City

EQUITY JOURNEY
Discussion Agenda

- What is equity?
- Why should governments focus on equity?
- How did Culver City begin engaging in equity work?
- How did Culver City gain support for this work?
- What has been most impactful in Culver City?
Diversity, Equity and Inclusion

Summary of Equity Efforts

- My Brother’s Keeper (MBK)
- Sanctuary City
- Government Alliance on Race and Equity (GARE)
- Racial Equity Action Plan (REAP)
- Youth Development and Diversion
- Equity and Human Relations Advisory Committee
- Public Safety Review and Reform
- Resolution Acknowledging City’s Racial History
City Council Equity Subcommittee

- Supported the development and implementation of citywide equity policies, practices and procedures to ensure equitable access to City services, programs, activities and facilities
- Established key partnerships with community stakeholders to elevate equity initiatives
- Hosted community conversations and teach-ins related to individual, institutional and structural racism
- Provided funding for internal DEI and implicit bias training, allocated dedicated personnel and created an advisory body
My Brother’s Keeper (MBK) Alliance

- Community Challenge Launched by former President Barack Obama in 2014
- Designed to address persistent opportunity gaps facing boys and young men of color and to ensure all youth can reach their full potential
- Culver City adopted milestones focusing on education, housing and career preparation
Government Alliance on Race and Equity (GARE)

- A national network of government jurisdictions working to achieve racial equity and advance opportunities for all

  [Government Alliance on Race and Equity (racialequityalliance.org)]

- Racial equity develops goals and outcomes that will result in improvements for all groups, but the strategies are targeted based on the needs of a particular group

- Learn more about the City’s involvement in GARE and its efforts related to race and equity [Race and Equity - City of Culver City]
Racial Equity Action Plan (REAP)

- Facilitate the normalization of conversations around race
- Promote diversity and inclusion within the workforce
- Evaluate the City’s policies, procedures, and programs through a racial equity lens
- Promote equity in the delivery of services to Culver City residents
- Implement routine decision-making processes through racial equity lens
Public Safety Review and Reform

- 90-day study to: 1) review and reallocate public safety resources, services and budgets and 2) review of the police department’s use of force policy
- Engaged technical advisory consultants to report on operations and workload analysis and to examine racial equity as it relates to policing
- Adopted reform measures include:
  - Reducing Police Officer Positions
  - Creating a Mobile Crisis Intervention Service
  - Changing Traffic Enforcement and Use of Force
  - Establishing a Citizen Public Safety Committee
- More information about the City’s Public Safety Review and Reform efforts can be viewed at:
  - Public Safety Review 2020-2021 - City of Culver City
  - Police Reform - City of Culver City
Conclusion
Lessons Learned...

- Focus on Changing Policies, Structures and Institutions – Not Just Services
- Identify Champions within the Organization
- Engage Broadly and Frequently
- Leverage Resources from State, County and Community Partners
- Lead with Patience and Empathy
- Dedicated Staffing

Purpose of the General Plan

- Long-term policy document to guide the future actions (policy choices + development applications) of Culver City
- Serves as City’s “constitution”
- Enables the community to come together to develop a shared vision for the future
- Enhances community strengths
- Addresses various topics of concern
Engage the Community

- Empower the community in the planning process as collaborators
- Achieve broad demographic and geographic representation – especially of those often left out of planning processes
- Build community ownership of the plan
- Create an inclusive and responsive process
- Foster transparency in decision-making
- Engage the community at key points
- Create diverse engagement opportunities
- Make the process fun and engaging
General Plan Update (GPU) Process

- **Existing Conditions**
  Review existing policies and reports, identify issues and opportunities
  2019 - 2020

- **Listening + Visioning**
  Develop long-term vision and guiding principles for the Plan
  Fall 2020 - Winter 2021

- **Plan Alternatives**
  Create and refine land use and transportation alternatives
  Winter - Spring 2021

- **Policy + Plan Development**
  Develop policy solutions to address a range of topics
  Summer 2021 - Summer 2022

- **Review + Adopt**
  Public and decision makers to review and adopt the General Plan Update
  Summer - Fall 2022

Community engagement activities throughout the process
GPU Equity Efforts

- **Process**
  - Engagement Plan focused on equitable process
  - Volunteer communication network
  - Outreach to community-based organizations, neighborhood groups
  - Language and ability needs
  - Multiple ways to get involved
  - Demographic surveys
GPU Equity Efforts

- **Deliverables**
  - Environmental Justice (EJ) Element
  - Community Health and EJ Existing Conditions Report
  - Community Vision, Core Values, Guiding Principles

- **Activities/Events**
  - In-person: provided food and childcare
  - Virtual activities, surveys, interactive documents, story map
  - Advisory body meetings on EJ
    - General Plan Advisory Committee
    - Technical Advisory Committee on Quality of Life
  - Community Health and EJ workshop
  - Educational materials: videos, background materials, etc.

- median household income $65,352
- 20% below Ventura County median household income $81,972
- ~38 % households earned less than $50,000
Health

• Obesity Rate 30% (Ventura County 24%)
• Substantial Physical Activity 33% (41% Ventura County)
• Bolker Park, Pearson Park, Bubbling Springs neighborhoods not within 0.5 mile of a grocery store
Recreation

- 7 parks
- 90 acres of park space
- 3.8 acres park / 1,000 residents
- 12 miles of pedestrian and bicycle bikeways
- 3.8 miles of bike lanes
Pollution Sources

- Port and Naval Base trucks and vessels
- Surrounding agricultural
- Ormond Beach Generating Station (1.5 mi - Oxnard)
- No open clean-up sites
- Halaco Superfund (0.5 mile – Oxnard)
What We Asked & Heard

Workshops & Community Questionnaire
Questionnaire Results

What do you like about Port Hueneme that you do not want to see change? [Ranked in Order]

1. Small-town Community Character
2. Access to Beach
3. Passive Beach Recreation
4. Provision of Parks
5. Public Services
6. City Programs/Events
Questionnaire Results

What other land uses and/or experiences would you like to see expanded in Port Hueneme in the next 20 years? [Ranked in Order]

1. Expand/improve Local-serving Outdoor and/or High-end Dining
2. Expand/improve Local-serving Shopping
3. Expand Local Employment Opportunities
4. Mixed-use
5. Range of Housing Options
6. Live-work Spaces
7. Hotel
Questionnaire Results

What are the most pressing social equity issues and environmental justice issues in Port Hueneme today? [Ranked in Order]

1. Industrial Pollution
2. Inequality in Services between Neighborhoods
3. Affordable Housing
4. Internet Access
5. High-earning Job Availability
6. Local Policing
7. Unemployment
Questionnaire Results

What types of housing are needed in the City? [Ranked in Order]

1. Affordable Housing
2. Entry Level Homes
3. Apartments/Condo
4. Luxury/Above-Market Housing
5. Senior Housing/Assisted Living
6. Accessory Dwelling Units
Questionnaire Results

What physical community improvements would you like to see in Port Hueneme? [Ranked in Order]

1. Lighting
2. Facilities along the Beachfront
3. Walkability (sidewalks and pathways)
4. Landscaping
5. Street Furnishings
6. Bicycle Facilities
Other responses

- Condominiums and apartments are more affected by noise and smell.
- Latino community, especially the youth, is underserved.
- Student technology and internet accessibility issues.

Project Timeline

SUMMER 2020: Technical Background Report

FALL 2020 / SPRING 2021: Virtual Community Engagement

FALL 2020 / SUMMER 2021: General Plan (GP) and Environmental (EIR) Review

FALL 2021: Public Hearing to approve GP / EIR
Preliminary Social Equity Policies

- Facilitate effective communication and resources to accelerate recovery following an infectious disease outbreak
- Explore opportunities to host a farmer's market event
- Identify opportunity sites for specialty food store
- Engage with nearby agricultural operators and the Ventura County agricultural community to implement best practices to reduce pesticide drift

- Ensure adequate cell service and towers for all residents
- Support a systemwide technology plan for school districts that provides equitable access to technology for students.

- Coordinate with non-governmental organizations to create space and opportunities for student recreation programs.

- Increase affordable and first-time home buyer programs

- City outreach & education materials provided in Spanish
Questionnaire Results Summary

• **Community Vision/Preferences**
  - Maintain small town character and beach access

• **Transportation**
  - Transit improvements and enhanced pedestrian/bicycle routes

• **Community Design/Development**
  - Improve outdoor and high-end dining, shopping, and employment opportunities

• **City Improvement/Beautifulization**
  - Upgrade lighting and facilities along beachfront, as well as overall walkability and landscaping

• **Social Equity**
  - Address air pollution, service inequality, and affordable housing
Environmental Justice Element

SCAG EQUITY WORKING GROUP

Thursday, June 24, 2021
New Environmental Justice (EJ) Element

- Follows State guidelines for EJ Elements:
  - The Environmental Justice Element must identify disadvantaged communities within the City. The element shall identify goals and policies to reduce health risks in disadvantaged communities by means of reduction of pollution exposure, improvement of air quality, promotion of public facilities, food access, safe and sanitary homes, and physical activity, and to prioritize services to disadvantaged communities.

- Existing Conditions Report provides:
  - Explanation of current environmental conditions
  - Discussion of issues and opportunities

- Many of El Centro’s EJ issues are out of the City’s direct control
Public Outreach Process

- Public Outreach Process included:
  - A project website
  - Community survey provided in English & Spanish
  - Two in-person “pop-up” outreach events
  - Four Community Advisory Committee meetings
  - Three “virtual” public workshops, including one that focused on Downtown El Centro
  - Many public events featured simultaneous Spanish interpretation
Environmental Justice Topic Areas

- City of El Centro will lead by example
  - Healthy food policy at civic events
  - Transition fleet to electric vehicles over time
  - Add more City bikes to the fleet to encourage use of active transportation when feasible
  - Expand efforts to promote civil engagement in public decision-making (e.g., make materials available in bilingual format, use online/electronic meeting format, conduct public meetings in bilingual format, or hold two meetings, one in Spanish and one in English, where feasible)
  - Increase collaboration with agencies and NGO’s addressing environmental issues that affect El Centro (e.g., ongoing efforts to improve regional air quality and address food insecurity)
Environmental Justice Topic Areas

- Reduce exposure to pollution
  - Tree planting for shade and a better walking environment
  - Add landscape barriers for protection from blowing dust
  - Support efforts to address cross border pollution
  - Consider pollution exposure when determining the location of new development and sensitive uses (e.g., schools, day care, senior facilities)
Environmental Justice Topic Areas

- Equitable access to healthy food
  - Address food insecurity
  - Encourage healthy eating
  - Address shortage of high-quality retail food outlets in residential neighborhoods in the eastern part of the City
  - Allow for a "mobile farmer’s market"
  - Strive to keep organics out of the landfill by promoting food distribution rather than waste
Environmental Justice Topic Areas

- Increase opportunities for physical activity
  - Ensure residents feel safe and secure when participating in outdoor physical activities in public spaces by improving lighting and increased code enforcement
  - Continue to add bike lanes and walking paths, require in new developments
  - Coordinate with local schools to support Safe Routes to School programs and infrastructure
  - Introduce new opportunities for indoor and outdoor physical activities appropriate during seasonally warm weather
Environmental Justice Topic Areas

- Safe and sanitary homes, housing affordability, and homelessness
  - Increase supply of affordable housing by encouraging greater density in strategic locations
  - Address homelessness by coordinating with providers of services designed to assist unsheltered persons
  - Conduct periodic absentee landlord outreach to inform owners of their legal requirements to maintain and upkeep their rental properties
Safe and Sanitary Homes, continued...

- Work with the Imperial County Public Health Department to create and actively enforce a Lead Paint Program
- Focus enforcement activities to improve unsafe and unsanitary conditions, focusing on trash and dumping, graffiti, overcrowding, animal control, and lack of building and yard maintenance
Environmental Justice Topic Areas

- Equitable land use and mobility policies
  - Prevent problem land uses from over concentration in disadvantaged neighborhoods
  - Prevent problem land uses from locating near where children congregate
  - Ensure adequate pedestrian and bicycle infrastructure is in place in all neighborhoods equally
  - Address land use incompatibilities where residential and industrial land uses are adjacent to one another
Mobility Equity Framework

Hana Creger
We envision a nation where **communities of color** thrive and race is never a barrier to opportunity.
Transportation Disparities
Shared Mobility
Mobility Equity Framework
Problems

• Transportation injustices

• Lack of community power & engagement

• New mobility inequities
Mobility Equity Framework

- Increase access to mobility
- Reduce air pollution
- Enhance economic opportunities
Mobility Equity Framework

Community Needs Assessment
- Determine Community-Identified Mobility Needs
- Educate Community on Mobility Equity
- Community Brainstorms Project Ideas

Step 1
- Community Mobility Equity Analysis

Step 2
- Equity Analysis of Projects
- Prioritization of Projects
- Project Proposals

Step 3
- Voting
- Community Decision-Making
Step 1: Community Needs Assessment
Step 2: Mobility Equity Analysis

- Goal #1: Increase Access to Mobility
  1. Affordability
  2. Accessibility
  3. Efficiency
  4. Reliability
  5. Safety

- Goal #2: Reduce Air Pollution
  6. Clean Air and Positive Health Benefits
  7. Reduction in Greenhouse Gases
  8. Reduction in Vehicle Miles Traveled

- Goal #3: Enhanced Economic Opportunities
  9. Connectivity to Places of Employment, Education, Services, & Recreation
  10. Fair Labor Practices
  11. Transportation-Related Employment Opportunities
  12. Inclusive Local Business & Economic Activity
Step 3: Community Decision-Making

SCAG's Environmental Equity Definition
Feedback Exchange with the Equity Working Group

Emily Rotman, SCAG Sustainability Department
Southern California Association of Governments
June 24, 2021
Presentation Overview

> Background on SCAG's Environmental Equity Definition
> Feedback and Discussion
> Next Steps
Environmental Equity Definition Objectives

- Build upon and operationalize SCAG's equity work
- Make equity a priority in SCAG's programs with an environmental component
- Provide a model process for other SCAG program-specific equity definitions
- Create a shared understanding of environmental equity for SCAG and its stakeholders
Environmental Equity Definition Background Research

- Researched and compiled **existing definitions** of environmental equity, climate equity, environmental justice across academic institutions, community organizations, government agencies
  - Charles Lee, Des Moines Area MPO, Greenaction, Greenlining Institute, Mobilize Green, NAACP, SBCTA, SCAG, UC Berkeley, UCLA Luskin, University of Washington, USEPA

- Pulled **key concepts** from existing work
  - Impacts of historical injustice and disinvestment
  - Need to address and remEDIATE root causes
  - Distinction between equality and equity
  - Disproportionate and unequal impacts
  - Vulnerable populations contribute least to environmental degredation and crises, but feel the impacts "first and worst"
  - Not just redistributing environmental harms, but abolishing them
Environmental Equity Definition Potential Applications

- Greenprint
  - Resolution on Climate Change
  - Sustainability Awards
- Policy Committees
  - Alternative Fuels & Vehicles
  - Sustainable Communities Program
- Working Groups
  - Inclusive Economic Recovery Strategy
  - Regional Resilience Framework
"Environmental equity addresses the actions, policies, and practices that abolish the systemic inequities, marginalization, disinvestment, and exclusion from decision-making processes that have directly resulted in vulnerable people bearing disproportionate and adverse impacts from natural hazards and human activity, so that all people can enjoy access to the physical and social benefits of our natural and built systems."
Environmental Equity Definition Feedback Received

- Differentiate between environmental justice and environmental equity
- Be intentional about what populations the definition refers to
- Important to acknowledge impact of both natural and human activities
- Framing the definition as a practice (actionable) vs. an explanation (informative)
- Relate to SCAG's equity and resilience definitions
- Consider a broad view of historical harms and systemic issues
Guiding Questions for Discussion

1. Is the definition distinct from environmental justice? Does the definition go a step beyond?

2. Is there something critical missing from the definition? Is there something in the definition that you feel shouldn't be included?

3. How do you see the definition potentially impacting or being implemented in your work?
We would love to hear any general impressions and feedback you have. If you would like to speak, please use the "raise hand" function, or drop your comments into the chat.
"Environmental equity addresses the actions, policies, and practices that abolish the systemic inequities, marginalization, disinvestment, and exclusion from decision-making processes that have directly resulted in vulnerable people bearing disproportionate and adverse impacts from natural hazards and human activity, so that all people can enjoy access to the physical and social benefits of our natural and built systems."
Next Steps

Refine definition with your feedback

Share revised definition with you

Seek further feedback from other Working Groups

Finalize draft definition
Call for Applications #4: Civic Engagement, Equity & Environmental Justice
Since 2005, the Southern California Association of Governments (SCAG) has provided resources and direct technical assistance to local jurisdictions via the Sustainable Communities Program (SCP).

The 2020/21 SCP provided local jurisdictions with three opportunities to access funding and resources to meet the needs of their communities, address recovery and resiliency strategies considering COVID-19, and support regional goals.

SCAG will release a fourth Call for Applications for programs and projects centered on **Civic Engagement, Equity & Environmental Justice** in Fall 2021.
SCP Call 4 Goals + Objectives

Goals

• Center and prioritize racial and social equity
• Address the pervasive and deep inequities experienced in historically disinvested communities
• Include a wide range of eligible activities
• Support the development of plans to close the gap of racial inequities
• Support the goals in SCAG’s Equity Early Action Plan, Connect SoCal, SCAG’s Public Participation Plan

Objectives

• Focus support in SCAG’s Communities of Concern and SB 535 Disadvantaged Communities
• Support local planning efforts focused on eliminating barriers to civic engagement
• Build community capacity, trust, and sustainable relationships with stakeholders
• Prioritize community identified and implemented projects
Eligible Project Types

• Civic Engagement and Racial Equity
  • Arts, Culture and Design
  • Safety and Community
  • Local Campaigns and Organizing
  • Parks, Green, Open and Public Space
  • Climate Action and Resilience
  • Community Healing and Repair
