Go Human Kit of Parts
Photos, Transportation, and Delivery Logistics

www.scag.ca.gov
The Kit includes materials that allow for 5 different street treatments that, when combined, create a temporary Complete Street demonstration on an otherwise typical street. The treatment options include the following:

1. Parklet
2. Curb Extension
3. Artistic Crosswalk
4. Separated Bike Lane
5. Median Refuge Island
Parklet
Curb Extension
Artistic Crosswalk
Separated Bike Lane

Median Refuge Island
Signage

Each treatment includes on educational sign that describes the treatment in Spanish and English.

The Kit includes 5 signs in total.

**PARKLETS**
are tiny street plazas that extend the sidewalk and create more space to eat, relax and hang out.

**MINIPARQUES**
son pequeñas plazas en la calle que extienden la acera y crean más espacio para comer, relajarse y pasar el rato.
Complete Kit Access Details: Transport & Delivery

- Complete Kit is stored in a 7.75’ x 7.5’ x 16’ long container (footprint of approx. 2 parking spaces)

- Once delivered, container remains in place until the demonstration is over and is picked up by the container company

- Allow enough space for storage unit door to open and to move items out of unit.

- For individual treatment types, SCAG will share with interested partners once details are confirmed.
Set-up

- Demonstrations do not typically last longer than 1 single day due their temporary nature, as the Kit would require overnight supervision.

- Set-up typically requires 2 people and 2-4 hours, depending on how many treatments are installed.

- You can find the complete set-up instructions for the Kit in the Final Kit Guide.
