SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW BI-MONTHLY REPORT

This Intergovernmental Review Bi-Monthly Report summarizes the federal grant applications, environmental documents and other information received by SCAG’s Intergovernmental Review (IGR) Section during the period 5/1/2022 through 6/30/2022. The Bi-Monthly Report consists of two types of entries: Federal Grants and Environmental Documentation.

The Federal Grant entries are provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The entries include state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. No Federal Grants were received during this period. The Environmental Documentation entries describe regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial, and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

A SCAG Project Identification Number organizes project descriptions for both the Federal Grant and Environmental Documentation entries.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to 7/30/2022. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Notice of Intent to Adopt a Mitigated Negative Declaration

Located in the City of Moreno Valley, County of Riverside, California, the proposed project includes the development of a 164,187 square foot light industrial building.

Notice of Preparation of a Draft Environmental Impact Report

Located in the City of Brea, County of Orange, California, the proposed project includes demolishing three existing buildings to construct a 2,000 square foot drive-through restaurant with outdoor seating and a 6,000 square foot commercial building consisting of 2,400 square feet of restaurant and 3,600 square feet of medical or retail space with 104 parking spaces. Two existing buildings for medical uses will be retained. The proposed project area is 23,558 square feet.
Located in the City of Burbank, County of Los Angeles, California, the proposed project includes the construction of stormwater improvements on the Burbank Water & Power campus and the adjacent off-site storm water drainage system. The proposed project will construct drainage improvements that will allow stormwater from adjacent properties to be intercepted and discharged into the BWC through a new outfall structure. Once separated, on-site runoff would be largely retained on the BWP Campus and either infiltrated into the groundwater or used for cooling tower make-up (replenishment) water.

Located in the City of Fontana, County of San Bernardino, California, the proposed project includes the development of a two-building industrial commerce center containing a total of 355,370 square feet and associated facilities, including but not limited to a loading/unloading area with loading dock doors and trailer parking spaces, passenger vehicle parking, landscaping, and connections to existing utility infrastructure on an 18.5-acre site.
