ACTION ITEMS

2. 2016 Legislative Priorities

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that each year the Regional Council adopts legislative priorities for the state and federal legislative session to help guide SCAG’s advocacy efforts. Mr. Chidsey referenced the report included in the agenda packet, which contains staff recommendations of legislative priorities for consideration by the Legislative/Communications and Membership Committee (LCMC), builds upon the priorities adopted in 2015, and incorporates input from SCAG’s 6th annual Economic Recovery Summit on January 7, 2016. Mr. Chidsey further stated that input from the LCMC members at its January meeting have been incorporated, including priorities covering CEQA streamline objectives, workforce education and development, mileage based user fee, and video-conferencing roll-calls. Final LCMC recommendations of the 2016 state and federal legislative priorities will be forwarded to the Regional Council for consideration at its February 4, 2016 meeting.

Hon. Curt Hagman suggested that SCAG take a leadership role in the First-Net Program. Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that in the past such programs have been handled at the county level; however, staff will research the possibility of SCAG participating in the program.

Hon. Clint Lorimore requested more information on the mechanisms of transportation funding and the allocation of the funds. Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that staff will provide a summary outlining the various types of transportation funding.

Hon. Margaret Clark requested that language be included to address homeless issues, under the Poverty and Workforce Development section. Several members expressed that homeless issues involve many complexities, such as access to affordable housing, substance abuse, and mental health funding. Other members stated that homeless issues should remain under local jurisdiction.

Hon. Margaret Finlay suggested that the issue be addressed at a future meeting of the CEHD Committee, to explore the implications of SCAG’s involvement.

A MOTION was made (Finlay) to approve the Legislative Priorities as presented. The MOTION was SECONDED (McCallon) and APPROVED by a UNANIMOUS vote. A roll-call vote was taken and recorded as follows:

AYES: Becerra, Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

3. AB 620 (Hernandez) – Metro ExpressLanes Toll Exemption Bill

Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided an overview of the Metro ExpressLanes Toll Exemption Bill, which would require the Los Angeles County Metropolitan Transportation Authority to grant hardship exemptions from tolls to low income commuters in its
value-pricing and transit development program. Mr. Chidsey stated that staff recommends an opposing position to this bill.

A MOTION was made (Wapner) to approve staff’s recommendation for an opposing position on AB 620. The MOTION was SECONDED (McCallon) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: Becerra

INFORMATION ITEMS

4. SCAG Logo Re-Design

Jeff Liu, Manager of Communications, provided a history of SCAG’s logo design and how it has evolved over the years. Mr. Liu stated that SCAG has redefined its message and services to its member cities, and a logo re-design is necessary to reflect the changing image of the agency. SCAG has procured a marketing and advertising firm, One Eighteen, to assist with the roll-out of the new logo. Mr. Liu provided key dates for the project and will keep members updated on the progress.

A MOTION was made (O’Connor) to form a subcommittee to assist with the development of the logo re-design. The MOTION was SECONDED (Pettis) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Becerra, Clark, Daniels, Hagman, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

5. Transportation Funding Proposals

Jeff Dunn, Legislative Analyst, outlined the major provisions of the three principal transportation funding proposals presented before the legislature. Staff will monitor these proposals and the numerous other legislatives bills introduced to address the state’s transportation and infrastructure funding deficit.

6. 2016 Governor’s Budget

Jeff Dunn, Legislative Analyst, summarized the major provisions of the Governor’s proposed FY 2016-17 state budget released on January 7, 2016. The proposed $168 billion budget reflects an estimated 2% rise over the revised levels for 2015-16, indicating significantly increased revenues for this fiscal year. Also, the budget prioritizes spending into reserves to prepare for future economic downturn and infrastructure spending for deferred maintenance projects. Mr. Dunn noted an
Legislative/Communications & Membership Committee Minutes

expenditure of $3.1 billion of Cap-and-Trade revenues, education, and workforce/job creation programs.

7. Strategy, Policy & Public Affairs Update

Darin Chidsey, Director of Strategy, Policy & Public Affairs, reported that the Economic Summit held on January 7, 2016 was a great success with record-breaking attendance. A survey was sent out to the Executive Administration Committee asking for their input on ways to improve future presentations and agenda formatting.

Mr. Chidsey reported that there is an upcoming hearing hosted by Assemblyman Jim Frazier. More information will be provided as it becomes available.

Mr. Chidsey provided an update on the RTP/SCS elected official workshops and public hearings, and encouraged members to attend.

Mr. Chidsey stated that the SCAG Legislative Reception is being held on March 16, 2016 in Sacramento. Details will be forthcoming.

Mr. Chidsey reported that a survey is being prepared to seek information from Regional Council and LCMC members regarding their relationships with legislators.

8. Legislative Tracking Report

Jeff Dunn, Legislative Analyst, stated that staff will be tracking bills as they move in the second session and more information will be provided as it becomes available.

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $25,000 in annual memberships for Mobility 21. In addition, the LCMC is asked to approve up to $7,500 in sponsorships for the Urban Land Institute Los Angeles 2016 Urban Marketplace.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:

MEMBERSHIP
1. **Mobility 21 – $25,000**

   Mobility 21 is a coalition of public, business, and community stakeholders to pursue regional solutions to transportation challenges facing the SCAG region and San Diego County. Created in 2002 as an effort in Los Angeles County, Mobility 21 became a regional effort in 2007 with the primary goals to support practical solutions to the transportation challenges of all Southern California; mobilize regional support for transportation funding and legislative priorities at the Federal and State levels; unite political leaders around common transportation priorities; and bring together residents, civic leaders, business groups and industry experts to effectively speak out in support of transportation. The annual dues are $25,000.

SPONSORSHIP
2. **Urban Land Institute Los Angeles – Urban Marketplace – $7,500**

   The Urban Land Institute (ULI) Los Angeles 2016 Urban Marketplace will be held on April 13, 2016 at The Reef on the Second Floor Exhibit Space. The Urban Marketplace is ULI Los Angeles’s flagship
annual event and draws the city’s top-level development professionals, including elected officials, city staff, developers, urban planners, architects, attorneys, and builders. The mission of the event is to convene dealmakers in one room for a half-day, inspirational program with plenty of time to dialogue. The Urban Marketplace is a conference and expo designed to promote real estate investment opportunities and development strategies for the Los Angeles area’s lower income and higher poverty neighborhoods.

Previous events have attracted well over 400 attendees and SCAG Executive Director Hasan Ikhrata has participated as a speaker. SCAG staff is recommending a Gold Sponsorship in the amount of $7,500, which will include the following benefits:

- One (1) half-page advertisement in the program;
- Eight (8) complimentary registrations to the conference (value of $720);
- Eight (8) city/county tables to promote development opportunities that aligned with work resulting from SCAG’s Sustainability Planning Grant program efforts;
- Priority placement on all publicity and marketing; and
- Premium exhibitor booth space in the highest-trafficked area.

**FISCAL IMPACT:**
$32,500 for memberships and sponsorships is included in the approved FY 15-16 General Fund budget.

SUBJECT: AB 1569 (Steinorth) – California Environmental Quality Act

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
AB 1569 would provide a California Environmental Quality Act (CEQA) exemption for projects to inspect, maintain, repair, replace, or remove existing highways and roads in operation, most of which have already passed an environmental review process prior to their initial construction. Consistent with longstanding SCAG policy and the 2016 legislative priorities adopted by the Regional Council, in addition to this streamlining policy called for by Governor Brown in his transportation proposal of September 2015, staff recommends support.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
The state has estimated that California’s transportation infrastructure needs $59 billion to repair deferred maintenance of the system to restore it to a state of good repair. The Legislature has not provided funds for this purpose in the state budget, leading Governor Brown in 2015 to call a Special Session of the Legislature to address transportation infrastructure funding needs.

Little progress has been made since the Special Session began last June, with both the Republican and Democratic caucuses proposing solutions but failing to come to an agreement. In addition to legislative proposals introduced in the Senate last year and the Assembly this year, Governor Brown released his own proposal in September 2015 establishing funding sources and outlining a variety of policies to advance roadway maintenance. In this plan, Governor Brown recommends exempting the inspection, maintenance, repair, rehabilitation, replacement, or removal of existing transportation infrastructure from the California Environmental Quality Act (CEQA).

The CEQA process is widely acknowledged as being a lengthy, expensive process that can cause numerous legal appeals and significant delays to projects under its review. This bill would exempt a project from CEQA review if the project is simply repairing an existing highway or road, to eliminate the potential for the repair to get sidetracked or halted during the CEQA review process.
AB 1569: PRIORITIZING ROAD REPAIRS

AB 1569 provides a reasonable CEQA exemption only to work being done on existing roads and highways, recognizing that much of the state’s infrastructure has already undergone CEQA review for its initial construction.

Specifically, the bill would exempt from CEQA review a project that consists of the inspection, maintenance, repair, rehabilitation, replacement, or removal of existing transportation infrastructure, including, but not limited to, highways, roadways, bridges, culverts, tunnels, transit systems, bikeways, and paths and sidewalks serving bicycles or pedestrians, or both bicycles and pedestrians, or the addition of an auxiliary lane or bikeway to existing transportation infrastructure if the project is located within an existing right-of-way, and any area surrounding the right-of-way that is to be altered as a result of construction activities that are necessary for the completion of the project will be restored to its condition before the project, and does not add additional motor vehicle lanes, except auxiliary lanes.

AB 1569 strikes a necessary policy balance to expedite road repairs in the face of a $59 billion need for repair and maintenance of the system, in recognition that the vast majority of this infrastructure has already undergone CEQA review. Staff recommends support.

AB 1569 is double referred to the Assembly Natural Resources and Transportation Committees. No hearing is yet scheduled. The author has received support from the Western States Trucking Association; National Federation of Independent Business; and American Council of Engineering Companies, with support actions from numerous organizations pending. There is no opposition on-record at this time.

SUBJECT: HR 4369 (Calvert) – Ontario Passenger Facility Charge

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
HR 4369 (Calvert) would codify provisions of the transfer agreement of the Ontario International Airport from the City of Los Angeles and Los Angeles World Airports to the Ontario International Airport Authority, related to the collection of passenger facility charges at the Ontario International Airport to finance eligible projects at the Los Angeles International Airport as compensation for passenger facilities charges collected at Los Angeles International Airport for use at Ontario International Airport prior to the transfer. Staff recommends support of this bill and any Senate companion bill should one be introduced.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
On December 22, 2015, the Los Angeles City Council, the Los Angeles Board of Airport Commissioners, the Los Angeles World Airports, the Ontario City Council, and the Ontario International Airport Authority agreed to transfer ownership and control of Ontario International Airport from the city of Los Angeles and Los Angeles World Airports to the Ontario International Airport Authority, a local joint powers authority established by and between the county of San Bernardino and the city of Ontario.

Pursuant to the transfer agreement, the Ontario International Airport Authority intends to use between $70,000,000 and $120,000,000 in passenger facility charges (PFCs) collected at Ontario International Airport to finance eligible projects at Los Angeles International Airport, as compensation for passenger facility charges collected at Los Angeles International Airport for use at Ontario International Airport in the 1990s, when both airports were controlled by Los Angeles World Airports. This applies exclusively to Ontario International Airport, allowing passenger facility charges to be used for eligible projects at Los Angeles International Airport while making no other changes to passenger facility charges eligibility requirements.
HR 4369, sponsored by Representative Ken Calvert (R-Corona), and co-sponsored by Representatives Norma Torres (D-Ontario), Paul Cook (R-Apple Valley), Grace Napolitano (D-El Monte), Raul Ruiz (D-Palm Desert), Pete Aguilar (D-San Bernardino) and Mike Takano (D-Riverside), would codify into statute these provisions of the transfer agreement related to collection of PFCs at Ontario International Airport to finance projects at Los Angeles International Airport.

The bill provides that the USDOT Secretary may authorize use of PFCs at Ontario International Airport to finance eligible airport-related projects at Los Angeles International Airport provided that not more than $120,000,000 in passenger facility charges collected may be used.

PFCs are collected by the airline as a fee on the purchased ticket. Airports may use these fees to fund FAA-approved projects that enhance safety, security, or capacity; reduce noise; or increase air carrier competition. Examples of eligible projects are construction of a new runway, new perimeter fencing, runway lengthening, purchasing new snow plows, construction of new gates and hold rooms, additional security screening lanes, and baggage conveyors with new security enhancements. On a case by case basis ground access projects can qualify as long as it meets other FAA requirements, such as being on airport property, and/or the only access from the project is directly to the airport. Projects not eligible for financing with PFCs include those that largely enhance just the customer experience or only benefit the airport owner, such as concessions, marketing to airlines for new service, first class lounges, construction of airport administrative space, airport hotel, car rental projects, employee training, utilities, maintenance of facilities, etc.

It is not presently known how long payment of PFCs from Ontario International Airport to Los Angeles International Airport will take due to variable future events that can affect payment, including the number of future enplanements at Ontario as it potentially grows in the coming years, in addition to how much of the collected PFCs in any year would be allocated to Los Angeles International Airport projects.

Senator Dianne Feinstein may introduce a Senate companion bill to HR 4369. Staff recommends support of HR 4369 and its Senate companion, if offered, consistent with the terms of the transfer agreement between Los Angeles and Ontario, and with long standing SCAG policy to support enhanced airport capacity throughout the region to better serve growing air travel demand into and out of Southern California.

HR 4369 was introduced on January 12, 2016, and is referred to House Transportation and Infrastructure Committee. Presently the bill is not calendared for hearing.

SUBJECT: SCAG Trade Corridor Improvement Fund (TCIF) Legislation

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
On February 4, 2016 the Regional Council adopted SCAG’s 2016 Legislative Priorities recommended by the Legislative/Communications and Membership Committee (LCMC) to support legislative efforts offering a balanced consideration of revenue measures to addresses the State’s systemic funding deficit, both to establish new sources of statewide funding for the transportation infrastructure as well as to return to transportation those revenues that previously have been diverted to other purposes. On December 4, 2015, the President signed into law the Fixing America’s Surface Transportation (FAST) Act of 2015, the first comprehensive, long term surface transportation authorization bill passing in ten years. This law allocates funds specifically to the nation’s freight infrastructure under the national freight program established under MAP-21. Consistent with longstanding SCAG support of the Trade Corridor Improvement Fund and Regional Council adoption of the 2016 legislative priorities, SCAG is seeking sponsorship of legislation to allocate formula freight funds made available under the FAST Act, as well as other freight funding that may pass at the state level, to the Trade Corridor Improvement Fund (TCIF), established in California initially to allocate Proposition 1B bond funds, in order to use the State’s successful, pre-existing TCIF framework to allocate freight funding as efficiently as possible without having to re-establish a new freight funding mechanism that likely would result in delayed project funding and development.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
The Trade Corridor Improvement Fund (TCIF) was established to allocate bond funds from Proposition 1B passing in 2006, appropriated thru the annual Budget Bill to fund infrastructure improvements along federally designated “Trade Corridors of National Significance.” The California Transportation Commission (CTC) under this program was required to consult various state and local freight plans prior to recommending funding allocations ultimately approved by the Legislature through the budget process. In all, approximately $2 billion in Proposition 1B bond funds were allocated through the TCIF process to deliver nearly $6 billion in infrastructure projects statewide. The TCIF process has been
widely regarded throughout the state’s transportation community as a successful one and Southern California, with some of the most heavily congested trade corridors in the state and nation, has benefitted greatly from the program.

TCIF was originally set to expire but was extended indefinitely by statute passing in 2014, SB 1228 by Senator Ben Hueso (D-Chula Vista), supported by SCAG, to allow receipt of funds from non-Proposition 1B sources to fund California’s freight and goods movement infrastructure including, specifically, funds transferred from the Greenhouse Gas Reduction Fund (GGRF) and others.

Because the FAST Act of 2015 is now law and provides dedicated funding by formula and by competitive, merit-based grants for freight and goods movement projects, SCAG seeks to sponsor state legislation that would use the existing funding mechanism established under TCIF to allocate federal formula freight funds and potentially leverage with other funding that may pass in the state legislature whether through the regular session or the special session called by the Governor to address California’s structural funding insufficiency for its transportation and infrastructure system.

These new funding sources provided to TCIF under the proposed legislation would be allocated for projects as eligible under the existing TCIF law, including but not limited to:

- Highway capacity improvements and operations improvements to more efficiently accommodate the movement of freight, particularly for ingress and egress to and from the state’s land ports of entry and seaports, including navigable inland waterways used to transport freight between seaports, land ports of entry, and airports, and to relieve traffic congestion along major trade or goods movement corridors;
- Freight rail system improvements to enhance the ability to move goods from seaports, land ports of entry, and airports to warehousing and distribution centers throughout California, including projects that separate rail lines from highway or local road traffic, improve freight rail mobility through mountainous regions, relocate rail switching yards, and other projects that improve the efficiency and capacity of the rail freight system;
- Projects to enhance the capacity and efficiency of ports;
- Truck corridor improvements, including dedicated truck facilities or truck toll facilities;
- Border access improvements that enhance goods movement between California and Mexico and that maximize the state’s ability to access coordinated border infrastructure funds made available to the state by federal law;
- Surface transportation and connector road improvements to effectively facilitate the movement of goods, particularly for ingress and egress to and from the state’s land ports of entry, airports, and seaports, to relieve traffic congestion along major trade or goods movement corridors.

Legislation proposing to allocate FAST Act formula freight funding to finance freight projects under provisions of the existing TCIF statute, as well as the allocation of other funding for freight as may arise from state legislature into the TCIF will provide maximum exposure for the policy proposal to move through the legislative process towards enactment, whether as a stand-alone bill; as part of a broader FAST Act implementation bill; in conjunction with or as part of various comprehensive transportation funding proposals under consideration by the Legislature; the state budget process, etc.
Staff will keep the Committee closely apprised of any related developments throughout the legislative session.

**Summary:**  
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

**Summary:**  
The Public Utilities Act requires the Public Utilities Commission to review and accept, modify, or reject each electrical corporation's procurement plan and requires that each approved procurement plan accomplish specified objectives. This bill would require the commission, as part of a new or existing proceeding, to determine what role large scale energy storage could play as part of the state's overall strategy for procuring a diverse portfolio of resources and to consider specified factors in making that determination.

AB 173  (Holden D)  Golf carts: City of La Verne.
Introduced: 1/22/2015
Location: 7/13/2015-A. CHAPTERED

Summary:
Current law, until January 1, 2016, provides an exemption from the separated golf cart lane requirement for street and highway segments in the City of La Verne that, among other requirements, have a speed limit of 25 miles per hour or less and are immediately adjacent to or surrounded by the campus of a university or a retirement community, if the city council makes specified findings. This bill would delete the January 1, 2016, termination date applicable to the provisions relating to the City of La Verne, thereby making those provisions operative indefinitely.

Introduced: 2/2/2015
Status: 9/28/2015-Vetoed by the Governor
Location: 9/28/2015-A. VETOED
Summary:
Would prohibit, commencing July 1, 2016, any high-occupancy vehicle lane from being established on specified portions of state highway routes in the County of Los Angeles, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the Department of Transportation. The bill would require any existing high-occupancy vehicle lane established on the specified portions of these routes to be modified to conform with those requirements.

**Location:** 1/15/2016-A. DEAD

**Summary:**
Current law requires, on or before December 31, 2019, public agencies and their contractors that transport household hazardous waste to a hazardous waste facility to use certain consolidated manifesting procedures. Current law establishes volumetric and weight limits on the amount of hazardous waste that a conditionally exempt small quantity generator may transport to a household hazardous waste collection facility. Current law expresses the weight limit in 2 alternative measures. This bill would extend the consolidated manifesting procedures requirement to December 31, 2020.

Location: 1/15/2016-A. DEAD

Summary:
The State Aeronautics Act authorizes the Department of Transportation to evaluate the need for an airport, owned or operated by the United States in this state that ceases to be so owned or operated, in the state’s public-use airport system, as specified. The act requires the department, before finalizing the evaluation, to submit a copy of its report to the California Transportation Commission for review and comment and requires the commission to complete its review and comment, as specified, not later than 45 days after receiving the evaluation. This bill would instead require the commission to complete its review and comment not later than 50 days after receiving the evaluation.

**Summary:**  
Current law authorizes a local agency which is conducting proceedings for the incorporation of a city, formation of a district, change of organization, a reorganization, a change of organization of a city, or a municipal reorganization to propose the adoption of a special tax on behalf of the affected city or district in accordance with this procedure. This bill would additionally authorize a local agency conducting proceedings for the disincorporation of a city to propose the adoption of a special tax on behalf of an affected city in accordance with the above-described procedure.

**Summary:**
Current law requires a congestion management program to be developed, adopted, and updated biennially by a designated agency for every county that includes an urbanized area. This bill would delete the traffic level of service standards as an element of a congestion management program and would delete related requirements, including the requirement that a city or county prepare a deficiency plan when highway or roadway level of service standards are not maintained. This bill contains other related provisions and other existing laws.

Summary:
Current law, the Motor Vehicle Fuel Tax Law, imposes a tax upon the privilege of distributing motor fuel
and defines the term "gasohol" for purposes of that law. Gasohol is defined as all blends of gasoline and alcohol containing more than 15% gasoline. This bill would redefine gasohol to instead mean all blends of gasoline and alcohol containing more than 21% or a percentage determined by regulations adopted by the State Board of Equalization, as specified. This bill contains other related provisions and other current laws.

Summary:
Would, under the insurance taxation law, the Personal Income Tax Law, and the Corporation Tax Law, modify the definition of applicable percentage relating to qualified low-income buildings that are farmworker housing projects, as provided. The bill would authorize the California Tax Credit Allocation Committee to allocate that credit even if the taxpayer receives specified federal and state credits or only state credits. The bill would increase the amount the committee may allocate to farmworker housing projects from $500,000 to $25,000,000 per year.

Summary:
Current law continuously appropriates 20% of the annual proceeds of the Greenhouse Gas Reduction Fund to the Affordable Housing and Sustainable Communities Program, administered by the Strategic Growth Council, to reduce greenhouse gas emissions through projects that implement land use, housing, transportation, and agricultural land preservation practices to support infill and compact development and that support other related and coordinated public policy objectives. This bill would require 20% of moneys available for allocation under the program to be allocated to eligible projects in rural areas, as defined.

*Introduced:* 7/16/2015  
*Status:* 7/17/2015-From printer.  
*Location:* 7/16/2015-A. PRINT

**Summary:**  
Current law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. This bill contains other current laws.

Summary:
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism.

Summary:
Would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would provide for the program to be authorized every 5 years by the Legislature, and would provide that authorization for the 2015-16 through 2019-20 fiscal years. The bill would require the California Transportation Commission to identify the estimated funds to be available for the program and adopt performance criteria to ensure efficient use of the funds.

**Summary:**
Current law dissolved redevelopment agencies and community development agencies as of February 1, 2012, and provides for the designation of successor agencies to wind down the affairs of the dissolved redevelopment agencies and to, among other things, make payments due for enforceable obligations and to perform obligations required pursuant to any enforceable obligation. This bill would provide that any action by the Department of Finance, that occurred on or after June 28, 2011, carrying out the department's obligations under the provisions described above constitutes a department action for the preparation, development, or administration of the state budget and is exempt from the Administrative Procedures Act.

Introduced: 2/9/2015
Last Amended: 6/2/2015
Location: 10/8/2015-S. CHAPTERED

Summary:
Would prohibit the boards of the Public Employees' Retirement System and the State Teachers' Retirement System from making new investments or renewing existing investments of public employee retirement funds in a thermal coal company, as defined. This bill would require the boards to liquidate investments in thermal coal companies on or before July 1, 2017, and would require the boards, in making a determination to liquidate investments, to constructively engage with thermal coal companies to establish whether the companies are transitioning their business models to adapt to clean energy generation.

SB 350  (De León D)  Clean Energy and Pollution Reduction Act of 2015.

Introduced: 2/24/2015
Last Amended: 9/11/2015
Status: 10/7/2015-Chaptered by Secretary of State - Chapter 547, Statutes of 2015.
Location: 10/7/2015-S. CHAPTERED

Summary:
Current law establishes the California Renewables Portfolio Standards (RPS) Program, which is codified in the Public Utilities Act, with the target to increase the amount of electricity generated per year from eligible renewable energy resources to an amount that equals at least 33% of the total electricity sold to retail customers per year by December 31, 2020. This bill would require that the amount of electricity generated and sold to retail customers per year from eligible renewable energy resources be increased to 50% by December 31, 2030, as provided.

Introduced: 2/24/2015
Last Amended: 7/6/2015
Location: 10/8/2015-S. CHAPTERED

Summary:
The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with the effects of various geologic hazards, flooding, and wildland and urban fires. This bill would, upon the next revision of a local hazard mitigation plan on or after January 1, 2017, or, if the local jurisdiction has not adopted a local hazard mitigation plan, beginning on or before January 1, 2022, require the safety element to be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to that city or county.

**SBX1 9** (Moorlach R) Department of Transportation.
Introduced: 7/16/2015
Status: 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).
Location: 9/14/2015-S. DEAD

Summary:
Current law creates the Department of Transportation with various powers and duties relative to the state highway system and other transportation programs. This bill would prohibit the department from using any nonrecurring funds, including, but not limited to, loan repayments, bond funds, or grant funds, to pay the salaries or benefits of any permanent civil service position within the department. This bill contains other related provisions and other current laws.

**SBX1 10** (Bates R) Regional transportation capital improvement funds.
Introduced: 7/16/2015
Location: 7/16/2015-S. T. & I.D.

Summary:
Current law requires funds available for regional projects to be programmed by the California Transportation Commission pursuant to the county shares formula, under which a certain amount of funding is available for programming in each county, based on population and miles of state highway. Current law specifies the various types of projects that may be funded with the regional share of funds to include state highways, local roads, transit, and others. This bill would revise the process for programming and allocating the 75% share of state and federal funds available for regional transportation improvement projects.

**SBX1 11** (Berryhill R) Environmental quality: transportation infrastructure.

*Introduced:* 7/16/2015
*Last Amended:* 9/4/2015
*Status:* 9/4/2015-From committee with author's amendments. Read second time and amended. Re-referred to Com. on T. & I.D.
*Location:* 9/4/2015-S. T. & I.D.

**Summary:**
The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. This bill would exempt from these CEQA provisions a project that consists of the inspection, maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of existing transportation infrastructure if certain conditions are met, and would require the person undertaking these projects to take certain actions.

*Introduced: 7/16/2015*

*Status: 8/17/2015-August 19 set for first hearing canceled at the request of author.*

*Location: 7/16/2015-S. T. & I.D.*

**Summary:**

Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.
