Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided a brief overview of the three memberships for the Committee’s consideration.

A MOTION was made (McCallon) to approve the following three memberships: 1) California Contract Cities ($5,000); 2) National Association of Regional Councils (NARC) ($30,000); and 3) FuturePorts ($5,000). The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

3. Transportation Finance Bills
   • SB 16 (Beall)
   • SCA 7 (Huff)
   • ACA 4 (Frazier)

SB 16 – Transportation Funding
Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that SB 16 authorizes the Road Maintenance and Rehabilitation Program for 5-years (FY 2015-16 through FY2019-20), which would increase taxes and fees to raise $3.5 billion in new transportation revenues. The funding would be primarily used to address deferred maintenance on state highways and local streets and roads. Mr. Chidsey further stated that SCAG has long advocated the importance of providing adequate funds for local streets and roads.

A MOTION was made (Clark) to support SB 16 - Transportation Funding. The MOTION was SECONDED (Daniels) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

   AYES: Clark, Daniels, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

   NOES: Lorimore

   ABSTAIN: None

SCA 7 – Motor Vehicle Taxes and Fees; Restriction on Expenditures
Darin Chidsey, Director of Strategy, Policy & Public Affairs, noted that SCA 7 is the only transportation infrastructure plan introduced so far that does not include a tax increase, and will not divert a portion of those tax dollars to projects that have nothing to do with fixing California’s roads and highways. Mr. Chidsey also noted that this constitutional amendment is
the Republican proposal to address transportation needs, and a bi-partisan approach will be beneficial as the amendment moves through the Senate.

Hon. Cheryl Viegas-Walker noted that Senator Huff has been a champion and supporter of SCAG on many issues.

A MOTION was made (Clark) to support SCA 7 – Motor Vehicle Taxes and Fees; Restriction on Expenditures. The MOTION was SECONDED (Murray) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Daniels, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

ACA 4 – Local Government Transportation Projects: Special Taxes: Voter Approval
Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that ACA 4 would reduce the voter threshold from two-thirds to 55% for passage of local sales taxes dedicated to transportation purposes. Mr. Chidsey further stated that the proposed constitutional amendment is offered in recognition of the reality that the gas tax is no longer a viable, sustainable transportation revenue source. Mr. Chidsey recommended support of the Amendment.

A MOTION was made (Clark) and SECONDED (Mitchell) to oppose support of ACA 4 – Local Government Transportation Projects: Special Taxes: Voter Approval.

A SUBSTITUTE MOTION was made (Pettis) to support ACA 4 – Local Government Transportation Projects: Special Taxes: Voter Approval. The SUBSTITUTE MOTION was SECONDED (Mitchell) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Daniels, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: Clark, Lorimore

ABSTAIN: None

4. AB 1074 (Garcia) – Alternative Fuels Infrastructure Plan

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that AB 1074 is a study bill, which directs the state’s energy resources and conservation development commission to cultivate an alternative refueling infrastructure plan. Mr. Chidsey recommended support of the bill.

A MOTION was made (Daniels) to support AB 1074 – Alternative Fuels Infrastructure Plan. The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:
Legislative/Communications & Membership Committee Minutes

AYES: Clark, Daniels, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

5. AB 857 (Perea) – California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that as part of the Cap-and-Trade program and GHG reduction fund, AB 857 is dedicated to putting resources into new technologies and investing incentive to turn over certain vehicle fleets. The bill is also focused on affordable housing/sustainable communities, which is one of the main vehicles to implement the Sustainable Communities Strategy (SCS). Mr. Chidsey recommended support of the bill because it provides incentives to put more clean trucks on the road and supports a faster transition to low-carbon transportation technologies in the heavy-duty truck sector.

A MOTION was made (McCallon) to support AB 857 – California Clean Truck, Bus, and Off-Road Vehicle and Equipment Technology Program. The MOTION was SECONDED (Clark) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

NOES: None

ABSTAIN: Mitchell

INFORMATION ITEMS

6. Climate Change Bills

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that the Governor, state legislators, and environmental leaders announced general support of a legislative package of bills to further reduce the state’s carbon emissions, improve building energy efficiency, increase the development and usage of renewable energy, and to further establish California’s national and international leadership role in the policy area of climate change. Opponents of the bill assert that the policies will increase the cost to California businesses and make them less competitive.

Jeff Dunn, Senior Legislative Analyst, noted that SCAG is still monitoring the bill and has not taken a position.

7. Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS) – Open House Overview

Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided an overview of the outreach activities for the upcoming RTP/SCS. A schedule of the Open House events will be provided to the Committee members.

8. Governor’s 2016 Budget May Revise

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that the Governor’s May Revise focuses on overall major policy provisions and objectives, as well as a more specific summary of Cap-and-Trade revenue allocations under the plan. Mr. Chidsey further stated that staff will monitor and apprise the Committee of ongoing budget trial bill activities, in addition to the various moving transportation funding proposals, which may pass as part of a comprehensive budget and revenue package.

9. 2015 Regional Conference & General Assembly Recap

Michele Martinez, Host Committee Chair, thanked staff and the Host Committee for their tremendous contribution in making the Regional Conference and General Assembly a great success. Hon. Martinez noted that some of the sponsors expressed concern that dinner attendees were not respectful to them when they were speaking.

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that those concerns are being addressed. He further stated that staff offered to refund a portion of the sponsorship monies, as their needs were not met. The sponsors declined this offer.

The Committee was unanimous in its recognition of staff and their tireless efforts in putting forth a successful Regional Conference and General Assembly.

10. Legislative Tracking Report

FUTURE AGENDA ITEMS
Update on ongoing Congressional activities to extend current surface transportation reauthorization law and to develop a successor, long-term bill.

ANNOUNCEMENTS
Hon. Cheryl Viegas-Walker inquired about scholarship applications from the various counties. Houston Brooks Laney stated that Imperial County has approximately 8 applications, which is more than previous years and Riverside County also has more applications this year.

ADJOURNMENT
The Chair adjourned the meeting at 9:45 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. - 10:00 a.m., Tuesday, June 16, 2015, at the SCAG Los Angeles office.

SUBJECT: SB 321 (Beall): Motor vehicle fuel taxes rate adjustments.– SUPPORT

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
In 2010, the State enacted the ‘fuel tax swap’ that changed how state taxes on gasoline and diesel fuel are imposed to provide for more transportation revenues to be available for state highway purposes and to repay the State for previous loans to fund the state’s transportation system. Among the unintended consequences of the fuel tax swap has been volatile fluctuation from year to year in the amounts of fuel tax revenues that go to local governments due to the difficulty of predicting actual future fuel prices versus how the state under provisions of the fuel tax swap must estimate and collect these taxes. SB 321 is intended as a ‘fix’ to the way revenues from the fuel tax swap are estimated to reduce the volatility of revenues received by local governments on a year-by-year basis, thus allowing them to better plan for longer term, multi-year transportation budgets while remaining revenue neutral to the State. Staff recommends the Legislative/Communications and Membership Committee (LCMC) forward a support recommendation to the Regional Council to allow SCAG to actively support the bill as it is considered in the 2nd chamber of the Legislature.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
In 2010, the Legislature enacted two "fuel tax swap" measures that changed the imposition and rates of state taxes on gasoline and diesel fuel, and required the state Board of Equalization (BOE) to annually determine the appropriate excise tax rate adjustments to maintain revenue neutrality. The gasoline tax changes became operative on July 1, 2010, and the diesel fuel tax changes on July 1, 2011.

The fuel tax swap was partly enacted to allow the use of additional existing transportation revenue for highway purposes, including General Obligation bond debt service, where that debt service was related to transportation projects. The swap exempted sales and purchases of gasoline from the state sales and use tax rate. To offset the revenue loss related to this partial exemption, the law increased the gasoline excise tax rate from $0.18 per gallon to $0.353 per gallon. Conversely, the measure reduced the diesel fuel excise tax rate from $0.18 to $0.13 per gallon, but increased the sales and use tax rate on diesel fuel sales to offset the loss related from the reduction. Since the fuel tax swap was enacted, the sales tax on...
diesel fuel as been adjusted annually to be 1.87% on July 1, 2011; 2.17% on July 1, 2012; 1.94% on July 1, 2013; and 1.75% on July 1, 2014.

The fuel tax swap provisions require BOE to maintain overall revenue neutrality so that the revenues derived from the increased gasoline excise tax and the increased diesel sales and use tax equals the revenues that would have been derived had the gasoline sales and use tax partial exemption and the diesel fuel excise tax reduction, respectively, not occurred.

To maintain revenue neutrality, state law requires BOE to annually adjust the gasoline and diesel fuel excise tax rates either upward or downward. For gasoline, the BOE determines: (1) whether the sales and use tax revenue loss related to the partial exemption was fully offset by the adjusted rate, and (2) the projected sales and use tax revenue loss for the next fiscal year, considering forecasted gasoline prices and consumption. For diesel fuel, the BOE determines: (1) whether the revenue gain from the increased sales and use tax rate on diesel fuel sales and purchases was fully offset by the adjusted diesel fuel excise tax rate, and (2) the projected sales and use tax revenue gain for the next fiscal year, considering forecasted diesel fuel prices and consumption. By March 1 each year, the BOE must determine the rate adjustments and the adjusted rate applies on the following July 1.

According to the bill’s author, the extreme difficulty in forecasting gas prices inevitably results in either significantly over or under collecting revenue, and future adjustments must reconcile this discrepancy. The reconciling adjustment, or "true up," can lead to even greater revenue volatility from year to year than that simply attributable to the change in fuel price, because the adjustment is factored into the rate set in subsequent years which can make estimate errors compounded in the future. For example, if taxable sales of gasoline (which are a function of gas prices and gallons sold) fall more than BOE anticipated in its rate setting, then a downward true up will compound a downward trend in taxable sales in subsequent years. The result of this complicated process has been dramatic swings in the gas tax, making it difficult for cities to plan transportation projects more than a year out. Currently, the League of Cities estimates that without immediate action, overall cities will see a 56% downturn in these funds in the 2015-16 fiscal year.

SB 321 changes the methodology used to determine the fuel tax rates to seek a reduction in the volatility of revenues received by local governments. The current methodology for forecasting the fuel price component is problematic because it does not take into account historical data, using only projections. This bill would use 4 years of historical data, and changes other administrative procedures which is expected to result in a reduction of wide excise tax rate swings, and make transportation budgeting less difficult for local governments.

Specifically, the bill requires BOE to adjust the excise tax rate based on a five-year average that relies on fuel price data, from the immediately preceding four years and estimated fuel prices for the current fiscal year, to generate a forecasted fuel price that is weighted primarily by known fuel price data. That adjusted rate must be determined by July 1, 2015, and that rate would be effective for fiscal year (FY) 2015-16. It requires BOE to follow the same estimate methodology but the rate must be adjusted by March 1 of the fiscal year immediately preceding the applicable fiscal year, beginning FY 2016-17. The bill allows BOE to adjust the rate before March 1, but not sooner than six months between the intervening adjustments, if changes in either fuel prices or consumption in the state occur, effectively allowing BOE to adjust the rate every six months if needed, but no more frequently. Finally, the bill
contains specific intent language to clarify that its purpose and provisions are not intended to raise any state taxes.

SB 321 is supported by numerous local government and transportation entities, including the League of California Cities, California State Association of Counties, California Councils of Government (CALCOG), SANBAG, California Transit Association, Transportation California, Metropolitan Transportation Commission and many others. There is no on-record opposition.

The bill has passed the Senate by vote of 40-0 on June 1. It is currently held at the Assembly Desk awaiting committee assignment.

Staff recommends the LCMC forward a support recommendation to the Regional Council at its July meeting so that SCAG can join its local government and transportation partners in actively supporting the bill as it is considered in the Assembly. **Summary:**  
Would authorize certain local agencies to form a community revitalization authority (authority) within a community revitalization and investment area, as defined, to carry out provisions of the Community Redevelopment Law in that area for purposes related to, among other things, infrastructure, affordable housing, and economic revitalization. The bill would provide for the financing of these activities by, among other things, the issuance of bonds serviced by tax increment revenues, and would require the authority to adopt a community revitalization plan for the community revitalization and investment area that includes elements describing and governing revitalization activities.

Summary:
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

Summary:
The California Global Warming Solutions Act of 2006 requires the State Air Resources Board to adopt a statewide greenhouse gas emissions limit to be achieved by 2020 equivalent to the statewide greenhouse gas emissions levels of 1990. Pursuant to the act, the state board has adopted the Low-Carbon Fuel Standard regulations. This bill, commencing January 1, 2017, would require at least 3% of the aggregate amount of transportation fuel purchased by state agencies that are buyers of transportation fuel to be procured from very low carbon transportation fuel sources. The bill would require the percentage to be increased by 1% each year thereafter until January 1, 2024.

**Summary:**  
The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would authorize the Office of Planning and Research to determine that transportation impacts for residential and mixed-use projects in transit priority areas do not meet the threshold of significance.

**Summary:**
The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with the effects of various geologic hazards, flooding, and wildland and urban fires. This bill would, upon the next revision of a local hazard mitigation plan on or after January 1, 2017, or, if the local jurisdiction has not adopted a local hazard mitigation plan beginning on or after January 1, 2022, require the safety element to be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to that city or county.
