CONSENT CALENDAR

1. Minutes of April 18, 2017 Meeting

As part of the Consent Calendar, the minutes of April 18, 2017, pertaining to Item #6, SB 150 (Allen), Jeff Dunn requested that a provision for future steps be included in the ‘Oppose’ motion. With this amendment, a MOTION (Viegas-Walker) was made to APPROVE the Consent Calendar. The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Martinez, Murray, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

ACTION ITEMS

2. SCAG Membership

Darin Chidsey, Chief Operating Officer, provided a brief overview of the membership. Los Angeles County Business Federation (BizFed) - $5,000.

A MOTION was made (Finlay) to APPROVE the membership as presented. The MOTION was SECONDED (Murray) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Murray, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

3. AB 805 (Gonzalez Fletcher) – County of San Diego: Transportation Agencies

Darin Chidsey, Chief Operating Officer, stated that AB 805 would change the governance and financing authority of the San Diego Association of Governments (SANDAG), the San Diego Metropolitan Transit System (MTS), and the North County Transit District (NCTD), and add requirements to SANDAG’s regional comprehensive plan. The bill also adds an audit committee to the list of standing policy advisory committees within SANDAG and prescribes numerous duties and authorities to the committee. Staff recommends an oppose position.

A MOTION was made (Murray) to oppose AB 805 (Gonzales Fletcher) – County of San Diego: Transportation Agencies. The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Martinez, Murray, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

4. AB 686 (Santiago) – Housing Discrimination: Affirmatively Further Fair Housing

Darin Chidsey, Chief Operating Officer, stated that AB 686 would require a public agency to administer its programs and activities relating to housing and community development in a manner that affirmatively furthers fair housing consistent with this obligation under federal law. The bill would make it unlawful under the California Fair Employment and Housing Act for a public agency to fail to meet its obligation to affirmatively further fair housing and would provide that failure would constitute housing discrimination under the act. The bill would authorize the Director of Fair Employment and Housing to investigate or bring a civil action based on an alleged violation of these provisions. Staff recommends an oppose position.

Jeff Dunn, Senior Legislative Analyst, stated that the bill gives a cause of action to bring challenge against any kind of project that would arguably have affordable housing or any existing state
program that might be part of developing affordable housing. Mr. Dunn further stated that as a matter of policy in this era of extreme need for additional housing, SCAG should oppose any bill that could potentially bring further cause of action against affordable housing.

A MOTION was made (Finlay) to oppose AB 686 (Santiago) – Housing Discrimination: Affirmatively Further Fair Housing. The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Martinez, Murray, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

5. SB 768 (Allen) – Transportation Projects: Public Private Partnerships (P3s)

Darin Chidsey, Chief Operating Officer, stated that SB 768 would indefinitely extend authorization of the Department of Transportation and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities for certain transportation projects that may charge users for those project tolls and user fees subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Under existing law that authority was sunset on January 1, 2017. Mr. Chidsey stated that staff recommends a support position to extend these P3 provisions.

A MOTION was made (Clark) to support SB 768 (Allen) – Transportation Projects: Public Private Partnerships (P3s). The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Lorimore, Martinez, Murray, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

6. SB 268 (Mendoza) – Los Angeles County Metropolitan Transportation Authority

Darin Chidsey, Chief Operating Officer, stated that SB 268 would reduce the number of members of the Los Angeles County Metropolitan Transportation Authority (LA Metro) board of directors from five (5) to two (2) of those members that are county supervisors, and would require that one supervisor represent the largest population in the unincorporated area of Los Angeles County. The bill would delete the appointment of the current two (2) public members and require the Mayor of the City of Los Angeles to appoint five (5) members of the Los Angeles City Council who represents contiguous clusters of three (3) council districts. The bill would require the city council to determine contiguity. The bill would require every appointee to serve a 4-year term without limitation or until the expiration of the term of his or her elected office. Staff recommends an oppose position.
A MOTION was made (Murray) to oppose SB 268 (Mendoza) – Los Angeles County Metropolitan Transportation Authority. The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

**AYES:** Clark, Finlay, Lorimore, Martinez, Murray, Pettis, Viegas-Walker, Wapner

**NOES:** None

**ABSTAIN:** None

**INFORMATION ITEMS**

7. **AB 871 (Santiago) – Office of Emergency Services: Disaster Programs**

Darin Chidsey, Chief Operating Officer, stated that AB 871 would appropriate $3M from the General Fund (GF) to the Governor’s Office of Emergency Services (CalOES) to fund current disaster preparedness, resiliency, and response programs in vulnerable underserved neighborhoods and communities that may be subject to disasters. CalOES must distribute the funds on or before June 30, 2018, to a qualified charitable organization.

8. **SB 775 (Wieckowsky) – California Global Warming Solutions Act of 2006: Market-Based Compliance Mechanisms**

Darin Chidsey, Chief Operating Officer, stated that SB 775 requires the California Air Resources Board (CARB), when administering a market-based compliance mechanism (commonly referred to as ‘Cap-and-Trade’), to assist the state in meeting its mandated greenhouse gas (GHG) emissions reduction goals to set an initial minimum reserve price of $20 per allowance, and an initial auction offer price of $30 per allowance. The bill would require the program to increase the minimum reserve price and the auction offer price each quarter, as specified, to achieve greater certainty and predictability of auction revenues over time. The bill also contains provisions related to free allowances, offsets, and other provisions. Mr. Chidsey further stated over the last several years, staff and members of this Committee have been talking about the effectiveness of the Cap-and-Trade program; particularly, how the program is distributing its funds. On Wednesday, May 17, 2017, Hasan Ikhrata, SCAG’s Executive Director, and Mr. Chidsey will attend a joint session at the capitol in Sacramento to discuss the future of the program and allocation of the funds. Mr. Chidsey noted that the SCAG region has received less than 30% of the funds to date from the program. Staff is not recommending a position until the bill has been fully vetted by its various stakeholders.

9. **AB 302 (Gipson) – South Coast Air Quality Management District: Fleets**

Darin Chidsey, Chief Operating Officer, stated that AB 302 would grant new authority to the South Coast Air Quality Management District (SCAQMD) to impose accelerated purchase requirements of near-zero and zero-emission vehicles by public and private fleets within South Coast. The bill is sponsored by the Natural Gas Vehicle Coalition. SCAQMD has not yet taken a position on this bill. It is currently being evaluated by SCAG’s partner agencies throughout the region. Staff will continue to monitor the bill.

10. Federal Budget

Darin Chidsey, Chief Operating Officer, stated that as the federal government moved forward with the budget for the remainder of the fiscal year, there were concerns how that might affect transportation. When the President unveiled his initial budget, there were drastic changes to transportation funding. However, none of those changes came to fruition in the extension of the current fiscal budget. The federal government maintained status quo funding, which means all the usual programs in transportation will move forward in the extension of the budget. Mr. Chidsey noted that staff is anticipating the trillion dollar Trump investment plan, and is working with its transportation partners throughout the region to prepare for the program’s release.

11. Bills of Interest

There were no additional bills addressed.

FUTURE AGENDA ITEMS

Hon. Clint Lorimore requested that AB 1250, which addresses city contracts, be added to the next LCMC agenda.

Hon. Glen Becerra noted there are referendums being filed against SB 1, and requested that this issue be addressed at the next LCMC meeting.

Hon. Cheryl Viegas-Walker suggested scheduling time at a future meeting to discuss a more holistic approach to solving the issues of affordable housing. Hon. Viegas-Walker also requested that staff provide an outline of legislative trips forthcoming in the fall of 2017.

ANNOUNCEMENTS

There were no announcements presented.

ADJOURNMENT

Chair Clint Lorimore adjourned the meeting at 9:20 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, June 20, 2017.

SUBJECT: SCAG Sponsorships

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $21,000 in sponsorships for: 1) Southern California Leadership Network ($14,500); and 2) Governor’s Goods Movement Symposium ($6,500).

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
1) Southern California Leadership Network – $14,500

The Southern California Leadership Network (SCLN) was founded to advance the region and the state by inspiring, preparing, and connecting leaders to drive change. SCLN does this through its signature Leadership Fellowships, continued leadership development opportunities, and other events to promote lifelong leadership learning. SCAG has been a long-time supporter of a variety of SCLN’s programs, including the California Connections Program (which this particular sponsorship replaces in the budget) and their annual Visionaries Luncheon.

SCLN’s Leadership Southern California Fellowship Program gives professionals from government, business, academic, and community organizations a unique opportunity to connect on a regional level while also preparing them to be a part of the region in a positive direction through new and innovative partnerships. The curriculum is designed for civic leaders to give them the skills to lead and facilitate diverse teams through conflict into common ground and new initiatives. Fellows will learn to recognize unity that is present in the midst of diversity, conflict, and strife, giving them the skills needed to build consensus and resolve community challenges in a productive, impactful manner.

Staff is recommending a “Presenting” level sponsorship in the amount of $10,000, which will include the following:
- Introductory or speaking role for an organizational representative during class orientation or other selected seminar day;
- Organizational logo on electronic promotions, event-related signage, materials for every seminar, sponsor slide show and SCLN website (with link to organization site);
- Opportunity for sponsor representative to attend any seminar-related receptions; and
- Complimentary tuition for one participant in the Leadership Southern California 2017-18 fellowship.

Apart from sponsorship of the SCLN program, the SCLN will hold the 2017 Visionaries Awards on November 30, 2017. The 2017 Visionaries Awards celebrates dynamic leadership by recognizing outstanding achievements of the region’s leaders. As the SCLN will be celebrating their 30th anniversary this year, the 2017 Visionaries Awards will also recognize 30 of their alumni who have made an outstanding impact in the region and state. SCAG has successfully partnered with the SCLN for many years, with SCAG board members participating in the SCLN’s leadership development programs, the annual Visionaries Awards, and panel discussions on regional policy issues. SCLN estimates there will be over 400 business, government, and non-profit leaders from Southern California in attendance at this year's event.

SCAG staff is recommending a “Bronze” sponsorship in the amount of $4,500, which will include:

- Ten (10) tickets for the awards ceremony and reception;
- Organizational name in event program;
- Sponsor recognition on all event signage and electronic promotions;
- Verbal recognition at the event; and
- Half page “bronze ad” (black and white) in tribute book.

2) **Sustainable Freight Think Tank Symposium – $6,500**

As a key initiative critical to the implementation of Governor Brown’s California Sustainable Freight Action Plan, the California State Transportation Agency (CalSTA), the California Environmental Protection Agency (CalEPA), the California Natural Resources Agency, the California Air Resources Board (ARB), the California Department of Transportation (Caltrans), the California Energy Commission (CEC), and the Governor’s Office of Business and Economic Development (GO-Biz) will be holding a two-day invitation-only Sustainable Freight Think Tank Symposium in mid-July 2017 to bring together nearly 30 forward-thinking freight strategists, forecasters, and innovators, as well as national and State policy makers, to have an in-depth, roundtable discussion about the demands on the future freight transport system and the transformative technologies, partnerships, and critical steps necessary to meet those demands. This expert insight will allow for better evaluation of current and prospective actions related to research, establishing policy, and making investments that California can consider as part of long-term planning for the future freight transport system. The symposium will be structured to meet the following objectives:

- Gain insight into participants’ visions and goals related to the future freight transport system.
- Identify the opportunities and barriers related to meeting these goals.
- Identify solutions and actions for overcoming these barriers and for achieving the Action Plan’s vision of the future freight system, including any research and policy opportunities for private and public sectors partners.

The Southern California Air Quality Management District (SCAQMD) and the Port of Los Angeles are also sponsoring the two-day event.

FISCAL IMPACT:
$21,000 for memberships is included in the approved FY 17-18 General Fund budget.

EXECUTIVE SUMMARY:
Senate Bill 1 (Beall, Chapter 5, Statutes of 2017), The Road Repair and Accountability Act of 2017, provides the first significant, stable, and ongoing increase in state transportation funding in more than two decades. In providing this funding, the Legislature has provided additional funding for transportation infrastructure, increased the role of the California Transportation Commission (CTC) in a number of existing programs, and created new transportation funding programs for the CTC to oversee. An update on current activities related to implementation is provided, as well as updates on recall efforts related to SB 1.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
Senate Bill 1 (Beall, Chapter 5, Statutes of 2017), The Road Repair and Accountability Act of 2017, provides the first significant, stable, and ongoing increase in state transportation funding in more than two decades. In providing this funding, the Legislature has provided additional funding for transportation infrastructure, increased the role of the California Transportation Commission (CTC) in a number of existing programs, and created new transportation funding programs for the CTC to oversee.

The CTC has unanimously approved an implementation plan, which discusses the timelines for the guidelines development process for each program that will be impacted by SB 1. The workshops are open to State and Federal Agencies, Tribal Governments, Regional and Local Agencies, as well as organizations representing environmental, social equity, land-use and business perspectives, and interested stakeholders.

Consistent with their mission to ensure a safe, financially sustainable, world-class multimodal transportation system, the CTC has immediately begun to develop and adopt guidelines for the following programs:
- **Local Partnership Program:** Helps finance priority projects in counties and cities with voter-approved transportation taxes and fees.

- **Local Streets and Roads Apportionments:** Doubles the amount of funding to cities and counties for road maintenance and repair. Local entities will be accountable to the Commission for how they spend this new funding.

- **Solutions for Congested Corridors Program:** Provides funding on a competitive basis to Caltrans and regional agencies for priority projects that will improve traffic flow and mobility along the state’s most congested corridors while also seeking to improve air quality and health.

- **Freight Program:** Provides funding for corridor-based freight projects nominated by local agencies and the state.

- **Active Transportation Program Augmentation:** Provides dedicated funding for bike lanes, pedestrian paths, sidewalks, safe routes to schools and other projects that help reduce reliance on the automobile.

- **Increased oversight and funding for the State Highway Operation and Protection Program (SHOPP):** Provides funding for major State highway repair, safety and operational improvements.

- **State Transportation Improvement Program (STIP) Stabilization:** Provides reliable funding for new priority projects.

The CTC held an SB 1 Implementation Kickoff Forum in Sacramento on June 8-9, 2017, for interested stakeholders to learn about the SB 1 programs under the purview of the CTC and the CTC’s development of guidelines to implement these programs. The meeting on June 8, 2017 included a high-level overview of SB 1 and perspectives from legislative, administrative, regional, local, environmental, social equity, business, industry and other representatives to inform efforts to implement SB 1 programs. The June 9, 2017 workshops initiated development of program guidelines necessary to implement new and augment existing CTC programs.

The June 8, 2017 presentation at the SB 1 Implementation Kickoff Forum is attached, as well as an overview of the program that includes estimates of SCAG region allocations.

**Related News**

California State Assemblymember Travis Allen (R-Huntington Beach) has filed an initiative to repeal SB 1 and move it to a vote of the California people in 2018. The ballot initiative was filed on May 5, 2017 with the California Attorney General's office and seeks to repeal the recently enacted SB 1 in its entirety. Under California law, the Attorney General has 65 days to write a title and summary of the initiative for the November 2018 ballot, and the initiative's proponents have 150 days to gather 365,880 valid CA signatures to qualify the Repeal for the November 2018 ballot.

An effort to recall California State Senator Josh Newman (D-Fullerton) was launched on April 19, 2017. Supporters of the recall effort need to collect 63,593 signatures by October 16, 2017, to move the recall forward. The recall effort was initiated by talk radio host and former Republican San Diego City Councilman Carl DeMaio in response to Newman's support for SB 1. It is thought, however, that Senator Newman is also being targeted due to his thin margin of victory in the 2016 General Election (2,498 votes, which was 0.79% of the vote total). Opponents are currently collecting signatures.

*Included in this report are legislative bills the Committee has recommended position upon this year, including those bills acted upon last month that have cleared the first house by or before the June 2, 2017 deadline, as well as other bills of potential impact that SCAG is closely monitoring. STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:

**AB 28 (Atkins)**
AB 28 extends for three years the previous waiver of federal immunity under the National Environmental Protection Act (NEPA) to the Department of Transportation for surface transportation projects. The Department would consent to the jurisdiction of federal courts and assume responsibilities for environmental review and clearance of transportation projects that would otherwise be the responsibility of the federal government. **CHAPTERED; Chapter 4, Statutes of 2017.**

**AB 91 (Cervantes)**
AB 91 prohibits an HOV lane from being established in Riverside County unless the HOV lane is established on a part-time basis, and requires any existing HOV lanes in Riverside County to be converted to part-time operation. As amended, the bill provides exceptions to both of these provisions if the Department of Transportation (Caltrans), with the concurrence of the Riverside County Transportation Commission (RCTC) and the Southern California Association of Governments, determines that compliance with the prohibition or conversion requirements will result in either of the following: a) Federal financial penalties or disqualification from future funding; or b) Costs to local or regional governments to provide transportation control measures. Passed Assembly, referred to Senate Rules Committee, awaiting policy assignment.
AB 686 (Santiago)
AB 686 requires public agencies (broadly defined) to administer programs and activities relating to housing and community development in a manner to affirmatively further fair housing, and to not take any action that is inconsistent with this obligation. Failure to meet this standard would be a discriminatory act under the California Fair Employment and Housing Act. The bill would define the term “public agency” to mean any state or local agency, regional transportation agency, or council of governments. Passed Assembly (52-24); Senate Rules Committee awaiting policy assignment.

AB 805 (Gonzalez Fletcher)
AB 805 among other provisions would change the SANDAG Board membership and voting procedures to require the mayor and the president of the city council of the City of San Diego to serve on the board, and would also modify provisions of the weighted vote procedure currently utilized by the SANDAG board in conjunction with the majority vote of members on a one vote per agency basis. The bill also establishes a policy committee to advise the board. Passed Assembly 52-24; Senate Rules Committee awaiting policy assignment.

AB 1086 (Lorena Gonzalez)
The bill requires that if the regional population forecast developed by the council of government (COG) is within a range of 1.5%, rather than 3%, of the total regional population forecast for the projection year by Department of Finance (DOF), then the Department of Housing and Community Development (HCD) must use the COG’s projection. It provides that if the difference in population projection between the COG and DOF is larger than 1.5%, rather than 3%, then HCD and the COG must meet and discuss variances in the methodology used for the population projection and seek agreement on a population projection for the region. As amended the bill modifies existing requirements for a requested revised share of housing allocations by a council of governments or delegate subregion to be consistent with and not to the detriment of the development pattern in an applicable sustainable communities’ strategy. Passed Assembly on consent; referred to Senate Transportation and Housing Committee, hearing scheduled June 20, 2017.

AB 1189 (E. Garcia)
AB 1189 amends existing law authorizing the Riverside County Transportation Commission to impose a transactions and use tax for transportation purposes subject to approval of the voters of 1/2 of 1%, to impose a maximum tax rate for transportation purposes of 1%, subject to voter approval. The bill would prohibit the commission from imposing a tax rate other than 1%, or 3/4, 1/2, or 1/4 of 1% unless specifically authorized by statute. Passed the Assembly (50-22) and referred to Senate Governance and Finance Committee, and Senate Transportation and Housing Committee, no hearing scheduled.

AB 1250 (Jones-Sawyer)
This bill would establish specific standards for the use of personal services contracts by counties and cities. Beginning January 1, 2018, the bill would allow a county, city, or a county or city agency to contract for personal services currently or customarily performed by employees when specified conditions are met. The bill would require the county or city to clearly demonstrate that the proposed contract will result in actual overall costs savings to the county or city and also to show that the contract does not cause the displacement of county or city workers. The bill would require a contract entered into under these provisions to specify that it may be terminated upon material breach, if notice is provided, as specified. Additionally, the bill would require the county or city to conduct an audit of the contract to
determine whether cost savings have been realized and would require the contractor to reimburse the cost of the audit. The bill would impose additional disclosure requirements for contracts exceeding $100,000 annually and would exempt a chapter charter city from its provisions. Passed Assembly 52-24; Senate Rules Committee awaiting assignment.

AB 1505 (Bloom)
AB 1505 would additionally authorize the legislative body of any city, county, or city and county to adopt ordinances to require, as a condition of development of residential rental units, that the development include a certain percentage of affordable residential rental units, also known as “inclusionary zoning.” Currently jurisdictions can adopt such an ordinance for rental units, but due to prior State court decisions a time and resource-intensive nexus study must be conducted. This bill would clarify a jurisdiction’s ability to adopt inclusionary housing requirements for new market-rate rental development. AB 1505 passed the Assembly (47-24) and the Senate Transportation and Housing Committee (7-4); Senate 3rd Reading File.

AB 1523 (Steinorth)
AB 1523, as amended, authorizes the San Bernardino County Transportation Authority (SBCTA), upon approval of its board of directors, to use the design-build contracting process for local agencies to award a contract for the construction of the Mt. Vernon Avenue Viaduct project in the City of San Bernardino. Passed Assembly on consent; Senate Transportation and Housing Committee, hearing scheduled June 20, 2017.

ACA 4 (Curry)
ACA 4 is a proposed amendment to the Constitution of the State to require a fifty-five percent (55%) vote threshold for infrastructure and affordable housing bonds. Currently, a two-third (2/3) majority is required for these bonds to pass. At the local level, this amendment could help initiatives aimed to build and preserve housing and associated infrastructure. Assembly Local Government; two-year bill.

SB 2 (Atkins)
SB 2, also known as the Building Homes and Jobs Act, will assess a $75 fee on real estate recorded documents, excluding those documents associated with real estate sales. Transactions involving the sale of commercial and residential real estate are exempt from the fee. Fifty percent (50%) of collected fees will be distributed directly to local governments to address local needs while the remainder will be allocated by the State on a competitive basis. SB 3 is on suspense file in the Senate.

SB 3 (Beall)
SB 3 would enact the Affordable Housing Bond Act, which if adopted by California voters at the November 8, 2017 general election would authorize a $3 billion bond issuance to finance various existing housing programs as well as infill infrastructure financing and affordable housing matching grant programs. Bond funds would be expended for new construction or preservation of affordable housing, infill infrastructure, farmworkers housing, and other housing programs. Passed Senate (30-9); Assembly Desk awaiting assignment.

SB 35 (Wiener)
SB 35 would require multi-family housing developments that meet certain specific planning objectives, such as infill location and a certain percentage of affordable units, to be subject to a streamlined,
ministerial approval process by a jurisdiction. This bill would also limit the authority of a jurisdiction to impose parking requirements on projects that qualify for the streamlined process. This process would apply in jurisdictions where an insufficient number of permits have been issued as reported in their respective annual progress report to the California Department of Housing and Community Development (HCD), which reports building activity in comparison to the Regional Housing Needs Assessment (RHNA) allocation. Passed Senate (23-12); Assembly Desk awaiting assignment.

SB 268 (Mendoza)
SB 268 would change the composition of the LA Metro board by reducing the number of members of the board of supervisors from 5 to 2 members and would require that one supervisor represent the largest population in the unincorporated area of the County of Los Angeles. The bill would delete the appointment of 2 public members and require the Mayor of the City of Los Angeles to appoint 5 members of the City Council of the City of Los Angeles who represent contiguous clusters of 3 council districts. The bill would require the city council to determine contiguity. This bill would provide for 7 members to be appointed by the Los Angeles County City Selection Committee to represent the other cities in the County of Los Angeles from 4 specified sectors. The bill would require every appointee to serve a 4-year term without limitation or until the expiration of the term of his or her elected office. Passed the Senate (22-12); Referred to Assembly Transportation Committee and Local Government Committee, no hearing scheduled.

SB 540 (Roth)
SB 540 authorizes a local agency to establish Opportunity Zones by preparing an Environmental Impact Report (EIR) and adopting a specific plan that meets specific requirements. A specific plan fee would be imposed upon all persons seeking governmental approvals within the zone. A new program would be created at Governor’s Office of Planning and Research (OPR) to provide local agencies no-interest loans to prepare specific plans (a further appropriation would be needed). After specific plan adoption, the local agency would be prohibited from denying a development proposal within the area that meets certain criteria. Environmental review would not be required for qualifying housing developments and the agency would have to approve, or disapprove, the project within 60 days.

SB 768 (Allen and Weiner)
SB 768 indefinitely extends the public private partnership authority of the Department of Transportation and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees. This authority expired under current law on January 1, 2017. Senate Appropriations Committee; two-year bill.

SB 775 (Wieckowski)
SB 775 revises the market-based compliance (cap and trade) program starting in 2021. It sets a new initial minimum reserve price at $20 per allowance and an initial auction offer of $30 per allowance. Reserve prices would increase by $1.25 each quarter plus CPI; and the Air Resources Board could revise the definition of covered entity. The bill would require the Franchise Tax Board, in consultation with the Climate Dividend Access Board, which the bill would establish, to develop and implement a program to deliver quarterly per capita dividends to all residents of the state that would maximize the ease with which residents of the state may enroll in the program. Senate Environmental Quality Committee; two-year bill.

**Summary:**
Would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system. The bill would require the California Transportation Commission to adopt performance criteria, consistent with a specified asset management plan, to ensure efficient use of certain funds available for the program. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund.

**Summary:**  
Current federal law requires the United States Secretary of Transportation to carry out a surface transportation project delivery pilot program, under which the participating states assume certain responsibilities for environmental review and clearance of transportation projects that would otherwise be the responsibility of the federal government. Current law, until January 1, 2017, provided that the
State of California consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of the responsibilities it assumed as a participant in the pilot program. This bill would reinstate the operation of the latter provision. The bill would repeal that provision on January 1, 2020. This bill would declare that it is to take effect immediately as an urgency statute.

**Summary:**

CEQA requires that an action or proceeding to attack, review, set aside, void or annul a determination, finding, or decision of a public agency, as provided, on the grounds of noncompliance with its provisions be brought in accordance with specified law governing administrative mandamus. CEQA requires a court to make specified orders if it finds that any determination, finding, or decision of a public agency has been made without compliance with CEQA, but prohibits a court from enjoining certain projects unless the court makes specified findings. This bill would similarly prohibit a court from enjoining a qualified strip mall conversion housing projects, as defined, unless the court makes specified findings.

Summary:
During the first 12 months after issuance of a provisional license, existing law prohibits the licensee
from driving between the hours of 11 p.m. and 5 a.m. and transporting passengers who are under 20
years of age. This bill would expand the scope of the provisional licensing program by extending
the applicable age range for the program to 16 to under 21 years of age. By expanding the scope of the
provisional licensing program, the violation of which constitutes an infraction, the bill would impose a
state-mandated local program.

AB 65 (Patterson R)  Transportation bond debt service.
Introduced: 12/13/2016
Status: 4/28/2017-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/19/2017)
(May be acted upon Jan 2018)
Location: 4/28/2017-A. 2 YEAR

Summary:
Current law provides for transfer of certain vehicle weight fee revenues to the Transportation Debt Service Fund to reimburse the General Fund for payment of current year debt service on general obligation bonds issued for transportation purposes, including bonds issued for high-speed rail and associated purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century (Proposition 1A of 2008). This bill would specifically exclude from payment under these provisions the debt service for Proposition 1A bonds.

Summary:
Current law provides that the Department of Transportation has full possession and control of the state highway system and associated property. Current law authorizes the department to plan, design, and construct a system of safety roadside rests along state highways. Current law requires the department to design only those safety roadside rests that are reasonably economical and that will provide the motorist a place where he or she may stop for a short time during daytime and nighttime hours. This bill would make nonsubstantive changes to these provisions.

**Summary:**  
Current law prescribes requirements for the preparation of the housing element, including a requirement that a planning agency submit a draft of the element or draft amendment to the element to the Department of Housing and Community Development prior to the adoption of the element or amendment to the element. Current law requires the department to review the draft and report its written findings, as specified. This bill would require the department to also review any action or failure to act by the city, county, or city and county that it determines is inconsistent with an adopted housing element or a specified provision and to issue written findings, as specified, whether the action or failure to act substantially complies with the housing element.

**Summary:**  
Would authorize a city, county, or city and county, including a charter city, charter county, or charter city and county, to establish by ordinance a housing sustainability district that meets specified requirements, including authorizing residential use within the district through the ministerial issuance of a permit. The bill would authorize the city, county, or city and county to apply to the Office of Planning and Research for approval for a zoning incentive payment and require the city, county, or city and county to provide specified information about the proposed housing sustainability district ordinance. The bill would require the office to approve a zoning incentive payment if the ordinance meets the above-described requirements and the city’s housing element is in compliance with specified law.

Summary:
Current law requires the Department of Motor Vehicles to adopt regulations no later than January 1, 2015, setting forth requirements for the submission of evidence of insurance, surety bond, or self-insurance, and for the submission and approval of an application to operate an autonomous vehicle. Under current law, it is unlawful and constitutes an infraction for any person to violate, or fail to comply with any provision of the Vehicle Code, unless otherwise specified. This bill would provide that violation of this section is not an infraction and would instead, among other things, require the department to revoke the registration of a vehicle that is being operated in violation of those provisions.

**Summary:**
Current law requires moneys from the Greenhouse Gas Reduction Fund to be allocated for the purpose of reducing greenhouse gas emissions in this state and satisfying other purposes. Current law authorizes specified investments, including water use and supply, if the investment furthers the regulatory purposes of the California Global Warming Solutions Act of 2006 and is consistent with law. This bill would authorize the use of the moneys in the fund for electric pump efficiency, water and wastewater systems, pump and pump motor efficiency improvements, and drinking water transmission and distribution systems’ water loss if the investment furthers the regulatory purposes of the act and is consistent with law.

Summary:
Current law exempts private residential projects built on private property from certain requirements for
projects that are defined as "public works," including, among other requirements, the payment of
prevailing wages, unless the project is built pursuant to an agreement with a state agency,
redevelopment agency, or local public housing authority. This bill would make the above-referenced
exemption for private residential projects additionally inapplicable to a project built pursuant to an
agreement with a successor agency to a redevelopment agency, as specified.

**Summary:**
Current law prohibits a person while having 0.08% or more, by weight, of alcohol in his or her blood from driving a vehicle and concurrently doing any act forbidden by law, or neglecting any duty imposed by law in driving the vehicle, when the act or neglect proximately causes bodily injury to a person other than the driver. This bill would, until January 1, 2022, authorize the court to order a person convicted of a crime described above to enroll and participate in, and successfully complete, a qualified “24/7 Sobriety program,” as defined, as a condition of probation, if the program is available and deemed appropriate, and the person committed the crime within 10 years of one or more separate crimes described above that resulted in a conviction.

Status: 6/14/2017-Referred to Com. on T. & H.
Location: 6/14/2017-S. T. & H.

Summary:
Current federal law authorizes, until September 30, 2019, a state to allow low emission and energy-efficient vehicles, as specified, to use lanes designated for high-occupancy vehicles (HOVs). Current federal law also authorizes, until September 30, 2025, a state to allow alternative fuel vehicles, as defined, and new qualified plug-in electric drive motor vehicles, as defined, to use those HOV lanes. This bill would extend the authority of drivers of specified vehicles to use HOV lanes until the date federal authorization expires, or until the Secretary of State receives a specified notice, whichever occurs first.

6/20/2017 1:30 p.m. - John L. Burton Hearing Room (4203)  SENATE TRANSPORTATION AND
HOUSING, BEALL, Chair

Summary:
The Planning and Zoning Law requires the housing element, in turn, to include, among other things, an
assessment of housing needs and an inventory of resources and constraints relevant to the meeting of
those needs. That law further requires the Department of Housing and Community Development, for
the 4th and subsequent revisions of the housing element, to determine the existing and projected
need for housing for each region, based upon population projections produced by the Department of
Finance and regional population forecasts used in preparing regional transportation plans, in
consultation with each council of governments. Current law includes a declaration of legislative intent
regarding the allocation of regional housing need. This bill would make additional findings regarding the
relationship between the shortage of housing and the state’s environmental policies.

Summary:
Current law requires funds in the Public Transportation Account to be allocated to various public
transportation and transportation planning purposes, with specified revenues in the account to be
allocated by the Controller to specified local transportation agencies for public transportation purposes,
pursuant to the State Transit Assistance (STA) Program. Current requires STA funds to be allocated by
formulas based 50% on population and 50% on transit operator revenues. This bill would revise and
recast the provisions governing the STA program. The bill would provide that only STA-eligible
operators, as defined, are eligible to receive an allocation from the portion of program funds based on
transit operator revenues.

AB 1189 (Garcia, Eduardo D) Riverside County Transportation Commission: transactions and use tax.

Introduced: 2/17/2017
Last Amended: 3/16/2017

Location: 6/13/2017-S. GOV. & F.

Summary:
Current law authorizes the Riverside County Transportation Commission to impose a transactions and use tax for transportation purposes subject to approval of the voters, which, pursuant to the California Constitution, requires approval of 2/3 of the voters. Current law provides that the maximum tax rate that may be imposed by the commission is 1/2 of 1%, or any lesser percentage. This bill would authorize the commission to impose a maximum tax rate for transportation purposes of 1%, subject to voter approval. The bill would prohibit the commission from imposing a tax rate other than 1%, or 3/4, 1/2, or 1/4 of 1% unless specifically authorized by statute.

Introduced: 2/17/2017
Last Amended: 5/30/2017
Status: 6/14/2017-Referred to Com. on GOV. & F.

Location: 6/14/2017-S. GOV. & F.

Summary:
Would establish specific standards for the use of personal services contracts by counties and cities. Beginning January 1, 2018, the bill would allow a county or county agency, or a city or city agency, to contract for personal services currently or customarily performed by employees, as applicable, when specified conditions are met. Among other things, the bill would require the county or city to clearly
demonstrate that the proposed contract will result in actual overall costs savings to the county or city and also to show that the contract does not cause the displacement of county or city workers.

SB 37  (Roth D)  Local government finance: property tax revenue allocations: vehicle license fee adjustments.

Introduced: 12/5/2016
Status: 5/26/2017-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/25/2017)(May be acted upon Jan 2018)
Beginning with the 2004–05 fiscal year and for each fiscal year thereafter, existing law requires that each city, county, and city and county receive additional property tax revenues in the form of a vehicle license fee adjustment amount, as defined, from a Vehicle License Fee Property Tax Compensation Fund that exists in each county treasury. Current law requires that these additional allocations be funded from ad valorem property tax revenues otherwise required to be allocated to educational entities. This bill would modify these reduction and transfer provisions for a city incorporating after January 1, 2004, and on or before January 1, 2012, for the 2017–18 fiscal year and for each fiscal year thereafter, by providing for a vehicle license fee adjustment amount calculated on the basis of changes in assessed valuation.

**Summary:**  
Current law requires metropolitan planning organizations to adopt a sustainable communities strategy or alternative planning strategy, subject to specified requirements, as part of a regional transportation plan, which is to be designed to achieve certain targets for 2020 and 2035 established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region. This bill would require the State Air Resources Board to update and revise the greenhouse gas emission reduction targets consistent with the scoping plan and an assessment of the portion of the state's overall climate targets that is anticipated to be met by reductions in vehicle miles traveled.

**Summary:**
Current law authorizes the Department of Transportation and local authorities to designate certain highway lanes for the exclusive or preferential use of high-occupancy vehicles (HOVs), requires the department or local authorities to place signage advising motorists of the rules governing the use of those lanes, and prohibits the use of those lanes by motorists other than in conformity with the posted rules. Current law provides a limited exemption allowing motorcycles, mass transit vehicles, and paratransit vehicles to use HOV lanes. This bill would provide an exemption to allow for blood transport vehicles, as defined, to use HOV lanes, regardless of the number of occupants.

6/26/2017  2:30 p.m. - State Capitol, Room 4202  ASSEMBLY TRANSPORTATION, FRAZIER, Chair

**Summary:**
Current law makes it a crime, punishable as an infraction or misdemeanor, as applicable, for a person to commit certain acts on or in a facility or vehicle of a public transportation system. Current law authorizes a public transportation agency to adopt and enforce an ordinance to impose and enforce civil administrative penalties for and other passenger misconduct on or in a transit facility vehicle in lieu of the criminal penalties otherwise applicable. Current law requires these administrative penalties to be deposited in the general fund of the county in which the citation is administered. This bill would instead require the administrative penalties to be deposited with the public transportation agency that issued the citation.

**Summary:**

Current law authorizes the Department of Transportation and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely.

**SB 775**  (Wieckowski D)  California Global Warming Solutions Act of 2006: market-based compliance mechanisms.

- **Introduced:** 2/17/2017
- **Last Amended:** 5/1/2017
- **Status:** 5/8/2017-May 10 hearing postponed by committee.

**Location:** 5/1/2017-S. E.Q.

**Summary:**
The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The act authorizes the state board to include use of market-based compliance mechanisms. Current law prohibits a state agency from linking a market-based compliance mechanism with any other state, province, or country unless the state agency notifies the Governor. Current law requires the Governor to issue specified findings within 45 days of receiving that notice from a state agency and to provide those findings to the Legislature. This bill would add to the findings required to be issued by the Governor and provided to the Legislature in those circumstances.

**SCA 6**  (Wiener D)  Local transportation measures: special taxes: voter approval.

- **Introduced:** 2/13/2017
- **Last Amended:** 5/1/2017
- **Status:** 5/25/2017-May 25 hearing: Held in committee and under submission.

**Location:** 5/25/2017-S. APPR. SUSPENSE FILE

**Summary:**
Would require that the imposition, extension, or increase by a local government of a special tax as may otherwise be authorized by law, whether a sales or transactions and use tax, parcel tax, or other tax for the purpose of providing funding for transportation purposes be submitted to the electorate by ordinance and approved by 55% of the voters voting on the proposition. The measure would authorize an ordinance submitted to the voters for approval under these provisions to provide, as otherwise authorized by law, for the issuance of bonds payable from the revenues from the special tax.
