**CALL TO ORDER**
The meeting was called to order by the Chair, Hon. Pam O’Connor, at 8:35 a.m. Roll-call was taken.

**PUBLIC COMMENT PERIOD**
There were no public comments presented.

**REVIEW AND PRIORITIZE AGENDA ITEMS**
There was no reprioritization of the agenda

**CONSENT CALENDAR**
1. Minutes of May 19, 2015 Meeting
2. Minutes of June 16, 2015 Meeting

A MOTION was MADE (Clark) to approve the Consent Calendar with the following amendment: Hon. Margaret Clark’s reason for voting against ACA 4 was that, “I was against the lowering of the voting threshold because we get the money and then the state sees that pot of money and takes it away.” With that amendment, the MOTION was SECONDED (Pettis) and APROVED by a majority vote. A roll-call vote was taken and recorded as follows:

ACTION ITEMS

3. SCAG Memberships & Sponsorships
   
   **Memberships**
   - Southern California Leadership Network - $10,000
   - Eno Center for Transportation - $12,500
   - American Public Transportation Association - $5,687

   **Sponsorships**
   - UCLA Lewis Center and Institute of Transportation Studies Transportation – Land Use – Environment Connection Symposium - $10,000
   - University of Southern California Sol Price School of Public Policy – Executive Education Program - $10,000

   A MOTION was made (Hagman) to APPROVE the three (3) Memberships and two (2) sponsorships as presented. The MOTION was SECONDED (Pettis) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

   **AYES:** Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

   **NOES:** None

   **ABSTAIN:** None

4. AB 1250 (Bloom) – Buses: Axel Weight

   Jeff Dunn, Legislative Analyst, stated that AB 1250 is part of a multi-year effort to address an issue regarding transit bus axle weights, resulting from a conflict of laws. Mr. Dunn further stated that the bill seeks to fix the problem created by these state and federal mandates, and a 1975 state law prohibiting the gross weight of any single axle transit bus to exceed 20,500 pounds. AB 1250 is a result of ongoing negotiations between California Transit Association and local government, SESAC, and the League of California Cities. Staff recommends support of the bill.

   A MOTION was made (Hagman) to APPROVE AB 1250 – Buses: Axel Weight. The MOTION was SECONDED (O’Connor) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

   **AYES:** Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

   **NOES:** None
5. SB 25 (Roth) – Local Government Finance: Property Tax Revenue Allocation: Vehicle License Fee Adjustments

Jeff Dunn, Legislative Analyst, stated that SB 25 would provide for a vehicle license fee (VLF) adjustment for the 2015-16 fiscal years and thereafter for four cities: Eastvale, Jurupa Valley, Menifee, and Wildomar and would reimburse those cities for disproportionate funding lost during the 2011 state budget realignment that swept VLF fees to the state and disproportionately affected newly incorporated cities. Mr. Dunn further stated that the bill is very similar to SB 69 (Roth) supported by this Committee, passing the state legislature in 2014, but ultimately vetoed by Governor Brown. Staff recommends support of the bill.

Hon. Clint Lorimore noted the importance of this bill; however, AB 113 – Budget Trailer, may make the bill moot.

A MOTION was made (Pettis) to APPROVE SB 25 – Local Government Finance: Property Tax Revenue Allocation: Vehicle License Fee Adjustments. The MOTION was SECONDED (Clark) and APPROVED by a unanimous vote. A roll-call vote was taken and recorded as follows:

AYES: Becerra, Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Mitchell, Murray, O'Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

INFORMATION ITEMS

6. California Infrastructure Special Legislative Session Update

Jeff Dunn, Legislative Analyst, provided an overview of over twenty (20) legislative bills introduced in the first special extraordinary session of the legislature dealing with transportation funding to address the state’s infrastructure crisis. Governor Brown called for this special session on June 16, 2015.

Hon. Cheryl Viegas Walker thanked Mr. Dunn for his assistance in providing talking points for her and Hasan Ikhrata’s meeting with Chairman Frazier, during his stop in the Coachella Valley. Hon. Viegas Walker stated that the meeting was very positive and Chairman Frazier indicated that a bill would be forthcoming to provide long-term transportation funding with local control regarding the expenditures. Hon. Viegas Walker also noted that there is a commitment for reformation within Caltrans to make the department more efficient and responsive with greater collaboration at the local level.

Jeff Dunn, Legislative Analyst, highlighted major provisions of the Developing a Reliable and Innovative Vision for the Economy (DRIVE) Act, H.R. 22, the six-year surface transportation authorization legislation passed last month by the U.S. Senate. Mr. Dunn stated the bill would establish a national multimodal freight policy, authorize funding for the national freight system,
Legislative/Communications & Membership Committee Minutes

provide incremental increased authorization levels for federal highways and metropolitan planning with more robust funding increases in transit. Mr. Dunn reported that the bill now moves to the house for consideration; wherein federal lawmakers will have until the end of October to either pass the bill or re-extend the current authorization.

8. SP & PA Update

Mark Butala, Manager of Regional Services, provided a report on the upcoming outreach activities for the 2016 draft RTP/SCS. Mr. Butala stated that a requirement of SB 375 is to hold at least two elected official briefings in each county in the SCAG region. There may be one or two counties, notably Imperial and Ventura, where only one briefing will be required. Mr. Butala stated that staff will be consulting with this committee and executive management before that decision is made. Mr. Butala also stated that staff will be partnering with the local councils of governments to ensure that elected officials throughout the six-county region have a good understanding of the major strategies and policies included in the RTP/SCS. Mr. Butala noted that the anticipated release date of the draft RTP/SCS is December 3, 2015 to ensure that all technical issues with the growth forecast have been revised.

9. Legislative Tracking Report

Jeff Dunn, Legislative Analyst, recommended using the tracking report as a tool to check the status of bills. The tracking report is available on SCAG’s website on the legislative page and updates daily.

FUTURE AGENDA ITEMS

There were no agenda items presented.

ANNOUNCEMENTS

Hon. Judy Mitchell stated that at the Round Table Discussion held on August 6th regarding cap and trade monies, it was noted that Northern California has only one transportation commission working with their MPO; whereas SCAG has six transportation commissions, which requires a greater coordination effort.

Houston Brooks Laney, Legislative Analyst, stated that an email will be going out to those who attended the December 2015 Poverty Summit or Economic Summit, which will provide an update on what has transpired over the last year, particularly pertaining to the Regional Action Plan on Poverty.

ADJOURNMENT

The Chair adjourned the meeting at 9:25 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, September 15, 2015.

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $16,000 in sponsorships for the California Economic Summit.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:

SPONSORSHIP

1. California Economic Summit – $16,000
The 2015 California Economic Summit will take place on November 12-13, 2015 at the DoubleTree Hotel in Ontario, CA. This will be the first time that this particular event will be held in Inland California and underscores the imperative of aligning state actions to enable all parts of California to thrive. The Summit gathers together leaders from across California to create a shared economic agenda for prosperity. Private, public, and civic leaders from the state’s diverse regions participate in a year-round process with the goal of expanding opportunity for all.

The Summit is a collaboration of California Forward and the California Stewardship Network and is designed to advance the triple bottom line of a prosperous economy, a sustainable environment, and community equity. The Summit program will intentionally integrate and advance selected elements of “Southern California’s Battle Plan for Victory,” a joint initiative of SCAG and the Southern California Leadership Council to address poverty in the region. Collaborative efforts will continue beyond the Summit and encompass implementation of priority initiatives.

Due to SCAG’s recent work on poverty and workforce development, as well as the continuing work on the economic recovery of the region, the agency has been asked to participate as a “Co-
Convener” of the Summit. With this year’s Summit being held in the SCAG region and the focus of the event, staff feels this is a unique opportunity to advance discussion on poverty and workforce development with such a broad variety of stakeholders and decision-makers from across the State. SCAG’s sponsorship of the event would entail the following:

- **Sponsorship ($10,000)**
  SCAG will contribute a $10,000 sponsorship to contribute to the cost of hosting the event. In recognition of this partnership, SCAG will receive top-billing as a Summit “Co-Convener” and an opportunity to offer on-stage remarks at the event.

- **Registration ($6,000)**
  SCAG will be provided with forty (40) registrations at the discounted early registration rate of $150

- **Economic Analysis (In Kind Support)**
  Outside of monetary considerations, SCAG will also provide an in kind contribution in the form of an analysis of the demographic, social, and economic factors and trends in Southern California. This analysis will enable leaders from all sectors to understand the comprehensive and coordinated actions that are needed to reduce poverty and income inequality in Southern California, as well as how the priority issues and actions there reflect similar situations in others regions of the state so as to motivate statewide action. SCAG’s own economic work including the Regional Action Plan on Poverty that was unveiled at the December 2014 Southern California Economic Recovery & Job Creation summit closely aligns with the California Economic Summit’s “Roadmap to Shared Prosperity,” which highlights the steps that must be taken to expand workforce development and education pathways into well-paying jobs while also supporting investments in transportation infrastructure and sustainable communities.

**FISCAL IMPACT:**
$16,000 for sponsorships is included in the approved FY 15-16 General Fund budget.

**ATTACHMENTS:**
None.

SUBJECT: Governor’s Transportation Proposal

RECOMMENDED ACTION:
For Information Only – No Action

EXECUTIVE SUMMARY:
This report summarizes the principal provisions of the transportation funding package released by the Administration and legislative leadership last week that seeks to address comprehensively California’s transportation and infrastructure funding needs and provide the necessary framework to address the systemic funding shortfall as well as to provide for future system needs. Leadership has announced that it will appoint a special session transportation conference committee to continue work on a transportation funding package will continue beyond the adjournment of the regular session on September 11, 2015 and, thus, it is expected that there will be further modifications to the current proposal.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
On July 16, Governor Brown called for the Legislature to convene a special legislative session to address the state’s transportation infrastructure funding needs. On September 6, 2015, the Administration and legislative leadership released its transportation funding proposal which incorporates input from stakeholders that have been engaged in negotiations to craft a package that can achieve the required 2/3’s vote threshold likely to be required to pass. This report summarizes the principal provisions of the proposal currently in draft, recognizing that negotiations are ongoing and changes are likely to occur.

The Administration’s proposal consists of two pieces: a funding bill that would raise revenues, allocate funding for specific purposes including for California’s most congested trade corridors, increase use of Construction Manager/General Contractor project delivery method, extend sunset of P3 project authority by 10 years, provide CEQA relief to rebuild/repair the existing infrastructure, and other provisions; and a proposed Constitutional Amendment to protect expenditure of these funds for transportation related purposes only.
Funding Bill
With respect to the funding bill, yet to be introduced, it would affect funding and make certain changes with respect to the following existing laws:

- Existing sources of funding for the state highway system and the local street and road system, which include among others fuel excise taxes, commercial vehicle weight fees, local transactions and use taxes, and federal funds;
- Existing registration fees on vehicles with revenues from these fees deposited in the Motor Vehicle Account and used to fund the Department of Motor Vehicles and the California Highway Patrol, but which also provides for the monthly transfer of excess balances in the Motor Vehicle Account to the State Highway Account;
- The 2011 ‘Gas Tax Swap’ which, as of July 1, 2011, increased the sales tax on diesel fuel and decreased the excise tax on diesel, while reducing the sales tax on gasoline and increasing the excise tax on gasoline, with the requirement that the State Board of Equalization annually modify both the gasoline and diesel fuel excise tax rates on a going-forward basis so that the various changes in the taxes are revenue neutral.

The proposed bill, on January 1, 2016, would increase the gasoline excise tax by $0.06 per gallon and the diesel fuel excise tax by $0.11 per gallon. While this is not as large as the proposed $0.10 per gallon gasoline excise tax increase and $0.12 per gallon diesel excise tax increase proposed by SB 16, supported by the Regional Council on recommendation of this committee, it is certainly a robust proposal that would fund many of the transportation needs of the region include its most congested trade corridors. Additionally, the proposal would eliminate the annual rate adjustments by the State Board of Equalization to maintain revenue neutrality, and instead require the board to adjust gasoline and diesel fuel excise tax rates annually for inflation, beginning in 2017. The bill would also impose a road improvement charge of $65 on every vehicle subject to registration fees.

Road Maintenance and Accountability Program
The proposal would create the Road Maintenance and Accountability Program (RMAP) to address deferred maintenance on the state highway system and the local street and road system. The proposal would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which it creates, including revenues attributable to the $0.11 per gallon increase in the diesel fuel excise tax, future inflation adjustments to the gasoline and diesel excise tax rates, and the road improvement charge. The proposal would provide for revenues attributable to the $0.06 increase in the gasoline excise tax to be distributed under an existing formula. RMAP funds may be used for projects that include, but are not limited to, the following:

1. Road maintenance and rehabilitation.
2. Safety projects.
3. Railroad grade separations.
4. Active transportation and pedestrian and bicycle safety projects in conjunction with any other allowable project.
5. Trade corridor investments.
6. To the extent possible, the department and cities and counties receiving an apportionment of funds under the program shall use advanced technologies and material recycling techniques that reduce the cost of maintaining and rehabilitating the streets and highways.
The proposal would allocate the following estimated monies for local agencies:

- $1,150,000,000) to local streets and roads, which includes one hundred million dollars ($100,000,000) for the Low Carbon Road Program (described below);
- $250,000,000 annually for a local partnership program to fund road maintenance and rehabilitation purposes in counties that have sought and received voter approval of taxes or that have imposed fees, including uniform developer fees, as defined, which taxes or fees are dedicated solely to transportation improvements. These funds would be continuously appropriated for allocation pursuant to guidelines to be developed by the California Transportation Commission (CTC) in consultation with local agencies, with any unallocated funds to be redistributed by a specified formula to all cities and counties annually;
- $400,000,000 for rail and transit grants.

The proposal would allocate the following estimated monies to the state:

- $1,600,000,000 for state highway, bridge, and culvert repair and maintenance;
- $200,000,000 for high priority freight corridors (described below).

The proposal would impose various accountability and efficiency requirements on CalSTA and local agencies receiving funds under the Road Maintenance and Accountability Program. The proposal would require the CTC to annually evaluate CalSTA and each city and county receiving the new revenues from the program for effectiveness in reducing deferred maintenance and improving road conditions and meeting other performance goals. Included among these is a requirement that CalSTA implement efficiency measures to generate $100,000,000 per year in savings to invest in maintenance and rehabilitation of the state highway system.

Additionally, the CTC is empowered to develop guidelines for allocation of RMAP funds, and must do so on or before July 1, 2016 in cooperation with CalSTA, transportation planning agencies, county transportation commissions and other local agencies. Finally provisions authorize a city or county to spend its apportionment of funds under the program on transportation priorities other than those allowable pursuant to the program if the city’s or county’s average Pavement Condition Index meets or exceeds 85.

**Trade Corridor Enhancement Account**

The proposal would also set aside $200,000,000 annually from the program for the Trade Corridor Enhancement Account created by the bill and funded by the increased diesel excise tax to fund trade corridor improvement projects. This is a more modest set aside of funds than the estimated $300,000,000 annually that would have been allocated pursuant to SB 16, but the funding would go towards identified high volume trade corridors, among the most congested of which are located in the region, and would be allocated according to the existing statutory framework and CTC guidelines in place for TCIF, providing for 70% of funds to be allocated to trade corridors within the Southern California region including San Diego.
The proposal would continuously appropriate 40% of the remaining revenues from the program to be apportioned to cities and counties by a specified formula, and would require 60% of the remaining revenues from the program to be transferred to the State Highway Account for expenditure by the Department of Transportation for maintenance of the state highway system or allocation to projects in the State Highway Operation and Protection Program.

**Cap-and-Trade**
Existing law requires all moneys except for fines and penalties collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas (GHG) emissions to be deposited in the Greenhouse Gas Reduction Fund (GGRF). Existing law continuously appropriates 25% of the annual proceeds of the fund to the high-speed rail project, and further appropriates 35% of the annual proceeds of the fund to various purposes, including transit and intercity rail capital, low-carbon transit operations, and affordable housing and sustainable communities.

This bill would create the Low Carbon Road Program to provide capital funds to cities, counties, and tribal governments for road projects to reduce greenhouse gas emissions and improve mobility, as specified. The bill would require the Department of Transportation (CalSTA) to evaluate and select applications for funding. Under program provisions, projects eligible for funding include all of the following:

1. Complete streets programs;
2. Roundabouts replacing stop-controlled intersections;
3. Optimization of traffic signals;
4. Safety improvements to roads that improve safety for pedestrians and bicyclists to increase active transportation;
5. Other street improvements expected to reduce greenhouse gas emissions, and authorized in program guidelines.

The proposal would appropriate $100,000,000 from the GGRF to CalSTA for the program. Additionally, the proposal would also appropriate an additional $400,000,000 from the GGIF for transit and intercity rail capital projects. At least 50% of funding provided must be allocated to projects benefitting disadvantaged communities.

**CEQA Exemption**
The California Environmental Quality Act (CEQA) requires a lead agency to prepare and certify the completion of an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect, subject to certain exceptions.

This proposal provides that CEQA does not apply to a project, or the issuance of a permit for a project, that consists of the inspection, maintenance, repair, rehabilitation, replacement, or removal of existing transportation infrastructure, as specified, or to the addition of an auxiliary lane or bikeway to existing transportation infrastructure under specified conditions.
Public/Private Partnerships
Current law authorizes the CalSTA and regional transportation agencies to enter into comprehensive development lease agreements with public and private entities for certain transportation projects that charge users of those projects tolls and user fees, subject to various terms and requirements, also known as P3s. Existing law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization until January 1, 2027.

Project Delivery
Existing law sets forth the requirements for solicitation and evaluation of bids and the awarding of contracts by state agencies for public works of improvement. Existing law authorizes the Department of Transportation to alternatively use the Construction Manager/General Contractor project delivery method, as specified, for no more than 6 transportation projects, when it is anticipated that it will reduce project costs or expedite project completion in a manner that is not achievable through the design-bid-build method. This bill would authorize use of this project delivery method for no more than 12 transportation projects.

Contracting of Architectural and Engineering Services Requirement
Article XXII of the California Constitution provides that the State of California and all other governmental entities shall be allowed the choice to contract for architectural and engineering services for all public works of improvement as an alternative to the employment of civil service employees to perform those services.

The proposal would require CalSTA to increase its annual use of contract staff resources so that 20% of its capital outlay staff consists of contract resources by the 2020–21 fiscal year.

The proposal as currently drafted is an urgency statute, taking effect immediately upon passage and requires a 2/3’s threshold to pass.

Constitutional Amendment
In addition to the funding bill, the Administration’s proposal contains a proposed Constitutional Amendment that would require revenues from fees and taxes imposed by the state on vehicles or their use or operation and transferred to the Road Maintenance and Rehabilitation Account, or a successor account, pursuant to the Road Repair and Accountability Act of 2015 to be used solely for street, highway, and mass transit purposes. The measure would prohibit expenditure of these revenues for the payment of principal and interest on state general obligation bonds that were authorized by the voters on or before November 4, 2014. The measure would prohibit the Legislature from amending the statutory provisions of the Road Repair and Accountability Act of 2015 to appropriate revenues transferred to the Road Maintenance and Rehabilitation Account, or a successor account, pursuant to the Road Repair and Accountability Act of 2015 for any other purposes or to authorize expenditures from the account for any other purposes.

While the Governor’s proposal does not include all of the protections contained in SCA 7 by Senator Huff, supported by SCAG, it does prevent all of the increased revenues from the bill from use for anything other than transportation purposes include, specifically, from future appropriation by the Legislature or for the repayment of state bond debt.
SCAG has recognized that many of the provisions embodied within the Administration’s proposal are supported by its board adopted 2015 State Legislative Priorities, as well as long-standing policies and actions supported and taken by the Regional Council, including:

- Support of SB 16 (and SB1X-1);
- Support of CEQA streamline and expediting provisions;
- Support of Project Delivery enhancements;
- Support of P3 extension and enhanced authority;
- Support of trade corridor project funding;
- Support of enhanced Cap-and-Trade funding for projects throughout the region.

Accordingly, shortly after the proposal was shared with stakeholder groups statewide in advance of the end of the regular session, on September 9, 2015, Executive Director Hasan Ikhrata sent a support letter to the Governor and legislative leaders (attached) commending their efforts to seek a responsible, comprehensive funding proposal and pledging to work with state lawmakers to help craft a package with bipartisan support sufficient to pass. Staff is actively engaged with the legislature on the development of the funding proposal and will report back to the Committee any significant actions as it moves in the special session.

California Transportation Proposal Support Letter
September 9, 2015

Honorable Edmund G. Brown, Jr.
Governor
State of California
Sacramento, California 95814

RE: SUPPORT of Your Constitutional and Legislative Proposal to Enact a Sustainable Transportation and Infrastructure Funding System

Dear Governor Brown:

On behalf of the Southern California Association of Governments, the nation’s largest Metropolitan Planning Organization and Council of Governments, representing six counties and 191 cities, I write to express support for your proposal to address the State’s immediate transportation infrastructure needs and to create a protected framework that will ensure a level of funding sufficiency for the future as well as an assurance that any enhanced revenues will be used only for transportation related purposes.

SCAG applauds the leadership you have shown to incorporate many of the most important priorities for our region. Your proposal takes the important first step towards addressing the region’s system preservation needs which, according to estimates from SCAG’s current Regional Transportation Plan (RTP) scheduled for release later this year exceed $273 billion for Southern California over the 25 year life of the plan, which includes an estimated $65 billion for state highways and $35 billion for regionally significant local streets and roads. Accordingly, we support your proposal’s recognition of the need to index any increased revenues to protect against the erosion of its purchasing power over time. We also support, consistent with long-standing policy of our Board, appropriate CEQA relief to make needed maintenance and repairs to the existing infrastructure.

Finally, we are particularly supportive of the proposed robust funding provided to the Trade Corridor Enhancement Account, created by the bill, funded from the increased diesel fuel tax and building upon the existing Trade Corridors Improvement Fund framework and process to fund critically needed infrastructure enhancements along California’s high volume freight corridors, which support Southern California as the nation’s global trade gateway and provides critical underpinning to the region’s economic recovery and well-being.

Please feel free to call upon SCAG to support your efforts in any way that we can to ensure passage of viable, comprehensive funding reform and, again, thank you for your leadership and your committed effort to address this most important issue for California.

Sincerely,

Hasan Ikhrata

**Summary:**
The California Global Warming Solutions Act of 2006 authorizes the State Air Resources Board to include the use of market-based compliance mechanisms. Current state board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill would instead exempt those categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

**Introductions:** 2/2/2015

**Status:** 9/3/2015-In Assembly. Ordered to Engrossing and Enrolling.

**Location:** 9/3/2015-A. ENROLLMENT

**Summary:**

Would prohibit, commencing July 1, 2016, any high-occupancy vehicle lane from being established on specified portions of state highway routes in the County of Los Angeles, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the Department of Transportation. The bill would require any existing high-occupancy vehicle lane established on the specified portions of these routes to be modified to conform with those requirements.

Location: 5/1/2015-A. 2 YEAR

Summary:
The State Aeronautics Act authorizes the Department of Transportation to evaluate the need for an airport, owned or operated by the United States in this state that ceases to be so owned or operated, in the state's public-use airport system, as specified. The act requires the department, before finalizing the evaluation, to submit a copy of its report to the California Transportation Commission for review and comment and requires the commission to complete its review and comment, as specified, not later than 45 days after receiving the evaluation. This bill would instead require the commission to complete its review and comment not later than 50 days after receiving the evaluation.

Summary:
The Bergeson-Peace Infrastructure and Economic Development Bank Act establishes the California Infrastructure and Economic Development Bank, within the Governor's Office of Business and Economic Development, to be governed by a specified board of directors. The act makes findings and declarations, provides definitions, and authorizes the board to take various actions in connection with the bank, including the issuance of bonds, as specified. This bill, among other things, would revise the definition of economic development facilities to include facilities that are used to provide goods movement and would define goods movement-related infrastructure.

Summary:
Current law requires a congestion management program to be developed,
adopted, and updated biennially by a designated agency for every county that
includes an urbanized area. This bill would delete the traffic level of service
standards as an element of a congestion management program and would delete
related requirements, including the requirement that a city or county prepare a
deficiency plan when highway or roadway level of service standards are not
maintained. This bill contains other related provisions and other existing laws.

Summary:
Would establish the Advanced Low-Carbon Diesel Fuels Access Program, to be administered by the State Energy Resources Conservation and Development Commission, in consultation with the State Air Resources Board, for the purpose of reducing the greenhouse gas emissions of diesel motor vehicles by providing capital assistance for projects that expand advanced low-carbon diesel fueling infrastructure in communities that are disproportionately impacted by environmental hazards and additionally where the greatest air quality impacts can be identified. This bill contains other related provisions.

Summary:
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. This bill would provide that a lease agreement shall not be entered into under these provisions on or after January 1, 2030, and would delete obsolete cross-references and make technical changes to these provisions.

Summary:
Current law vests the California Transportation Commission with specified powers, duties, and functions relative to transportation matters. Current law requires the commission to retain independent authority to perform the duties and functions prescribed to it under any provision of law. This bill would exclude the California Transportation Commission from the Transportation Agency and establish it as an entity in the state government. The bill would also make conforming changes.

Introduced: 2/27/2015
Last Amended: 5/11/2015
Location: 5/12/2015-A. REV. & TAX

Summary:
Current law, the Motor Vehicle Fuel Tax Law, imposes a tax upon the privilege of distributing motor fuel and defines the term "gasohol" for purposes of that law. Gasohol is defined as all blends of gasoline and alcohol containing more than 15% gasoline. This bill would redefine gasohol to instead mean all blends of gasoline and alcohol containing more than 21% or a percentage determined by regulations adopted by the State Board of Equalization, as specified. This bill contains other related provisions and other current laws.

**Summary:**  
Current law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. Summary:
Under the California Global Warming Solutions Act of 2006, current State Air Resources Board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

**Summary:**
The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with the effects of various geologic hazards, flooding, and wildland and urban fires. This bill would, upon the next revision of a local hazard mitigation plan on or after January 1, 2017, or, if the local jurisdiction has not adopted a local hazard mitigation plan, beginning on or before January 1, 2022, require the safety element to be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to that city or county.

**Summary:**

The California Coastal Sanctuary Act of 1994 authorizes the State Lands Commission to enter into a lease for the extraction of oil or gas from state-owned tide and submerged lands in the California Coastal Sanctuary if the commission determines that the oil or gas deposits are being drained by means of producing wells upon adjacent federal lands and the lease is in the best interest of the state. This bill would enact the California Coastal Protection Act of 2015, which would delete this authorization. The bill would make related legislative findings and declarations.

**Summary:**

Would create the Road Maintenance and Rehabilitation Program to address deferred maintenance on the state highway system and the local street and road system and for other specified purposes. The bill would provide for the deposit of various funds for the program in the Road Maintenance and Rehabilitation Account, which the bill would create in the State Transportation Fund.
SBX1 2  (Huff R)  Greenhouse Gas Reduction Fund.
Introduced: 6/30/2015
Status: 9/1/2015-SEN. T. & I.D. Vote - Do pass, but re-refer to the Committee on Appropriations. (AYES 3. NOES 9.) (FAIL)
Location: 6/30/2015-S. T. & I.D.

Summary:
Would provide that those annual proceeds shall be appropriated by the Legislature for transportation infrastructure, including public streets and highways, but excluding high-speed rail. This bill contains other existing laws.

SBX1 3  (Vidak R)  Transportation bonds: highway, street, and road projects.
Introduced: 7/1/2015
Last Amended: 8/17/2015
Location: 8/19/2015-S. T. & I.D.

Summary:
Would provide that no further bonds shall be sold for high-speed rail purposes pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, except as specifically provided with respect to an existing appropriation for high-speed rail purposes for early improvement projects in the Phase 1 blended system. The bill, subject to the above exception, would require redirection of the unspent proceeds from outstanding bonds issued and sold for other high-speed rail
purposes prior to the effective date of these provisions, upon appropriation, for use in retiring the debt incurred from the issuance and sale of those outstanding bonds.

Introduced: 7/13/2015
Status: 9/2/2015-September 1 set for first hearing. Failed passage in committee.
Location: 7/13/2015-S. T. & I.D.

Summary:
Would delete the continuous appropriations from the Greenhouse Gas Reduction Fund for the high-speed rail project, and would prohibit any of the proceeds from the fund from being used for that project. The bill would continuously appropriate the remaining 65% of annual proceeds of the fund to the California Transportation Commission for allocation to high-priority transportation projects, as determined by the commission, with 40% of those moneys to be allocated to state highway projects, 40% to local street and road projects divided equally between cities and counties, and 20% to public transit projects.

Last Amended: 9/3/2015
Status: 9/3/2015-Read second time and amended. Re-referred to Com. on APPR.
Location: 9/3/2015-S. APPR.
Summary:
Would restrict expenditures of revenues from the July 1, 2016, increase in the sales and use tax on diesel fuel to transit capital purposes and certain transit services. The bill would require an existing required audit of transit operator finances to verify that these new revenues have been expended in conformance with these specific restrictions and all other generally applicable requirements. Summary:
Current law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. This bill contains other current laws.

SBX1 10  (Bates R)  Regional transportation capital improvement funds.
Introduced: 7/16/2015
Location: 7/16/2015-S. T. & I.D.

Summary:
Current law requires funds available for regional projects to be programmed by the California Transportation Commission pursuant to the county shares formula, under which a certain amount of funding is available for programming in each county, based on population and miles of state highway. Current law specifies the various types of projects that may be funded with the regional share of funds to include state highways, local roads, transit, and others. This bill would revise the process for programming and allocating the 75% share of state and federal funds available for regional transportation improvement projects.

**Status:** 8/17/2015-August 19 set for first hearing canceled at the request of author.  
**Location:** 7/16/2015-S. T. & I.D.  

**Summary:**  
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.
