**CALL TO ORDER**
The meeting was called to order by the Hon. Greg Pettis, at 8:35 a.m. A quorum was confirmed and roll-call was taken.

**PUBLIC COMMENT PERIOD**
There were no public comments presented.

**REVIEW AND PRIORITIZE AGENDA ITEMS**
There was no reprioritization of the Agenda.

**CONSENT CALENDAR**

1. Minutes of August 16, 2016 Meeting

A MOTION was made (Daniels) to approve the Consent Calendar. The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

**AYES:** Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner
NOES: None

ABSTAIN: None

**ACTION ITEM**

2. **SCAG Membership and Sponsorship**

Darin Chidsey, Director, Strategy, Policy & Public Affairs, provided an overview of the membership, California Association of Councils of Governments, $40,256, and the sponsorship, University of Southern California Sol Price School of Public Policy – Executive Education Program, $10,000.

A MOTION was made (McCallon) to support the membership of California Association of Councils of Governments - $40,256, and the sponsorship of University of Southern California Sol Price School of Public Policy – Executive Education Program - $10,000. The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-vote was taken and recorded as follows:

**AYES:** Clark, Daniels, Finlay, Hagman, Lorimore, Martinez, McCallon, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

**INFORMATION ITEMS**

3. **Bills of Interest**

Darin Chidsey, Director, Strategy, Policy & Public Affairs, provided an update on AB 2170. Mr. Chidsey stated that AB 2170 has passed through the Assembly and the Senate and SCAG is leading an effort with the transportation commissions, cities, counties, and business groups throughout the state to recommend that the Governor sign this bill. Mr. Chidsey acknowledged there will be a debate in the administration because the bill allows regional agencies to directly suggest and select projects. Hasan Ikhrata, SCAG’s Executive Director, met with Secretary Kelly, but got no indication what the Secretary’s recommendation will be. Staff is putting a full court press on Secretary Kelly’s office and the Governor’s office to support the bill.

Jeff Dunn, Senior Legislative Analyst, provided an overview of the remaining bills that SCAG is following, including AB 1889. Hon. Cheryl Viegas-Walker inquired if there have been letters of support submitted to the Governor for this bill. Mr. Dunn stated that SCAG is on record supporting the bill, as well as MTC. Mr. Dunn will report back to the Committee regarding other supporters on record for the bill.

4. **Summary of Ballot Initiatives**
Jeff Dunn, Senior Legislative Analyst, provided a summary of statewide propositions appearing on the November 8, 2016 General Election ballot. Mr. Dunn stated that SCAG does not normally take a position on ballot propositions unless there is a direct nexus to its operational jurisdictions. Mr. Dunn further stated that in the case of Proposition 53, the LCMC Committee may want to consider taking a position because the proposition requires statewide voter approval for any bond issuance by a public agency for projects exceeding $2 billion. This is potentially problematic because future projects by a county transportation commission that requires an issuance of bonds secured against revenues of projects being built that exceed $2 billion would have to first be approved by voters of the entire state of California. Both the Los Angeles County Metropolitan Transportation Authority and the Riverside County Transportation Commission have adopted an Oppose position to Proposition 53.

A MOTION was made (McCallon) to oppose Proposition 53. The MOTION was SECONDED (Mitchell) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES:  Becerra, Clark, Daniels, Finlay, Lorimore, Martinez, McCallon, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

Jeff Dunn, Senior Legislative Analyst, stated that Proposition 54 is an effort to increase transparency in how legislative bills are passed. A ‘Yes’ vote would mean that any bill would have to be made available to legislators and posted on the Internet for at least 72-hours before the Legislature could act on it. The Legislature would have to ensure that its public meetings are recorded and provide videos of those meetings on the Internet.

A MOTION was made (Clark) to support Proposition 54. The MOTION was SECONDED (Finlay) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Daniels, Finlay, Martinez, McCallon, Murray, O’Connor, Viegas-Walker

NOES: Mitchell, Pettis

ABSTAIN: None

5. Staff Report

There was no staff report presented.

6. Legislative Tracking Report
Jeff Dunn, Senior Legislative Analyst, stated that the Legislative Tracking Report lists 150 bills that SCAG is monitoring. The most current version of the report is always available on SCAG’s website under the Legislative section.

**FUTURE AGENDA ITEMS**
There were no future agenda items presented.

**ANNOUNCEMENTS**
There were no announcements presented.

**ADJOURNMENT**
Hon. Greg Pettis adjourned the meeting at 9:25 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, November 15, 2016.

SUBJECT: SCAG Memberships

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
The Legislative/Communications & Membership Committee (LCMC) is asked to approve up to $26,500 in annual memberships for: 1) Southern California Leadership Council and the Center of Economic Development ($20,000); and 2) Coalition for America's Gateways & Trade Corridors ($6,500).

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
1. Southern California Leadership Council and the Center of Economic Development – $20,000

Established in 2005, The Southern California Leadership Council is comprised of business and community leaders from throughout the seven counties of Southern California, including four former California Governors. The Leadership Council funds, prioritizes, and approves the work of the Center of Economic Development (CED); which is a regional program of the Los Angeles County Economic Development Corporation (LAEDC). As a program of the LAEDC, the CED benefits from related work of the LAEDC’s acclaimed business assistance, economic research, and consulting programs. The Center's work is funded, prioritized and approved by the Leadership Council to shape and solve public policy issues such as business vitality, resources (energy, water and environment), and transportation (goods and people) that are critical to SCAG and the region’s economic vitality and quality of life. SCAG Executive Director Hasan Ikhrata attends Southern California Leadership Council meetings and regularly brings SCAG Board officers. The annual dues are $20,000.

2. Coalition for America’s Gateways & Trade Corridors (CAGTC) – $6,500

SCAG is a founding member of the Coalition for America’s Gateways & Trade Corridors (CAGTC) as part of the RC high-priority goal to seek a federal freight funding partnership. CAGTC works
with and through its members to raise public recognition and Congressional awareness of U.S. freight needs to promote sufficient funding in federal legislation for trade corridors, gateways, intermodal connectors, and freight facilities. CAGTC is comprised of over sixty representative organizations, including state Departments of Transportations (DOTs), MPOs, ports, engineering firms, and freight corridors who work to improve national freight policy. All of the Southern California freight stakeholders are a member of CAGTC. As a CAGTC member, SCAG will have the opportunity to participate in helping shape national freight policy and legislation with the organization. RC Board Officers regularly travel to Washington, DC to attend the meetings and conferences. The annual dues are $6,500.

FISCAL IMPACT:
$26,500 for memberships is included in the approved FY 16-17 General Fund budget.

SUBJECT: 2017 Legislative Priorities

RECOMMENDED ACTION:
Approve

EXECUTIVE SUMMARY:
Each year, the Regional Council adopts legislative priorities for the state and federal legislative session for that year. This report contains staff recommendations of legislative priorities for consideration by the Legislative/Communications and Membership Committee (LCMC) that build upon the priorities adopted for 2016. SCAG’s will seek additional input from legislative, business, and public sector leaders at its 7th Annual Economic Summit in December. Additionally, SCAG will participate in the annual gathering of councils of governments and transportation commissions from around the state held at the Metropolitan Transportation Commission (MTC) offices later this month to share the proposed legislative priorities of the participating agencies to assess common themes and potential priorities of the 2017-18 legislative session. Any relevant input from these meetings may be added to the recommendations of the LCMC to the Regional Council for further consideration and adoption at its January 2017 meeting.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
The following proposed legislative priorities for 2017 encompass broad, policy oriented objectives of the agency that build upon long-standing, Regional Council adopted policies of the agency, as well as those supported by partner agencies throughout Southern California including the six transportation commissions within SCAG’s jurisdiction. These priorities are designed to encompass a broad range of legislative proposals that may be advanced throughout the 2017 legislative sessions at the state and federal levels. Action on specific legislation pursuant to these priorities, if adopted, will be brought again to the LCMC and RC for consideration and action as the legislative calendar permits throughout the year.

State Priorities
TRANSPORTATION FUNDING – Support balanced consideration of revenue measures to address the State’s systemic funding deficit, both to establish new sources of statewide transportation and infrastructure funding as well as to return to transportation those revenues previously diverted such as
truck weight fees. Protect all new sources of transportation from borrowing or use for any purpose other than transportation. Support a regional equity component or consideration for additional revenues from any source to ensure Southern California receives its fair share of funding based upon population, burden, and other quantifiable measures corresponding with the funding source. Support funding of ‘fix-it-first’ and maintenance of good repair expenditures to address the multi-billion dollar need to repair and maintain the existing infrastructure. Support dedicated, secure funding to state highways, streets, and local roads to support the maintenance and rehabilitation of the state and local road projects and transit systems.

FREIGHT & GOODS MOVEMENT – Support robust funding to the Trade Corridors Improvement Fund (TCIF), formerly funded by voter-approved transportation bond funds, building upon its prior success to fund critically needed infrastructure enhancements along California’s high volume freight corridors. Maintain strong regional and local input in the California Transportation Commission guidelines process to determine project eligibility and funding.

CAP & TRADE – Support transparency, oversight, and proportional funding to the SCAG region of Cap-and-Trade funds from all sources. Support legislation to equitably distribute Cap & Trade revenues to transportation improvements and sustainable communities in all areas of the SCAG region more commensurate with the region’s burden in meeting the state’s overall GHG reduction goals. Support investment priorities that reflect the physical and social realities of the diverse communities across California, coupled with the built environment and the natural landscape of southern California that presents unique challenges and opportunities to help meet statewide climate goals. Support program guidelines and scoring criteria sensitive to these realities, and their revision when they perform in a manner that is not regionally equitable. SCAG supports the re-designation of the statutory description of ‘Disadvantaged Communities’ to a less pejorative designation to mitigate against any potential long-term negative impacts use of this term might have in describing communities throughout the region and state.

HOUSING/AFFORDABLE HOUSING – Building upon the policy considerations of the SCAG Housing Summit, support a broad range of proposals that advance incentive-based ways to expedite all housing and affordable housing development. These include proposals that would establish new funding for state planning grant monies to support the development of housing sites designated by local agencies that are consistent with local planning under SB 375. Additionally, support efforts to fund previously successful housing development programs that are depleted of funds, such as those funded by voter approved bond funds like the Infrastructure Infill Grant (IIG) Program and the Transit Oriented Development (TOD) Housing Program, and others. Encourage and support incentive-based efforts such as tax incentives to develop housing near transit stops, or to projects consistent with sustainable local growth planning efforts. Support the creation and use of innovative local government structures such as Enhanced Infrastructure Finance Districts (EIFDs) and Community Revitalization and Investment Authorities (CRIAs) to fund housing and affordable housing development.

TRANSPORTATION TECHNOLOGY – Support the incorporation of new technologies and innovations into the national and state transportation system such as the next generation of alternatively powered zero/near zero emission vehicles and autonomous vehicles; aviation technology advancements; advancements in maritime related technologies and commerce, and other emerging technologies that improve transportation efficiency, capacity, and environmental impacts.
PROJECT STREAMLINE - Support California Environmental Quality Act (CEQA) modernization and process reform to expedite project delivery and promote job creation. Support innovative approaches to streamline CEQA where reasonable, including but not limited to proposals to establish a CEQA court or judicial proceeding specializing in determinations and findings pursuant to the CEQA law and related statutes to more expeditiously move legal review of CEQA challenges to accelerate resolution of these issues and overall project development. Support measures to allow innovative, incentive-based contracting to ensure projects are on time and on budget.

ACTIVE TRANSPORTATION (ATP) – Support expansion and funding of active transportation from all available sources at the state, regional and local levels. Additionally, support proposals permitting an implementing agency to seek commission approval of a letter of no prejudice (LONP) in order to expend its own funds for an ATP project programmed in a future fiscal year, and to be reimbursed for eligible expenditures following the commission’s approval of an allocation request in the programming year. Permit implementing agency to expend its own funds for an ATP project programmed in the current fiscal year of the adopted program of projects in advance of an allocation of funds to the project by the commission, and to be reimbursed at a later date for eligible expenditures. Such programs include but are not limited to First/Last Mile Improvements (walk/bike infrastructure to connect transit riders to new stations); cycletracks; separated, on-street bike facilities to increase safety; multi-use trails, especially along river and utility corridors; Safe Routes to School Programs, including educational programs and infrastructure improvements around schools; and bike-share projects.

PUBLIC/PRIVATE PARTNERSHIPS - Support further development and implementation Public-Private Partnerships (P3s) that are transparent, accountable, and synergistically marry the policy goals of the public sector with the financial expertise of the private sector to improve project development and delivery throughout the region, including support of improved P3 design-bid-build & design-build procurement processes; improved performance standards to measure success, curtail project delays, reduce and provide more accountable expenditure.

LOS ANGELES OLYMPICS – Support state, regional and local efforts and offer any assistance to help ensure the Summer Olympic Games come again to Southern California in 2024. Avail to the City of Los Angeles bid process to the International Olympic Committee any available technical, planning, data or other information pertaining to the region’s infrastructure, including enhanced mobility, sustainability and air quality measures in addition to planning efforts underway to reduce congestion and harmful emissions, and region-wide political support from member local governments, to win the games in 2024.

Federal Priorities

NEW INVESTMENT - Support new transportation and infrastructure funding sources identified in the 115th Congress that provide additional investment into the national infrastructure and transportation system. Support new initiatives to enhance transportation investment that employ innovative, new financing structures such as leveraging public-private partnerships and private investment through tax incentives and other prudent funding opportunities. Support long-term, stable, sufficient funding source to balance the Highway Trust Fund and provide funding stability for the future.

FREIGHT FUNDING/FAST ACT/FASTLANE/TIGER - Increased funding to freight projects under the FASTLANE competitive grant award process; increased transparency by USDOT in the FASTLANE
competitive grant award process; increased funding to freight projects under the TIGER competitive grant award process; enhanced oversight to ensure freight formula funding is invested in freight infrastructure.

FEDERAL AVIATION ADMINISTRATION REAUTHORIZATION – Support enhanced flexibility of use of Passenger Facility Charges (PFCs) for surface access projects off-airport property; support of continued current level funding of Essential Air Service from USDOT; support fast tracking of the FAA process for Unmanned Aircraft System rulemaking (i.e., drones); and support of enhanced, more comprehensive data requirements for domestic air cargo. Support efforts to modernize our airports and improve air traffic control systems including full NextGen deployment.

**Status:** 9/8/2016-Chaptered by Secretary of State - Chapter 250, Statutes of 2016.

**Location:** 9/8/2016-A. CHAPTERED

**Summary:**

Current law establishes the State Air Resources Board consisting of 14 members and vests the state board with regulatory jurisdiction over air quality issues. This bill would add 2 Members of the Legislature to the state board as ex officio, nonvoting members. The bill would provide that the voting members of the state board are appointed for staggered 6-year terms and upon expiration of the term of office of a voting member, the appointing authority may reappoint that member to a new term of office, subject to specified requirements. The bill would require the state board to establish the initial staggered terms.

Summary:
The State Aeronautics Act authorizes the Department of Transportation to evaluate the need for an airport, owned or operated by the United States in this state that ceases to be so owned or operated, in the state's public-use airport system, as specified. The act requires the department, before finalizing the evaluation, to submit a copy of its report to the California Transportation Commission for review and comment and requires the commission to complete its review and comment, as specified, not later than 45 days after receiving the evaluation. This bill would instead require the commission to complete its review and comment not later than 50 days after receiving the evaluation.

**Summary:**

Current law requires a congestion management program to be developed, adopted, and updated biennially by a designated agency for every county that includes an urbanized area. This bill would delete the traffic level of service standards as an element of a congestion management program and would delete related requirements, including the requirement that a city or county prepare a deficiency plan when highway or roadway level of service standards are not maintained. This bill contains other related provisions and other existing laws.

#### Summary:
Current law, operative January 1, 2016, provides that the gross weight on any one axle of a bus shall not exceed 20,500 pounds. Current law exempts from this limitation a transit bus procured through a solicitation process pursuant to which a solicitation was issued before January 1, 2013. A violation of this provision is a crime. This bill would exempt from the weight limitation transit buses procured through a solicitation process pursuant to which a solicitation was issued before January 1, 2016.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. This bill would provide that a lease agreement shall not be entered into under these provisions on or after January 1, 2030, and would delete obsolete cross-references and make technical changes to these provisions.

AB 1360  (Ting D)  Charter-party carriers of passengers: individual fare exemption.
Introduced: 2/27/2015
Last Amended: 7/2/2015
Status: 7/1/2016-Failed Deadline pursuant to Joint Rule 61(b)(13). (Last location was E. U., & C. on 7/17/2015)
Location: 7/1/2016-S. DEAD

Summary:
Would exempt from specified provisions relating to the Passenger Charter-Party Carriers' Act a service operated by a transportation network company or a charter-party carrier of passengers that prearranges a ride among multiple passengers who share the ride in whole or in part, provided that the vehicle seats no more than 7 passengers, not including the driver, is operated by a participating driver, as defined, is not used to provide public transit services or carry passengers over a fixed route, is not used to provide pupil transportation services or public paratransit services, and the fare for each passenger is less than the fare that would be charged to a passenger traveling alone.

AB 1364  (Linder R)  California Transportation Commission.
Introduced: 2/27/2015
Status: 7/1/2016-Failed Deadline pursuant to Joint Rule 61(b)(13). (Last location was T. & H. on 2/4/2016)
Location: 7/1/2016-S. DEAD

Summary:
Current law vests the California Transportation Commission with specified powers, duties, and functions relative to transportation matters. Current law requires the commission to retain independent authority to perform the duties and functions prescribed to it under any provision of law. This bill would exclude the California Transportation Commission from the Transportation Agency and establish it as an entity in the state government. The bill would also make conforming changes.

AB 1442  (O'Donnell D)  Motor vehicle fuel: gasohol.
Introduced: 2/27/2015
**Last Amended:** 5/11/2015  
**Status:** 1/31/2016-Died pursuant to Article IV, Sec. 10(c) of the Constitution.  
**Location:** 1/31/2016-A. DEAD

### Summary:
Current law, the Motor Vehicle Fuel Tax Law, imposes a tax upon the privilege of distributing motor fuel and defines the term "gasohol" for purposes of that law. Gasohol is defined as all blends of gasoline and alcohol containing more than 15% gasoline. This bill would redefine gasohol to instead mean all blends of gasoline and alcohol containing more than 21% or a percentage determined by regulations adopted by the State Board of Equalization, as specified. This bill contains other related provisions and other current laws.

Introduced: 2/27/2015
Last Amended: 4/14/2015
Status: 1/15/2016-Failed Deadline pursuant to Rule 61(b)(1). (Last location was 2 YEAR on 5/1/2015)
Location: 1/15/2016-A. DEAD

Summary:
Current law authorizes certain toll facilities on public highways. Current law creates the Orange County Transportation Authority with various powers and duties. This bill would prohibit the Department of Transportation from seeking or providing funding for a toll lane on a public highway within the boundaries of the County of Orange unless the project is approved by a 2/3 vote of the Orange County Transportation Authority. AB 1889  (Mullin D) High-Speed Rail Authority: high-speed train operation.

Introduced: 2/11/2016

Last Amended: 8/19/2016

Location: 9/28/2016-A. CHAPTERED

Summary:
Current law, pursuant to the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, statewide general election, provides for the issuance of $9.95 billion for high-speed train capital projects and other associated purposes. The bond act requires the authority to expend the proceeds of the bond act pursuant to certain planning and reporting requirements, which require the authority to approve that the corridor or usable segment would be suitable and ready for high-speed train operations. This bill would provide for the purposes of a certain required funding plan that a corridor or usable segment thereof would be "suitable and ready for high-speed train operation" if specified conditions are met.

AB 2034  (Salas  D) Department of Transportation: environmental review process: federal program.

Introduced: 2/16/2016
Last Amended: 3/17/2016
Status: 7/1/2016-Failed Deadline pursuant to Joint Rule 61(b)(13). (Last location was T. & H. on 5/5/2016)
Location: 7/1/2016-S. DEAD

Summary:
Current law, until January 1, 2017, provides that the State of California consents to the jurisdiction of the federal courts with regard to the compliance, discharge, or enforcement of the responsibilities the Department of Transportation assumed as a participant in the surface transportation project delivery program. This bill would delete the January 1, 2017, repeal date and thereby extend these provisions indefinitely.

**AB 2090 (Alejo D)  Low Carbon Transit Operations Program.**

Introduced:  2/17/2016
Last Amended:  5/27/2016
Status:  8/12/2016-Failed Deadline pursuant to Joint Rule 61(b)(14). (Last location was APPR. on 8/11/2016)
Location:  8/12/2016-S. DEAD

Summary:
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, which provides operating and capital assistance for transit agencies to reduce greenhouse gas emissions and improve mobility, with a priority on serving disadvantaged communities. This bill would additionally authorize moneys appropriated to the program to be expended to support the operation of existing bus or rail service if the governing board of the requesting transit agency declares a fiscal emergency and other criteria are met, thereby expanding the scope of an existing continuous appropriation.

Summary:
The Highway Safety, Traffic Reduction, Air Quality, and Port Security Bond Act of 2006 (Proposition 1B) created the Trade Corridors Improvement Fund and provided for allocation by the California Transportation Commission of $2 billion in bond funds for infrastructure improvements on highway and rail corridors that have a high volume of freight movement, and specified categories of projects eligible to receive these funds. Current law continues the Trade Corridors Improvement Fund in existence in order to receive revenues from sources other than the bond act for these purposes. This bill would require revenues apportioned to the state from the National Highway Freight Program established by the federal Fixing America's Surface Transportation Act to be allocated for trade corridor improvement projects approved pursuant to these provisions.

**Summary:**

The Planning and Zoning Law, requires a city or county to adopt a comprehensive, long-term general plan for the physical development of the city or the county and of any land outside its boundaries that bears relation to its planning. This bill would revise the definition of land suitable for residential development to include the airspace above sites owned or leased by a city, county, or city and county. By imposing new duties upon local agencies with respect to the housing element of the general plan, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary:
Would establish the Transit Pass Program to be administered by the Department of Transportation with moneys made available, upon appropriation by the Legislature, to support transit pass programs that provide free or reduced-fare transit passes to specified pupils and students. The bill would require the department to develop guidelines that describe the criteria that eligible transit providers are required to use to make available free or reduced-fare transit passes to eligible participants. The bill would exempt those guidelines from the Administrative Procedure Act.

Location: 7/22/2016-A. CHAPTERED

Summary:
Current law requires the Department of Transportation to prepare a state highway operation and protection program for the expenditure of transportation funds for major capital improvements that are necessary to preserve and protect the state highway system and that include capital projects relative to maintenance, safety, and rehabilitation of state highways and bridges that do not add a new traffic lane to the system. This bill would add to the program capital projects relative to the operation of those state highways and bridges.

Introduced: 2/18/2016
Last Amended: 8/17/2016
Location: 9/28/2016-A.  CHAPTERED

Summary:
Current law authorizes regional transportation agencies to use the Construction Manager/General Contractor project delivery method, as specified, to design and construct certain expressways that are not on the state highway system if: (1) the expressways are developed in accordance with an expenditure plan approved by voters, (2) there is an evaluation of the traditional design-bid-build method of construction and of the Construction Manager/General Contractor method, and (3) the board of the regional transportation agency adopts the method in a public meeting. This bill would authorize the use of the Construction Manager/General Contractor method for the construction of 2 specified bridges that are not on the state highway system. For the purposes only of this authorization, the bill would include the County of Placer within the definition of a regional transportation agency.

**Summary:**  
Current law requires certain miscellaneous revenues deposited in the State Highway Account that are not restricted as to expenditure by Article XIX of the California Constitution to be transferred to the Transportation Debt Service Fund in the State Transportation Fund, as specified, and requires the Controller to transfer from the fund to the General Fund an amount of those revenues necessary to offset the current year debt service made from the General Fund on general obligation transportation bonds issued pursuant to Proposition 116 of 1990. This bill would, on July 1, 2017, delete the transfer of these miscellaneous revenues to the Transportation Debt Service Fund, thereby eliminating the offsetting transfer to the General Fund for debt service on general obligation transportation bonds issued pursuant to Proposition 116 of 1990.

Summary:
Current law generally requires contracts by the state for the acquisition of goods and services be awarded pursuant to various procedures and requirements. Current law exempts specified projects and types of contracts from those procedures and requirements. The California Council on Science and Technology is a nonpartisan, impartial, not-for-profit corporation, created in 1988 by legislative resolution. This bill would authorize state entities, as defined, to enter into contracts with the council for the council's assistance in translating scientific studies to inform public policy.

**AB 2742 (Nazarian D) Transportation projects: comprehensive development lease agreements.**

**Introduced:** 2/19/2016
Summary:
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law prohibits a lease agreement from being entered into under these provisions on or after January 1, 2017. This bill would allow a lease agreement to be entered into under these provisions until January 1, 2030.

Location: 8/12/2016-S. DEAD

Summary:
Current law creates the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation. Current law requires the California Transportation Commission to adopt the 2015 program of projects no later than January 31, 2016, with each subsequent program of projects to be adopted by April 1 of each odd-numbered year, and requires the commission to adopt guidelines for the program. This bill would, for a program cycle adopted on or after January 1, 2018, require a minimum of 10% of all available Active Transportation Program funds to be programmed for planning and noninfrastructure purposes, except as provided, and would require at least 50 percent of that amount to be programmed for planning activities to develop comprehensive active transportation master plans.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. Current law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.

Location: 2/1/2016-S. DEAD

Summary:
Under the California Global Warming Solutions Act of 2006, current State Air Resources Board regulations require specified entities to comply with a market-based compliance mechanism beginning January 1, 2013, and require additional specified entities to comply with that market-based compliance mechanism beginning January 1, 2015. This bill instead would exempt categories of persons or entities that did not have a compliance obligation, as defined, under a market-based compliance mechanism beginning January 1, 2013, from being subject to that market-based compliance mechanism through December 31, 2020.

SB 180 (Jackson D) Electricity: emissions of greenhouse gases.

Introduced: 2/9/2015
Last Amended: 5/5/2015
Status: 1/22/2016-Failed Deadline pursuant to Rule 61(b)(2). (Last location was 2 YEAR on 5/29/2015)
Location: 1/22/2016-S. DEAD

Would, on July 1, 2017, replace the greenhouse gases emission performance standards for baseload generation with greenhouse gases emission performance standards for nonpeaking generation and peaking generation. The bill would require the Public Utilities Commission, by June 30, 2017, through a rulemaking proceeding and in consultation with the State Energy Resources Conservation and Development Commission and the State Air Resources Board, to establish a greenhouse gases
emission performance standard for all nonpeaking generation of load-serving entities, and a separate standard for peaking generation.

SB 321 (Beall D) Motor vehicle fuel taxes: rates: adjustments.
Introduced: 2/23/2015
Last Amended: 8/18/2015
Would, for the 2016-17 fiscal year and each fiscal year thereafter, require the State Board of Equalization on March 1 of the fiscal year immediately preceding the applicable fiscal year, as specified, to adjust the rate in a manner as to generate an amount of revenue equal to the amount of revenue loss attributable to the exemption, based on estimates made by the board that reflect the combined average of the actual fuel price over the previous 4 fiscal years and the estimated fuel price for the current fiscal year, and continuing to take into account adjustments required by existing law to maintain revenue neutrality for each year. This bill contains other existing laws.

SB 350 (De León D) Clean Energy and Pollution Reduction Act of 2015.
Introduced: 2/24/2015
Last Amended: 9/11/2015
Status: 10/7/2015-Chaptered by Secretary of State - Chapter 547, Statutes of 2015.
Location: 10/7/2015-S. CHAPTERED

Current law establishes the California Renewables Portfolio Standards (RPS) Program, which is codified in the Public Utilities Act, with the target to increase the amount of electricity generated per year from eligible renewable energy resources to an amount that equals at least 33% of the total electricity sold to retail customers per year by December 31, 2020. This bill would require that the amount of electricity generated and sold to retail customers per year from eligible renewable energy resources be increased to 50% by December 31, 2030, as provided.

Introduced: 2/24/2015

Last Amended: 7/6/2015

Location: 10/8/2015-S. CHAPTERED

Summary:
The Planning and Zoning Law requires the legislative body of a city or county to adopt a comprehensive, long-term general plan that includes various elements, including, among others, a safety element for the protection of the community from unreasonable risks associated with the effects of various geologic hazards, flooding, and wildland and urban fires. This bill would, upon the next revision of a local hazard mitigation plan on or after January 1, 2017, or, if the local jurisdiction has not adopted a local hazard mitigation plan, beginning on or before January 1, 2022, require the safety element to be reviewed and updated as necessary to address climate adaptation and resiliency strategies applicable to that city or county.

**Beall D**  Carl Moyer Memorial Air Quality Standards Attainment Program: fees.

**Introduced:** 2/26/2015

**Last Amended:** 8/31/2015

**Status:** 10/8/2015-Chaptered by Secretary of State - Chapter 610, Statutes of 2015.

**Location:** 10/8/2015-S. CHAPTERED

**Summary:**

Current law authorizes the Sacramento Metropolitan Air Quality Management District to adopt a $6 surcharge on motor vehicle registration fees applicable to motor vehicles registered within the district. Current law requires the collected fees to be used for specified purposes, including, among others, awarding grants eligible for funding under the Carl Moyer Memorial Air Quality Standards Attainment Program. This bill would additionally authorize those fees to be used for projects that involve alternative fuel and electric infrastructure, as specified.

**Summary:**

Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. This bill would recast those provisions, and instead would require that a violation of this provision for a right turn or a left turn from a one-way street onto a one-way street is punishable by a fine of $35.

**Introduced:** 2/27/2015

**Last Amended:** 6/21/2016

**Status:** 8/26/2016-Chaptered by Secretary of State - Chapter No. 210, Statutes of 2016

**Location:** 8/26/2016-S. CHAPTERED

**Summary:**

The Jobs and Economic Improvement Through Environmental Leadership Act of 2011 authorizes the Governor, until January 1, 2016, to certify projects meeting certain requirements, including the requirement that the project creates high-wage, highly skilled jobs that pay prevailing wages and living wages, for streamlining benefits provided by that act. The act provides that if a lead agency fails to approve a project certified by the Governor before January 1, 2017, then the certification expires and is no longer valid. The act requires a lead agency to prepare the record of proceedings for the certified project concurrent with the preparation of the environmental documents. The act is repealed by its own terms on January 1, 2017. This bill would extend the authority of the Governor to certify a project to January 1, 2018.

Last Amended: 8/19/2016
Status: 9/30/2016-Vetoed by the Governor
Location: 9/30/2016-S. VETOED

Summary:
The Automotive Repair Act, provides for the registration and regulation of automotive repair dealers by the Bureau of Automotive Repair (bureau), which is under the supervision and control of the Director of Consumer Affairs (director). Current law requires repair dealers to give the customer a written estimated price for labor and parts necessary for a specific job. Current law defines terms for purposes of these provisions. Current law makes a violation of that act, except as specified, punishable as a misdemeanor. This bill would recast these provisions as the Automotive Repair and Maintenance Act and would provide for the registration and regulation of automotive maintenance providers, as defined, in a manner similar to the provisions regarding automotive repair dealers.

Summary:
The California Coastal Sanctuary Act of 1994 authorizes the State Lands Commission to enter into a lease for the extraction of oil or gas from state-owned tide and submerged lands in the California Coastal Sanctuary if the commission determines that the oil or gas deposits are being drained by means of producing wells upon adjacent federal lands and the lease is in the best interest of the state. This bill would enact the California Coastal Protection Act of 2015, which would delete this authorization. The bill would make related legislative findings and declarations.

**SB 817** (Roth D) **Local government finance: property tax revenue allocations: vehicle license fee adjustments.**
Introduced: 1/5/2016
Last Amended: 8/18/2016
Status: 9/23/2016-Vetoed by the Governor
Summary:
Beginning with the 2004-05 fiscal year and for each fiscal year thereafter, current law requires that each city, county, and city and county receive additional property tax revenues in the form of a vehicle license fee adjustment amount, as defined, from a Vehicle License Fee Property Tax Compensation Fund that exists in each county treasury. Current law requires that these additional allocations be funded from ad valorem property tax revenues otherwise required to be allocated to educational entities. This bill would modify these reduction and transfer provisions for a city incorporating after January 1, 2004, and on or before January 1, 2012, for the 2016-17 fiscal year and for each fiscal year thereafter, by providing for a vehicle license fee adjustment amount calculated on the basis of changes in assessed valuation.

SB 824  (Beall D) Low Carbon Transit Operations Program.
Introduced: 1/7/2016
Last Amended: 8/18/2016
Status: 9/22/2016-Chaptered by Secretary of State - Chapter 479, Statutes of 2016.
Location: 9/22/2016-S. CHAPTERED

Summary:
Current law continuously appropriates specified portions of the annual proceeds in the Greenhouse Gas Reduction Fund to various programs, including 5% for the Low Carbon Transit Operations Program, for expenditures to provide transit operating or capital assistance consistent with specified criteria. Current law provides for distribution of available funds under the program by a specified formula to recipient transit agencies by the Controller, upon approval of the recipient transit agency's proposed expenditures by the Department of Transportation. This bill would require a recipient transit agency to demonstrate that each expenditure of program moneys allocated to the agency does not supplant another source of funds.

Summary:
Would specify, with certain exceptions, for contracts and amendments to them entered into on or after January 1, 2017, that a design professional, as defined, only has the duty to defend himself or herself from claims or lawsuits that arise out of, or pertain to or relate to, negligence, recklessness, or willful misconduct of the design professional. The bill would prohibit these provisions from being construed to affect any duty of a design professional to defend any claims brought against him or her on an ongoing basis during their pendency or the design professional's obligation to reimburse reasonable defense costs incurred by other persons or entities, limited to the design professional's degree of fault, as determined by a court, arbitration, or negotiated settlement.

SB 940  (Vidak  R)  High-Speed Rail Authority: eminent domain: right of first refusal.
Introduced:  2/3/2016
Last Amended:  4/12/2016
Status:  8/22/2016-Chaptered by Secretary of State - Chapter No. 169, Statutes of 2016
Location:  8/22/2016-S. CHAPTERED

Summary:
Under current law, if the High-Speed Rail Authority determines that real property or an interest therein acquired by the state for high-speed rail purposes is no longer necessary for specified purposes, the authority is authorized to sell or exchange the real property or interest therein at fair market value as specified. This bill would require the authority, if selling the real property or interest therein, to send notification by certified mail to the last known owner of the real property or interest therein at his or her last known address, advising him or her that the real property or interest therein will be offered for sale. The bill would require the authority to wait at least 30 days after the notification has been sent to sell the real property or interest therein.

**Vehicles: right turn violations.**

**Introduced:** 2/10/2016  
**Last Amended:** 6/20/2016  
**Status:** 8/12/2016-Failed Deadline pursuant to Joint Rule 61(b)(14). (Last location was APPR. on 8/11/2016)  
**Location:** 8/12/2016-A. DEAD

**Summary:**
Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. A violation of this provision is an infraction punishable by a fine of $100. This bill would recast those provisions, and instead would make a violation of that requirement for a right turn, or a left turn from a one-way street onto a one-way street, punishable by a fine of $35. The bill would make additional conforming changes.

Summary:
The Planning and Zoning Law requires, after the initial revision of the safety element to address flooding, fires, and climate adaptation and resilience strategies, that for each subsequent revision the planning agency review and, if necessary, revise the safety element to identify new information that was not available during the previous revision of the safety element. This bill would instead require a planning agency to review and revise the safety element to identify new information, as described above, only to address flooding and fires.

#### Summary:
Current law requires the Department of Motor Vehicles to establish a pilot program from July 1, 2010, to July 1, 2017, inclusive, in the Counties of Alameda, Los Angeles, Sacramento, and Tulare that requires, as a condition of issuing a restricted driver's license, being reissued a driver's license, or having the privilege to operate a motor vehicle reinstated subsequent to a conviction for any violation of the offenses of driving under the influence, a person to install for a specified period of time an ignition interlock device on all vehicles he or she owns or operates. Under current law, the amount of time the ignition interlock device is required to be installed is based upon the number of prior convictions suffered by the individual, as prescribed. This bill would extend the pilot program in those counties until January 1, 2019.

**Summary:**
Current law requires an action alleging unfair competition, as defined, to be commenced within 4 years after the cause of action accrued. This bill would, for actions brought by the Attorney General or a district attorney, revive an action for unfair competition with respect to scientific evidence regarding the existence, extent, or current or future impacts of anthropogenic-induced climate change that is time barred as of January 1, 2017, and would authorize the action to be brought within 4 years of that date.

**Summary:**
Current law defines the boundaries of 3 intercity rail corridors, and requires the preparation of an annual business plan for the corridor by each participating joint powers board. This bill, at any time after an interagency transfer agreement between the department and a joint powers board has been entered into, would authorize the amendment of the agreement to provide for the extension of the affected rail corridor to provide intercity rail service beyond the defined boundaries of the corridor. The
bill would require a proposed extension to first be recommended and justified in the business plan adopted by the joint powers board, and then would require the approval of the Secretary of Transportation.

Status: 9/24/2015-Senators Beall (Co-Chair), Allen, Leyva, Cannella and Gaines appointed to Conference Committee.
Location: 9/24/2015-S. CONFERENCE COMMITTEE

Summary:
Current law requires the Department of Transportation to improve and maintain the state's highways, and establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state. This bill would declare the intent of the Legislature to enact statutory changes to establish permanent, sustainable sources of transportation funding to maintain and repair the state's highways, local roads, bridges, and other critical transportation infrastructure.

Introduced: 7/13/2015
Status: 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).
Location: 9/14/2015-S. DEAD

Summary:
Would delete the continuous appropriations from the Greenhouse Gas Reduction Fund for the high-speed rail project, and would prohibit any of the proceeds from the fund from being used for that project. The bill would continuously appropriate the remaining 65% of annual proceeds of the fund to the California Transportation Commission for allocation to high-priority transportation projects, as determined by the commission, with 40% of those moneys to be allocated to state highway projects, 40% to local street and road projects divided equally between cities and counties, and 20% to public transit projects.

**Summary:**
Current law requires all moneys, except for fines and penalties, collected by the State Air Resources Board from the auction or sale of allowances as part of a market-based compliance mechanism relative to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations Program, thereby making an appropriation. This bill contains other current laws.

**Summary:**
Current law requires funds available for regional projects to be programmed by the California Transportation Commission pursuant to the county shares formula, under which a certain amount of funding is available for programming in each county, based on population and miles of state highway. Current law specifies the various types of projects that may be funded with the regional share of funds to include state highways, local roads, transit, and others. This bill would revise the process for programming and allocating the 75% share of state and federal funds available for regional transportation improvement projects.

**Location:** 9/4/2015-S. T. & I.D.

**Summary:**
The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. This bill would exempt from these CEQA provisions a project that consists of the inspection, maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of existing transportation infrastructure if certain conditions are met, and would require the person undertaking these projects to take certain actions.

Status: 8/17/2015-August 19 set for first hearing canceled at the request of author.
Location: 7/16/2015-S. T. & I.D.

Summary:
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.
