**CALL TO ORDER**
The meeting was called to order by the Chair, Hon. Pam O’Connor, at approximately 8:30 a.m. A quorum was confirmed and roll-call was taken.

**PUBLIC COMMENT PERIOD**
There were no public comments presented.

**REVIEW AND PRIORITIZE AGENDA ITEMS**
There was no reprioritization of the agenda

**CONSENT CALENDAR**

1. Minutes of February 16, 2016 Meeting

A MOTION was MADE (Pettis) to approve the Consent Calendar. The MOTION was SECONDED (Daniels) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

**AYES:** Clark, Daniels, Finlay, Lorimore, Mitchell, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

**NOES:** None
ABSTAIN: None

ACTION ITEMS

2. SCAG Sponsorships

Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided an overview of the Southern California Leadership Network ($10,000), and the Local Government Commission – 2016 California Climate Adaptation Forum ($5,000).

Hon. Cheryl Viegas-Walker suggested that an update of the budget allocation for memberships and sponsorships for the fiscal year be provided at the April 2016 meeting.

A MOTION was made (Pettis) to approve the Southern California Leadership Network - $10,000, and the Local Government Commission – 2016 California Climate Adaptation Forum - $5,000. The MOTION was SECONDED (Daniels) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Daniels, Finlay, Lorimore, Mitchell, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

3. AB 1780 (Medina) – Trade Corridor Improvement Fund (TCIF)

Jeff Dunn, Legislative Analyst, stated that AB 1780 builds upon the objectives that SCAG is trying to achieve with its bill, AB 2170, in that it would appropriate specifically Cap-and-Trade funds into the Trade Corridor Improvement Fund. Staff recommends support.

A MOTION was made (Steel) to support AB 1780 (Medina). The MOTION was SECONDED (Clark) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Becerra, Clark, Daniels, Hagman, Lorimore, Mitchell, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES: None

ABSTAIN: None

4. AB 2452 (Quirk) – California Environmental Quality Act (CEQA)

Jeff Dunn, Legislative Analyst, stated that AB 2452 would prohibit a court from staying or enjoining transportation infrastructure projects, based solely on the project’s potential contribution to the emissions of greenhouse gases. Staff recommends support consistent with
board policy and adopted 2016 legislative priorities supporting streamlined CEQA review processes.

A MOTION was made (Steel) to support AB 2452 (Quirk). The MOTION was SECONDED (Daniels) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES:  Becerra, Clark, Daniels, Hagman, Lorimore, Mitchell, Murray, O’Connor, Pettis, Steel, Viegas-Walker, Wapner

NOES:  None

ABSTAIN:  None

5.  AB 1813 (Frazier) – High-Speed Rail Authority: Membership

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that AB 1813 (Frazier) would add two ex-officio members to the High-Speed Rail Authority. The body currently consists of nine members, composed of five members appointed by the Governor and two members each appointed by the Senate Committee on Rules and the Speaker of the Assembly. Staff recommends support.

Supervisor Michelle Steel expressed concern that by adding more members to the body, it would be less efficient and effective. Hon. Cheryl Viegas-Walker stated that while in general she agrees with Supervisor Steel’s position; however, in this regard she believes the additional members would provide much needed oversight to high-speed rail.

A MOTION was made (Viegas-Walker) to support AB 1813 (Frazier). The MOTION was SECONDED (Pettis) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES:  Becerra, Clark, Daniels, Hagman, Lorimore, Mitchell, Murray, O’Connor, Pettis, Viegas-Walker, Wapner

NOES:  Steel

ABSTAIN:  None

INFORMATION ITEMS

6.  AB 2170 – SCAG Legislation – Trade Corridor Improvement Fund (TCIF)

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that as reported to the LCMC at its February meeting, AB 2170 is SCAG sponsored legislation to allocate federal formula freight funds made available under the Fixing America’s Surface Transportation (FAST) Act. The bill, carried by Jim Frazier, Chair of the Assembly Transportation Committee, would
require revenues apportioned to the state from the National Highway Freight Program, to be deposited in the TCIF for investment into projects in the most heavily congested trade corridors.

7. **Bills of Interest**

Jeff Dunn, Legislative Analyst, stated that the legislative bills addressed in this report have been identified by SCAG’s regional transportation partners as legislation that may merit active monitoring or further consideration for potential action. SCAG or no partner agency has taken position on any of these bills. Staff will continue to track the bills throughout the session and advise the Committee of any significant developments that might impact SCAG’s adopted policies or priorities.

8. **SCAG/SCLC Legislative Reception Update**

Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided an overview of the key discussion points and issues that will be addressed at the annual SCAG/SCLC Legislative Reception, held March 16 & 17, 2016 in Sacramento. Mr. Chidsey noted that at the breakfast meeting on Thursday, March 17, 2016, California Secretary for Natural Resources, John Laird, will give an update on water issues, particularly the Governor’s $24-billion plan to move water from northern California to the Central Valley and southern California.

9. **Logo Re-Design Update**

Darin Chidsey, Director of Strategy, Policy & Public Affairs, stated that at the April LCMC meeting, staff will present a mach-up of the proposed logo. Mr. Chidsey further stated that over the last several weeks the consultant distributed a survey and conducted interviews to gather research. The consultant has compiled the findings from the research, and will present it to the Logo Redesign Subcommittee directly following today’s LCMC meeting.

10. **2016 General Assembly (GA) Update**

Darin Chidsey, Director of Strategy, Policy & Public Affairs, provided an update on the 2016 General Assembly, being held at the La Quinta Resort & Spa on May 5 & 6, 2016. Mr. Chidsey reported that great progress is being made toward development of the program and sponsorships. Mr. Chidsey noted that invitations have gone out to a variety of potential speakers.

11. **Legislative Tracking Report**

Jeff Dunn, Legislative Analyst, noted that all the bills included in the report are carry-over bills from last year and will continue to be monitored by staff. Mr. Dunn encouraged members to notify staff if there are any bills that are being monitored by the League of Cities, CESAC, or any other noteworthy organizations.

Hon. Greg Pettis stated that the City of Palm Springs has asked that SCAG’s CEHD committee monitor SB 876 (Liu) - Homelessness, looking at both environmental justice issues and public safety issues, and how it may fit within SCAG’s housing programs. Hon. Pettis further stated that
the bill would remove local enforcement authority in terms of preventing the homeless from gathering in public places and staying overnight.

Hon. Margaret Clark noted that the League of Cities has taken an opposing position on SB 876. Hon. Clark stated that she believes the bill would prevent homeless people from receiving the help they need, in terms of access to rehabilitation programs.

FUTURE AGENDA ITEMS
There were no agenda items presented.

ANNOUNCEMENTS
Hon. Gene Daniels noted that on March 23, 2016, Gateway Cities will host a workshop on Cap-and-Trade issues from 8:00 AM until 12 Noon. The workshop will be held at the Gateway Cities office located at 16401 Paramount BL, City of Paramount; telephone number (562) 663-6850.

The Chair welcomed Supervisor Michelle Steel, representing Orange County, to the LCMC Committee.

ADJOURNMENT
The Chair adjourned the meeting at 9:14 a.m. The next regular meeting of the Legislative/Communications & Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m., Tuesday, April 19, 2016.

SUBJECT: SCAG Logo Re-Design and Branding

RECOMMENDED ACTION:
Recommend to the Regional Council that SCAG’s new logo be adopted.

EXECUTIVE SUMMARY:
SCAG’s current logo, the “bow tie”, has been in place since 1996. Over the past year, SCAG has utilized a special 50th Anniversary logo to mark this agency milestone. As SCAG’s 50th Anniversary year is coming to a close, staff is exploring a new logo for the agency, rather than revert back to the older “bow tie”. Staff has procured a marketing and strategic communications firm, One Eighteen Advertising, Inc., to assist in a re-design of the SCAG logo and to provide insight on how SCAG can use branding to better reflect its current mission, purpose, and role. The consultant team has conducted valuable research in the form of interviews and surveys with board members, stakeholders, and staff on the SCAG brand. Based on feedback given during the research phase, the consultant team provided several draft logo designs. Following an internal review process, SCAG will provide final selections to the logo re-design subcommittee on April 18, 2016. The logo re-design subcommittee will present their recommendation to the LCMC.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; Objective b: Develop External Communications and Media Strategy to Promote Partnerships, Build Consensus, and Foster Inclusiveness in the Decision Making Process.

BACKGROUND:
Last year, SCAG celebrated its 50th anniversary. SCAG has had many accomplishments over the past five decades, and in more recent years, has raised its profile as a convener of the region’s many elected, community and business leaders, while promoting collaboration to address some of Southern California’s toughest public policy issues. With the adoption of the 2012-2035 Regional Transportation Plan/Sustainable Communities Strategy, SCAG has championed for increased funding opportunities for cities to implement the policies incorporated within the plan, which would increase mobility, promote sustainability, and improve the quality of life for residents. In addition, SCAG has been continually educating, building partnerships, and providing valuable services to its member cities. To date, 190 out of 191 cities in the region are members of SCAG, a reflection of the value the agency provides.

SCAG reached an incredible milestone last year, and there is now the opportunity to update the agency logo and visual branding to better align with the SCAG of today. SCAG’s most recent logo – the “bow tie” – was adopted in 1996, 20 years ago. It has served its purpose, but is now outdated. SCAG procured a marketing and advertising firm, One Eighteen Advertising, to assist in updating the logo and assist
with the rollout of a new logo design. Their scope includes researching and interviewing key staff, board members, and other stakeholders to provide insight on the SCAG brand and perceptions/reputation of the agency. The logo re-design effort will have a thorough understanding of SCAG’s formation, its legacy, the role the agency plays today and what it will be in the future.

Information on the logo re-design and branding project was presented to the LCMC at its January 19th meeting. At the meeting, an LCMC subcommittee was created to oversee the development of the new logo. Members include: Hon. Pam O’Connor, Hon. Greg Pettis, and Hon. Margaret Clark. The subcommittee first met on February 16th, to review the proposed research phase process and survey questions. On March 15th, the subcommittee met to review the response data and the insights from the survey, as well as next steps. The subcommittee will convene on April 18th to review the final logo designs and taglines.

SCAG BRAND RESEARCH PHASE
During the initial research phase, SCAG provided the consultant with a highly targeted list of 432 individuals comprised of Regional Council members, County Transportation Commission CEOs, GLUE Council members, federal/state agency partners, stakeholders and staff. The consultant team sent emails to the group, asking them to participate in a short survey and in some cases, offered one-on-one phone interviews. The survey’s objective was to better understand the external perceptions and reputation of SCAG and whether these perceptions were in alignment with the vision and goals of the organization. The feedback would inform the logo design and brand communications.

Approximately 114 people completed the survey and provided feedback. The respondents were fairly equally distributed in terms of staff, Regional Council members and external stakeholders. There was also fairly equal dispersion in terms of years of engagement with SCAG – less than 5 years, between 5-10 years and more than 10 years.

Some insights from the research survey:

- The majority of respondents believe that SCAG does embody its mission statement and over 80% of respondents felt that SCAG’s mission statement is accurate.
- 92% of respondents refer to the agency as “SCAG” as opposed to “Southern California Association of Governments”
- When asked what values best represent SCAG, the top three answers were: “Collaboration” (88.4%), “Sustainability” (57.9%) and “Service” (53.7%). Respondents also viewed SCAG as a “Cooperative,” “Leading,” and “Positive” organization.

One critical value to SCAG’s brand that did not score as high as one might have expected was “Innovation” (27.5%). Because respondents did not believe this value best describes SCAG, innovation has been identified by staff as definitive criteria for tagline development.

LOGO DESIGN AND BRAND DEVELOPMENT
With the the survey insights in mind, the consultant team developed approximately 12 initial logo designs. From the draft designs, staff selected four for further refinement and consideration. The four logo designs reflect the consistent themes that emerged from the research phase around SCAG’s brand values and the agency’s strength – regional collaboration.
These four designs were shared with executive staff, who provided feedback and recommended two final designs. Executive staff also reviewed many potential taglines that would strengthen SCAG’s brand, and better align the brand with the mission and goals of the agency. Per their direction, the consultant team and staff further refined the tagline messaging to better highlight the core value of “Innovation.”

A presentation was given to SCAG staff on Wednesday, April 13, to solicit their input on a final logo and tagline recommendation. Their input was collected and will be shared with the Logo Re-Design Subcommittee on April 18.

NEXT STEPS:
With the LCMC’s approval, the updated SCAG logo will be considered for adoption by the Regional Council on May 5, 2016 and the new logo could be unveiled as part of SCAG’s 2016 Regional Conference and General Assembly, May 5-6, at the La Quinta Resort & Club. Following the event, the new logo will be integrated into a variety of SCAG communication channels to heighten the awareness of the new SCAG branding, and it will also be rolled out at the office over the course of the next fiscal year.

SUBJECT: AB 2796 (Bloom) – Active Transportation Program - SUPPORT

RECOMMENDED ACTION:
Support

EXECUTIVE SUMMARY:
AB 2796 would amend the statute that established the Active Transportation Program to specify that each funding component—statewide, rural and small Urban, and Metropolitan Planning Organization administered competitions—of the Active Transportation Program award a minimum of 5% for planning and community engagement for active transportation in disadvantaged communities and a minimum of 10% and maximum of 30% for non-infrastructure programming, including Safe Routes to Schools, of the total funds. Staff recommends support.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
Existing law allows communities to apply for Active Transportation Program (ATP) grants allocated by the California Transportation Commission (CTC) and administered by the Department of Transportation (CalSTA). Created in 2013 to increase walking and bicycling, the ATP provides competitive transportation grants statewide for bikeways, sidewalks, trails, and crossing safety improvements, also known as “infrastructure” for people walking and biking. Additionally, the ATP also funds master planning activities in disadvantaged communities, as well as non-infrastructure grants for education, encouragement, and enforcement activities, including those related to Safe Routes to School.

The CTC and CalSTA have put particular emphasis on funding infrastructure grants in the first two grant cycles of the ATP, and consequently, less funding for planning and non-infrastructure proposals. In the first grant cycle, roughly 8% of the overall program funded planning and non-infrastructure grants. In the second cycle, which was adopted in 2015, less than 5% of program funds went to grants of this type.

The author notes that planning continues to be a large need for active transportation—especially in low-resourced communities. According to the Office of Planning and Research's 2013-14 Annual Planning Survey, less than 50% of respondent cities and counties reported an adopted Bicycle Master Plan and
roughly 13% of respondents reported an adopted Pedestrian Master Plan. Planning funds enable the
development of meaningful and transformative infrastructure proposals that make the most of limited
state dollars for active transportation, while addressing community residents’ identified mobility and
safety needs. Non-infrastructure activities are also critical to engage and excite residents to walk and
bike more.

Recent administrative actions by the CTC in developing guidelines for the Program’s third grant cycle
further reduce the percentage of funding for planning and increase the competitive advantage of
infrastructure projects, setting aside 2% of funds from the three component programs (statewide, rural
and small Urban, and Metropolitan Planning Organization administered) for planning, discouraging
under-resourced jurisdictions from applying for planning and non-infrastructure grants.

AB 2796 seeks to enable active transportation planning and non-infrastructure projects to compete more
fairly in the Program. The bill designates an ongoing minimum percentage of ATP funds for planning
and non-infrastructure projects in statute as follows: a minimum of 5% for planning efforts in
disadvantaged communities, and a minimum of 10% and maximum of 30% for non-infrastructure
activities, including Safe Routes to School. By setting the minimum funding levels slightly higher than
the percentages awarded to these project types in past rounds, these minimums will create an incentive
for applicant agencies to strongly consider applying for planning or non-infrastructure, or including non-
infrastructure activities in an infrastructure project application. The bill will ensure that disadvantaged
communities can continue to benefit from the program with the support of planning grants that will
enable the development of robust plans and project lists for future project grant applications.

AB 2796 passed the Assembly Transportation Committee (16-0) on June 11, 2016, and is referred to the
Assembly Appropriations Committee. The bill, sponsored by California Bicycle Coalition, California
Walks, and Safe Routes to School, is supported by numerous bicycle coalitions statewide, with
transportation and environmental advocacy groups such as Move LA, League of Conservation Voters,
and many others. Staff recommends support consistent with agency goals to increase planning resources
for active transportation projects and to support ATP development in the region’s disadvantaged
communities, the majority of which throughout the state are located in Southern California.

SUBJECT: SB 1387 (De León) - Non-vehicular air pollution: market-based incentive programs: South Coast Air Quality Management District board

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
SB 1387 (De León) would grant to the California Air Resources Board (CARB) authority to disapprove, amend and/or change the market-based incentive program adopted by the local air district. Additionally, the bill also increases membership of the South Coast Air Quality Management District (SCAQMD) Board of Directors from 13 to 16 members.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
Existing law authorizes the board of an air quality management district to adopt a market-based incentive program as an element of a district’s plan for the attainment of the state or federal ambient air quality standards. The bill also would require a district board to submit to the California Air Resources Board (CARB) for review and approval the district’s market-based incentive program and any revisions to that program.

Existing law requires a district board, within 5 years from the date of the adoption of a market-based incentive program, to commence public hearings to reassess the program and, within 7 years from the date of the air district’s initial adoption of the program, to ratify specified findings with the concurrence of the CARB.

This bill would instead require a district board to submit to the State Air Resources Board for review and approval the district’s plan for attainment or a revision to that plan. The bill would prescribe specified actions for the state board to take if the state board determines that a market-based incentive program, or a revision to a market-based incentive program do not comply with law. The CARB shall review, approve, disapprove, or amend and approve the plan or plan revision prior to program implementation, and shall make its determination not later than 60 days from the date of submission of the plan or plan revision. If CARB determines that a plan or plan revision submitted does not comply, the state board within 60 days of the date of the submission of the plan or plan revision, shall do all of the following:
• Notify the district;
• Revise the plan or plan revision so that the plan or plan revision complies;
• Approve the plan or plan revision;
• If the state board approves a plan or plan revision, the plan or plan revision shall take effect immediately and be binding on the district.

Existing law also provides for the district to adopt rules to implement the market based incentive program to achieve emissions reductions. The bill provides that if CARB determines that a district rule does not comply, CARB shall within 60 days of the date of submission of the rule shall do all of the following:

• Notify the district;
• Revise the rule so that the rule complies;
• Adopt the rule.
• If CARB approves a rule, it shall take effect immediately and have the same legal force and effect as a district rule.

Existing law establishes that the South Coast Air Quality Management District (SCAQMD) vested with the authority to regulate air emissions from stationary sources located in the South Coast Air Basin and establishes a district board, consisting of 13 members. This bill would add 3 members to the district board. Specifically, the bill:

• Increases from one to two the number of members appointed by the Governor with the advice and consent of the Senate;
• Increases from one to two the number of members appointed by the Senate Committee on Rules;
• Increases from one to two the number of members appointed by the Speaker of the Assembly;
• Provides that for each of the above appointees of the Governor, Senate Committee on Rules, and Speaker of the Assembly, that one shall be a representative of a bona fide nonprofit environmental justice organization that advocates for clean air and pollution reduction in one or more communities within the South Coast Air Basin.
• Provides that for those appointed by the Governor, Senate Committee on Rules, and Speaker of the Assembly who do not have the above referenced qualification, shall either be a physician who has training and experience in the health effects of air pollution, an environmental engineer, a chemist, a meteorologist, a specialist in air pollution control, or shall be a public member.

Discussion

SB 1387 is introduced by President Pro Tempore Kevin De Leon (D-Los Angeles), with co-authors Senator Ben Allen (D-Santa Monica) and Ricardo Lara (D-Los Angeles). While the most publicly reported portion of the bill, (Section 2), is the addition of 3 members to the South Coast Air Quality Management District’s Governing Board, Section 1 of the bill proposes a significant policy change for local air districts. This portion of the bill would confer authority to CARB to disapprove, amend, or change a local air district’s adopted market-based incentive program, and allows for CARB to make revisions to locally adopted plans and with these revisions effective immediately. Thus, there are significant local control issues raised by provisions of the bill. As the current language in the bill was
published on April 7, 2016, staff is still reviewing the complete impacts of the bill and is recommending SCAG continue to monitor the bill.

SB 1387 is referred to the Senate Committee on Environmental Quality with hearing scheduled for April 20, 2016.

SUBJECT: Bills of Interest Update

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
The legislative bills addressed in this report have been identified by SCAG’s regional transportation partners as legislation that may merit active monitoring or further consideration for potential action. No partner agency has taken position on any of these bills. In addition to sharing the bills with the Committee for its information, staff will track throughout the session and advise the Committee of any significant developments that might impact SCAG’s board adopted policies or priorities.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan: Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; and Goal 2: Obtain Regional Transportation Infrastructure Funding and Promote Legislative Solutions for Regional Planning Priorities.

BACKGROUND:
AB 1364 (Linder) - California Transportation Commission – Removes the California Transportation Commission (CTC) from the California Transportation Agency (CalSTA) and establishes the commission as an independent entity in state government.

The CTC was established in 1978 to provide a single venue for addressing transportation development and funding issues in the state. It consists of eleven voting members and two non-voting ex-officio members. Of the eleven voting members, the Governor appoints nine, the Senate Rules Committee appoints one, and the Speaker of the Assembly appoints one. The two ex-officio non-voting members are the chairs of transportation committees in each house.

The CTC’s primary function is to program and allocate funds for the construction of highway, passenger rail, and transit improvements throughout California. In addition, it also advises and assists the Secretary of Business, Transportation and Housing and provides professional advice assisting the Administration and the Legislature in formulating and evaluating state policies and plans for California’s transportation programs.
In 2012, Governor Brown introduced the Governor’s Reorganization Plan No. 2 (GRP 2) which under existing law gives him the authority to periodically examine the organization of all agencies and to determine what changes are necessary for the provision of government services. One of the more contested components of GRP 2 was the placing the CTC under the Transportation Agency.

The author notes that the Legislature increasingly looks to the CTC for guidance, policy development, and administration for complicated transportation programs, and opines there are questions as to whether the CTC is sufficiently able to act independently or whether it is subject to undue influence by the Administration. AB 1364 is introduced to ensure that the CTC is able to independently perform its duties with autonomy from the Governor and Legislature.

AB 1364 has been moving through the legislature, the bill passed the Assembly by 78-0 vote on January 27, 2016, and is double referred to the Senate Transportation and Housing Committee and the Senate Governmental Organization Committee. No hearing is presently scheduled.

**AB 1550 (Gomez)** AB 32 designates California Air Resources Board (ARB) as the state agency charged with monitoring and regulating GHG emissions. Existing law requires all moneys, except for fines and penalties, collected from cap-and-trade to be deposited in the Greenhouse Gas Reduction Fund and requires the Department of Finance, with ARB and other agencies, to develop a 3-year investment plan for the GGRF moneys to allocate a minimum 25% of moneys in the fund to projects that provide benefits to disadvantaged communities, and a minimum 10% to projects located in disadvantaged communities. Existing law provides that the allocation of 10% for projects located in disadvantaged communities may be used for projects included in the minimum allocation of 25% for projects that provide benefits to disadvantaged communities.

When last reported to the LCMC, this bill would require that the investment plan allocate a minimum of 25% of the available moneys to projects located within, and benefitting individuals living in, disadvantaged communities and a separate and additional 25% to projects that benefit low-income households, as specified, with a fair share of those moneys targeting households with incomes at or below 200% of the federal poverty level (emphasis added). On April 11 the bill was amended to remove the additional 25% to projects benefitting low-income households and, instead, leaves that percentage unspecified.

The author asserts that numerous findings suggest low-income communities are and will continue to be disproportionately impacted by the effects of climate change. Since CalEnviroScreen classifies a quarter of the state’s population as living in disadvantaged communities (DACs), at least a quarter of cap-and-trade funds should be invested directly within the boundaries of DACs, which generally provides more assistance than simply “benefiting” these communities.

Additionally, the author states that some of the best greenhouse gas reduction strategies are those that benefit low-income households, whether they lie inside or outside designated DACs. Low-income Californians often lack adequate transportation choices, spend a significant percentage of their budgets on necessities like energy, and are least able to relocate or afford energy-saving appliances, vehicles, and household improvements to adapt to our changing climate. For these reasons the author believes the state should continue making a concerted effort to specifically target investments in DACs. As amended, AB 1550 ensures that low-income households directly benefit from the state’s cap-and-trade program by
requiring an additional unspecified percentage of climate funds to benefit these households through programs such as advanced clean vehicles, weatherization and energy efficiency, transit passes, and household clean energy generation.

The bill is supported by every major environmental organization in the state and numerous other entities; the only on-record opposition is by the California Chamber of Commerce. The bill passed Assembly Natural Resources Committee by 7-0 vote on April 4, 2016, and is referred to Assembly Appropriations Committee, no hearing scheduled.

**AB 2332 (E. Garcia)** – As reported to LCMC last month, this bill would require the CTC to establish a process whereby CalSTA and local agencies receiving funding for highway capital improvements from the State Highway Operation and Protection Program (SHOPP) or the State Transportation Improvement Program (STIP) prioritize projects that provide benefits to the mobility and safety needs of disadvantaged community residents, as specified.

The bill was amended on April 5 to require CalSTA to increase the annual number of complete street projects undertaken by the department by 20% over the 2016 baseline by the year 2020 and increase accessibility for low-income and disadvantaged communities by increasing multimodal transportation proximity to employment, jobs, housing, and recreation areas. The bill would establish department goals to reduce by 10% based on the 2016 baseline the number of transit, pedestrian, and bicyclist fatalities, and reduce by 15% statewide per capita the vehicle miles traveled by the year 2020, and to increase travel by non-automobile modes of travel.

Additionally, as amended the bill would require the draft 5-year interregional transportation program to include projects to implement complete streets, and the SHOPP to include capital improvements relative to multiuse, including complete streets. The bill would require CalSTA to hold at least one public hearing in each of its districts on SHOPP and would require the hearing to be accessible by public transit, held at times that are convenient for disadvantaged community residents. The bill would require the CTC, no later than July 1, 2017, in connection with the asset management plan, to also adopt targets and performance measures that reflect state transportation goals and objectives that, among other things, improve mobility, access, and safety for non-motorized users in disadvantaged communities by requiring not less than 35% of SHOPP projects be located in urban and rural disadvantaged communities. The bill would also require that funds in the State Highway Account in the State Transportation Fund be programmed for specified safety improvements that would reduce fatalities and the number and severity of injuries to pedestrians.

Additionally, staff of the Assembly Transportation Committee has asked that SCAG as well as transportation commissions throughout the region and around the state provide the Committee feedback in advance of the first policy hearing on the bill in Committee, which was originally scheduled for April 11 and re-scheduled to April 18. SCAG staff is reviewing the bill and will provide comments to committee staff in advance of this hearing. Generally, staff recognizes that goals of the bill would benefit the SCAG region by supporting more complete streets improvements and active transportation infrastructure and prioritize funding in disadvantaged communities, the majority of which throughout the state are located in our region. However, staff also notes concerns the bill would add additional layers of rules and restrictions to two state programs, SHOPP and STIP that have limited funding and in fact are facing shortfalls, and notes that adding additional eligibility requirements to these programs at a
minimum should come with additional funding to the programs instead of further restrictions on dwindling funds. Staff has not completed its review of the bill and, once completed and more input has been provided to the committee, staff will provide update to LCMC.

SUBJECT: FY16 Sponsorships and Memberships Report

RECOMMENDED ACTION:
For Discussion Only – No Action Required.

EXECUTIVE SUMMARY:
Throughout the year, SCAG supports a variety of community events to build partnerships, learn and share information with other agencies and organizations, and provide opportunities to share SCAG’s policies and plans to other stakeholders. This report provides a summary of total sponsorships and memberships that have been expended to date in Fiscal Year 2015-2016 (FY 2016).

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; Objective b: Develop External Communications and Media Strategy to Promote Partnerships, Build Consensus, and Foster Inclusiveness in the Decision Making Process.

BACKGROUND:
Membership and sponsorship are key component’s of SCAG’s approach to regional leadership; these partnerships provide SCAG with opportunities to engage regional and statewide leaders in policy initiatives that benefit Southern California and the State. Memberships yield promotional and educational value to the agency, and provide participatory and leadership opportunities that aid in the agency’s ability to successfully fulfill its core responsibilities. Event sponsorships constitute an investment in policy discussions for the benefit of the region. Sponsorship of an external event includes recognition on event materials that are circulated extensively among professionals from government, business, academic and community organizations in the region, maximizing the visibility of the agency and furthering public awareness SCAG’s work on behalf of the region.

Memberships

SCAG’s total membership expenditures to date for FY 2016 are $165,169.14. This includes membership with 16 organizations as shown below. The total membership budget for FY 2016 is $182,350.

(Ting D) Toll bridges: pedestrians and bicycles.

Introduced: 12/1/2014
Last Amended: 9/2/2015
Status: 10/7/2015-Chaptered by Secretary of State - Chapter 550, Statutes of 2015.
Location: 10/7/2015-A. CHAPTRED

Summary:
Current law provides for the construction and operation of various toll bridges by the state, the Golden Gate Bridge, Highway and Transportation District, and private entities that have entered into a franchise agreement with the state. This bill would, until January 1, 2021, prohibit a toll from being imposed on the passage of a pedestrian or bicycle over these various toll bridges.

**Summary:**  
Current law requires the California Environmental Protection Agency to identify disadvantaged communities and requires the Department of Finance, in consultation with the State Air Resources Board and any other relevant state agency, to develop, as specified, a 3-year investment plan for the moneys deposited in the Greenhouse Gas Reduction Fund. Current law requires the 3-year investment plan to allocate a minimum of 25% of the available moneys in the fund to projects that provide benefits to disadvantaged communities. This bill would require the state board to prepare and post on its Internet Web site a specified report on the projects funded to benefit disadvantaged communities.

**Summary:**  
Current law, until January 1, 2016, provides an exemption from the separated golf cart lane requirement for street and highway segments in the City of La Verne that, among other requirements, have a speed limit of 25 miles per hour or less and are immediately adjacent to or surrounded by the campus of a university or a retirement community, if the city council makes specified findings. This bill would delete the January 1, 2016, termination date applicable to the provisions relating to the City of La Verne, thereby making those provisions operative indefinitely.

Summary:
Current law authorizes a regional transportation agency, as defined, in cooperation with the Department of Transportation to apply to the California Transportation Commission to develop and operate high-occupancy toll (HOT) lanes. This bill would authorize a regional transportation agency or the department to apply to the commission to develop and operate HOT lanes or other toll facilities, as specified, and would delete the January 1, 2012, deadline for HOT lane applications and remove the existing limitation on the number of facilities that may be approved.

Summary:
Would prohibit, commencing July 1, 2016, any high-occupancy vehicle lane from being established on specified portions of state highway routes in the County of Los Angeles, unless that lane is established as a high-occupancy vehicle lane only during the hours of heavy commuter traffic, as determined by the Department of Transportation. The bill would require any existing high-occupancy vehicle lane established on the specified portions of these routes to be modified to conform with those requirements.

**Summary:**

Would require the Judicial Council, on or before July 1, 2016, to adopt a rule of court to establish procedures applicable to actions or proceedings seeking judicial review of a public agency's action in certifying the environmental impact report and in granting approval for housing developments, as defined. The procedures would require the actions or proceedings, including any appeals therefrom, to be resolved, to the extent feasible, within 270 days of the certification of the record of proceedings. The bill would prohibit a court from staying or enjoining those housing developments unless it makes specified findings.

**Summary:**

The State Air Resources Board is required to adopt rules and regulations in an open public process to achieve the maximum technologically feasible and cost-effective greenhouse gas emissions reductions. Pursuant to the California Global Warming Solutions Act of 2006, the state board has adopted the Low-
Carbon Fuel Standard regulations. This bill, commencing January 1, 2017, would require, except as provided, at least 3% of the aggregate amount of bulk transportation fuel purchased by the state government to be procured from very low carbon transportation fuel sources.

AB 946 (Ting D) Electric vehicle charging stations.
Introduced: 2/26/2015
Last Amended: 4/21/2015
Status: 1/22/2016-Failed Deadline pursuant to Rule 61(b)(2). (Last location was 2 YEAR on 5/29/2015)
Location: 1/22/2016-A. DEAD

Summary: 
Current law requires the State Energy Resources Conservation and Development Commission to implement the Alternative and Renewable Fuel Vehicle Technology Program to provide financial assistance to develop and deploy innovative technologies that transform California’s fuel and vehicle types to help attain the state's climate change policies. Current law includes within the program alternative and renewable fuel infrastructure, fueling stations, and equipment. This bill would specify that alternative and renewable fuel infrastructure includes electric vehicle charging infrastructure in disadvantaged communities.

Summary:
Would add a definition of "alternative fuel" and would provide that it is the policy of the state to help accelerate the adoption of vehicles using alternative fuels throughout the state by increasing the amount of charging and refueling options needed to facilitate electric, hydrogen, and natural gas vehicles traveling along all passenger and goods movement corridors on federal and state highways. The bill would require the State Energy Resources Conservation and Development Commission to conduct an assessment and develop an integrated strategy to maximize the benefits and scope of an alternative refueling infrastructure, as defined, to help the state achieve its climate change, air quality, and economic goals and this newly stated policy.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. This bill would provide that a lease agreement shall not be entered into under these provisions on or after January 1, 2030, and would delete obsolete cross-references and make technical changes to these provisions.

Last Amended: 5/11/2015
Status: 1/31/2016-Introduced. To print.
Location: 1/31/2016-A. DEAD
Summary:
Current law, the Motor Vehicle Fuel Tax Law, imposes a tax upon the privilege of distributing motor fuel and defines the term "gasohol" for purposes of that law. Gasohol is defined as all blends of gasoline and alcohol containing more than 15% gasoline. This bill would redefine gasohol to instead mean all blends of gasoline and alcohol containing more than 21% or a percentage determined by regulations adopted by the State Board of Equalization, as specified. This bill contains other related provisions and other current laws.

AB 2289  (Frazier D)  Department of Transportation: capital improvement projects.
Introduced: 2/18/2016
Status: 4/5/2016-From committee: Do pass and re-refer to Com. on APPR. with recommendation: To Consent Calendar. (Ayes 16. Noes 0.) (April 4). Re-referred to Com. on APPR.
Location: 4/5/2016-A. APPR.

Summary:
Current law requires the Department of Transportation to prepare a state highway operation and protection program for the expenditure of transportation funds for major capital improvements that are necessary to preserve and protect the state highway system and that include capital projects relative to maintenance, safety, and rehabilitation of state highways and bridges that do not add a new traffic lane to the system. This bill would add to the program capital projects relative to the operation of those state highways and bridges.

Status: 4/11/2016-In Senate. Read first time. To Com. on RLS. for assignment.
Location: 4/11/2016-S. RLS.

Summary:
Current law authorizes regional transportation agencies to use the Construction Manager/General Contractor project delivery method, as specified, to design and construct certain expressways that are not on the state highway system if: (1) the expressways are developed in accordance with an expenditure plan approved by voters, (2) there is an evaluation of the traditional design-bid-build method of construction and of the Construction Manager/General Contractor method, and (3) the board of the regional transportation agency adopts the method in a public meeting. This bill would authorize regional transportation agencies also to use this authority on ramps that are not on the state highway system, as specified.

**Summary:**  
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. These arrangements are commonly known as public-private partnerships. Current law prohibits a lease agreement from being entered into under these provisions on or after January 1, 2017. This bill would allow a lease agreement to be entered into under these provisions until January 1, 2030.

**Summary:**  
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. Current law provides that a lease agreement may not be entered into under these provisions on or after January 1, 2017. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.

**History:**
Current law requires the Department of Transportation to improve and maintain the state's highways, and establishes various programs to fund the development, construction, and repair of local roads, bridges, and other critical transportation infrastructure in the state. This bill would declare the intent of the Legislature to enact legislation to establish permanent, sustainable sources of transportation funding to maintain and repair highways, local roads, bridges, and other critical infrastructure.

Summary:
Would, under the insurance taxation law, the Personal Income Tax Law, and the Corporation Tax Law, modify the definition of applicable percentage relating to qualified low-income buildings that are farmworker housing projects, as provided. The bill would authorize the California Tax Credit Allocation Committee to allocate that credit even if the taxpayer receives specified federal and state credits or only state credits. The bill would increase the amount the committee may allocate to farmworker housing projects from $500,000 to $25,000,000 per year.

(Pavley D) Vehicles: high-occupancy vehicle lanes.
Introduced: 12/1/2014
Last Amended: 4/8/2015
Status: 5/22/2015-Referred to Com. on TRANS.
Location: 5/22/2015-A. TRANS.

Summary:
Current federal law, until September 30, 2017, authorizes a state to allow specified labeled vehicles to use lanes designated for high-occupancy vehicles (HOVs). Current law authorizes the DMV to issue no more than 70,000 of those identifiers. This bill would increase the number of those identifiers that the DMV is authorized to issue to an unspecified amount. This bill contains other related provisions and other current laws.

**Summary:**

Would, for the 2016-17 fiscal year and each fiscal year thereafter, require the State Board of Equalization on March 1 of the fiscal year immediately preceding the applicable fiscal year, as specified, to adjust the rate in a manner as to generate an amount of revenue equal to the amount of revenue
loss attributable to the exemption, based on estimates made by the board that reflect the combined average of the actual fuel price over the previous 4 fiscal years and the estimated fuel price for the current fiscal year, and continuing to take into account adjustments required by existing law to maintain revenue neutrality for each year. This bill contains other existing laws.

Summary:
Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. This bill would recast those provisions, and instead would require that a violation of this provision for a right turn or a left turn from a one-way street onto a one-way street is punishable by a fine of $35.

SB 778 (Allen D)  Automotive repair: oil changes: notification to customers.
Introduced: 2/27/2015
Last Amended: 1/4/2016
Status: 1/26/2016-In Assembly. Read first time. Held at Desk.
Location: 1/26/2016-A. DESK

Summary:
Would require an automotive repair dealer to notify a customer, who is purchasing an oil change, of the recommended oil drain interval, oil grade, and viscosity specified in the maintenance schedule of the vehicle's owner's manual. The bill would also require, except as specified, an automotive repair dealer to use the oil drain interval specified in the maintenance schedule of the vehicle's owner's manual if the automotive repair dealer is recommending the date or mileage for the next oil change, as described.

Introduced: 2/27/2015

Last Amended: 6/2/2015

Status: 8/28/2015-Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. on 8/27/2015)

Location: 8/28/2015-A, 2 YEAR

Summary:
The California Coastal Sanctuary Act of 1994 authorizes the State Lands Commission to enter into a lease for the extraction of oil or gas from state-owned tide and submerged lands in the California Coastal Sanctuary if the commission determines that the oil or gas deposits are being drained by means of producing wells upon adjacent federal lands and the lease is in the best interest of the state. This bill would enact the California Coastal Protection Act of 2015, which would delete this authorization. The bill would make related legislative findings and declarations.

Summary:
Under current law, if the High-Speed Rail Authority determines that real property or an interest therein acquired by the state for high-speed rail purposes is no longer necessary for those purposes, the authority is authorized to sell or exchange the real property or interest therein at fair market value as specified. This bill would require the authority, if selling the real property or interest therein, to send notification by certified mail to the last known owner of the real property or interest therein at his or her last known address, advising him or her that the real property or interest therein will be offered for sale. The bill would require the authority to wait at least 30 days after the notification has been sent to sell the real property or interest therein.

**Summary:**

Current law requires a driver facing a steady circular red signal alone to stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and to remain stopped until an indication to proceed is shown, except as specified. A violation of this provision is an infraction punishable by a fine of $100. This bill would recast those provisions, and instead would require that a violation of this provision for a right turn or a left turn from a one-way street onto a one-way street is punishable by a fine of $35.

**Summary:**  
Current law defines the boundaries of 3 intercity rail corridors, and requires the preparation of an annual business plan for the corridor by each participating joint powers board. This bill, at any time after an interagency transfer agreement between the department and a joint powers board has been entered into, would authorize the amendment of the agreement to provide for the extension of the affected rail corridor to provide intercity rail service beyond the defined boundaries of the corridor. The bill would require a proposed extension to first be recommended and justified in the business plan adopted by the joint powers board, and then would require the approval of the Secretary of Transportation.

**Summary:**

Would delete the continuous appropriations from the Greenhouse Gas Reduction Fund for the high-speed rail project, and would prohibit any of the proceeds from the fund from being used for that project. The bill would continuously appropriate the remaining 65% of annual proceeds of the fund to the California Transportation Commission for allocation to high-priority transportation projects, as determined by the commission, with 40% of those moneys to be allocated to state highway projects, 40% to local street and road projects divided equally between cities and counties, and 20% to public transit projects.

Summary:
Current law requires all moneys, except for fines and penalties, collected by the State Air Resources
Board from the auction or sale of allowances as part of a market-based compliance mechanism relative
to reduction of greenhouse gas emissions to be deposited in the Greenhouse Gas Reduction Fund. This
bill would instead continuously appropriate 20% of those annual proceeds to the Transit and Intercity
Rail Capital Program, and 10% of those annual proceeds to the Low Carbon Transit Operations
Program, thereby making an appropriation. This bill contains other current laws.

Introduced: 7/16/2015
Status: 9/14/2015-Returned to Secretary of Senate pursuant to Joint Rule 62(a).
Location: 9/14/2015-S. DEAD

Summary:
Current law creates the Department of Transportation with various powers and duties relative to the
state highway system and other transportation programs. This bill would prohibit the department from
using any nonrecurring funds, including, but not limited to, loan repayments, bond funds, or grant
funds, to pay the salaries or benefits of any permanent civil service position within the department. This bill contains other related provisions and other current laws.

SBX1 10  (Bates R) Regional transportation capital improvement funds.
Introduced: 7/16/2015
Location: 7/16/2015-S. T. & I.D.

Summary:
Current law requires funds available for regional projects to be programmed by the California Transportation Commission pursuant to the county shares formula, under which a certain amount of funding is available for programming in each county, based on population and miles of state highway. Current law specifies the various types of projects that may be funded with the regional share of funds to include state highways, local roads, transit, and others. This bill would revise the process for programming and allocating the 75% share of state and federal funds available for regional transportation improvement projects.

SBX1 11  (Berryhill R) Environmental quality: transportation infrastructure.
Introduced: 7/16/2015
Last Amended: 9/4/2015
Status: 9/4/2015-From committee with author's amendments. Read second time and amended. Re-referred to Com. on T. & I.D.
Location: 9/4/2015-S. T. & I.D.

Summary:
The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of, an environmental impact report (EIR) on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. This bill would exempt from these CEQA provisions a project that consists of the inspection, maintenance, repair, restoration, reconditioning, relocation, replacement, or removal of existing transportation infrastructure if certain conditions are met, and would require the person undertaking these projects to take certain actions.

**Summary:**
Current law authorizes the Department of Transportation and regional transportation agencies, as defined, to enter into comprehensive development lease agreements with public and private entities, or consortia of those entities, for certain transportation projects that may charge certain users of those projects tolls and user fees, subject to various terms and requirements. This bill would extend this authorization indefinitely and would include within the definition of "regional transportation agency" the Santa Clara Valley Transportation Authority, thereby authorizing the authority to enter into public-private partnerships under these provisions.

**Summary:**
Would prohibit the Legislature from borrowing revenues from fees and taxes imposed by the state on vehicles or their use or operation, and from using those revenues other than as specifically permitted by Article XIX. The measure would also provide that none of those revenues may be pledged or used for the payment of principal and interest on bonds or other indebtedness.
