CALL TO ORDER
The meeting was called to order by the Chair, Hon. Jan Harnik, at 8:32 a.m. A quorum was confirmed and roll-call was taken.

PUBLIC COMMENT PERIOD
There were no public comments presented.
REVIEW AND PRIORITIZE AGENDA ITEMS
There was no reprioritization of the agenda.

CONSENT CALENDAR

Approval Items

1. Minutes of the November 19, 2019 Meeting

A MOTION was made (Finlay) to APPROVE the Consent Calendar.

The MOTION was SECONDED (Mitchell) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

NOES: None

ABSTAIN: None

ACTION ITEMS

2. 2020 State and Federal Legislative Platform

Kevin Gilhooley, Legislation Manager, provided the committee with a report on the draft 2020 Legislative Platform. Mr. Gilhooley reminded the committee members that at last month’s LCMC meeting, staff presented a draft version of the 2020 legislative platform and since that time, due to further research and supplementary internal and external meetings, staff suggested the addition of two new bullet points, #10 and #11 (found on page 27 of the agenda packet). The first point expressed support for reinstating the RHNA trade and transfer provision among willing jurisdictions. The second point expressed support for work programs that provide funding for challenges associated with homelessness. Mr. Gilhooley also informed the committee that staff had updated the draft platform to include general feedback provided by the committee members on bullet point #9 referencing tax increment financing and bullet point #26 on the federal side on planning funds to address impacts from a changing climate on our nation’s infrastructure. Mr. Gilhooley also mentioned staff included the direction from the committee members clarifying positions on redevelopment, federal housing and homelessness programs, passenger facility charges and California’s ability to set more stringent tailpipe...
emission standards and zero emission vehicle requirements than what the federal government
does. Lastly, Mr. Gilhooley reminded the committee that due to a robust discussion at our last
LCMC meeting regarding the Vehicle Miles Travelled (VMT) funding mechanism and the federal
gas tax increase, staff was directed by the committee to construct three (3) alternative bullet
points to assist in their decision-making concerning this matter. During the meeting Mr.
Gilhooley respectfully asked the committee to select its preferred alternative for inclusion in the
2020 platform. The three (3) options are printed on pages 15 and 16 of the agenda packet.

Chairwoman Harnik opened the platform for comments or questions from the committee.

Hon. Ramirez asked Mr. Gilhooley if he could provide more information about the tradeand
transfer issue. Mr. Gilhooley responded by stating the idea was brought up three months ago
when a guest speaker to the CEHD committee from USC, asked “why a tool that could assist
with actual development of houses would be taken away from the cities?” Mr. Gilhooley stated
that, with Kome’s direction, the idea was discussed with a few legislators in the SCAG region to
gauge an openness to revisiting the issue. Mr. Gilhooley explained that the point would not be
for one jurisdiction to be able to offload its responsibility to plan for its share of the region’s
housing but rather to reach an agreement where the allocation is transferred from one
jurisdiction to the other within certain guidelines to assist with the actual development of that
housing. Mr. Gilhooley stated “we are trying to add a tool for local governments so that RHNA
isn’t just a planning exercise but that the planning can actually be realized into actual sticks in
the ground.” Hon. Ramirez asked Mr. Gilhooley if he could say more about how it would work.
Mr. Gilhooley responded by stating the components of such a program haven’t fully been
fleshed out but some of those ideas may include that only cities with an inclusionary housing
ordinance would be eligible to participate, or if one city wanted to trade or transfer it could only
do a certain percentage of its total allocation, such as 25% or 50%. Hon. Hofbauer stated the
importance of reviewing the issue from the perspective of getting the housing built.

Hon. Judy Mitchell commented by stating that one of the purposes of the RHNA program is to
promote housing near jobs rich areas and near major transit stops. Since not every jurisdiction
has these, a negotiation tool among cities may help to promote housing development near jobs
centers and transit stops. Lastly Hon. Mitchell emphasized the guidelines on this would be
critical.

Hon. Alan Wapner commented by stating that SCAG stands for local control. He believes giving
the local agencies the opportunity to agree to something would be appropriate. Mr. Wapner
stated this committee would have the opportunity to view legislative language once it’s
brought forward.
Chairwoman Harnik mentioned how Indian Wells is currently working with its legislators on a proposal that would allow them to build student housing on university campuses which, she believes, would help the Coachella Valley and those students who are commuting to the desert from other areas. Hon. Mitchell agreed and stated she would make a motion to include the language proposed by staff. Mr. Gilhooley confirmed that no formal motion was necessary, but that staff would follow direction through the consensus of the Committee Members.

Hon. Judy Mitchell stated she had a point to make on the Federal Transportation Funding and the VMT section. Hon. Mitchell asked Mr. Gilhooley if he could please go over the three (3) alternative points. Mr. Gilhooley then walked the Committee through the three (3) Federal Transportation Funding options in detail (found on page 15 and 16 of the agenda packet).

After Mr. Gilhooley’s presentation of the three options, Mr. Manos asked what the proposed method for extracting the VMT fee would be if that did move forward. Mr. Manos went on to ask if it would be extracted when filling up at a gas station, by a lump sum on registration, or would it be something on the Federal level through the filing of individual taxes. Mr. Manos also asked what the estimated dollar amount would be per family. Hon. Steve Hofbauer agreed with Hon. Manos stating those were great questions that needed to be addressed. Hon. Alan Wapner commented that the Committee need not worry about specifics for the purposes of today’s meeting and added that the Committee was discussing policy considerations and staff is looking for direction. Hon. Wapner also stated he supported option #3 because it is the most comprehensive.

Hon. Judy Mitchell stated she would support either option #2 or #3, with the suggestion of adding the phrase “transition to” prior to the phrase “mileage-based user fee” in order to underscore the likely transition from one mechanism to the next. Hon. Margaret Clark commented by agreeing with Hon. Mitchell’s added language and included her own thoughts on including “privacy.” Hon. Clark expressed concern for potential penalties to drivers who cannot afford to live near their places of work or people who drive to far-away locations, such as the national parks.

Hon. Mitchell made a motion to adopt option #3 with the inclusion of the phrase “transition to” in the first sentence. The motion was seconded by Hon. Cheryl Viegas-Walker. Chairwoman Harnik asked for additional discussion before proceeding to a vote, however. Chairwoman Harnik continued by saying that she and many others had participated in the state’s Road Charge Pilot Program and how several methods of recording mileage were offered and by noting Oregon’s efforts also to test this mechanism. She concluded by expressing support for the concept but wanting to examine specific details of any future policy. Hon. Wapner emphasized how we can voice our opinion on technology once a specific bill comes back to the
Committee and that today, staff is just trying to determine whether there is consensus on a VMT mechanism.

Hon. Clark requested the inclusion of language that would express opposition to punishing motorists who drive more than others by adding, “prevent unreasonable penalties” to the measures discussed in option #3. Hon. Mitchell agreed to amending her original motion to accommodate Hon. Clark’s concerns. Hon. Viegas-Walker expressed that use of the word “equity” is sufficient to cover the concern, and suggested that SCAG staff provide information on successful VMT programs in other jurisdictions for a future meeting of the LCMC or Transportation Committee. Lastly, Hon. Viegas-Walker stated that she felt the existing language of the motion was sufficient and that, if changed, she would withdraw her second of the motion. Hon. Clark responded by stating she would offer a second with the modification because she would not support Hon. Mitchell’s motion unless her suggestion was addressed.

Ms. Justine Block, Deputy Legal Counsel, stated that a substitute motion could be made, so as to provide clear direction for staff on the language to be included in the platform. Ms. Block confirmed that Hon. Mitchell’s motion as amended included the language regarding measures that “prevent unreasonable penalties.”

A SUBSTITUTE MOTION was made (Viegas-Walker) to adopt option #3 with the addition of the phrase “transition to,” as proposed by Hon. Judy Mitchell. The SUBSTITUTE MOTION was SECONDED (Michael) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

**AYES:** Finlay, Harnik, Marquez, Michael, Ramirez, Saleh, Viegas-Walker, Wapner (8).

**NOES:** Clark, Hofbauer, Lorimore, Manos, Mitchell (5).

**ABSTAIN:** None.

After voting on the substitute motion Chairwoman Harnik proceeded with the next platform issue and Mr. Gilhooley explained that the next item was to vote on the balance of the legislative platform unless there was additional comment from Committee Members.

Hon. Wapner started the additional discussion by suggesting that bullet points #7 and #8 be combined into one point. Hon. Hofbauer agreed with Hon. Wapner’s comments. Hon. Viegas-Walker suggested changing the title of this section to “Affordable Housing” and removing the word “Redevelopment.” After a robust discussion among the committee members, Mr. Gilhooley responded that staff would take that suggestion as direction. Hon. Viegas-Walker agreed with the points previously made and suggested that bullet points #7, #8 and #9 be
Chairwoman Harnik asked if this was sufficient direction to staff on this and Mr. Gilhooley confirmed it was.

Chairwoman Harnik asked the Committee if there were anything else the Members wanted to address.

Hon. Wapner responded by suggesting a modification on the Aviation component (bullet point #5, found on page 29 of the agenda packet), to state express support for the “elimination” of the cap, in addition to the cap being raised and indexed. Such a change would be consistent with the aviation industry, Hon. Wapner explained. After a robust discussion among the Committee Members, Hon. Viegas-Walker expressed comfort with the language as proposed by staff; Hon. Mitchell agreed. Hon. Wapner then agreed to leave that bullet point as is. Also in the Aviation section, Hon. Wapner requested staff to include a new bullet point that expresses support for keeping Transportation Security Administration (TSA) fees for TSA-related uses only. Chairwoman Harnik and Committee Members agreed with the recommendation and the suggestion was accepted by staff as direction.

Hon. Wapner continued by expressing support for tax exemption for municipal bonds and asked if a bullet point to this effect could be included in the Public Private Partnerships section. Mr. Gilhooley asked Chairwoman Harnik if the consensus of the Committee would be to reduce bullet point #17 to make it broad and all-encompassing on tax exemption for all types of bonds used for infrastructure projects, however the Committee expressed a desire to create a new bullet point to protect the tax exemption of municipal bonds. Mr. Gilhooley confirmed staff had enough direction to make the necessary modification.

A MOTION was made (Mitchell) to APPROVE the remaining balance of the draft 2020 State and Federal Legislative Platform. The MOTION was SECONDED (Viegas-Walker) and APPROVED by a majority vote. A roll-call vote was taken and recorded as follows:

AYES: Clark, Finlay, Harnik, Manos, Marquez, Michael, Mitchell, Ramirez, Viegas-Walker, Wapner (10).

NOES: None

ABSTAIN: None

INFORMATION ITEMS

3. Two-Year Bills in Sacramento

__________________________________________
Estee Sepulveda, Legislative Analyst, provided the Committee with a report on two-year bills that were introduced during the first year of the legislative session that did not move, and in order to move forward these two-year bills must pass out of any remaining policy committees by January 17th, fiscal committees by January 24th, and be voted out of the house in which they were introduced by January 31st or they die. Ms. Sepulveda mentioned there several notable two-year bills that will face these legislative hurdles: SB50 would require local governments to provide an Equitable Community Incentive that waives some local development regulations. Ms. Sepulveda mentioned a second, notable two-year bill: SB732, authored by Senator Allen of Redondo Beach. This bill would authorize a voting district to be created within the borders of the South Coast Air Quality Management District (SCAQMD) for the purpose of placing a sales tax measure on the ballot to help implement the District’s air quality management plan. Ms. Sepulveda mentioned the measure would need to be approved by 2/3 of cumulative votes in the SCAQMD jurisdiction. Lastly Ms. Sepulveda informed the committee that SBCTA and OCTA have officially opposed this bill, while LA Metro and RCTC had no official position.

Chairwoman Harnik asked the committee if they had any questions. Hon. Mitchell commented on SB 732 by explaining the looming deadlines SCAQMD faces on meeting federal air quality requirements. The first deadline is 2023 by which the District must decrease NOx emissions by 45% and the second deadline is 2031 by which NOx must be decreased by 55%. How it relates to SCAG, Hon. Mitchell explained, is that we may not meet transportation conformity requirements to get federal funding. It could also lead to a federal take-over of air quality plans for the State, she said.

Chairwoman Harnik asked the Committee if there were any comments or questions and none were presented.

4. Communications Update – 10th Annual Southern California Economic Summit Recap
Margaret de Larios, Public Affairs Specialist, provided the Committee with a post 10th Annual Economic Summit update. Ms. de Larios reported the event had approximately 400 local, civic and business leaders in attendance and it successfully enabled SCAG to share analysis of the regional economy and increase knowledge and awareness of two SCAG priority areas, housing and the draft Connect SoCal plan. Ms. de Larios also shared that survey responses collected from the Summit’s attendees were very positive. The panel programming received particularly high remarks, she said.

Hon. Cheryl Viegas-Walker commented that she found it unusual to see a keynote speaker rated so low. Hon. Viegas-Walker asked Ms. de Larios what she thought the disconnect was between the keynote speaker and the audience. Ms. de Larios responded by stating it could be a web of reasons, one of them being SCAG set the bar really high last year with a keynote speaker that was very high energy, oriented towards making a splashier presentation. Ms. de Larios
explained that this year’s keynote speaker, Noel Perry from Next 10, focused his presentation on sharing data and that by being before and after more high-energy panel presentations, there may have been a strong contrast experienced by attendees. Chairwoman Harnik went on to say she felt this year’s keynote speaker was good and thought the information was valuable. Hon. Viegas-Walker agreed with Chairwoman Harnik’s comments.

Hon. Clark made a comment stating she was disappointed in the allotted time for questions in any of the sessions and would like to include that as her input. Chairwoman Harnik asked staff if the survey was still open and Ms. de Larios confirmed it was and welcomed any additional input or feedback. Mr. Laney, Public Affairs Specialist addressed the allotted time for questions by stating they did receive over 30 questions from the audience but due to the allotted time there was only so many they could get to.

Hon. Carmen Ramirez expressed dismay by one of the Summit speaker’s remarks about Ventura County. Hon. Ramirez added that Oxnard is doing a lot for housing, and while not perfect the city does have challenges relating to economic development. Chairwoman Harnik asked Hon. Ramirez to please include her feedback in one of the surveys, as it merits additional consideration.

Lastly Hon. Clark asked for clarification on the vote for the Legislative Platform. Hon. Viegas-Walker responded to Hon. Clark by stating her “no” vote on the VMT issue will be reflected as such because the issue was bifurcated from the remainder of the platform. Ms. Block, Deputy Legal Counsel, confirmed that the separate votes as described by Hon. Viegas-Walker was accurate and would be reflected in the minutes.

No additional comments or questions were made.

**POLICY AND PUBLIC AFFAIRS DIVISION UPDATE**

Art Yoon, Director of Policy and Public Affairs, held his update for the next meeting of the LCMC.

**FUTURE AGENDA ITEMS**

No future agenda items presented.

**ANNOUNCEMENTS**

There were no announcements presented.

**ADJOURNMENT**

Chairwoman Harnik adjourned the meeting at 10:07 a.m. The next regular meeting of the Legislative/Communications and Membership Committee is scheduled for 8:30 a.m. – 10:00 a.m. on Tuesday, January 21, 2020 at SCAG’s offices at 900 Wilshire Blvd., Ste. 1700, Los Angeles, CA 90017.
AGENDA ITEM 2

RECOMMENDED ACTION:

Approve

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
The Legislative/Communications and Membership Committee (LCMC) is asked to approve up to $35,000 in memberships for the 1) California Contract Cities Association ($5,000); 2) Mileage-Based User Fee Alliance ($5,000); and 3) Mobility 21 ($25,000); and up to $7,500 in sponsorships for the 4) Local Government Commission’s 2020 California Adaptation Forum and 29th Annual Yosemite Policymakers Conference.

BACKGROUND:

Item 1: California Contract Cities Association
Type: Membership  Amount: $5,000

California Contract Cities Association (CCCA) is a network of member cities united for a common cause. The goal of CCCA is to serve as an advocate for cities contracting for municipal services and to ensure they receive these services at a minimum cost. Through educational seminars, networking opportunities, and partnerships with numerous public, private, and not for profit organizations, the association provides meaningful resources to influence policy decisions affecting member cities. The Association is composed of 70 member cities and represents nearly seven million residents from across California.

SCAG staff is recommending that the agency maintain membership at the “Silver” level, which will provide SCAG with the following:
- An opportunity to attend monthly CCCA Board of Directors Meetings (meal cost included for one (1) company representative);
- Link to SCAG website in Associate Members Directory on CCCA website;
- Sponsor recognition (including signage) at educational seminars;
- Access to CCCA membership roster and conference registration lists;
- One (1) registration at the Annual Municipal Seminar;
- Participation on the Associate Members Program Steering Committee; and
- Access to select CCCA City Managers/Administration Committee meetings.

**Item 2: Mileage-Based User Fee Alliance**

**Type:** Membership  
**Amount:** $5,000

The Mileage-Based User Fee Alliance (MBUFA) is a national non-profit organization that brings together government, business, academic, and transportation policy leaders to conduct education and outreach on the potential for mileage-based user fees as an alternative for future funding and improved performance of the U.S. transportation system. Formed in 2010, MBUFA is comprised of nearly 30 public and private sector entities from across the United States including AECOM, California Department of Transportation (Caltrans), CDM Smith, WSP (formerly Parsons Brinckerhoff), and seven other state departments of transportation. Staff is recommending continued membership in this group. MBUFA provides members with up-to-date information on all mileage-based use fee activities around the world through news updates, access to MBUFA workshops, reduced costs to MBUFA conferences, invitations to attend briefings at quarterly meetings, and input towards MBUFA’s educational efforts.

**Item 3: Mobility 21**

**Type:** Membership  
**Amount:** $25,000

Mobility 21 is a coalition of public, business, and community stakeholders to pursue regional solutions to transportation challenges facing the SCAG region and San Diego County. Created in 2002 as an effort in Los Angeles County, Mobility 21 became a regional effort in 2007 with the primary goals to:

- Support practical solutions to Southern California’s transportation challenges;
- Mobilize regional support for transportation funding and legislative priorities at the federal and state levels;
- Unite political leaders around common priorities for transportation; and
- Bring together residents, civic leaders, business groups, and industry experts to inspire them to act and educate them on how to effectively speak out in support of transportation initiatives.
SCAG is a founding member of Mobility 21 and Kome Ajise, SCAG’s Executive Director, is a member of the coalition’s board of directors.

**Item 4: Local Government Commission – 2020 California Adaptation Forum and 29th Annual Yosemite Policymakers Conference**

**Type:** Sponsorship  
**Amount:** $7,500

The Local Government Commission is a non-profit organization dedicated to building livable communities and local leadership by connecting leaders via innovative programs and network opportunities, advancing policies through participation at the local and state level, and implementing solutions as a technical assistance provider and advisor to local jurisdictions. Because the Local Government Commission hosts many events throughout the year, sponsorships to both the California Adaptation Forum and the Yosemite Policymakers Conference were bundled under 1 invoice for approval.

**2020 California Adaptation Forum**
The biennial California Adaptation Forum serves as the premier gathering for adaptation leaders and practitioners from across the state and nation. For the 2020 Forum, over 800+ participants will attend over three days to learn, connect, and build mutual support for action to address California’s adaptation needs. The 2020 Forum will take place August 18-20, 2020, in Riverside, CA. SCAG staff recommends that the agency sponsor this event at the “Climate Adaptation Leader” level ($5,000), which will provide SCAG with the following benefits:

- 2 complimentary Forum registrations;
- Display space; and
- Logo placement on the Forum website and program.

**2020 Yosemite Policymakers Conference**
The annual Yosemite Policymakers Conference brings together 100+ participants, including California mayors, city council members, county supervisors, city managers, and other high level department heads to discuss the creation of innovative solutions for increasing resiliency and implementing smart-growth strategies in a time of rapid change. The Conference features a timely and inspirational agenda designed to assist California’s local elected officials in finding the tools and support needed to implement innovative solutions to address society’s most pressing challenges. The 2020 Conference will take place March 5-8, 2020 at Yosemite National Park. SCAG staff recommends that the agency sponsor this event at the “Conference Advocate” level ($2,500), which will provide SCAG with the following benefits:

- Name/logo in promotional materials as a conference sponsor;
- Name/logo on the conference website as a conference sponsor;
- On-site acknowledgement of support during the conference program;
- Logo projected on-screen between sessions;
- Special 50% discount code for one representative from organization; and
- Special 10% off discount code on conference registration for local policymakers within organization’s network.

**FISCAL IMPACT:**
$42,500 for memberships/sponsorships is included in the approved FY 19-20 General Fund budget.

**REVIEWED BY:**

Art Yoon, Director of Policy and Public Affairs

Basil Panas, Chief Financial Officer
RECOMMENDED ACTION:
Receive and File

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
The Legislative Tracking Report is provided to keep the Legislative/Communications and Membership Committee (LCMC) apprised of any developments related to bills in Sacramento that have a nexus to the Regional Council’s positions on policies and legislative initiatives related to SCAG’s core planning and policy areas. Staff will update the report constantly with emerging legislation and welcomes the Committee’s input on bills it would like to follow.

BACKGROUND:
SCAG’s Legislative Tracking Report serves as a resource for the Committee to remain up-to-date on bills moving through the legislative process in Sacramento. Bills included in the tracking report have a nexus to the Regional Council’s positions on policies and legislative initiatives related to SCAG’s core planning and policy areas. Staff welcomes the Committee’s input on bills it would like to follow throughout the legislative session.

FISCAL IMPACT:
Work associated with the Legislative Tracking staff report is contained in the Indirect Cost budget, Legislation 810-0120.10.

**Summary:**  
Current law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of $70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year, and authorizes CTCAC, for calendar years beginning in 2020, to allocate an additional $500,000,000 to specified low-income housing projects and, for calendar years beginning in 2021, requires this additional amount only to be available for allocation pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC. This bill would remove the requirement that, beginning in the 2021 calendar year, the above-described additional $500,000,000 allocation only be available pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC.

### Summary:
Current law dissolved redevelopment agencies as of February 1, 2012, and designates successor agencies to act as successor entities to the dissolved redevelopment agencies. This bill, the Community Redevelopment Law of 2019, would authorize a city or county, or two or more cities acting jointly, to propose the formation of an affordable housing and infrastructure agency by adoption of a resolution of intention that meets specified requirements, including that the resolution of intention include a passthrough provision and an override passthrough provision, as defined.

Summary:
Current law creates the National Mortgage Special Deposit Fund in the State Treasury, which is
continuously appropriated and subject to allocation by the Department of Finance, for the receipt of
moneys from the National Mortgage Settlement. This bill, in accordance with a specified California
appellate court decision, would provide for $331,044,084 to be transferred from the General Fund to
the National Mortgage Special Deposit Fund. The bill would state the intent of the Legislature to create
a trust to manage these funds, as specified. The bill would specify purposes to which these funds will
be applied. The bill would appropriate $100,000 from the General Fund to the Department of Finance to
study the most effective way to establish and manage a trust for those purposes.

AB 148 (Quirk-Silva D) Regional transportation plans: sustainable communities strategies.
Introduced: 12/14/2018
Status: 4/26/2019-Failed Deadline pursuant to Rule 61(a)(2). (Last location was TRANS. on 1/24/2019)
(May be acted upon Jan 2020)
Location: 4/26/2019-A. 2 YEAR

Summary:
Current law requires certain transportation planning agencies to prepare and adopt a regional
transportation plan directed at achieving a coordinated and balanced regional transportation system.
Current law requires the regional transportation plan to include, if the transportation planning agency
is also a metropolitan planning organization, a sustainable communities strategy. This bill would require
each sustainable communities strategy to identify areas within the region sufficient to house an 8-year
projection of the emergency shelter needs for the region, as specified.

AB 315 (Garcia, Cristina D) Local government: lobbying associations: expenditure of public funds.
Introduced: 1/30/2019
Last Amended: 1/6/2020
Status: 1/9/2020-In committee: Set, first hearing. Hearing canceled at the request of author.

Summary:
Current law authorizes the legislative body of a local agency, defined as a county, city, or city and county, or a district, defined broadly to include other political subdivisions or public corporations in the state other than the state or a county, city and county, or city, to attend the Legislature and the Congress of the United States, and any committees thereof, and to present information regarding legislation that the legislative body or the district deems to be beneficial or detrimental to the local agency or the district. Current law also authorizes the legislative body of a local agency or a district to enter into an association for these purposes and specifies that the cost and expense incident to the legislative body’s or district’s membership in the association and the activities of the association are proper charges against the local agencies or districts comprising the association. This bill, with respect to moneys paid to or otherwise received by an association from a local agency or district member of the association, would prohibit an association of local agencies or districts from expending those moneys for any purpose other than the above-described activities and educational activities.

**Summary:**

Current law authorizes a peace officer and specified public employees, as an alternative to removal of a vehicle, to immobilize the vehicle with a device designed and manufactured for that purpose, if, among other circumstances, the vehicle is found upon a highway or public lands by the peace officer or employee and it is known to have been issued 5 or more notices of parking violations that are delinquent because the owner or person in control of the vehicle has not responded to the appropriate agency within a designated time period. This bill would delete the authority of a peace officer or public employee, as appropriate, to remove or immobilize a vehicle under those circumstances.

AB 1074 (Diep R) Accessory Dwelling Unit Construction Bond Act of 2020.
Introduced: 2/21/2019
Status: 4/10/2019-In committee: Hearing postponed by committee.
Location: 3/7/2019-A. H. & C.D.

Summary:
Would enact the Accessory Dwelling Unit Construction Bond Act of 2020 (bond act), which, if adopted, would authorize the issuance of bonds in the amount of $500,000,000 pursuant to the State General Obligation Bond Law to finance the Accessory Dwelling Unit Construction Program, established as part of the bond act. The bill would authorize the Department of Housing and Community Development to
enter into a contract under that program with a homeowner to provide financing to pay for the eligible costs incurred by the homeowner in constructing an accessory dwelling unit on the homeowner’s property, subject to specified terms and conditions.

AB 1112 (Friedman D) Shared mobility devices: local regulation.
Introduced: 2/21/2019
Last Amended: 6/19/2019
Status: 7/12/2019-Failed Deadline pursuant to Rule 61(a)(11). (Last location was TRANS. on 5/29/2019)(May be acted upon Jan 2020)
Location: 7/12/2019-S. 2 YEAR

Summary:
Current law generally regulates the operation of bicycles, electric bicycles, motorized scooters, and electrically motorized boards. Current law allows local authorities to regulate the registration, parking, and operation of bicycles and motorized scooters in a manner that does not conflict with state law. This bill would define a “shared mobility device” as a bicycle, electric bicycle, motorized scooter, electrically motorized board, or other similar personal transportation device, that is made available to the public for shared use and transportation, as provided.

AB 1142 (Friedman D) Regional transportation plans: transportation network companies.
Introduced: 2/21/2019
Last Amended: 8/12/2019
Status: 8/30/2019-Failed Deadline pursuant to Rule 61(a)(12). (Last location was APPR. SUSPENSE FILE on 8/19/2019)(May be acted upon Jan 2020)
Location: 8/30/2019-S. 2 YEAR

Summary:
Current law requires a regional transportation plan to include a policy element, an action element, a
financial element, and, if the transportation planning agency is also a metropolitan planning organization, a sustainable communities strategy. Under current law, the policy element describes the transportation issues in the region, identifies and quantifies regional needs, and describes the desired short-range and long-range transportation goals, as well as pragmatic objective and policy statements. Current law authorizes the policy element of transportation planning agencies with populations that exceed 200,000 persons to quantify a set of specified indicators. This bill would authorize the inclusion of an additional indicator regarding measures of policies to increase use of existing transit.

**AB 1251**  (Santiago D)  Planning and zoning: housing development.
Introduced: 2/21/2019
Last Amended: 9/4/2019
Status: 9/5/2019-Read second time. Ordered to third reading. Re-referred to Com. on RLS. pursuant to Senate Rule 29.10(c).
Summary:
The Planning and Zoning Law requires that the housing element include, among other things, an inventory of land suitable and available for residential development, as provided. If the inventory of sites does not identify adequate sites to accommodate the need for groups of all household income levels, as specified, current law requires the local government to rezone those sites within specified time periods. Current law requires this rezoning to accommodate 100% of the need for housing for very low and low-income households, allocated as provided, for which site capacity has not been identified in the inventory of sites on sites zoned to permit specified residential developments as a use by right, as that term is defined. This bill would additionally require that, if a local government fails to complete the above-described rezoning within one year of the specified deadline, a housing development in which at least 40% of the units have an affordable housing cost or affordable rent for lower income households be a use by right in all zones where multifamily, commercial, and mixed uses are permitted.

AB 1273 (Brough R) County of Orange: joint exercise of powers agreements: toll roads.
Introduced: 2/21/2019
Last Amended: 3/25/2019
Status: 4/24/2019-In committee: Hearing for testimony only. (Set for hearing on 1/15/2020 )
Location: 12/20/2019-A. L. GOV.

Summary:
Current law authorizes the County of Orange and the cities in that county, by ordinance, to require the payment of development fees, as specified, for purposes of defraying the costs of constructing bridges and major thoroughfares. Current law authorizes those entities to form a joint powers agency for specified purposes, including constructing bridges and major thoroughfares, collecting tolls for the use of those facilities, and incurring indebtedness for the construction of those facilities. Pursuant to this authority, various toll roads in the County of Orange were constructed. This bill would limit the expenditure of those development fees to the maintenance, operation, or financing of a completed toll facility that is in service on January 1, 2020, and for which indebtedness was incurred.
AB 1279  (Bloom D) Planning and zoning: housing development: high-resource areas.

Introduced: 2/21/2019

Status: 7/10/2019-Failed Deadline pursuant to Rule 61(a)(10). (Last location was HOUSING on 6/12/2019)(May be acted upon Jan 2020)

Location: 7/10/2019-S. 2 YEAR

Summary:
Would require the department to designate areas in this state as high-resource areas, as provided, by January 1, 2021, and every 5 years thereafter. The bill would authorize a city or county to appeal the designation of an area within its jurisdiction as a high-resource area during that 5-year period. In any area designated as a high-resource area, the bill would require that a housing development project be a use by right, upon the request of a developer, in any high-resource area designated pursuant be a use by right in certain parts of the high-resource area if those projects meet specified requirements, including specified affordability requirements. For certain development projects where the initial sales price or initial rent exceeds the affordable housing cost or affordable rent to households with incomes equal to or less than 100% of the area median income, the bill would require the applicant agree to pay a fee equal to 10% of the difference between the actual initial sales price or initial rent and the sales price or rent that would be affordable, as provided. The bill would require the city or county to deposit the fee into a separate fund reserved for the construction or preservation of housing with an affordable housing cost or affordable rent to households with a household income less than 50% of the area median income. This bill contains other related provisions and other existing laws.

Location: 9/15/2019-S. 2 YEAR
Summary:
Current law specifies that the State Lands Commission has exclusive jurisdiction over all ungranted tidelands and submerged lands owned by the state, and of the beds of navigable rivers, streams, lakes, bays, estuaries, inlets, and straits, including tidelands and submerged lands or any interest in those lands, as described, which have been or may be acquired by the state by quitclaim, cession, grant, contract, otherwise from the federal government, or by any other means. Existing law also provides specific responsibilities for the commission with respect to the ports of Los Angeles and Oakland. This bill would require the commission, subject to the availability of resources, in collaboration with the Governor's Office of Business and Economic Development, to hold a series of meetings at or near California ports that operate on granted public trust lands to consider the impacts of automated technology at California's ports, as provided.

Location: 4/26/2019-A. 2 YEAR

Summary:
Would require the Department of Transportation, instead of the California Transportation Commission, to award funds to projects in the statewide and small urban and rural region distribution categories and to adopt a program of projects for those distribution categories. The bill would require that 75% of available funds be awarded to MPO's in urban areas with populations greater than 200,000, in proportion to their relative share of the population, 15% to small urban and rural regions with populations of 200,000 or less, competitively awarded by the department to projects in those regions, and 10% to projects competitively awarded by the department, in consultation with the commission, on a statewide basis.

**Status:** 5/17/2019-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/8/2019)(May be acted upon Jan 2020)

**Summary:**

The Housing Element Law, prescribes requirements for the preparation of the housing element, including a requirement that a planning agency submit a draft of the element or draft amendment to the element to the Department of Housing and Community Development prior to the adoption of the element or amendment to the element. Current law requires the department to review the draft and report its written findings, as specified. Current law also requires the department, in its written findings, to determine whether the draft substantially complies with the Housing Element Law. This bill would authorize the city or county to submit evidence that the city or county is no longer in violation of state law to the department and to request the department to issue a finding that the city or county is no longer in violation of state law.

**Introduced:** 1/6/2020  
**Status:** 1/7/2020-From printer. May be heard in committee February 6.  
**Location:** 1/6/2020-A. PRINT

**Summary:**

The California High-Speed Rail Act creates the High-Speed Rail Authority to develop and implement a high-speed rail system in the state. The Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century, approved by the voters as Proposition 1A at the November 4, 2008, general election, provides for the issuance of $9,000,000,000 in general obligation bonds for high-speed rail purposes and $950,000,000 for other related rail purposes. This bill would appropriate $4,000,000,000 of those bond revenues to the Southern California Regional Rail Authority to fund improvements to the Metrolink commuter rail system.

(Wiener D) Planning and zoning: housing development: streamlined approval: incentives.
Introduced: 12/3/2018
Last Amended: 1/6/2020
Status: 1/6/2020-From committee with author's amendments. Read second time and amended. Re-referred to Com. on APPR.
Location: 1/6/2020-S. APPR.

Summary:
Would authorize a development proponent of a neighborhood multifamily project located on an eligible parcel to submit an application for a streamlined, ministerial approval process that is not subject to a conditional use permit. The bill would define a “neighborhood multifamily project” to mean a project to construct a multifamily structure on vacant land, or to convert an existing structure that does not require substantial exterior alteration into a multifamily structure, consisting of up to 4 residential dwelling units and that meets local height, setback, and lot coverage zoning requirements as they existed on July 1, 2019. The bill would also define “eligible parcel” to mean a parcel that meets specified requirements, including requirements relating to the location of the parcel and restricting the demolition of certain housing development that may already exist on the site.

SB 102
(Committee on Budget and Fiscal Review) Housing development and financing.
Introduced: 1/10/2019
Last Amended: 6/27/2019
Status: 6/27/2019-From committee with author's amendments. Read second time and amended. Re-referred to Com. on BUDGET.
Location: 5/2/2019-A. BUDGET
Summary:
Current law establishes the Community-Based Transitional Housing Program, administered by the Department of Finance (DOF), for the purpose of providing grants to cities, counties, and cities and counties to increase the supply of transitional housing available to persons previously incarcerated for felony and misdemeanor convictions and funded with moneys appropriated for that purpose in the annual Budget Act or other measure. Current law requires DOF’s Office of State Audits and Evaluations to conduct a review of the program, commencing July 1, 2018, to determine its effectiveness in providing services to offenders released from state prison or county jail, and authorizes DOF to use up to $500,000 of the amount appropriated in any budget act or other measure for the program for this review, as specified. This bill would require the Office of State Audits and Evaluations to conduct an audit of the program, as specified, and would remove the requirement that the Office of State Audits and Evaluations commence the audit on July 1, 2018. The bill would extend the date by which DOF is required to provide a copy of the audit to the Joint Legislative Budget Committee to no later than May 1, 2020.

SB 152  (Beall D)  Active Transportation Program.
Introduced: 1/22/2019
Last Amended: 4/25/2019
Status: 5/17/2019-Failed Deadline pursuant to Rule 61(a)(5). (Last location was APPR. SUSPENSE FILE on 5/13/2019)(May be acted upon Jan 2020)
Location: 5/17/2019-S. 2 YEAR

Summary:
Current law establishes the Active Transportation Program in the Department of Transportation for the purpose of encouraging increased use of active modes of transportation, such as biking and walking. Existing law requires specified funds for the program to be appropriated to the department in the annual Budget Act and allocated to eligible projects by the California Transportation Commission. This bill would require that 60% of available funds be awarded to projects selected by metropolitan planning organizations (MPO) in urban areas with populations greater than 200,000, with the available funds distributed to each MPO based on its relative share of the population, 15% to fund projects in small urban and rural regions, and 25% to projects competitively awarded by the commission on a statewide basis.

**Summary:**

Current law requires the planning agency to review and, if necessary, revise the safety element upon each revision of the housing element or local hazard mitigation plan, but not less than once every 8 years to identify new information relating to flood and fire hazards and climate adaptation and
resiliency strategies applicable to the city or county that was not available during the previous revision of the safety element. Current law requires that the Office of Planning and Research, among other things, coordinate with appropriate entities, including state, regional, or local agencies, to establish a clearinghouse for climate adaptation information for use by state, regional, and local entities, as provided. This bill would require the safety element, upon the next revision of the housing element or the hazard mitigation plan, on or after January 1, 2020, whichever occurs first, to be reviewed and updated as necessary to include a comprehensive retrofit strategy to reduce the risk of property loss and damage during wildfires, as specified, and would require the planning agency to submit the adopted strategy to the Office of Planning and Research for inclusion into the above-described clearinghouse.

**Summary:**

Would require the State Air Resources Board to adopt a regulation that requires a metropolitan planning organization to provide any data that the state board determines is necessary to fulfill the requirements of the above-described report and to determine if the metropolitan planning organization is on track to meet its 2035 greenhouse gas emission reduction target. After completing each report, the bill would require the state board to determine if each metropolitan planning organization is on track to meet its 2035 target.

SB 592  (Wiener D) Housing development: Housing Accountability Act: permit streamlining.
Introduced: 2/22/2019
Last Amended: 9/9/2019
Status: 9/11/2019-Re-referred to Com. on RLS. pursuant to Assembly Rule 96.
Location: 9/11/2019-A. RLS.

Summary:
The Housing Accountability Act (the HAA), among other things, requires a local agency that proposes to disapprove or impose specified conditions on a housing development project that complies with applicable, objective general plan, zoning, and subdivision standards and criteria in effect at the time the application for the project is deemed complete, within the meaning of the Permit Streamlining Act, to make specified written findings based on a preponderance of the evidence in the record. This bill would additionally require a local agency to make those findings if it proposes to disapprove or impose specified conditions on a housing development project that is determined to be complete, as provided, and would make other related conforming changes.

**Summary:**  
Current law requires the Department of Transportation, in cooperation with the Golden Gate Bridge, Highway and Transportation District and all known entities planning to implement a toll facility, to develop and adopt functional specifications and standards for an automatic vehicle identification system, in compliance with specified objectives, including that a vehicle owner shall not be required to purchase or install more than one device to use on all toll facilities, and generally requires any automatic vehicle identification system purchased or installed after January 1, 1991, to comply with those specifications and standards. Current law authorizes operators of toll facilities on federal-aid highways engaged in an interoperability program to provide only specified information regarding a vehicle’s use of the toll facility. This bill would expand the above-described objective so that a user of a toll facility shall also not be required to purchase or install more than one device to use on all toll facilities.

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
After two continuing resolutions (CR) and lengthy negotiations, Congress passed and the President signed an appropriations deal for Fiscal Year (FY) 2020. The deal is comprised of two separate package of bills (known as minibuses) totaling $1.4 trillion and will provide funding through September 30, 2020. This report provides an overview of the appropriations process and an analysis of the Transportation, Housing and Urban Development (THUD) bill.

BACKGROUND:
October 1, 2019 marked the beginning of FY 2020. However, Congressional leaders and President Trump were not able to come to an agreement on spending levels for FY 2020, thus resulting in a CR that maintained FY 2019 funding levels through November 21, 2019. Disagreements over border wall funding between Republicans and Democrats played a central role in the delay of an appropriations package, leading to a second CR that extended FY 2019 funding levels through December 20, 2019. This second CR was noteworthy given that it also contained additional provisions (colloquially known as ‘riders’), including a provision that repealed a section of the Fixing America’s Surface Transportation (FAST) Act that would have rescinded $7.569 billion of highway contract authority on July 1, 2020. It is estimated that California would have lost $280 million if that FAST Act provision were in effect.

House Resolution (H.R.) 1158 and H.R. 1865, both minibuses that together make up all 12 appropriation bills, were signed by President Trump on December 20, 2019. H.R. 1158 passed the House by a vote of 280-138 and the Senate by a vote of 81-11. This minibus included funding for:
1) Defense;  
2) Commerce, Justice, and Science;  
3) Financial Services and General Government; and  

H.R. 1865 passed the House by a vote of 297-120 and the Senate by a vote of 71-23. This minibus included funding for:  
5) Labor, Health and Human Services, and Education;  
6) Agriculture, Rural Development, Food and Drug Administration;  
7) Energy and Water Development;  
8) Interior and Environment;  
9) Legislative Branch;  
10) Military Branch and Veteran Affairs;  
11) Department of State; and  
12) Transportation, Housing and Urban Development.

**Transportation, Housing and Urban Development**  
**Transportation**

The THUD appropriations bill provides the Department of Transportation (DOT) with $87.2 billion in gross discretionary budget resources, a decrease of about $393 million from the prior fiscal year. However, the enacted amount is about $3 billion more than President Trump’s original budget request. Discretionary grants, such as the Better Utilizing Investments to Leverage Development (BUILD) program, saw an increase in funding of $100 million from FY 2019. Like FY 2019, grants awarded through the BUILD program must adhere to a 50-50 urban-rural split.

The Federal Highway Administration (FHWA) receives a total of $48.5 billion, of which $46.4 billion comes from the Highway Trust Fund (HTF) and $2.1 billion comes from the General Fund (GF). $781.1 million of the funds originating from the GF will be apportioned to states through the Surface Transportation Block Grant Program (STBGP), and another $1.15 billion will go to the rehabilitation or replacement of deficient bridges.
The Federal Transit Administration (FTA) receives a total of $12.91 billion, which is $550 million less than FY 2019 enacted levels. The Capital Investment Grants (CIG) program within FTA funds transit capital investments, including heavy rail, commuter rail, light rail, streetcars, and bus rapid transit. CIG was the subject of disagreement between the House and Senate as the former funded the program at about $330 million more than the latter. Ultimately, the Senate’s $1.978 billion number was chosen for CIG. Of the $1.978 billion, $1.458 billion is for New Starts projects, $300 million for Core Capacity projects, $100 million for Small Starts projects, and $100 million for a delivery pilot program. The THUD appropriations bill requires that FTA allocate 85% of CIG funds by December 31, 2021. The Los Angeles County Metropolitan Transportation Authority (LA Metro) and the Orange County Transportation Authority (OCTA) have been beneficiaries of CIG funding in recent years.

The Federal Railroad Administration (FRA) receives $2.79 billion through the THUD appropriations bill, which is $80 million less than the previous fiscal year. Most of this funding is directed towards Amtrak, which will see $1.30 billion for its National Network and $700 million for capital grants for the Northeast Corridor. Another $527 million is provided for three new grant programs within FTA, including the Consolidated Rail Infrastructure and Safety Improvements (CRISI) program, the Federal State Partnership for State of Good Repair, and Restoration/Enhancement grants. It is worth noting that the final THUD bill does not contain a House-passed provision that would have prevented the White House from cancelling the $929 million grant to the California High-Speed Rail Authority (CAHSRA), nor does it contain the provision that would have blocked the White House from attempting to “claw back” $2.5 billion already spent by CAHSRA.

Housing and Urban Development
The Department of Housing and Urban Development (HUD) receives a total of $56.5 billion in gross budgetary resources. Programs such as the Community Development Block Grant Program (CDBG) and the HOME Investment Partnerships Program are housed under HCD and are routinely proposed to be eliminated by President Trump’s budget. Appropriators have rebuffed the President’s efforts, and have even raised the funding amount for these programs. For FY 2020, CDBG will receive $3.425 billion, an increase of $125 million from FY 2019, while the HOME Investment Partnerships Program will receive $1.350 billion for FY 2020, an increase of $100 million from the prior fiscal year.

FISCAL IMPACT:

REPORT
Southern California Association of Governments
900 Wilshire Boulevard, Suite 1700, Los Angeles, California 90017
January 21, 2020

RECOMMENDED ACTION:
Receive and File

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
Pursuant to Article IV, Section 12(a) of the California Constitution, Governor Gavin Newsom released his proposed state budget for Fiscal Year (FY) 2020-2021 on January 10, 2020. The proposed budget is the first phase of a months-long process that will culminate with the Legislature passing a budget bill by midnight of June 15, 2020. The Governor’s proposed budget for FY 2020-2021 totals $222.2 billion, an increase of 2.3% from last year’s budget, with $153.1 billion coming from the General Fund (GF). A general overview of the budget is provided below, as well as detailed information on the Governor’s budget as it pertains to housing and homelessness.

BACKGROUND:
Governor Newsom’s proposed budget for FY 2020-2021 was released on January 10, 2020. Article IV, Section 12(a) of the California Constitution requires that the Governor submit to the Legislature a budget for the ensuing FY within the first 10 days of each calendar year. Governor Newsom’s press conference, lasting just shy of three hours, highlighted some of the major policy provisions in the state budget. The proposed budget for FY 2020-2021 totals $222.2 billion in state funds, an increase of 2.3% from previous year’s budget. This total consists of approximately $153 billion from the General Fund, $63.8 billion from special funds, and $5.4 billion from bond funds. The Governor’s office estimates a $5.6 billion dollar surplus for FY 2020-2021.

Public Education
Governor Newsom spoke at great length on public education in the budget, which includes a total of $84 billion for K-14 public education, the highest total investment in California’s history. This
The Governor's proposed budget also includes the Public Preschool, K-12, and College Health and Safety Bond Act of 2020, a $15 billion general obligation bond that will be on the March 3, 2020 ballot for consideration by California voters. Placed on the ballot by the Legislature through Assembly Bill (AB) 48 (Chapter 530, Statutes of 2019), the $15 billion would support K-12 facility construction, including modernization projects, new construction projects, charter school construction projects, career technical education projects, and other uses.

Climate Change/Resiliency
Governor Newsom’s budget proposes to spend $12.5 billion over five years to address climate change. Key components include a climate resilience bond, amounting to $4.75 billion, to reduce climate risks across California. According to the budget, approximately 80% of the funds are allocated to address immediate risks such as floods, drought, and wildfires. The remaining funds will address long-term risks such as sea level rise and extreme heat. Included within the Climate Resilience Bond is $220 million to support Salton Sea habitat and air quality mitigation projects for the 2018 Salton Sea Management Plan. The adjacent pie chart provides a visual representation of spending for the climate resilience bond, if approved by the voters. The Governor’s proposed budget assumes the success of the bond at the November 2020 ballot box.

Another key component of the Governor’s climate spending in the budget is the Cap-and-Trade expenditure plan. For FY 2020-2021, the proposed Cap-and-Trade Expenditure plan amounts to $965 million. It is worth noting that some programs were not funded by the FY 2020-2021 expenditure plan, including weatherization grants for low-income homes ($10 million in FY 2019-2020) and the Transformative Climate Communities program ($60 million in FY 2019-2020), administered by the Strategic Growth Council. The Transformative Climate Communities program encourages transformative, neighborhood-level projects that reduce greenhouse gas (GHG) emissions and create healthier, more resilient communities. The City of Ontario previously received a $25 million grant from the Transformative Climate Communities program in 2018.
It is also worth highlighting the decrease in the California Air Resources Board’s clean transportation programs. These programs include rebates for zero-emission vehicles and grants for clean trucks, buses, and off-road equipment. The FY 2020-2021 expenditure plan includes $350 million for these clean transportation program, which is down from $485 million in the previous fiscal year’s Cap-and-Trade expenditure plan. Responding to a question from reporters about the cut in clean transportation funding, the Governor stated that, “We’ll have chances to adjudicate that with the Legislature... perhaps in the May revise we can reflect those [concerns].”

The complete FY 2020-2021 Cap-and-Trade expenditure plan is included in the table below:

Other highlights in the climate portion of the proposed budget include the creation of a Climate Catalyst Fund, administered by the state’s Infrastructure Economic Development Bank, which would provide low-interest loans for a portfolio of climate-related projects, prioritized in areas that help meet the state’s climate and equity goals. Examples of eligible projects include the proliferation of zero-emission vehicles and charging infrastructure, climate smart agriculture and forestry, and municipal waste and recycling, among other uses. The FY 2020-2021 proposed budget includes a $250 million investment from the GF for this Climate Catalyst Fund.

**Housing and Homelessness**

Housing production and affordability remain a top priority for the Newsom Administration and a lack of affordable housing directly contributes to the homelessness epidemic seen across the state. To address the housing crisis, the Budget builds upon last year’s investments and helps to provide access to services to individuals and families with immediate needs. It total, the Governor’s budget proposes to spend $6.8 billion across multiple departments and programs to address housing throughout the State.

1/ Amount is based on lending activities from 2018/19.

2/ Amount represents voluntary allocations of local Proposition 63 funds from 16 participating counties.

3/ This represents the estimated 6 percent tax credits to be allocated in 2020 plus the estimated amount of 4 percent credits to be awarded in 2020.

4/ The Affordable Housing and Sustainable Communities program amount reflects 20 percent of the projected Cap and Trade revenues. The Transformative Climate Communities (TCC) program ($47.5 million in carryover available for 2020-21) funds various activities, including affordable housing.

5/ The State provides a number of wrap-around supportive services through these programs including housing, which cannot be separated from the program’s overall budget.
Notably, the Governor’s proposed budget includes $750 million one-time General Fund to establish the California Access to Housing and Services Fund that will be administered by the state's Department of Social Services. The primary goals of the proposed Fund are to reduce homelessness by moving individuals and families into stable housing, and to increase the number of units available as a stable housing option for individuals and families who are homeless or at risk of becoming homeless.

The Fund will flow through performance-based contracts between the state and regional administrators. Regional administrators will provide short- and long-term rental subsidies, make small and medium-sized contributions to encourage development of new units in exchange for a rental credit, and stabilize board and care facilities by funding capital projects and/or operating subsidies. The Fund will also be used to engage with landlords to secure units and negotiate individual client leases, provide tenancy support services, and coordinate case management with counties for those receiving rental subsidies to ensure they are enrolled in eligible public assistance programs.

The Governor has proposed that, to the extent feasible, state funding will be coupled with the use of state properties to expedite the development of more affordable and supportive housing.

Subject: March 2020 Statewide Ballot Measures

RECOMMENDED ACTION:
Receive and File

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
California will hold its Presidential Primary Election on March 3, 2020. Voters will consider only one state wide ballot measure, Proposition 13, a bond for school and college facilities. This report includes a summary of Propositions 13. Staff will keep the Committee apprised of any significant developments that may arise related to ballot propositions.

STRATEGIC PLAN:
This item supports SCAG’s Strategic Plan, Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

BACKGROUND:
One proposition qualified for the March 3, 2020 Presidential Primary Election. SCAG has traditionally not taken positions on ballot propositions in prior elections unless there is a clear nexus between a proposed measure and a SCAG policy jurisdiction and/or an adopted legislative priority.

The majority of ballot measures will appear on the November 3, 2020 General Election ballot where voter turnout is expected to be at a record high because of the presidential election. To date, three measures have qualified for the ballot, 27 are in some phase of the initiatives process, and the California State Legislature may refer additional statewide measures.

Proposition 13 – School and College Facilities Bond
**Summary**

If approved by the voters, Proposition 13 would authorize $15 billion in general obligation bonds for the construction and modernization of public preschool, K-12, California Community Colleges, University of California, and California State University facilities. Californians last voted on a school facilities bond measure in 2016, which passed with 55 percent of the vote. Proposition 13 is a legislatively referred bond question from the California State Legislature via Assembly Bill (AB) 48, which was authored by Assemblymember Patrick O'Donnell (D-Long Beach). Proposition 13 is designed to distribute bond revenue as follows:

<table>
<thead>
<tr>
<th>Amount</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>$9.0 billion</td>
<td>Preschool and K-12</td>

January 21, 2020

RECOMMENDED ACTION:
Support

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
Assembly Constitutional Amendment (ACA) 1 is a proposed measure that would lower the voter-approval threshold for the imposition, extension, or increase of a special tax and local general obligation bonds by a local government to fund the construction, reconstruction, rehabilitation, or replacement of public infrastructure or affordable housing projects, from two-thirds to 55 percent. Staff recommends that the Legislative/Communications and Membership Committee (LCMC) forward a “support” position to the Regional Council on ACA 1.

BACKGROUND:
The California Constitution defines a “special tax” as any tax imposed for specific purposes, including funding local transportation projects. The California Constitution conditions the imposition of a special tax by a city, county, or special district upon the approval of two-thirds (66.67 percent) of the voters of the city, county, or special district voting on that tax. By lowering the voter-threshold for the imposition, extension or increase of a special tax by a local government, ACA 1 would provide a city, county, or special district with the potential to generate additional resources to fund public infrastructure or affordable housing projects. For example, in November 2016, Ventura County placed Measure AA on the ballot, which would impose a 0.5 percent sales tax for 30 years for transportation infrastructure in Ventura County. A two-thirds supermajority vote was required for the approval of this measure. In the end it failed because only 58 percent of voters supported Measure AA. If approved by the legislature, ACA 1 could make it easier to pass tax measures like Measure AA to fund transportation infrastructure.
ACA 1

Introduced by Assemblymember Cecilia Aguiar-Curry (D-Winters), ACA 1 would lower the local vote threshold for local bonds and taxes that invest in infrastructure and affordable housing from two-thirds to 55 percent. ACA 1 is cosponsored by Assemblymembers Marc Berman (D-Los Altos), Richard Bloom (D-Santa Monica), Rob Bonta (D-Oakland), Autumn Burke (D-Ingleswood), David Chiu (D-San Francisco), Kansen Chu (D-Milpitas), Jim Cooper (D-Elk Grove), Susan Talamantes Eggman (D-Stockton), Jim Frazier (D-Brentwood), Eduardo Garcia (D-Coachella), Mike Gipson (D-Gardena), Todd Gloria (D-San Diego), Lorena Gonzalez (D-San Diego), Tim Grayson (D-Vallejo), Chris Holden (D-Pasadena), Reginald Jones-Sawyer (D-Los Angeles), Ash Kalra (D-San Jose), Marc Levine (D-San Rafael), Evan Low (D-Cupertino), Kevin McCarty (D-Sacramento), Kevin Mullin (D-San Mateo), Adrin Nazarian (D-Van Nuys), Bill Quirk (D-Hayward), Luz Rivas (D-Arleta), Robert Rivas (D-Salinas), Blanca Rubio (D-West Covina), Miguel Santiago (D-Los Angeles), Mark Stone (D-Santa Cruz), Phil Ting (D-San Francisco), Shirley Weber (D-San Diego), Buffy Wicks (D-Berkeley), and Jim Wood (D-Eureka) and Senators Jim Beall (D-San Jose), Jerry Hill (D-San Mateo), Nancy Skinner (D-Oakland), and Scott Wiener (D-San Francisco).

ACA 1 passed out to the Assembly Local Government Committee on March 27, 2019 by a vote of 5-2-1 and the Assembly Appropriations Committee on May 16, 2019 by an 11-7 vote. ACA 1 was then considered by the full Assembly on August 18, 2019 where it needed a two-thirds supermajority vote to pass. The proposal failed by a vote of 44-20-15. While unsuccessful, reconsideration was granted, which allows a measure that failed to be heard again in committee or on the Floor.

It should be noted that if both houses of the Legislature approve a constitutional amendment, the Governor’s signature is not required to refer a constitutional amendment to the ballot for voter consideration. Furthermore, June 25, 2020 is the last day for constitutional amendments like ACA 1 to be approved by the legislature to qualify for the November 3, 2020 General Election.

Staff recommends a support position for ACA 1 consistent with Regional Council-adopted policy and legislative priorities that support new funding tools to enable local governments to expand transit and build affordable housing infrastructure. By lowering the voter-threshold, new funding can become available to local governments to build affordable housing infrastructure as they continue to combat the homelessness and housing affordability crisis. ACA 1 enjoys regional consensus, with many transportation stakeholders and local governments in the SCAG region submitting support.

FISCAL IMPACT:
Work associated with the ACA 1 staff report is contained in the Indirect Cost budget, Legislation 810-0120.10.

ATTACHMENT(S):
1. League of California Cities Letter of Support for ACA 1
March 6, 2019

The Honorable Cecilia Aguiar-Curry
California State Assembly
State Capitol Building, 5144
Sacramento, CA 95814

Notice of Support

Dear Assembly Member Aguiar-Curry:

The League of California Cities supports your ACA 1, which would lower to 55 percent the voter-approval threshold for cities and counties to fund critical public infrastructure and affordable housing.

Maintaining and improving local infrastructure and having an adequate supply of affordable housing is critical for local economic development and quality of life. However, a major discrepancy exists between state and local governments when seeking voter approval for such investments. When the state seeks voter approval for a statewide measure—such as past voter approvals of measures to extend the income tax or the recently approved housing bond—it requires a simple majority, but when a city or county seeks voter approval for a similar investment they face a stringent two-thirds vote threshold. This makes no sense.

The law, however, is different for school construction. Nearly 20 years ago, the state’s voters agreed (Prop. 39 of 2000) that the two-thirds threshold was too strict for investments in school construction and lowered that threshold to 55 percent. That model has worked well over the past two decades. Cities need similar flexibility when seeking voter approval for investments in public infrastructure and affordable housing.

ACA 1 offers voters in 2020 an opportunity to consider treating investments in local infrastructure and affordable housing in a similar manner as schools. California voters have demonstrated—through their past approval of major state school, housing, and water bonds—that they understand the importance of investing in their future. Let’s pass ACA 1 and provide voters with an opportunity to weigh in on local investments on infrastructure and affordable housing—issues that are so critical to the state’s future, prosperity and quality of life.

For these reasons, we are pleased to support your ACA 1. If you have any questions regarding the League’s position on this bill, please do not hesitate to contact me at (916) 658-8222.

Sincerely,

Dan Carrigg
Deputy Executive Director, Legislative Director

RECOMMENDED ACTION:
Support

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
Senate Bill (SB) 45 would authorize a “climate resiliency” bond to be placed on the November 3, 2020 General Election ballot. If approved by voters, it would authorize approximately $4.2 billion in general obligation bonds to finance projects for wildfire prevention, safe drinking water, drought preparation, and flood protection programs. Staff recommends that the Legislative/Communications and Membership Committee (LCMC) forward a “support” position recommendation to the Regional Council on SB 45.

BACKGROUND:
Research demonstrates that climate change could have consequential effects throughout California. These include sea-level rise, inland flooding, more severe heat days, more frequent drought, and increased risk of wildfires. These climate change effects have the potential to damage state and local infrastructure, disrupt the provision of key services, impair natural habitats, and affect regional economies. Seas along the California coast are projected to rise between two and seven feet by 2100. One study estimates that by 2100, sea-level rise, combined with the impact of a 100-year storm, could put $150 billion of property value at risk in California, as well as cause loss of beaches and other coastal habitats.

SB 45
Senator Ben Allen (D-Santa Monica) introduced SB 45 on December 3, 2018. This bill would place a climate resiliency bond on the November 3, 2020 General Election ballot. If approved by voters, it would authorize $4.2 billion in general obligation bonds to help prevent wildfires and floods, as well
as reduce the impacts of drought and provide clean drinking water. Bond revenue would be distributed as follows:

<table>
<thead>
<tr>
<th>Amount</th>
<th>Designation</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1.62 billion</td>
<td>Reduce wildfire, drought, or other natural disaster risk resulting from climate change</td>
</tr>

<tr>
<td>$190 million</td>
<td>Improve climate resilience of agricultural lands</td>
</tr>
<tr>
<td>$630 million</td>
<td>Protect coastal lands, oceans, bays, waters, natural resources, and wildlife</td>
</tr>
<tr>
<td>$60 million</td>
<td>Enhance workforce development</td>
</tr>
</tbody>
</table>

Governor Gavin Newsom released the 2020-21 State Budget on Friday, January 10, 2020. It included a Climate Budget that proposes to invest $12 billion in climate change spending over the next five years. Key components are a $1 billion Climate Catalyst Fund, $4.8 billion in Cap-and-Trade expenditures for climate change related programs, and a $4.75 billion climate resiliency bond that would help insulate property, forests, water supplies, and wildlife habitat from the risks of climate change. Funds would be allocated in the following categories:
## Climate Resilience Bond

It should be noted that Governor Newsom and lawmakers are currently negotiating the amount and scope of a bond measure. Senator Allen’s bill started at $4 billion and is currently at $4.2 billion, but lawmakers on both sides are talking about higher figures.

SB 45 was referred to and approved by the Senate Natural Resources and Water Committee, Senate Environmental Quality Committee, and the Senate Governance and Finance Committee. On May 6, 2019, SB 45 was set for a hearing in the Senate Appropriations Committee, but was canceled at the request of Senator Allen. At the end of 2019, state legislative leaders announced that both houses would support a resiliency bond measure. A new hearing has been scheduled for SB 45 on January 21, 2020 where it is expected to pass.

Assembly Speaker Anthony Rendon (D-Lakewood) designated Assemblymembers Eduardo Garcia (D-Coachella), Kevin Mullin (D-South San Francisco), Laura Friedman (D-Glendale), and Richard Bloom (D-Santa Monica) to lead the Assembly’s effort on this bill. It is unclear if they will introduce a new bill or use AB 352 as a legislative vehicle, which was introduced by Assemblymember Eduardo Garcia and proposes a $3.9 billion bond to finance wildlife prevention, safe drinking water, drought preparation, and flood protection programs.

Staff Recommendation

Staff recommends a support position for SB 45 consistent with Regional Council-adopted policy and legislative priorities that state support for programs that provide resources for communities to prepare for the consequences of a changing climate and resulting natural disasters.

FISCAL IMPACT:

Work associated with the SB 45 staff report is contained in the Indirect Cost budget, Legislation 810-0120.10.

Support

STRATEGIC PLAN:
This item supports the following Strategic Plan Goal 2: Advance Southern California’s policy interests and planning priorities through regional, statewide, and national engagement and advocacy.

EXECUTIVE SUMMARY:
Senate Bill (SB) 795 would create the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee located at the state government level. The bill would authorize a city, county, joint powers agency, or enhanced infrastructure financing district to apply to the Committee to participate in the program. The bill would allow local agencies to reduce their contributions to their county’s Educational Revenue Augmentation Fund (ERAF) to fund affordable housing projects and related infrastructure.

Staff recommends that the Legislative/Communications and Membership Committee (LCMC) forward a “support” position recommendation to the Regional Council on SB 795.

BACKGROUND:
Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures. Existing law requires an annual reallocation of property tax revenue from local agencies in each county to the Educational Revenue Augmentation Fund (ERAF) in that county for allocation to specified educational entities.

Existing law authorizes certain local agencies to form an enhanced infrastructure financing district ((EIFD), affordable housing authority, transit village development district, or community
revitalization and investment authority for purposes of, among other things, infrastructure, affordable housing, and economic revitalization.

SB 795
Introduced by Senators Jim Beall (D-San Jose), Mike McGuire (D-Healdsburg), and Anthony Portantino (D-La Cañada Flintridge), SB 795 would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. The bill would authorize a city, county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria.

The bill would also authorize certain local agencies to establish an affordable housing and community development investment agency and authorize that new agency to apply for funding under the program and issue bonds to carry out the approved project or plan. SB 795 would provide that eligible projects include, among other things, the pre-development, development, acquisition, rehabilitation, and preservation of workforce and affordable housing, certain transit-oriented development, and projects promoting strong neighborhoods.

The Affordable Housing and Community Development Investment Committee, upon approval of a plan, would then issue an order directing the county auditor to transfer an amount of property tax revenue that is equal to the affordable housing and community development investment amount approved by the Committee from the county’s ERAF. The bill would require the county auditor to either deposit that amount into the Affordable Housing and Community Development Investment Fund, which this bill would create in the treasury of each county, or, if the applicant is a specified type of authority or special district, to transfer to the city or county that created the new agency an amount of property tax revenue equal to the amount approved by the Affordable Housing and Community Development Investment Committee for that authority or district. The bill would require the city or county that created the district to, upon receipt, transfer those funds to the authority or district in an amount equal to the affordable housing and community development investment amount for that authority or district. The bill would authorize applicants to use approved amounts to incur debt or issue bonds or other financing to support an approved project.

Subject to the Legislature enacting a budget bill for the applicable fiscal year that specifies the amount for the Affordable Housing and Community Development Investment Committee to allocate pursuant to the program, SB 795 would require the committee to approve no more than $200,000,000 per year from July 1, 2022, to June 30, 2027, and $250,000,000 per year from July 1,
2027, to June 30, 2031, in transfers from ERAFs for applicants for plans approved pursuant to this program.

Lastly, SB 795 would require the Director of Finance to adjust the percentage of General Fund revenues appropriated for school districts and community college districts to ensure that the transfers from a county’s ERAF have no net fiscal impact upon the total amount of the General Fund revenue and local property tax revenue allocated to school districts and community college districts.

Staff Recommendation
Since the elimination of RDAs, the State has enacted numerous financing tools, but few jurisdictions have taken advantage of them due to their limited financial capacity. With a projected multi-billion State budget surplus for the 2020-21 fiscal year, the time is right for the State to restore more robust financing mechanisms that support local efforts to build more affordable housing, provide essential infrastructure, and create opportunities in underserved communities.

At its April 5, 2019 meeting, the Regional Council adopted a support position on SB 5 (Beall, McGuire, Portantino 2019), which was ultimately vetoed by Governor Newsom. SB 795 is a near identical version of SB 5. One notable difference is that SB 5 was sponsored by the League of California Cities, whereas SB 795 is sponsored by the State Building Trades Council.

Staff recommends support for SB 795 consistent with Regional Council-adopted policy and legislative priorities that support new funding tools to enable local governments to expand transit-oriented development and build affordable housing infrastructure.
