** Compromised Red refers to faded/chipped, painted over, illegal or otherwise compromised from clearly red where parking is obviously prohibited

---

This map is intended to provide a visual representation of the existing conditions along the PCH corridor. It includes various elements such as beach access points, no parking signs, curbs restrictions, and driveways. The map is a valuable tool for understanding the current setup and limitations along the PCH.
This map was prepared using a variety of sources, including GIS data. A qualified photogrammetrist prepared aerial photography with field verification. Wherever these efforts were completed for a reasonable level of detail and checked to ensure accuracy by the California Surveyor. The data is considered typical for the referenced area. The data was verified for accuracy by the Client.
