Resident School Identifier

Instructions:
In the search field below, please enter all, or as much of the address as possible. Please be sure to include the Apartment number if applicable (i.e. St, Ave, Blvd, etc.). Suffixes are optional. An example of this suggested formatting would be 1414 W Vernon Ave. Include the appropriate ordinal suffix (i.e. St, Ave, Blvd, etc.) as fractions added to the house number. If you cannot enter the full address, please try this alternative search.

To identify the LAUSD Board District you reside in, please use the search bar below. For questions regarding Resident School IDs, please contact the LAUSD Office of Boundary Management at (323) 994-5171.

Results for address: 1414 W Vernon Ave, Los Angeles, California, 90062

If the above search result is not the intended address, please select the 'Show more results' link, if displayed within the map area. Additionally, please verify your search entry following the instructions listed above.

The resident LAUSD School assignments listed below are in effect for this school year and are applicable to students currently eligible to enroll. School attendance boundaries are subject to change as warranted by shifts and growth in student population, by opening of new schools and the reopening of closed schools, and as deemed necessary by LAUSD. Information about schools with boundary changes effective in the upcoming school year and the areas affected by the changes is available on the Boundary Change Information Page.

Santee Education Complex

Details from Google Maps
- A fundamental question for the District is how to “put on the show” - to provide equitable access to education safely and effectively in these times of COVID-19 and with social distancing and other safety measures in place.

- MPD is working with District decision-makers to respond to the pandemic by: developing alternative service delivery methods; delivering current and relevant data-driven enrollment and capacity analysis; creating GIS-based mapping and analysis; and managing accurate source data underlying District applications.

- MPD has to also be open for “business as usual”. This includes producing enrollment and birth projections (demand), analyzing operational capacity at school sites (supply), attendance boundary and resident area analysis and management, and GIS analysis and mapping.

- The LAUSD is only one of the many public agencies tasked with the responsibility to unwaveringly provide the people of California with essential services. Most especially in times such as these, we as public servants must serve the public good by making sure that “The Show Must Go On”!
