If you require such assistance, please contact SCAG at (213) 236-1926 at least 72 hours in advance of the meeting to enable SCAG to make reasonable arrangements. To request documents related to this document in an alternative format, please contact (213) 236-1928.
AGENDA

“Any item listed on the agenda (action or information) may be acted upon at the discretion of the Committee”.

1.0 CALL TO ORDER AND INTRODUCTIONS

Christopher Gray
Chairperson

2.0 PUBLIC COMMENT PERIOD

Members of the public desiring to speak on an agenda item or items not on the agenda, but within the purview of this Task Force, must fill out and present a speaker’s card to the Assistant prior to speaking. A speaker’s card must be turned in before the meeting is called to order. Comments will be limited to three minutes. The Chair may limit the total time for comments to twenty (20) minutes.

3.0 INFORMATION ITEMS

3.1 Quantifying Automated Travel

Mike Wallace,
Fehr and Peers
30 minutes

The future is uncertain and there are many opinions relating to the potential impact of automated travel but little has been done to quantify these potential futures. This presentation will highlight the results from travel models around the country when parameters were changed to reflect automated travel and will discuss how models can evolve to reflect current and future travel and the increase in acquiring goods or services without the need to travel.

3.2 Modeling Travel Impacts of Autonomous Vehicles

Steven Ruegg,
WSP
30 minutes

To evaluate the potential impact of autonomous vehicles for a major corridor study in the Twin Cities. The regional Activity-Based model was used as a tool to quantify traveler response. This presentation describes how the model was modified to represent the effects of two future AV scenarios.
3.3 **Ventura County Travel Model Update**

Iteris is currently under contract with Ventura County Transportation Commission to develop a focused travel demand model for Ventura County that is consistent with the SCAG regional travel demand model. In coordination with SCAG, a subregional model has been developed from the 2016 RTP travel demand model, and specialized updates to the subregional model are currently being completed and validated.

4.0 **CHAIR’S REPORT**

5.0 **STAFF REPORT(S)**

6.0 **FUTURE AGENDA ITEMS**

7.0 **ADJOURNMENT**

The next meeting of the Modeling Task Force is scheduled for 10:00 a.m. on July 26, 2017 at SCAG’s office in downtown Los Angeles.
