Update on Defining Equity

- Informed by research, best practices, peer agency review, and guided by input from the Special Committee, SCAG staff, and stakeholders.
- **Leading with racial equity** to address the pervasive and deep inequities faced by people of color across the region.

“As central to SCAG’s work, racial equity describes the actions, policies, and practices that eliminate bias and barriers that have historically and systemically marginalized communities of color, to ensure all people can be healthy, prosperous, and participate fully in civic life.”

Equity Framework & Early Action Plan (EAP)

- Early Action Plan (EAP) critical for ensuring work advances and endures beyond life of Special Committee
- Includes range of **internally and externally focused** actions
- Iterative process
- **Short-, medium-, and long-term** actions
- Need for **partnerships** with other agencies and institutions
Equity Framework & Early Action Plan (EAP)

Framework of the draft EAP includes three strategies:

- **Listen & Learn**: Develop a shared understanding of our history of discrimination and the structural barriers that continue to perpetuate the inequities experienced today.

- **Engage & Co-Power**: Create an environment where everyone is included, able to share their experiences, and equipped to talk about racial equity and inequities.

- **Integrate & Institutionalize**: Focus on systems change to improve racial equity. Center racial equity in all aspects of work. This involves internal and external systems change.

Equity Framework & Early Action Plan (EAP)

Strategies apply across SCAG’s core areas of focus and influence:

- **Center Racial Equity in Regional Policy & Planning**, which refers to SCAG’s regional planning functions.

- **Encourage Racial Equity in Local Planning Practices**, referring to how SCAG can influence local elected officials and planning professionals it works and partners with.

Foster an organizational culture around equity, diversity, and inclusion.

Regional Housing Needs Assessment

- Every 8 years, SCAG develops a regional housing allocation plan to address regional housing need.
- Regional housing need is determined by CA Dept of Housing Community Development (HCD).
- SCAG adopts a methodology to establish the number of housing units each city and county must plan for to meet regional need.
- Cities and counties must update the housing element of their General Plans to accommodate their share of regional need.

Update SCAG regional plans, policies and practices to properly address racial and social inequities in the region.

RHNA law defines Equity Objectives:
- Increasing mix of housing types and affordability in an equitable manner

Questions to Consider

- Does the framework for the draft EAP capture the goals and strategy areas that SCAG should prioritize? (Consider your vision of a racially just future, desired outcomes and where SCAG has direct influence.)
Questions to Consider

• What early actions would you recommend SCAG consider with its stakeholders to address the priorities in the draft EAP?

• Where do you see opportunities for partnership with your organizations or others working to advance racial equity in Southern California?

Questions to Consider

• Outside of the draft EAP, are there other issues the Special Committee would like to address in its recommendations and final report to SCAG’s Regional Council?
