

Safety Working Group

SCAG is interested in working more closely with transportation safety stakeholders on developing a Regional Transportation Safety Strategy that can be incorporated into the region's next long-range plan, the 2020-2045 Regional Transportation Plan/Sustainable Communities Strategy (2020 RTP/SCS). The purposes of the Safety meetings are to:

- Assist SCAG staff in developing transportation safety analyses and policies (e.g., existing conditions analysis; high injury corridor methodology and identification; safety target(s) and performance measures; strategies and actions).
- Provide SCAG staff with guidance on the development of the Regional Safety Strategy to be incorporated into the 2020 RTP/SCS.
- Motivate information sharing and the identification of best practices related to transportation safety, planning, and programming at the local level.
