TECHNICAL WORKING GROUP (TWG)

Thursday, January 15, 2015: 10:00 a.m.

SCAG Offices
818 West 7th Street, 12th Floor
Board Room
Los Angeles, CA 90017
(213) 236-1800

Teleconferencing Information: Number: 1-800-832-0736 – Participant Code: 7334636

Please use for web connection: http://scag.adobeconnect.com/twg91814/

AGENDA

Introductions

Receive and File
1. Meeting Summary 12-18-14 (Attachment)
2. Agenda Outlook for the Development of the 2016 RTP/SCS (Attachment)

Information Items
3. Draft 2016-2040 RTP/SCS Datasets for Two Scenarios: 1) Local Input; 2) Updated 2012-35 RTP/SCS; Analysis Relative to HQTA’s, TPA’s, and Local Specific Plans (Guoxiong Huang/Ying Zhou/Frank Wen) (Attachment)
Meeting Summary

The following is a summary of discussions of the Technical Working Group meeting of December 18, 2014.

Receive and File

1. Meeting Summary 11-20-14
2. 2016 RTP/SCS Agenda Outlook

Information Items

3. SCAG Clean Cities Coalition/Alternative Fuel Vehicle Program/Alternative Mobility

Marco Anderson, SCAG staff, outlined the major components of the program, noting that the Clean Cities Coalition component was originally formed in 1996 and its predominant focus is displacing petroleum usage. The secondary benefit is GHG remissions reduction. Mr. Anderson addressed the Alternative Fuel Vehicle Program component, stating that in 2012 SCAG completed a two-year planning process for Plug-In Electric Vehicles (PEVs). Mr. Anderson recommended that local jurisdictions get involved by targeting employers for workplace charging and building owners of multi-family units for accessible charging for their tenants. Mr. Anderson also encouraged local jurisdictions to work closely with stakeholders and pursue CEC funding opportunities. Mr. Anderson summarized recent research efforts to understand the potential for replacing short-range auto trips with alternative mobility modes.

4. 2016 RTP/SCS Schedule

Courtney Aguirre, SCAG staff, provided an overview of the 2016 RTP/SCS Schedule provided in the agenda packet. Ms. Aguirre emphasized that the schedule is intended to be flexible to accommodate additional meetings as needed.

5. Research and Analysis for RTP/SCS Strategies

Frank Wen, SCAG staff, provided an overview of the potential RTP/SCS Strategies.

6. SB 743 Guidelines Development

Ping Chang, SCAG staff, provided an overview of the SB 743 Guidelines Development. Mr. Chang included a letter in the agenda packet addressed to the Governor’s Office of Planning and Research from SCAG’s Executive Director, Hasan Ikhrata, wherein SCAG provided comments on the Preliminary Discussion Draft for the SB 743 CEQA Guidelines Update.
Agenda Outlook for the Development of the 2016 RTP/SCS
(Note: Revised to put the outlook in chronological order as suggested at the Sept. 2014 TWG)
(Updated 1/7/15)

June 2013
• Potential approach/process, coordination between various technical working groups and policy committees, and updated overall schedule for the development of the 2016 RTP/SCS

January 2014
• System Preservation and system operation focus in the 2012 RTP/SCS and our current efforts on Pavement and Bridge condition database/management

February 2014
• System Performance Measures and MAP-21 requirements under Performance Based Planning and implications of MAP-21
• Local Input Process for Growth Forecast/Land Use (Scenario Planning) for 2016 RTP/SCS, including growth forecast and technology

March 2014
• Performance Based Planning and implications of MAP-21: Safety Performance Measures
• Overview of baseline and innovative funding sources adopted in the 2012 RTP/SCS including underlying technical assumptions/methodology/analysis under Transportation Finance
• Overview of cost assumptions/cost modal for the 2012 RTP/SCS under Transportation Finance
• Model and Tools and Datasets to be used in the 2016 RTP/SCS
• Overview of Aviation program in the 2012 RTP/SCS with a focus on ground transportation improvements

May 2014
• OCTA Draft Long Range Plan Update
• System Preservation Update
• Draft Paper on TOD benefits, challenges and best practices
• Active Transportation Program Update
• Local Input Survey Update
• MAP-21 Safety NPRM Update
• CalEnviro Screen Tool

June 2014
• SCAG Active Transportation Results from the 2011 Household Travel Survey
• 2016 RTP/SCS Modeling variables matrix
• Statewide and MPO Planning Rules NPRM Update
• California Active Transportation Program Update

July 2014
• 2016 RTP/SCS Modeling Variables Matrix
September 2014

- 2016 RTP/SCS Development Agenda Outlook
- Status of Local Input for the 2016 RTP/SCS; Growth Forecast Update
- Modeling Update
- CAL LOTS Update

October 2014

- Overview of SCS in the 2012 RTP/SCS
- Current status of SCS implementation (Local Implementation survey)
- Environmental Justice (First EJ Workshop will be held on 10/23)
- Map Collaborator Database (A web based tool to collect data and develop open space plan.)

November 2014

- Discussion on existing and proposed Performance Measures
- Role of Technology in the 2016 RTP/SCS
- Development of alternative scenarios (Scenario Planning) for 2016 RTP/SCS, including growth forecast, technology
- Emerging issues/themes that could influence 2016 SCS
  - Zero/Near Zero/Clean Technology Applications, including Slow Speed/ Electric Vehicle programs (Nov. 2014)
  - Emerging New Technology Applications

December 2014

- Technical assumptions/methodology/data/analysis in the 2012 RTP/SCS
- Potential changes in the 2016 RTP/SCS to technical assumptions/methodology/data/analysis
- Updated forecast/land use distribution for 2016 RTP/SCS
- Overview of Active Transportation Strategy in the 2012 RTP/SCS
- Progress update on Active Transportation Strategy and emerging issues and implications to the 2016 RTP/SCS
- Zero/Near Zero/Clean Technology Applications, including Slow Speed/ Electric Vehicle programs (Nov. 2014)
- Update on 2016 RTP/SCS Schedule
- Update on research and analysis for RTP/SCS strategies

January 2015

- Asset Management and Infrastructure Performance Measures
- Overview of Goods Movement (GM) Strategy in the 2012 RTP/SCS with a focus on technical assumptions (including technology assumptions)/data/analysis
- Progress update on the GM Strategy with focus on emerging issues and implications on the 2016 RTP/SCS
- Technical assumptions/methodology/data/analysis in the 2012 RTP/SCS
- Potential changes in the 2016 RTP/SCS to technical assumptions/methodology/data/analysis
- Updated forecast/land use distribution for 2016 RTP/SCS
• Updated SCS for 2016 RTP/SCS
• Overview of Active Transportation Strategy in the 2012 RTP/SCS
• Progress update on Active Transportation Strategy and emerging issues and their implications to the 2016 RTP/SCS
  • Draft 2016-2040 RTP/SCS Datasets for two Scenarios 1) Local Input 2) Updated 2012-35 RTP/SCS and analysis relative to HQTAs, TPAs and Local Specific Plans
  • Preview of the Progress Report/General Framework presentation for the 2016 RTP/SCS to be given at the February 5 Joint Regional Council/Policy Committee Meeting

February 2015
• Program EIR
• Public Participation Plan
• Overview of Transit Strategy in the 2012 RTP/SCS
• Progress update on the Transit Strategy and emerging issues/challenges that could influence the 2016 RTP/SCS

March 2015
• Overview of Highway/HOV/HOT/Toll Roads/Express Lanes proposed in the 2012 RTP/SCS with a focus on technical assumptions/analysis
• Progress update and emerging issues related to highways/HOV/HOT/Toll Roads/Express Lanes
• Asset Management and Infrastructure Performance Measures
• Overview of Goods Movement (GM) Strategy in the 2012 RTP/SCS with a focus on technical assumptions (including technology assumptions)/data/analysis
• Progress update on the GM Strategy with focus on emerging issues and implications on the 2016 RTP/SCS

May 2015
• Progress update on the current status of the Aviation component of the 2012 RTP/SCS and emerging issues that may influence the 2016 RTP/SCS
• Overview of TDM/TSM in the 2012 RTP/SCS, including underlying assumptions
• Progress status of TDM/TSM and emerging issues

June 2015
• Progress update on 2012 RTP/SCS revenue/cost
• Potential changes/focus areas and emerging issues in the 2016 RTP/SCS

July 2015
• Transportation Conformity

August 2015
• Finance Plan for 2016 RTP/SCS
• Updated GM Strategy for the 2016 RTP/SCS
• Updated Transit Strategy for the 2016 RTP/SCS
• Updated Active Transportation Strategy for the 2016 RTP/SCS
• Highways Improvement Element in the 2016 RTP/SCS
• Updated Aviation Element of the 2016 RTP/SCS
• Updated TDM/TSM Element for the 2016 RTP/SCS

Note: The Agenda Outlook is intended as a reference for TWG and is subject to change as needed and appropriate as things progress.

Legend:

Regular Grey Font: Future Agenda Items

Bold Face Fonts: New or revised Agenda Items
Item 3 Attachment: (Under Separate Cover)

Draft 2016-2040 RTP/SCS Datasets for Two Scenarios:
1) Local Input; 2) Updated 2012-35 RTP/SCS; Analysis Relative to HQTAs, TPA's, and Local Specific Plans
Item 4 Attachment:

Preview of Progress Report/General Framework Presentation for 2016 RTP/SCS

Technical Working Group
January 15, 2015
Today’s Agenda

• Provide an overview of the RTP/SCS in general
• Quick review of what is in the adopted 2012 RTP/SCS
• Highlight the progress made since the adoption of the 2012 RTP/SCS
• Discussion of key challenges and emerging issues for the 2016 RTP/SCS
• Discussion of basic framework for the 2016 RTP/SCS Update
• Answer your questions and get your feedback
RTP/SCS Overview

• Defines the long-term vision and accompanying investment framework to address regional transportation and land use challenges and opportunities

• Federal Requirements
  – Must be long-range: 20+ years into the future
  – Must be financially-constrained: Revenues = Costs
  – Must pass regional emission tests

• State Requirements
  – Must meet SB 375 requirements (address GHG reductions)
How does RTP/SCS improve my everyday life?

What can we achieve together that we cannot achieve as individual cities or counties?

What type of transportation network should we have?

How should we spend the limited transportation revenue we have?

Where should new growth be located?

How best to balance mobility, public health and economic development?

What do our residents view as important for a bright and sustainable future?
RTP/SCS Core Components

- Incorporates county transportation commissions’ long-range transportation plans
- Multimodal and regional approach to solving our long term transportation and land use challenges
- Major programs and projects (e.g. transit, highway, bike, pedestrian improvements etc.)
- Financial plan – document fiscal constraint
- Growth Forecast
- Sustainable Communities Strategy - integrate land use planning with transportation investments
- Performance analysis – transportation conformity, environmental justice, economic impact analysis, and regional mobility goals
2012 RTP/SCS Overview
2012 RTP/SCS Overview

Addressed Regional Challenges

- Population Growth: 4 million people by 2035
- Mobility: Roadways most congested in the nation
- Safety: Concerning fatality rates, especially bike/pedestrian
- Air Quality: Worst air quality in the nation; SB 375GHG targets
- Financial: Transportation needs surpassed projected revenues
- System Preservation: Delayed investment, increased costs
Key Strategies

- Innovative funding
- System preservation
- Expand transit services
- Active transportation
- Goods movement strategy
- Highway and arterial enhancements
- Concentrate growth in high quality transit areas (HQTA)
- Support alternative vehicle and fuel technology
## 2012 RTP/SCS Overview

What was included in the 2012 RTP/SCS?

<table>
<thead>
<tr>
<th>Capital Projects</th>

- **O&M Local Roads** $20.9 (4%)
- **Debt Service** $45.1 (9%)
2012 RTP/SCS Overview
System Preservation

- 2012 RTP/SCS included $217 billion for system preservation and maintenance
- Recognized higher costs of delayed maintenance
- Prioritized investing in maintaining and preserving existing system
2012 RTP/SCS Overview
Passenger Rail and Transit

Bus Rapid Transit Expansion THROUGHOUT THE REGION

Transit $55 billion

Passenger Rail $51.8 billion

O&M $139.3 billion

Metrolink/LOSSAN Upgrades and California High-Speed Rail Phase 1

Light and Heavy Rail Extensions

Metrolink Commuter Rail Service Expansion THROUGHOUT THE REGION

</tbody>
</table>

### Federal Mandate
**Air Quality Conformity**

The 2012 RTP/SCS meets all Clean Air Act transportation conformity requirements.
2012 RTP/SCS Overview
Benefits of the 2012 RTP/SCS - Performance Outcomes

- Mobility
- Location Efficiency
- Economy
- Cost Effectiveness

- **24% decrease** from today’s per capita delay
- **Over twice** as many households will live in high-quality transit opportunity areas
- **500,000 jobs** generated per year
- **$2.90 return** for every $1 spent
2012 RTP/SCS Progress
2012 RTP/SCS Progress
Implementing the 2012 RTP/SCS

- Six new subcommittees
- Facilitate information exchange and policy development
- Identify regional priorities
- Help facilitate the implementation of the 2012–2035 RTP/SCS
- Parallels staff reorganization with greater focus on sustainability
2012 RTP/SCS Progress

RTP/SCS Implementation Highlights

- Capital Projects Completed
- Transportation Finance: Mileage Based User Fee
  - Funded $10 million in local planning grants since 2012 inception of Compass Blueprint/Sustainability Program
- Secured nearly $200 million in Active Transportation Program funding
- SCAG/CTCs Sustainability Joint Work Programs
- Active Transportation and Public Health Work Programs
2012 RTP/SCS Progress
Passenger Rail and Transit Projects Started or Completed

- Metro Orange Line Extension 2012
- Metro Expo Line 2012
- Brawley Transit Center 2013
- Fullerton Metrolink Parking Structure 2013
- Omnitrans SBX 2014
- ARTIC 2014
- Imperial Valley Transit Gold Line 2013
- Gold Coast Transit District 2013
2012 RTP/SCS Progress
Passenger Rail and Transit Projects Started or Completed

- Crenshaw LAX Corridor 2019
- Regional Connector 2020
- San Bernardino Transit Center 2015
- Foothill Gold Line 2a 2016
- Expo Line Phase 2 2016
- Perris Valley Line 2015
- Placentia Metrolink Station 2017
- OC Bridges Grade Separations 2018
- San Bernardino Metrolink Station 2016
2012 RTP/SCS Progress
Highways Projects Started or Completed

- I-405 Sepulveda Pass Improvements
- I-110 and I-10 HOT Lanes adopted as permanent facilities
- The West County Connectors project
2012 RTP/SCS Progress
Goods Movement Regional Initiatives

- Goods Movement Border Crossing Study
  - Assess existing and future impacts of commerce on mobility at California-Baja California border
  - Analyze trade flows between the border, the San Pedro Bay Ports, and regional warehouse and distribution centers

- Industrial Warehousing in the SCAG Region
  - Assess variables affecting the supply and demand of warehouses and distribution centers in the SCAG region
  - Evaluate the operational parameters and locations of the region’s warehouses, distribution centers, and transload facilities

- Public Private Partnership Finance and Delivery Strategies Screening for the East West Freight Corridor (EWFC)
Goods Movement Initiatives

Federal

- FHWA’s Draft Primary Freight Network Designation
- National Freight Advisory Committee
- National Strategic Freight Plan

State

- California Freight Advisory Committee (Caltrans)
- California State Freight Mobility Plan (Caltrans)
- Sustainable Freight Initiative (CARB)
2012 RTP/SCS Progress

SCAG Focus: Mileage Based User Fee (MBUF)

- Nationally recognized for funding innovation
- Passage of SB 1077: establish pilot program to explore MBUF
  - Working with state partners on pilot program testing Mileage Based User Fees
- Held Mileage Based User Fee Workshop
2012 RTP/SCS Progress
SCAG Focus: SCS Implementation

- Local governments need implementation funding to connect local land use plans to RTP/SCS goals
- Sustainability Grant Program
  - Technical assistance to local governments
    - Green Region Initiatives
    - Integrated Land Use & Transportation Planning
    - Active Transportation Planning
  - 72 Planning projects funded ($10 million total) since 2012
An Example of Sustainability Planning Grant Project
Washington Blvd Coalition of Cities,
East Side Gold Line Extension

- Cerritos, Los Angeles County
- TOD District Strategies
  - Convert 183rd St to “Main Street”
  - Cerritos Commons south of 183rd St
  - Direct pedestrian, bicycle and shuttle connections
  - Multi-use Path along Gridley Road
- Status: ACTIVE
Local Implementation Survey

- Jurisdictions have increasingly been implementing SCS supportive policies through General Plan/zoning code updates, bike/pedestrian plans, & TDM policies
- Specific Plan activities for Transit Priority Areas have also increased over time
- More jurisdictions adopting green energy & resource conservation policies
- 149 of 197 jurisdictions have responded (76%), accounting for 87% of the regional population
- 72 cities with Complete streets plans, 121 with bicycle plans, and 52 with pedestrian plans
2012 RTP/SCS Progress

SCAG Focus: Active Transportation Funding

$200 m
Awarded For First 3
Years of Active
Transportation Program (ATP)

Over
100
Cities
In the SCAG Region
Applied for ATP Funds

SCAG Regional Safety &
Encouragement
Campaign

Regional Performance
Transportation Safety

- Significant strides in highway safety in the last decade
- Total roadway accidents have consistently gone down
  - Total fatalities have also gone down, but the trend appears to be flattening
  - Bike and pedestrian related accidents are trending up
Regional Performance
Collisions By County
Regional Performance
Major Air Quality Improvement Milestones

- **South Coast Air Basin**
  - Attainment of 1987 PM10 standards in 2013
  - US EPA proposal to approve attainment of 1997 PM2.5 standards in 2014
  - Anticipated attainment of 2006 PM2.5 standard by 2015

- **Ventura County**
  - Approved attainment of 1997 8-hour ozone standards in 2013

- **Southeast Desert**
  - US EPA proposal to approve attainment of the revoked 1979 1-hour ozone standards in August 2014

- **Pechanga**
  - US EPA proposal to approve attainment of the 1997 8-hour ozone standard in December 2014
Regional Challenges and Emerging Trends
Climate change has emerged as a major global issue impacting nations and localities – additional and more stringent GHG targets.

Significant emission reductions needed to meet federal Clean Air Act standards.

Quality of life important for regions that compete globally.

Economic recovery and recent fuel price reductions make it harder to achieve VMT reductions and reduce congestion and emissions.
Significant unmet infrastructure needs have grown and need acceleration of new funding

Need to improve transit ridership by further linking transportation and land use

Active transportation safety and funding must be addressed

Multi-modal transportation system must be optimized efficiently

Public health major focus of stakeholders (state and national policies)

Housing shortage and gentrification pressures

Court decision regarding SANDAG PEIR
2016 RTP/SCS Challenges and Emerging Trends
Baby Boomers and Millennials

THE GREAT GENERATIONAL DIVIDE
HOW ARE MILLENNIALS DIFFERENT FROM BOOMERS? HOW DO THEIR PREFERENCES IMPACT SOUTHERN CALIFORNIA?

WHEN I WAS YOUR AGE...
how do Millennials now compare to Boomers at the same age?

Demographics for Ages 16 to 34 both in 1980 and in 2010 in the SCAG Region (includes the Counties of Imperial, Los Angeles, Orange, Riverside, San Bernardino, Ventura)

RACE/ETHNICITY

HOME AND WORK LIFE

AVERAGE INCOME $25,428 $19,925
UNEMPLOYMENT 5% 10%

HOUSEHOLDS WITHOUT KIDS 28% 38%
SINGLETONS (UNMARRIED) 50% 73%
MULTIFAMILY HOUSEHOLDS 51% 57%
RENTER HOUSEHOLDS 68% 76%
LABOR FORCE PARTICIPATION 73% 68%
Millennials

- Rapid adoption of new communication technologies
- Rapidly adapting to the “shared” economy
- May be less interested in car and homeownership
- Travel fewer miles and make fewer trips
- May favor low-travel urban lifestyles with emphasis on walking, cycling, ride-sharing and transit
2016 RTP/SCS Challenges and Emerging Trends

5 Major Upcoming Transportation Trends

1. Multimodal Transit (Shared Usage)
   Transportation provider—Moving people around crowded cities without dedicated vehicles—customizing transportation fit based upon local needs

2. Alternative Powertrains
   Zero Tailpipe emissions EV with fast refill and available next year, fun to drive BEV, and everyday usable PHV available now

3. Autonomous technology
   Technology is not the holdup, cultural acceptance will be the big issue.
   → Successful implementation of big data required

4. Connected Vehicles (Entune & Enform)
   Toyota’s starting point for networking cars—Ubiquitous connectivity comes with multiple application amortization

5. Downsizing vehicles (iRoad)
   Moving people around crowded cities without dedicated vehicles while keeping that level of convenience is a key future challenge

Source: Jim Pisz, Toyota Motor Sales
2016 RTP/SCS Framework
Focus of the 2016 RTP/SCS is to build on the success of the 2012 RTP/SCS

Developments for review:
- Viable Long-Term Funding Strategies
- System Preservation, Safety and Operation
- Regional Freight Strategies
- Active Transportation
- Public Health Strategies
- Housing shortage/gentrification pressures
- Implications of changing demographics
- Implications of emerging new technologies
Anticipated General Results/Outcomes

- Enhanced mobility choices
- Economic development, job growth and improved access to jobs/opportunities
- Improved public health
- Facilitate regional/local competitiveness for funding
  - AB 32 Greenhouse Gas Reduction Fund (Cap and Trade)
  - Active Transportation Program
  - HCD Grants
  - National Freight Strategic Plan
  - Water bond/groundwater management
2016 RTP/SCS Framework
Planning Process

**BOTTOM UP INPUT PROCESS**

- **Local jurisdictions**
  - **ON-GOING**: Provide input to develop forecasts of future land use, population, household and employment growth—Met with 195 local jurisdictions

- **County transportation commissions**
  - **LATE 2014**: Submit updated transportation projects for inclusion in RTP/SCS

- **Other Stakeholders**
  - **ON-GOING**: Provide input on specific topic areas such as active transportation strategies, public health, open space and environmental justice
Transportation, Housing, & Land Use Scenarios

Develop multiple transportation-land use scenarios that explore a variety of different policy options and combinations. Develop a preferred scenario.

2016 RTP/SCS Framework
Upcoming Joint Policy Committee/Policy Committee Meetings

March/April 2015
  • Review and provide feedback on relevant 2016 RTP/SCS topic areas by each policy committee (TC, CEHD, EEC)

May 2015
  • Workshops region-wide to review and provide comment on draft 2016 RTP/SCS scenarios, with kick-off at SCAG General Assembly

June/July 2015
  • Review input received through the public workshops and provide policy guidance for incorporating feedback into draft 2016 RTP/SCS

September 2015
  • Review and comment on draft 2016 RTP/SCS and draft Program Environmental Impact Report

(Additional meetings will be accommodated as needed)
Questions and Feedback
