

# Traffic Safety Workshop

## WORKSHEET #1: CITY'S MISSING LINKS

List what your City has recently implemented in **Column A**. List what your City may want to implement in **Column B**. Be specific.

A. WHAT DOES YOUR CITY HAVE?	B. WHAT IS YOUR CITY MISSING?
<b>Projects recently completed or under construction</b> <i>(e.g. Protected bike lanes, parklets, etc.)</i>	
<b>Planning documents</b> <i>(e.g. Bicycle Plan, Vision Zero Plan, Complete Streets Plan, etc.)</i>	
<b>Datasets</b> <i>(e.g. Collision rates, ped/bike counts, etc.)</i>	

# Traffic Safety Workshop

A. WHAT DOES YOUR CITY HAVE?	B. WHAT IS YOUR CITY MISSING?
<b>Programs</b> (e.g. Safe Routes to School, multimodal commute program for City staff, etc.)	
<b>Policies</b> (e.g. Pedestrian bill of rights, Complete Streets ordinance, etc.)	
<b>Activities approved or recently conducted</b> (e.g. Open streets events, demonstration projects, etc.)

## WORKSHEET #2: BARRIERS TO ACTION

Choose up to 10 “missing links” from **Worksheet # 1** for **Column A** below. In **Column B**, describe the factors that are preventing your City from taking that action.

#	A. WHAT IS YOUR CITY MISSING?	B. DESCRIBE THE BARRIERS TO ACTION
1		
2		
3		
4		
5

## WORKSHEET #2: BARRIERS TO ACTION

#	A. WHAT IS YOUR CITY MISSING?	B. DESCRIBE THE BARRIERS TO ACTION
6		
7		
8		
9		
10		

# Traffic Safety Workshop

## WORKSHEET #3: STAKEHOLDER BENEFITS AND CONCERNS

Referring to the numbered list from the previous **Worksheet #2**, put an “S” (supporter), “O” (obstacle), or “?” (unsure) to represent each stakeholder’s likely attitude toward each missing link.

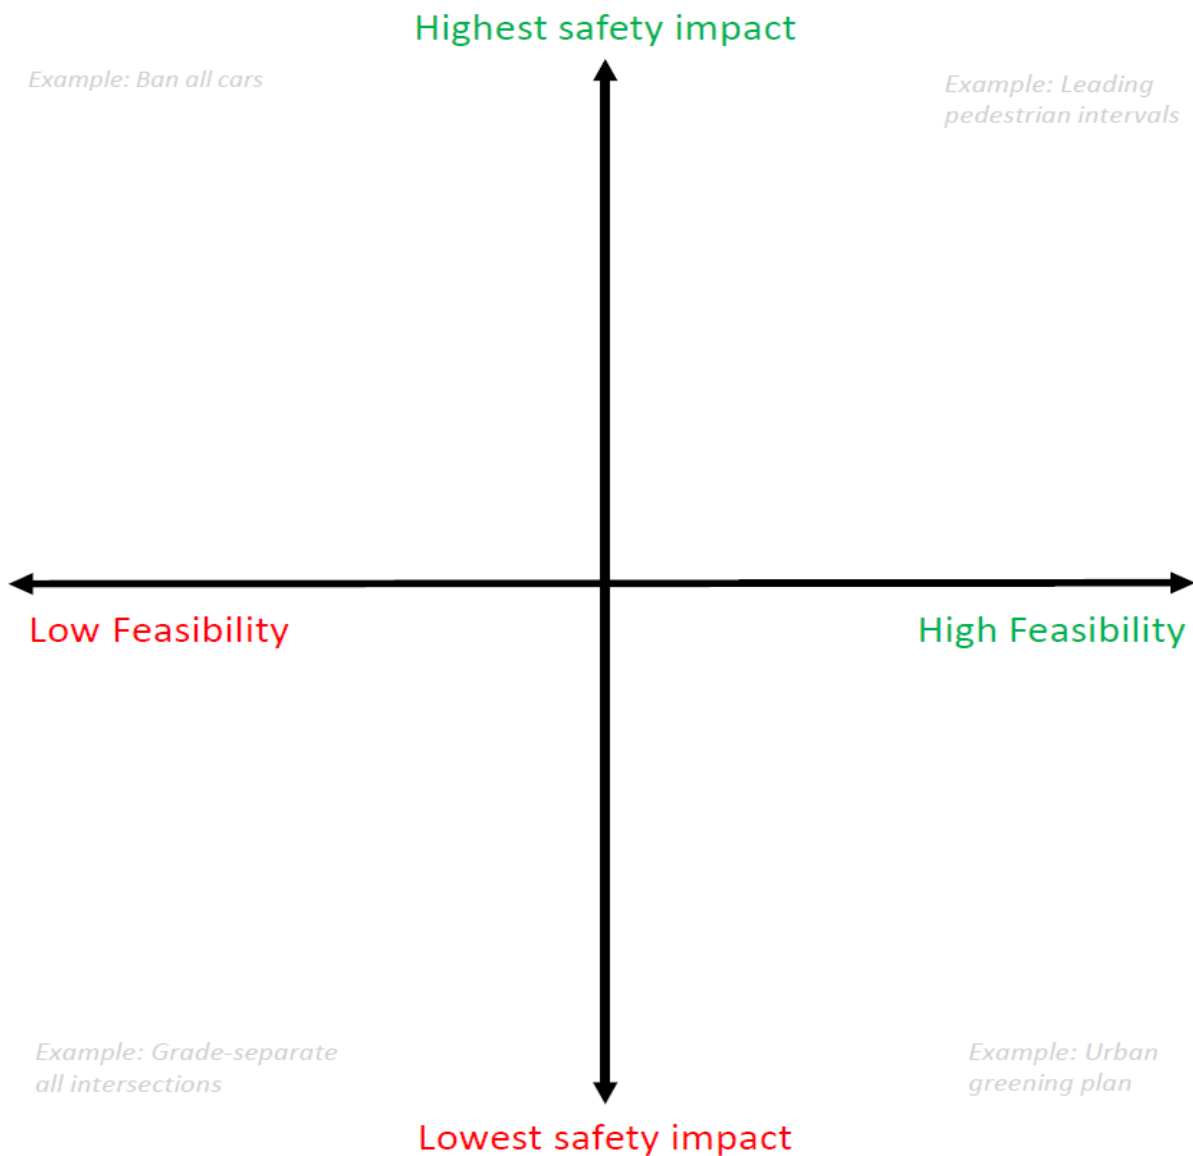

Stakeholders	What is your City missing? <i>(Column A on previous page)</i>									
	1	2	3	4	5	6	7	8	9	10
Pedestrian / Bicycle Advocates										
Homeowners										
Renters										
Students / Youth Advocates										
Small Businesses										
Disability Advocates										
Developers / Building Owners										
Animal Rights Advocates										
Aging Population										
Transit Riders / Transit Advocates										
Faith-based Organizations										
<i>Other:</i>										
<i>Other:</i>										
<i>Other:</i>										

# Traffic Safety Workshop

## WORKSHEET #4: PRIORITIZING MISSING LINKS

Place each missing link on the graph based on its feasibility and potential to increase safety. Projects that could dramatically and equitably reduce crashes should be close to the top of the graph; projects that have few barriers (refer to **Worksheet #2**) and strong stakeholder support (refer to **Worksheet #3**) should be close to the right edge of the graph.

# Traffic Safety Workshop

---

## WORKSHEET #5: CITY TRAFFIC SAFETY PRIORITIES

List and rank the top three missing links to prioritize based on their potential safety impact and level of community support as identified in the previous worksheets.

---

---

---

On the next three pages, list the main tasks necessary to implement each project, as well as the responsible party and estimated duration of each task. **Be as specific** as possible.

# Traffic Safety Workshop

**PRIORITY #1:**

**Short-Term Tasks (less than 6 months)**

Task	Responsible Party	Duration

**Mid-Term Tasks (6-12 months)**

Task	Responsible Party	Duration

**Long-Term Tasks (more than 12 months)**

Task	Responsible Party	Duration

# Traffic Safety Workshop

**PRIORITY #2:**

**Short-Term Tasks (less than 6 months)**

Task	Responsible Party	Duration

**Mid-Term Tasks (6-12 months)**

Task	Responsible Party	Duration

**Long-Term Tasks (more than 12 months)**

Task	Responsible Party	Duration

# Traffic Safety Workshop

**PRIORITY #3:**

**Short-Term Tasks (less than 6 months)**

Task	Responsible Party	Duration

**Mid-Term Tasks (6-12 months)**

Task	Responsible Party	Duration

**Long-Term Tasks (more than 12 months)**

Task	Responsible Party	Duration
